

**DR. WHITLOCK'S WILL IS FILED**

Disposes of Estate of About \$20,000.

ARE SIX BENEFICIARIES

Executors to Serve Without Bond Under Condition.

The will and last testament of Dr. F. W. Whitlock was filed in the probate court of Sedgewick county yesterday afternoon. This document disposes of an estate of about \$20,000 in real estate and personal property. There are several beneficiaries named in the will.

Dr. Whitlock passed away less than a week ago. He made his will but a short time before that time. It was signed by him July 11. The witnesses are H. D. Allen and David Smythe. After providing for his funeral, the doctor wills that all household goods shall be turned over to his wife, Christina Whitlock. To his son, Albert Whitlock, he directs that all his medical instruments and property, including his library and office furniture, shall be given.

As executors to serve without bond if they charge sought for their services, he names J. J. Farley, his son-in-law, and Albert Whitlock. They are to take charge of the estate and have power to do with it what they think best, after carrying out his instructions. His instructions are, first, that all income, excepting that for support of his widow, accruing from the "Whitlock block" on South Main street and from twenty acres of land on College Hill, shall be applied in paying off the mortgage on said building, which amounts to about \$12,000. He further directs that when the present lease on this building shall have expired, the building shall be sold. There is to be a semi-annual settlement of the estate, the following persons to share as he willed: One-half to Mrs. Christina Whitlock; one-sixth to daughter, Caroline Emma Farley; one-sixth to son, Albert; one-sixth to daughter-in-law, Tillie Whitlock, widow of deceased son, Edward Whitlock, and the remaining fourth to be divided share and share alike among the children of Edward Whitlock.

**SOME FINE GRAPES.**

W. F. Schell Will Produce Some Seedless Grapes.

W. F. Schell of the Wichita nursery yesterday brought to the Eagle office some fine specimens of the Ferguson seedling grape, which were shown at the fair last week. The grapes were grown by Mr. S. R. Ferguson of the West side and are supposed to be a seedling of the California muscat grape. They are practically seedless and ripen late in September at a time when all of the other grapes of this section have ripened and gone. The grapes were purchased from Mr. Ferguson by W. F. Schell and two nurserymen will propagate the plants.

**TALKS BUSINESS AND POLITICS**

Harry Mason Discusses Woods County, Oklahoma.

Harry Mason, cashier of the Alva state bank of Alva, Okla., was in the city yesterday doing business with the Kansas National, of Wichita. Mr. Mason was seen in the room of the Kansas National and asked in regard to his section of the new country. He had many good words for Alva in particular and Oklahoma in general.

He said his section did not have the early start that visited this section but recently they had plenty of rain and the farmers were plowing and sowing wheat now with all their might. He says Alva is a second Emporia and over 100 students are in attendance at the State Normal school at this place.

Cattle have done badly and Woods county is prosperous. This shows in Alva, he says, hold over \$500,000 of deposits and he believes in less than five years they will have \$1,000,000. The deposits already shown is certainly good for such a new country and makes a good basis on which to predict a bright future.

Speaking of the political situation Mr. Mason said Woods county was the banner Republican county. He gave it as his opinion that the vote of Oklahoma this year would be close. He said the Democrats had some good workers and the people of Oklahoma being in favor of statehood the Democrats were making the point that the Republicans had had the congressman for a long time and they had not yet secured statehood, but just how they expect a Democratic congressman to secure something from a Republican congress which a Republican representative has not secured they do not explain.

Mr. Mason says, which the vote is now close in the territory, Oklahoma will be a sure Republican state. A very large

A Wonderful Medicine.

**Beecham's Pills**

FOR ALL

**Bilious and Nervous Disorders, Sick Headache, Constipation, Wind and Pains in Stomach, Impaired Digestion, Disordered Liver and Female Ailments.**

PREPARED ONLY BY THE PROPRIETOR, Thomas Beecham, St. Helens, Eng., and 365 Canal St., New York.

Sold by all Druggists in United States. In boxes, 10c. and 25c.

majority of the men who are now coming to Oklahoma and buying the farms are Republicans. He says the Texas and Arkansas men who took claims were largely Democrats, but they had been used to cheap lands and when they got a good price for their holdings they sell out and go back to Arkansas and Texas to get cheaper land. There are now 3,000 people in Woods county and new settlers are coming all the time. He predicts it will soon be one of the most populous counties in the territory.

**THROWN OUT ON TECHNICALITY.**

Queer Franks of Justice M. Court of Sedgewick County.

A case in the district court of Sedgewick county in which Henry Brinkmeier was suing the Missouri Pacific railroad for \$2,000 damages was thrown out of court yesterday by Judge Dale. A demurrer of the defendant was sustained and the crowd in the court room was dumfounded when Judge Dale's decision was given. The demurrer was sustained on a decision of the supreme court of Kansas, which has held that when an employe has knowledge of a certain negligence on the part of the railroad company he cannot hold the railroad company responsible for an accident happening to him through said negligence.

The case of Brinkmeier is the result of a loss of a leg. Mr. Brinkmeier, who was a brakeman, working near Hutchinson, alleges that in coupling two cars together, the draw rods were loose, which necessitated his using his foot to guide them. It was in doing this that he had his foot smashed and later had to have it amputated.

From a standpoint of just every day justice, it seems that Mr. Brinkmeier should receive some amount of damages, for, although he had knowledge of the loose draw rods, he had to either work with them or quit his job. The law decides differently. Sometimes its technicalities seem to lead far from justice. C. V. Ferguson is attorney for the plaintiff, C. E. Benton and David Smythe for the Missouri Pacific.

**SOLDIER'S BODY ARRIVES.**

Body of Walter McFarland Brought From Manila.

The remains of Walter McFarland, a soldier of the Second United States Infantry, who died in Manila July 15, arrived in this city yesterday morning over the Erie, and were taken to Gill's undertaking establishment. Services will be held today at 3 o'clock p. m. in Maple Grove cemetery, where the interment will be made.

A squad of men from the local battery, Kansas National Guard, will accompany the remains to the cemetery and fire the regular salute over the grave, after which taps will be sounded by the trumpeter.

**Change of Firm.**

Mr. Harry D. Cottman, senior partner of the firm of Cottman & Chambers, who have run a general merchandise store at 85 and 87 West Douglas avenue for the past six years, has purchased the interest of his partner, H. C. Chambers. The transfer was made yesterday and Mr. Cottman became the sole owner today. He expects to continue the business as heretofore and his long experience and success in the past twelve years assures his future. Harry Cottman was engaged in business with his father for six years prior to forming the partnership with Mr. Chambers, and understands the business thoroughly.

Mr. and Mrs. C. G. VanArsdale have returned from a three-week visit at Chicago and Peoria, Illinois. They say the transfer of the vote is now close in the territory, Oklahoma will be a sure Republican state. A very large

**REV. KOENEKE PASSES AWAY**

Was Present at Foundation of Church He Served.

HAD AN EVENTFUL LIFE

Was Twice Presiding Elder and Once at General Conference.

Yesterday, at the family home on William street, death claimed the Reverend Henry F. Koeneke, a venerable clergyman of the German Methodist Episcopal church, an organization in the foundation of which his father was a prominent factor. During the last hour he was surrounded by the sharer of his joys, sorrows and work for fifty years—his venerable wife—and their three children, Mrs. William Kassel of Olath, Miss Laverna and Captain Henry W. Koeneke of this city. He had suffered for more than a year, but bore his illness with that Christian fortitude which characterized his long and eventful life.

Rev. Mr. Koeneke was born in Zeven, Hanover, Germany, on October 9, 1828, making him almost 75 years of age. When 15 years old he came to America and settled at Wheeling, West Virginia, where he received his preparatory education for the ministry. He was ordained in the presence of his father and began his long and active ministerial career at Belleville, Illinois, where he organized a congregation and built a church. He was, like his father, a member of the society which built the first German Methodist church in the world. Few know that the German Methodist organization originated in America and extended from this country to the Fatherland. That, however, is the case, and the venerable citizen whose body is now dead in this city has lived in the church since its founding or organization—since its inception in fact. His ordination took place in 1847.

Rev. Koeneke was twice presiding elder—in the St. Louis district in 1881 and in the Quincy district in 1883. He was actively engaged in religious work until 1888, when he was superannuated. He was a delegate to the general conference twice and received many other honors in his church.

The deceased had six brothers and three sisters, but only three of them survive him, one brother being a distinguished divine and a minister at Central Wesleyan college at Warrentown, Missouri. This gentleman will arrive in the city today to attend the funeral.

Rev. Mr. Koeneke was married fifty years ago this month to Miss Catharine A. Mantz at Pittsfield, Illinois. They have had nine children but only three—the above named—living. Together they lived a life of piety and affection, both being exceedingly gentle in their disposition and kindly in their relations with all the world. Mr. Koeneke was a man of ability, but above and beyond all he was a man of great earnestness and sincerity in his belief in the divine plan and purpose as set down and written in the Scriptures.

The funeral will take place Thursday at 2:30 p. m. from the German Methodist church, at the corner of First and Emporia avenues, and the service will be conducted by Rev. H. S. Humfeld, the pastor, and other ministers. The services will be partly in English and partly in German, and on account of the character of the deceased and his connection with the church, will be very interesting.

**COLONEL LEE WEDS.**

Marries Mrs. Dora Hadler, Formerly of Argonia.

Colonel H. G. Lee was married yesterday to Mrs. Dora C. Hadler, a resident of this city for the past year. The wedding, which was very quiet and simple, took place at the home of the bride, 423 North Emporia avenue. Immediately after the ceremony the couple started for the east on a wedding tour of from four to six weeks duration. The unexpected marriage yesterday is the ending of quite a romance, wherein Cupid disguised himself as a warranty deed. The ceremony was performed in the pretty parlors of the bride at 1:30 o'clock. The guests were a few friends of the bride and groom. Rev. Bradt of the Presbyterian church officiated. The newly married folk were the recipients of many handsome presents.

Mrs. Hadler when married was dressed in a gray traveling suit. She is a very fine looking woman and comes of good family. She has gained a host of friends since her arrival in Wichita just a year ago. It was at this time that Cupid appeared on the horizon and opened his deadly fire. It kind a looks like a put up job between Cupid and Colonel Lee. When Mrs. Hadler came to Wichita from the east she had a few friends and fortunes sent Colonel Lee. He said to her her present home, but the amount to her was not down in the deed. Yesterday he turned over the last piece of property in this deal—himself. As the deal is now closed, it is presumed that it is all right for publication.

Colonel Lee is a well known and distinguished gentleman. He came here in the victories and has been an eye witness to the trials through which this city has gone. His brother was the first brigadier general in the civil war that Kansas ever had.

The bridal party left Wichita yesterday afternoon. They go to Illinois where the Lee are holding a family reunion and from there they go to New York. The guests at the wedding yesterday were Mr. and Mrs. R. F. Coates, Mr. and Mrs. R. McVicker, Mr. and Mrs. Howard Case, Mr. and Mrs. E. A. Cook, Mrs. Susan McVicker, Misses Shull and Brown, Messrs. Charles Hunter, Charles Vetter, Charles Noxon, Clarence Hadley and F. Mason.

**SMITH-DIXON NUPTIALS**

Oklahoma Farmer Weds Miss Martha Dixon.

The matrimonial union of John Smith and Martha Dixon took place September 28, at the pleasant home of Mrs. Hodder, South Market street, a sister of the bride. The bridegroom is a resident farmer of Grant county, Oklahoma. Miss Dixon has lately returned from a pleasant visit among relatives in the state of Indiana. A new open door of opportunity confronted her. She promptly and courageously grasped the hand extended to her, vowing her fidelity and forty-six years of practical life with her companion's forty-four years of drill in life-school, to centralize their personal capital at hand to make his rural home what

**HIMROD'S CURE FOR ASTHMA**

CONVINCING TESTIMONY FOR DOUBTERS.

The Suffolk Hosp. and Dispensary, Boston, Oct. 29th, 1901.

HIMROD M'F'G. CO.

Gentlemen—Your valued preparation has proved to me that I have never been without it, obtaining my supply from local druggists. We may also add that the character of our work brings to our doors a large number of what may be termed "chronic cases" and in treating this class we have found Himrod's Asthma Cure to be of real assistance as it gives such prompt relief.

**SEND FOR A FREE SAMPLE.**

A trial will convince you of its remarkable efficacy.

HIMROD M'F'G. CO. 14-16 VESEY ST., NEW YORK. For sale by all druggists.

A home always should be a paradise on earth. Mr. and Mrs. Graham, relatives of the bridegroom; Mrs. Cooper, wife of Rev. Cooper, who performed the ceremony, and others were present to share in the genial handshake and sumptuous feast that followed.

**STATEMENT OF CONDITION**

Of the Exposition Finances Will Be Made.

The Wichita and Southwestern Fair association is preparing a statement of the condition of the association which will be distributed to each of the merchants who subscribed to the fund for having the fair. It will show just how much money was subscribed and how much taken in at the fair grounds and the association's percentage from each of the shows on the streets and from the sale of privileges. The exact cost of the fair and how each penny was spent will also be given.

Had the fair had a good week with fall weather all of the time it would have more than paid expenses; as it is the tendency will be very small. Although all of the bills have not been presented and have not been checked up, it is impossible to tell just how much the shortage will be, but it is expected to be small. Every bill has been paid as presented and the promoters have given every cent of the money coming to anyone will be paid and the small deficit made up from their own pockets.

**TWO REMARKABLE ARTISTS**

Will Be in Wichita for One Concert Thursday Evening.

"What seems incomprehensible to me is how we can get two such great artists here at the same time." The speaker was Professor Francis G. Wilson, teacher of violin and repairer of violins and stringed instruments, and he was speaking of Bruno Stindtel, the 'cello soloist, and Madam Wunderle, harpist, who will appear here as the opening attraction of the Wichita Lyceum course tomorrow night at the Toler.

Professor Wilson has a studio and workshop on the fifth floor of the T. M. C. A. building, on North Main street, and is the man who owns one of the rarest old violins in this country, an Italian instrument from the great maker Bergonza. Professor Wilson is an enthusiast in stringed instruments and the great master. The walls of his modest little room are hung with his pictures and he has several scrap books filled with clippings and programs of great artists that he has heard. He has possibly heard more great artists than any one person in the west and naturally is conversant and thoroughly in touch with matters in this line. Professor Wilson is in the pleasure of hearing Madam Wunderle, the harpist, at a recital in Cleveland, O., a number of years ago and he says "that as a truly great artist she is without an equal and he has had the pleasure of listening to Bazzani, Dori and a number of other great artists. Madam Wunderle is a phenomenal performer. Professor Wilson, senior program producer from the harp, all the effects and variety of tone that can be elicited from a grand piano in the hands of a great performer."

"The people do not know what they are getting," said the professor, skimming rapidly over the pages of one of his scrap books. "Here are programs and press notices of Camilla Urso, Ovide Musin, Rubik, Wilhelm, Sarasate, all recognized as great master violinists. Bruno Stindtel ranks as great in his line as a soloist as these men did in theirs."

"The 'cello is the stringed instrument that occupies the same place in an orchestra that the trombone does in a band, and the mellowness and sweetness to be drawn from this instrument in the hands of a master can hardly be realized. Bruno Stindtel is surely a master and music-lovers appreciate his playing."

Professor Wilson added that the String quartet, which comes in the lyceum course on December 25, is one among the greatest in the country, if not in the world, and ranks with the celebrated Joachim stringed quartet of Berlin.

**CELEBRATION OF NEW YEAR**

By Orthodox Hebrews Will Begin Thursday Morning.

The celebration of the new year by the orthodox Hebrews will be begun on October 2 and continue for eight days, although special exercises will not be held on each of these days. On the second and third of October the new year and atonement will be celebrated and the entire eight days will be appropriately observed until the 10th of the month, when the celebrations will cease with appropriate services.

**LAST LOT IS PURCHASED.**

Frisco System Completes Its Right of Way Facilities.

The Frisco System has purchased the last piece of property on North Washington avenue necessary to complete their right of way facilities. The land was first set aside by Marshall McCann of Kentucky, 180 was paid for it.

The Frisco, since its recent move to Wichita, has prepared to improve all the lines leading out of the city. One of these improvements is to be two miles of sidetracking at Beatmaster.

I. W. Gill has just put into his new office one of these large, fine new desks, bought of H. C. Parker.

**Diarrhoea**

When you want a quick cure without any delay, and that is followed by no bad results, use Chamberlain's Colic, Cholera and Diarrhoea Remedy. It never fails and is pleasant and safe to take in all families. The land was first set aside by Marshall McCann of Kentucky, 180 was paid for it. It is famous for its cure over a large part of the civilized world.

**CLOTHED OVER 3,000 PEOPLE**

Associated Charities Has Done Much in Last Year.

124 FAMILIES CARED FOR

Half Hundred of These Were Widows' Households

On Monday night the board of the Associated Charities of this city will hold a meeting at which Mrs. Couch, the secretary, will submit a report of the association's work for the past year, October 1, 1901, to October 1, 1902. This annual display of the work is full of interesting figures.

There have been 3,500 garments given out to the needy of Wichita in the last year. These articles of clothing have made over 3,000 people feel more bright over the prospects for the morrow, because this little aid gives the hard pressed a chance to spend more time on the bread and butter search. These garments are not given out gratis, as many think and complain of as causing more dependent ones. They are worked for by those that get them. For instance, a woman sews on some one else's gown, and receives for her work whatever clothing she has earned.

During this period of twelve months Mrs. Couch has had 124 families to look after. Of this number, thirty-five were widows. From sixteen to twenty were women who have been deserted by their husbands. It is the practice of the secretary to put the great, hearty, strong, but lazy man with his family at the bottom of her list. To these 124 families and other persons wishing a little lift, the secretary has made 98 calls.

The number of meals furnished by this association does not correspond with the above figures, for the reason that it is left to the county to supply all hungry ones in family lots. Individuals often go to the charity rooms, and the total number for the last year is only thirty-nine. There have been 123 pairs of shoes distributed, fourteen boys being prepared for school party from this number.

A unique feature of the work is the manner in which families are supplied with furniture. There are twenty-five pieces. These are loaned out and when a family leaves the city they revert to the association and are loaned to some other family.

A good word for the institution is not amiss. It tries to deal with charity in a way which will give a helping hand and yet not create any poverty, however slight.

**STATION OPENS TODAY.**

New Postal Sale Department at Packing Houses.

This morning the postal station at the corner of Twenty-first street and Lawrence avenue opens for business. It promises to prove a great aid to the business of this part of town. No mail will be received or dispatched from there, but postal cards, stamps and money orders will be sold, while letters can be registered.

**Geuda Hotel and Bath House.**

Geuda Springs, Kan.

This hotel has been remodeled and newly furnished and generally fitted for the accommodation and comfort of visitors to the springs. The proprietors, sole owners of the justly celebrated mineral springs, hotel and bath house, will leave nothing undone to give the guests the best.
