

SUMMARY MEASURES ADOPTED

Race War at Oklahoma City Will Be Stopped.

NEGROES MAKE APPEAL

Ask for Protection from Threatened Mob

Oklahoma City, O. T., Aug. 12.—The situation here in reference to race troubles has been slightly improved, but negroes have appealed to people and police for protection from dynamiters who have operated in Orchard park.

The following appeal has been issued by the negroes: To the best citizens and highest citizenship of Oklahoma City we appeal: Gentlemen—We know that the liberty loving and law abiding citizens in this our fair city, are far in the majority.

That we are anxious about the future of this our fair city. That we have let our buckets down, have cast anchor and ask you to come to us to help us, for all we have is here.

That we are striving to build a better citizenship, a more progressive, a more industrious, a more frugal, a more respectable, a more representative that we have inherited, or than any other city has under our flag.

That we are trying to accomplish these things through your encouragement, your aid, your protection. That by the sweat of honest toil, we have bought our homes, our palaces and mansions; but sacred and dear to us, in these we sit around our fire hearth and talk of the past. We fondle our little ones, as they prattle on our knees and hope for the future.

These homes, though commonplace, these few hearts, these children, we call on you to protect. A few days ago one of these law abiding citizens, purchased a white citizen a piece of property in Orchard park. The vendor never once intimated that the vendor would not be allowed to live on said premises, but rather encouraged the purchase as a step towards that which was commendable.

To be brief the property and the lives of certain citizens in Orchard park have been threatened; yet, more, the property of one citizen has been dynamited, the only reason given is that these are negroes. Not that they are especially offensive, not that they are disturbers, not that they are loud and boisterous, but that they are simply negroes, gentlemen. To our minds, according to our interpretation of Americanism, this lawlessness and the foundation of our government and seeks to throttle the life out of our fair city in its infancy.

The editorial from the Republican is as follows: "Some of the papers have recently been publishing statements to the effect that the board of education contemplated publishing a text book on statehood to be used in the public schools of Oklahoma. The statement was also made that the matter had been submitted to the governor and that he favored the plan. Later the papers published a statement to the effect that the scheme had been abandoned on account of protests made against it. It is alleged that when the protests were made to the governor he demurred to call a halt."

"The matter was never for a moment contemplated except by Superintendent Baxter, who was attempting to hatch something new, and talked" (a very dangerous practice). When Governor Ferguson read about Mr. Baxter's plan in the papers he called that gentleman upon the carpet and asked an explanation. Mr. Baxter confessed that such a scheme had been playing hide and seek to the labyrinth of his fertile imagination. He was promptly told to "ring off," as his scheme was not to be tolerated for a moment.

Impaired Digestion

May not be all that is meant by dyspepsia now, but it will be if neglected.

The uneasiness after eating, fits of nervous headache, sourness of the stomach, and disagreeable belching may not be very bad now, but they will be if the stomach is suffered to grow weaker.

Dyspepsia is such a miserable disease that the tendency to it should be given early attention. This is completely overcome by Hood's Sarsaparilla

which strengthens the whole digestive system and human protection. Exercising this faith, we have appealed to you and we feel secure that you will act at once and that summarily. Signed:

- J. AARVIN BYRD, N. DORSETT, R. B. WILLIAMS, G. K. W. MORRIS, J. W. TURNER, E. W. CARUTHERS, E. E. WARE, T. H. TRAYLER, ALEX. SMITH, S. M. CARUTHERS, F. G. HOUSTON, JIM BARBER, W. A. WADE.

WOODS COUNTY INSTITUTE. Prof. Fellows is Conducting the Affair With Great Success.

Alva, O. T., Aug. 12.—The Woods county institute, held in Alva is one truly representative of Woods county, being the largest institute in Oklahoma, not excepted. The attendance at the present date is 250.

The institute is conducted by Professor Fellows, well known as the author of several text books used in our higher institutions, as a man holding a high degree and one who has been connected with the best schools in the country.

Mr. Gridley, vice-president of the Northwestern Normal and head of the critic department has charge of the method work in the institute. Prof. Gridley is well known throughout Kansas and Oklahoma as an educator and has always given his energy to the training of teachers.

Mr. Vincent, city superintendent of Alva, is doing excellent work in the English department. His methods of teaching are highly commended by the most able critics. The model class is a most interesting feature of the institute. This is conducted by Mrs. G. Stevens, who has had much experience in the best city schools.

Mr. Curtis is doing good work in the instruction of those subjects, meeting especially thoroughness and interest. All that goes to make an institute in the Woods county institute—enthusiasm in the students, systematic working, co-operation, efficiency in the teaching force, useful suggestions and interesting lectures.

A most interesting and delightful lecture was given by Mr. George D. Kniep, professor of pedagogy in the N. F. N. The lecture entitled "The Teacher as a Citizen" was afterwards given at several of the other institutes. Mr. Marshall, head of the music department of the N. F. N. gave a most suggestive and helpful address on the subject "Music in the Common Schools."

SCORED BAXTER. Governor Didn't Know the Article Had Been Written.

Guthrie, O. T., Aug. 12.—In a recent issue of the Watonga Republican, Governor Ferguson's paper, an editorial appeared "scoring" Territorial Superintendent L. W. Baxter because of the fact that this official had suggested the printing of a statehood text book for use in the public schools in Oklahoma. The editorial created much comment coming from the Governor's paper and concerning one of his appointees.

Governor Ferguson today stated that he did not write the editorial relative to Baxter and the statehood text book, nor had he read it. From statements made by the Governor it seems that when in Watonga a few days ago, he informed the managing editor of his paper of the facts in the case, and this individual proceeded to write an editorial scoring the territorial superintendent.

The governor is opposed to the issuance of a statehood text book and so told the auditor. Such a book will not be published by the territorial board of education. The editorial from the Republican is as follows: "Some of the papers have recently been publishing statements to the effect that the board of education contemplated publishing a text book on statehood to be used in the public schools of Oklahoma. The statement was also made that the matter had been submitted to the governor and that he favored the plan. Later the papers published a statement to the effect that the scheme had been abandoned on account of protests made against it. It is alleged that when the protests were made to the governor he demurred to call a halt."

"The matter was never for a moment contemplated except by Superintendent Baxter, who was attempting to hatch something new, and talked" (a very dangerous practice). When Governor Ferguson read about Mr. Baxter's plan in the papers he called that gentleman upon the carpet and asked an explanation. Mr. Baxter confessed that such a scheme had been playing hide and seek to the labyrinth of his fertile imagination. He was promptly told to "ring off," as his scheme was not to be tolerated for a moment.

"No one but Mr. Baxter ever thought of such a scheme. No protests were ever made to the governor. He stopped Mr. Baxter in the dream of statehood text book here just as soon as his attention was called to the plan. In fact with Baxter it was only a fancy which grew out of a desire to spring something upon an unsuspecting public."

CURTIS TO VISIT. Will Make a Short Stop at Shawnee on His Trip.

Shawnee, O. T., Aug. 12.—Hon. Charles Curtis, member of congress from Kansas, has written Postmaster George E. McKinnis that he is going to make a trip through the south and southwest about the first of September and will stop over in Shawnee, says the Democrat. Congressman Curtis is making the trip as a matter of personal investigation and interest, and will doubtless make use of his experience in congress during the coming session.

ALLEGED WRONGS IN CADDO

Territorial Officials Hear of the Matter.

BONDS HAD BEEN VOTED

Boodle Charges Had Been Included in the Case.

Guthrie, O. T., Aug. 12.—Territorial officials have been informed of a case instituted against M. J. Showers and O. Draper, director and clerk of the Apache, Caddo county, school district, on account of alleged irregularities. In the petition filed it is stated that bonds to the amount of \$5,000 were voted for the purpose of erecting a new school house, and it is alleged that the director and clerk issued warrants for \$5,000, making an aggregate of \$10,000 in all, for school building purposes. It is further alleged that one warrant for \$4,500 was sold for \$4,100, a discount of \$400. It is also charged that in buying supplies for the school the agent for the supply company paid the director and clerk a certain sum of money in order to close up the account.

Rufus Conella, of school warrant fame, bought a number of the warrants at a discount, and it is also said that he sold the supplies to the director and clerk. The matter has created much discussion in Apache, and resulted in the filing of the case against the two men.

PECULIAR FEATURE. Labor Unions Said to Have Discouraged the Militia.

Guthrie, O. T., Aug. 12.—From Shawnee comes the following: In relation to the disbanding of Company F of the national guards here and its reorganization at Watonga there is one peculiar feature. Captain L. E. Minton stated to the adjutant general in his explanation to reach the necessary thirty four men, the minimum figure for a company, that he could not maintain sufficient interest in the organization. Further, it developed that the labor unions, being very strong here among the ranks of those who are outside such unions, it was impossible to keep up the proper interest. There is a provision in the law which prevents members of such joining in the unions here that the national guards company stood no show of attaining any place in the minds of the people so the company was disbanded and the property returned to Adjutant General Burlingame. It was one of the first companies in the territory organized, having been organized in 1888. Captain Minton was a private from the start and after that served in the volunteers during the Spanish-American war.

INSTANTLY KILLED. Was Caught by a Chain and Struck by the Plow.

Shawnee, O. T., Aug. 12.—A young man about 17 years old named Platt, was almost instantly killed Monday on the Santa Fe railroad between this city and Tecumseh, says the Democrat. The circumstances of the unfortunate affair, as reported, are that at the time stated young Platt, who was assisting in operating the big plow that is used in unloading cars of gravel along the line, when he stepped from one side of the car to the other was caught by a chain and was held until he was struck in the breast by the plow, which tore away nearly one entire side of his body, causing his death in a few moments. The young man lives with his parents near Tecumseh, where his remains were taken and prepared for burial.

DEPUTY PLEASED. Finds the Man He Trailed Locked Up in Jail.

Shawnee, O. T., Aug. 12.—Saturday evening among other drunken men arrested by the police force was an Indian who rode in here on a good horse, which he left at a wagon yard and then got so well tanked up that Assistant Chief Kelly ordered him locked up in the calaboose. A few hours later a deputy sheriff who had trailed the Indian from the southern part of the county, arrived and on making inquiries about his man was informed that he was locked up, a fact that very much pleased the officer, who stated that the Indian had stolen two horses and that he had sold one of them before he was able to overtake him. As soon as he was in condition to be moved, the Indian, whose name could not be ascertained, was taken to the Tecumseh jail.

FIRST SHIPMENT. Wynnewood Peach King Sends His Product Abroad.

Guthrie, O. T., Aug. 12.—The first shipment of Oklahoma Elberta peaches to England has been made by J. A. Taylor, the Wynnewood peach king. Special crates were used, export labels and wrappers being furnished by the United States department of agriculture. It will take about ten days for the peaches to reach England and they left Oklahoma in good condition. This is the first time that fruit has been shipped to other countries from Oklahoma and it is believed that a market for Oklahoma Elberta can be established outside of the United States.

WORK OF SNEAK THIEVES. Burglars Also Enter Residences, Stealing Cash and Jewels.

Shawnee, O. T., Aug. 12.—A sneak thief entered Judge T. M. Bushfield's bed room on North Bell street Saturday night and robbed that gentleman of \$2.40 and made a get-away without awakening his victim, says the Democrat. The thief entered the room through an open window and took the money from the judge's pants pocket, making a clean sweep of all the cash therein except ten cents. The residence of Mr. J. H. McMeans, 206 North Beard street, was entered by burglars Tuesday morning and \$20 in money and several other small articles belonging to Mr. McMeans were taken. Charles Lawrey and another party, both rooming in the house, were also robbed of the former of \$10 and a gold watch, and the latter of \$20 in cash. The robber took Mr. McMeans pants from behind his bed without arousing the owner and notwithstanding there was a dog in the room at the time.

Another boarder was aroused by the robber trying to enter his room and gave the alarm, but the miscreant got away. Mr. McMeans is one of the proprietors of the candy factory. He and his wife were asleep in the room while the robber did his work.

DETAILS OF TORNADO. Destroyed Several of the Buildings in the Village.

Guthrie, O. T., Aug. 12.—The Pond Creek Vindicator gives the following details of the tornado at Salt Fork: "Tuesday afternoon about four o'clock the town of Salt Fork, 14 miles southeast of here, was visited by one of the most destructive storms ever known in this section."

Shot by Accident. Wife Accused Husband.

Guthrie, O. T., Aug. 12.—According to the Pond Creek Vindicator, Henry John, living six miles west of Renfrow, attempted to kill his wife by shooting at her, so she claims. Mrs. John came to Pond Creek last evening and swore out a warrant for his arrest. Sheriff Brattain arrested John, brought him to Pond Creek and lodged him in the county jail, where he now awaits his preliminary hearing, which will take place at 10 o'clock tomorrow morning. Shot by Accident. Pond Creek, O. T., Aug. 12.—A young man named Lyon of Ardmore, who is connected with a threshing machine, was accidentally shot by his brother on the old Captain J. Johnson farm one mile northeast of Norman Monday. The bullet entered his nose and ranged back about five inches. The gun was a .32-caliber rifle. The brothers were handling the gun in a careless manner when it was discharged.

Black and Tan Terriers. Details of Tornado.

Guthrie, O. T., Aug. 12.—Thomas Morris, secretary of the Oklahoma Live Stock commission, is interested in the breeding of black and tan terriers and on his farm near Guthrie he keeps several pairs of these dogs all the time. He says they are tireless and he considers they save him \$100 annually in killing rats and other pests on the farm. He also makes a considerable sum each year in selling his pups. Fight Was Fatal. Pond Creek, O. T., Aug. 12.—Benjamin Rector was mortally injured at a dance four miles southeast of Herd Monday, says the Vindicator. Rector and a farmer named Koshak had engaged in a fight and Koshak struck Rector over the head with a club, fracturing his skull. He was taken to Herd for medical treatment but no hope of his recovery are entertained. Koshak was arrested. Call is Issued. Newkirk, O. T., Aug. 12.—A call has been issued for a meeting of the Republican county committee to be held at Newkirk on Saturday, August 22, at 1:30 o'clock p. m. The call is signed by E. F. Korze, chairman and N. E. Heery, secretary.

BURLY MAN ATTACKS A MEKE YOUTH

Beats Him Into Insensibility with a Gas Pipe.

WERE JOKING TOGETHER

Got Into a Passion and Brutally Beat the Lad.

Oklahoma City, O. T., One of the most dastardly acts that has been committed in this city for some time occurred on Monday afternoon out near the university where the graders are at work on the interurban line, when a burly man known as Curly Ezell, weighing about 300 pounds attacked Albert Clark, a frail by 12, and beat him into insensibility with a gas pipe, says the Oklahomaian.

As the affair was related to the authorities yesterday Ezell and young Clark were joking together when the former fell into a gasping over some jesting remark made by Clark. Ezell in his rage picked up a piece of gas pipe and hit the boy over the shoulder. Realizing that he must defend himself or perhaps be killed by his infuriated companion, Clark endeavored to pick up a coupling pin from the wagon on which he was standing, but failed and at the moment Ezell dealt him a fearful blow on the back of the head with the gas pipe.

Clark fell to this floor of the wagon in an insensible condition. Although seven or eight men were near and saw the occurrence not one offered to interfere or said a word to prevent the attempted murder. It was an hour before he was brought back to consciousness, one or two of the men present helping to bring him to, but not one of them taking any steps to advise the authorities of the occurrence. The boy was hauled to the street car line and brought to his home where he suffered intensely all night until morning.

Yesterday a rumor of the occurrence finally reached the authorities and a warrant was issued for Ezell's arrest. The latter had made his escape, however, doubtless believing that he had killed the boy, and the officers were unable to locate him. As it is reported to be Ezell's second offense of this nature and in both cases the victim of his brutal assault being a boy, it is certain that Ezell will be given the limit of the law should he return here. Young Clark was reported as improving some at a late hour last night and there is some hope of his recovering from the injuries inflicted by his assailant.

STEEL IS LAID. New Katy Extension to Oklahoma City Progresses.

Coalgate, I. T., Aug. 12.—Yesterday at noon the last spike was driven connecting the Katy extension to Oklahoma City with the Coalgate-Atoka division. Steel has been laid to a point two miles east of Coalgate, and grading has been completed almost to Ada, where the road crosses the Frisco. Work is being pushed as rapidly as possible for a completion of the road in time for the fall season. When completed this road will traverse one of the most fertile sections of country in the Indian territory.

LOT THOMAS TALKS. Expresses the Opinion That Many Congressmen Will Visit Oklahoma.

Shawnee, O. T., Aug. 12.—Congressman Lot Thomas, of Iowa, is in the city, having completed a tour of the territory. He expressed great surprise at the marvellous achievements and development of Oklahoma, and said he was favorably impressed with Shawnee. He talked interestingly of statehood and said he thought Oklahoma was thoroughly entitled to admission into the sisterhood of states. As for the Indian territory, he had formed no opinion as yet, never having visited it, and said his position on the single or double issue would be influenced by what he finds the masses of the two territories want. Mr. Thomas expressed the opinion that a good many members of the national congress would visit the territories this fall, they having expressed their intention of using this means during vacation to further acquaint themselves with the fitness of both territories for statehood.

HELD UP BY INDIANS. Comanches Rob an Old Man and Beat Him Brutally.

Lawton, O. T., Aug. 12.—A report reached here yesterday that a party of Comanche Indians had held up an old man near Medicine, six miles north of this city, and robbed him, beat him brutally and finally castrated him. A man living in that section was informed of the outrage and immediately came to the city and made complaint for the helpless old man. Officers went out immediately after the Indians, but this afternoon have not returned. The old man claims to have walked from Arkansas and was enroute to New Mexico. His name was not learned. Whether his wounds are serious is not known at this time, but he will be brought to this city for keeping tonight.

JUST A COMPLICATION. Department Has Received No Word of the Naval Battle.

Washington, Aug. 12.—No despatches have been received by the state department concerning the firing upon a fishing vessel by a Canadian revenue cutter in Lake Erie yesterday. It is believed at the department that the case was only a complication. PLEA FOR BEERINE. All Stuff Looks Alike to the District Attorney.

South McAlester, I. T., Aug. 12.—District Attorney Wilkins is in receipt of a long letter from a Washington attorney, representing the makers of "Beerine," the malt drink which was recently outlawed in the central district. This attorney says he has been to the attorney general with a request that he stop the district attorney from the destruction of

CALLER—Dear old Jack, I just read in the paper about your being struck and rushed off right. I'm awfully glad you're as well as you are. You're lucky. Now, old man, I don't want to work the old "I told you so" gag on you, but the way to prevent sunstroke is to keep the bowels clean and cool, and the blood from being over-heated, by taking a CASCARET Candy Cathartic at bed-time. They work while you sleep, and keep you safe and comfortable all day.

Gives Bank a Permit. Bank Commissioner Paul F. Cooper has issued permission to the Farmers' Bank of Atwinine, in Kay county, to begin business with a capital stock of \$10,000.

FOOD IS PLENTIFUL. No Fear of Famine in India Next Year.

London, Aug. 12.—Lord George Hamilton, secretary of state for India, in opening the annual statement of the progress and stability of India's finances today, read an encouraging story of the progress and stability of India's finances. He pointed out that there had been substantial surpluses in the last three years, amounting this year to \$3,248,000. This financial situation will enable the government to reduce the salt tax by 25 per cent, and make considerable remissions in the income tax. Lord George Hamilton said the fears regarding a scarcity of food in India this year might be dismissed.

BOUGHNER ARRIVES. New Railroad Official Takes His Desk at Oklahoma City.

Oklahoma City, O. T., Aug. 12.—Mr. A. E. Boughner, who has been appointed superintendent of the Oklahoma Katy lines, is an old and experienced railroad man, and a more popular or better appointed one, could not have been made. He is familiar with all the ins and outs of a railroad and will no doubt prove an efficient and popular man with the Oklahoma patrons of the Katy system. Mr. Boughner arrived in this city yesterday with F. N. Finney, president of the Katy lines in this territory. Mr. Finney reports everything moving in a satisfactory manner and will soon have the northeast line in shape for regular train service. The work of constructing the passenger depot in this city will be commenced next week. Work would have begun sooner but material could not be secured.

The morning President Finney together with Mr. Boughner and other officials made a tour of inspection of the M. K. and O., and found everything in almost perfect condition. Mr. Finney says the roadbed is in fine shape and good time can be made when the first regular schedule goes into effect. The roadbeds of both lines out of this city will be ballasted from one end to the other as soon as possible.

SCHOOL LAND PLAN. Would Have One in the Statehood Bill to Be Passed.

Guthrie, O. T., Aug. 12.—It was announced here today by a member of the executive committee of the School Land Leases' union that a meeting of the committee will be held late this fall for the purpose of conferring with Delegate R. S. McGuire relative to a school land plank in the statehood bill, which the delegate will introduce in congress. The committee held a meeting here a number of weeks ago and conferred with Delegate McGuire about such a clause in the statehood bill.

Assignment to Duty. El Reno, O. T., Aug. 12.—Lieutenant Colonel Maus, Twenty-second infantry, who has for years been on the staff of Lieutenant General Miles, has been assigned to duty at Fort Reno. He will relieve Lieutenant Colonel Yeastman, recently promoted from the rank of major. Colonel Maus left Washington yesterday and is expected at Fort Reno Friday. Mrs. Maus will join her husband on or about October 1.

Requisition Issued. Guthrie, O. T., Aug. 12.—Acting Governor Grimes today issued a requisition on Governor Hoy of Missouri for the return to Perry of John Doe and Richard Roe, other names unknown. They are under arrest in Wichita and are charged in Perry with the robbery of J. C. Fleming's hardware store, securing a stock of knives, revolvers, razors and other articles.

Returns From Enid. Guthrie, O. T., Aug. 12.—Fred L. Wanner, secretary of the Oklahoma commission to the St. Louis exposition, returned today from Enid, where he attended a meeting of the commission. Otto A. Spitzer, a member of the commission, has just returned from St. Louis, where he is in charge of the erection of the Oklahoma building.

Mrs. Flynn is Better. Guthrie, O. T., Aug. 12.—A telegram received here today from Dennis Flynn, who is at Newark, N. Y., with Mrs. Flynn states that she is much improved in condition. Mr. Flynn was called to her bedside several weeks ago, while in the Indian territory on a business trip.

Haines Will Recover. Guthrie, O. T., Aug. 12.—Another telegram received at the United States marshal's office from Pawnee states that Deputy United States Marshal Wiley Haines, who was injured in the fight with outlaw, is much better. Physicians say that Haines will recover.

Territorial Charter. Guthrie, O. T., Aug. 12.—A territorial charter was granted today to the I. O. O. F. and M. W. A. investment company of Cherokee, with \$4,900 capital, for the purpose of constructing a lodge building. The incorporators are W. A. Carlisle, J. C. Benity, Grant Woodmansee, P. H. Wimpey, W. H. Fligman and Robert Barry. Notarial commissions were issued today to E. S. Lawrence of Lone Wolf and A. L. Gilliam of Karlovac.

Directors Meet. Perry, O. T., Aug. 12.—Tomorrow President E. N. Porter and directors of the Cherryvale railroad met here to discuss plans for construction through Perry. Some propositions will be submitted by the directors to the people of the city.

This face cleared off quick by "D.D.D."

Case of Mrs. J. M. Dunlap of Winchester, Ky., completely cured by D. D. D. after 7 weeks' application. She had suffered fifteen years.

Fifteen years' tortures of her terrible skin disease stopped in a few weeks. Not a blemish remains on the patient.

This is a FACT G. GEHRING WICHITA, KAN. We hereby certify that full particulars shown as regarding this case conclusively prove that the sufferer as shown in this photo, taken before treatment, was cleared of all taint of the disease by D. D. D., the wonderful new prescription for skin affections. We have never known anything more wonderful in medicine than the work of this remedy. Cases cured since we have been handling it have fully equaled the record of it shown as before taking it for sale. It can be depended upon fully. Price, \$1.00 per bottle. Money refunded in all cases not satisfied with results after trying a box of it.

LaBelle Creole 10c. ALWAYS EVERYWHERE THEY ARE MILD Save the Bands

For Kidney and Bladder troubles. Cures in 48 Hours. SANTA CAPSULES MIDY URINARY DISCHARGES
