FINE WATER CRESS

William Greer Remembers His Friends in the City. Mr. William Greer, the big farmer, hotel and stockman, of Cairo, was in the city yesterday. In the little lakes on his place, which are full of bass, and where much duck shooting in season takes place, and along the margins of the Stinsons, which runs through his lands, water cress grows in luxuriant abundance, tender and pungent. He brought in with him yesterday several baskets of this delicious cress to his friends, and the editor of the Eagle was not forgotten.

TO TELEGRAPH POLE

Mob Strings Up Negro Assailant of Farmers' Wives.

MILITIA ORDERED OUT But Did Not Reach Scene of Action.

Sullivan, Ind., Nov. 20.—George Moore, the negro who criminally assaulted Mrs. Mary Davis of Sullivan county, and Mrs. John Lemon of Knox county, on Tuesday last, was hanged to a telegraph pole one mile east of John Lemon's farm, at 5 o'clock tonight, by a mob. Moore was captured at Lawrenceville, Ill., late yesterday, after a battle with the town marshal, during which the negro was shot three times and severely wounded. He was then taken to Robinson, Ill., for safe-keeping.

John Lemon, husband of one of the women who had been assaulted by the negro, with a party of friends, went to Lawrenceville last night and identified him as the woman's assailant. Late this afternoon he was brought to Sullivan in a wagon by the sheriff and his deputies to be taken before the women for further identification. The sheriff and his deputies attempted to steal into the town with their prisoner, but a mob of fifty farmers, heavily armed, took the prisoner away from them and started the investigation themselves. The negro was taken to the home of Mrs. Davis, where he was identified, and then the mob started with the negro for the farm of John Lemon, ten miles from this city.

The mob in the meantime had swelled to enormous proportions. The negro was identified by Mrs. Lemon. The crowd then started back to Sullivan with the prisoner, but one mile east of the Lemay farm a rope was thrown over the arm of a telegraph pole and the trembling wretch was quickly jerked into the air. The governor had ordered out the Vincennes militia to protect the negro, but his instructions were received too late. After hanging the negro the mob quietly dispersed. It was composed mostly of farmers, but was largely augmented by citizens of Sullivan, Oaktown and other towns of this county.

WAS TRAVELING ALONE. Eleven-Year-Old Boy Paid Wichita a Visit. Ray Taft, a boy 11 years old, was at the Missouri Pacific depot yesterday between trains. He is traveling alone from

Chicago, Kan., to Salida, Colo. He is a Colorado boy, but a short time ago accompanied by his father, he went to this city on a visit. His father returned before him and the boy is making the trip for himself. During the wait in the depot this young man noticed the clerks, trainmen and passengers and read about

everything in the folder that he has been told by his friends and when he tired of any of these occupations, played the candy slot machine.
