

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Dr. J. C. Ayer* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Dr. J. C. Ayer

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CENTAUR COMPANY, 77 N. BROAD ST., NEW YORK CITY.

APPLIED FOR CHARTER.

Carnival and Fair Association to Be Permanent Thing.

Yesterday the application for a charter for the Southern Kansas Fair and Carnival Association was read in the topic by Secretary Reading of the Commercial club to be passed upon by the state charter board. The charter calls for a capitalization of \$2,000, all of which has been subscribed. The application was signed by C. G. Cole, president of the Commercial club, and the directors. This association will be made a permanent institution and in the future all fairs and carnivals held in Wichita will be given under the auspices of that body. Next week, August 5, 6 and 7, the first race meeting of the Arkansas Valley circuit, of which Wichita is a member, will be held in Garden City. From there the horses go to Dodge City August 11, 12 and 13; thence to Great Bend August 25, 26, 27 and 28; thence to Sterling September 1, 2, 3 and 4; from there to Salina September 8, 9, 10 and 11; thence to Winfield September 15, 16 and 17; Hutchinson where it is held in connection with the Oklahoma circuit meeting September 24, 25, 26, 27, 28 and 29; then to Wichita, where it will be in connection with the big fair and carnival, September 23, 24, 25 and 26; and October 1, 2 and 3, closing in El Dorado October 5, 6, 7, 8 and 9.

The officers have decided upon a new feature of the week in the form of a parade. This will consist of all the members of the different fraternal organizations of the city, mounted, and will be given some light during the week. Secretary Reading is receiving a great many letters every day from persons who wish to make exhibits and already he is assured of enough exhibits to secure the success of the enterprise. The shows that will be given under contract will be given in one enclosure and will be clean and up-to-date—the best possible to secure. Mr. Reading received word from the secretary of the circuit yesterday saying that they had started in their circuit at Garden City with twenty-seven horses and that he expected to have three times that many when they reached this city.

FORMAL OPENING WEDNESDAY.

Frisco Has Fixed Upon That Evening for House Warming.

The date for the formal public opening of the new Frisco depot has been fixed for next Wednesday evening between the hours of 8 and 10. Almost all of the arrangements for carrying out the opening as was first intended have been completed. The lines band will give a band concert, there will be indoor music and refreshments will be served. R. F. Dunn, the district passenger agent, and H. C. Conley, the commercial agent, freight department, and M. H. Rudolph, local passenger and freight agent, have the affair in charge and promise that all those who attend the house warming will be welcomed and entertained. They desire to have an opening that will be in keeping with the new station and are making preparations to entertain a large crowd. The new station was opened to the public as was intended yesterday. All day men were busy moving into and straightening up the offices in their new

headquarters, and by evening the place had assumed the appearance of home. A large body of men will still continue to work at the new station in the early part of the week, cleaning up and getting the station in readiness for the opening Wednesday evening. The Frisco extends the following invitation to the public to attend the opening Wednesday evening: "Formal opening of new Frisco passenger station Wednesday evening, August 5th, from 8 to 10. Our patrons and the general public are cordially invited to inspect new depot. Music and refreshments free to all."

"B. E. DUNN, Division Passenger Agent. H. C. CONLEY, Division Freight Agent. M. H. RUDOLPH, Local Passenger and General Freight Agent."

COUNTY PRISONERS SING.

Amuse Court House Crowd With Camp Meeting Songs. With the cool weather of yesterday after the extreme heat of the past month the prisoners in the county jail became happy and could not refrain from singing. Four colored boys confined in the jail have formed themselves into a quartet and as all have good voices the music they make is not half bad. When they tuned up about 3 o'clock yesterday afternoon and sang: "Nearer My God to Thee," "No, Never Alone," and wound up with "In the Good Old Summer Time" the court house crowd left their offices in the building and hurried to the north end to hear the concert. It is said to be a peculiar fact that criminals as a rule possess musical talent.

MADE GOOD MUSIC.

Eagle Mandolin Club Will Go to Denver. Last night the members of the Eagle Mandolin club favored the Eagle editorial rooms with several pieces of splendid music. This was their farewell concert, as the boys expect to leave the first of the week for Denver, where they will spend two or three months as a club. The club consists of four young men who understand music and who know how to get it out of their respective instruments. George Bennett plays the first mandolin, Art Ross the second, E. Devine the fute and Fred Deems the guitar. They are musicians and will furnish the Colorado tourists with first class music.

Mr. and Mrs. M. W. Dorsey and Son, master Harold, go to Hutchinson this morning to visit a few days with relatives and friends. His father, Mr. E. Dorsey will accompany them and remain a few weeks visiting at his old home.

BIG CYANIDE MILL

Will Be Erected by Wichita People in Colorado.

WILL COST \$50,000

Directors and Stockholders Held Meeting Yesterday.

The directors of the Manhattan Mining and Milling company met in the office of the company yesterday afternoon and voted to build a cyanide mill on their property at Twin Lakes, Col., to cost fifty thousand dollars. The Manhattan Mining and Milling company is composed principally of well known Wichita business men and the officers and directors are all local people except M. L. Sargent the superintendent of the mine.

The officers of the company are E. E. Beach, president.

Geo. H. Bulley, vice president. L. W. Miner, secretary and treasurer. C. W. Ferguson, attorney.

The directors are George Diamond, J. W. Clayton, Geo. W. Darling and Geo. R. Follet. Last night a meeting of directors and stockholders was held. The company is capitalized at one-half million dollars and a good percentage of stock was represented. Among those from out of the city who attended the meeting were E. W. Schriever, McAlister, I. T. Henry Noble, Alva, O. T. J. D. Share, Alva, Geo. Carter, Alva. The stockholders were very enthusiastic about the company last night and heartily endorsed the action of the directors in ordering a cyanide mill built on the property. Last night fifty thousand dollars worth of treasury stock was offered for sale and a third of this amount was subscribed within a few hours.

Mr. M. L. Sargent, the mine superintendent and W. H. Royston a well known mining chemist of Denver met with the directors and explained the property. The cyanide mill will have a capacity of one hundred tons per day. Nearly all of the officers and directors with fifteen stockholders spent several days at the mine last week. They took a ton of their ore to Denver and had a number of cyanide tests made. The average recovery from eight tests showed medium values of 1.23 to the ton. Considering the size of the ore body which the Manhattan company have, this promises to be one of the largest propositions in that country.

From personal inspection this ore body or dike cuts through the mountain for 4500 feet on their property and assays from \$8 to \$10 per ton in gold. A tunnel has been driven at the base of the mountain over 600 feet long, of which 575 feet is on the dike. This body is twenty-five feet wide, as has been proven by six different crosscuts, and it was found that the values of this dike increase with depth rather than diminish. It is estimated that the tonnage in sight which can be taken from the tunnel by stopping is between 5,000,000 and 10,000,000 tons. So it can readily be seen that this is one of the largest low grade ore bodies of the state. This dike of quartz runs across the formation of the surrounding country, and several good veins will be cut by the tunnel. Assays taken out of one of the upper claims shows values of \$100 in gold. Besides it is suspected that the famous Gordon vein, which has produced \$50,000, will also be encountered in the dike.

The ore from all experiments is a perfect cyanide proposition, so, when compared with other cyanide dividend payers, it can be seen that an extraction of \$7 means a great future for this company. The Mercury mines of Utah, which are the largest outside of the Dakota district, treat ore which averages \$5 to \$5.50 per ton, while the Homestake itself only averages \$4.50. The old Cripple Creek dumps, with values ranging from \$3 to \$4 per ton are now being treated by the same process and give good returns.

A DOUBTING THOMAS.

Had His Falling Hair Stopped, and Dandruff Cured, Without Faith. H. B. Fletcher, Butte, Mont., Oct. 20, 1902, says: "Like many other people, I have been troubled for years with dandruff, and within the last few months my hair came out so badly that I was compelled to have what I had left clipped very close. A friend recommended Newbro's Herpicide. I confess that I doubted his story; but I gave Herpicide a trial; now my hair is as thick as ever, and entirely free from dandruff. 'Destroy the cause, you remove the effect.' Herpicide is a delightful hair dressing for regular use. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Moore Drug Co., special agents."

INTERURBAN IS GOOD THING.

B. L. Eaton Finds Eastern Farmers Like Them. B. L. Eaton, proprietor of the Carey hotel, returned yesterday from an extended trip through several of the eastern states. When Mr. Eaton left he decided to thoroughly investigate the interurban systems of the sections he visited to see for himself what advantages there are in the systems. His expectations were more than realized. He found that people living along the interurbans were the ones who derived the most benefit, as they were placed close to good markets, even if they lived twenty or thirty miles away, and the expense of shipping produce was small and the larger towns demanded large quantities of all manner of farm products. The fruit growers were also loud in their praises of the interurban, and the building of the lines had encouraged fruit and produce growing to a wonderful extent, as the growers could get their stuff to market early, and often at little expense. The passenger traffic was a considerable item, as many people made short trips to resorts or just made a round trip for the fun of it. Mr. Eaton wants the interurban for Wichita and is one of its warmest supporters.

HELD ANNUAL MEETING.

Postal Clerks Elected Officers and Delegates. The annual meeting of the Wichita branch of the National Association of Railway Postal Clerks was held in the office of the chief clerk yesterday afternoon. Some routine business was transacted, and the following officers were elected for the coming year: President,

D. E. Barnes, vice president, H. A. Post, secretary-treasurer, M. L. Graves. The annual meeting of the seventh division of the national association will be held this year in Kansas City on August 11th. The seventh division includes the railway postal clerks in Missouri, Kansas, Colorado and New Mexico. D. E. Barnes of this city is president of this association. Yesterday the following delegates were elected to attend the division meeting from the Wichita branch: H. S. Hilbert, L. A. Brown, W. H. Uish, H. H. Hoover, H. A. Post, A. F. McHugh.

ASKS FOR DIVORCE.

Wife Believes That A. J. Sharpley Loves Her No More. Suit for divorce was entered against Addison J. Sharpley, at Chicago, by his wife, a few days ago. Many Wichita people are personally acquainted with Mr. Sharpley and his wife. About five or six years ago Mr. Sharpley was manager of the A. J. Sharpley Lumber & Paper company, a popular stock company which was quite successful in this city, and which would make a run of two or three weeks here every season. During their engagements here he and his wife, who went by her professional name of Aida Lawrence, formed many friendships.

Some years ago Mr. Sharpley's stock company dissolved and he and his wife have been playing leading roles in other companies. They are now in Chicago, where they appear in the play, "In the Heart of the Ozarks." Miss May Lester and Mr. Sharpley have the leading parts in the play.

In her suit for divorce Mrs. Sharpley alleges that her husband has ceased to care for her, and that he is now bestowing his affections upon the leading lady, Miss Lester. She states that she does not object to her husband making love to Miss Lester on the stage or at rehearsals, but she alleges that they enjoy private rehearsals in the wings and at other times, and it is this that she objects to. Besides alleging that her husband has ceased to care for her, she charges that he has failed to turn over any of his salary to her since he has been starring with Miss Lester. Henry W. Huttman, formerly of this city, is Mrs. Sharpley's attorney.

ENTERTAINED FEW FRIENDS.

Mrs. Hahberger Gave Party for Mrs. Craig and Mrs. Rhine. Mrs. R. F. Hahberger entertained a few of her friends at her home on Waco avenue, Wednesday afternoon, complimentary to Mrs. Craig, of Paris, Ill., and Mrs. Rhine, of St. Louis. Those present were: Mrs. A. G. Biff, Mrs. Craig, Mrs. Rhine, Mrs. George Crawford, Mrs. George Bryant, Mrs. Misseldine and Mrs. Freeman.

15 CENTS PER SHARE.

Opportunity Offered by Manhattan Mining and Milling Company. Owing to a misunderstanding of the advertisement of the Manhattan Mining and Milling Co., the price was left out. Stock is offered in this company for thirty days only at 15 cents per share. Read their advertisement on page 17 of this issue.

KNOCKED DOWN WITH BRICK.

Thomas Pavillard Victim of Assault Last Night. A boy, apparently about 17 years old, giving his name as Thomas Pavillard, was knocked down with a brick just west of the Douglas avenue bridge shortly before midnight last night. He does not know just how it happened. He was struck just over the right eye and became unconscious. When he came to there was no one about and as soon as he gathered strength enough wandered over to the east side and was found by a policeman in a dazed and very bloody condition. He was taken to the station and his wounds dressed. He was unable to give a full account of the affair until several hours afterward. He had \$2.00 in his pocket when taken to the station, which shows that the purpose of the attack was not robbery. The police have been unable to find any clue to the assailants, as the boy did not see them.

BRIDGE CONTRACTS LET.

Three New Bridges Are to Be Built in This County. The county commissioners yesterday granted contracts for the construction of three pile bridges in the county. A contract was let to the Wichita Bridge & Iron Co., for the construction of a 207 foot pile bridge in Valley Center township between sections 9 and 10 to cost \$1588. The commissioners also let contracts for two pile bridges in Grand river township to cost \$240 each. One is to be constructed between sections 28 and 29 and the other on the south line of section 28.

No Typhoid in Crystal Water.

FOR MISS STEWART.

Misses Nettie and Alma Lingrové Entertain Few Friends. Misses Nettie and Alma Lingrové entertained a few of their friends Friday evening, at their home on South Main street, in honor of Miss Anna Stewart, of Oklahoma. The evening was spent with music and games, and refreshments were served.

Those present were:

Miss Alice Campbell, Miss Roberta Davis, Miss Susie Davis, Miss Anna Davis, Miss Anna Stewart, Miss Olive Smith, Mr. Hyde, Mr. George Campbell and Mr. J. A. Davis.

\$500,000 IN PRIZES of \$5.00 each to be given to the School Children of America

School Children's Competitive Advertising Contest No. 1149.

Jack be nimble!
Jack be quick!
Jack hurry up or I'll
Get a stick,
if you do not run to
town for me
And buy a package of

This sketch was made by Lester Edwards, age 10, Webster School, Wichita, Kan. We give a cash prize of \$5.00 for any drawing of this character which we accept and use. All school children can compete. Full instructions will be found on inside of each package of Egg-O-See telling what to do to get the prize and how to make the drawings.

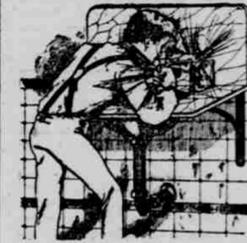

Grocers almost universally report the sale of Egg-O-See larger than that of all other Flaked Wheat Foods combined. There is a reason for this.—The consumer finds that it is the same weight package that ordinarily retails for 15 cts., and that the quality is much superior, and that it

RETAILS FOR 10 CENTS

The largest food mill in the world and with all labor saving devices enables us to produce a superior product of full weight at this lower price.

ASK YOUR GROCER FOR THE GREEN PACKAGE. If your grocer does not keep it, send us his name and 10 cents, and we will send you a package, prepaid. Address all communications to Battle Creek Breakfast Food Co., Quincy, Ill.

For Fixing Pipe

Or any kind of plumbing work, send to 120 South Main. We always do our work well and do it promptly, and you will be as well satisfied with our prices as with our work. The repairs we do are done thoroughly.
