

PARTY LEAVES NEXT MONDAY

Congressman McGuire Has Heard from Hearst.

GO FIRST TO THE WEST

Will Enter Oklahoma from Texas Oct. 19.

Guthrie, O. T., Oct. 8.—Congressman B. E. McGuire received a telegram today announcing that the Hearst congressional party which is to tour the territories in the interest of statehood, will leave Chicago for the west next Monday night at 8 o'clock. The party will travel by special train and will reach Kansas City Tuesday morning at 8 o'clock. From Kansas City the party will go to Newton over the Santa Fe, and from Newton to Albuquerque, and thence over New Mexico and Arizona.

The special train will enter Oklahoma by way of Amarillo, Tex., on the night of October 19. The itinerary for Oklahoma and Indian Territory has not yet been announced. Congressman and Mrs. McGuire, and Governor and Mrs. Ferguson will join the party when it reaches the territory, remaining with it during the time spent in the territories.

For a time it was thought that the trip west might be postponed owing to the fact that a number of congressmen invited could not get away during October. However, it is difficult for such a trip to be made after the convening of congress.

DENIES FOUL PLAY.

He Left for Oklahoma Because of His Wife's Death. Guthrie, O. T., Oct. 8.—A Chicago dispatch says: Dr. Joseph Low of this city, brother of Dr. Frank Low, formerly of Clinton Junction, Wis., whose wife died a few months after their marriage, and whose departure for Oklahoma on the day of the funeral caused some comment, today denied that there was any ground for suspicion of foul play as the action of the relatives of the dead woman might indicate. Without the knowledge of the husband or his brother, it is said, the coroner was asked to investigate, the body was dissected and a chemical examination made.

BOTH WERE HIT.

Rifle Fell on the Floor and Was Discharged. Miami, O. T., Oct. 8.—William and Leo Allen, who live six miles east of here, were both dangerously wounded as the result of the accidental discharge of a rifle. A rifle fell on the floor, discharging a load which happened to strike the two brothers, who stood in range. The ball plowed its way beneath a knee of William and struck Leo in the neck, puncturing his windpipe, and passing out beneath the left ear. Both the injured boys will probably recover.

THREATEN TO STRIKE.

Nine Workmen Are Displeased With Employment of Non-Union Man. Hubert, O. T., Oct. 8.—Nine molders working for the Oklahoma Manufacturing company have threatened to strike because the company insists on the retention of a molder who recently came here from Fort Worth. The Hubert molders are members of the American Federation of Labor and the Fort Worth

YOU WILL BE ALL SMILES AGAIN.

Forget Your Stomach and You'll Have a Santa Claus Face.

HOW TO DO IT.

If there is one thing more than all others that will give a man a forlorn and friendless appearance and make him morbid and "cranky" and disagreeable, that thing is dyspepsia. It makes one forget his friends and become morose and irritable. He is so wrapped up in his own misery that he is inconsiderate of every one around him. Last fall I became a good fellow and a man among men.

Stuart's Dyspepsia Tablets are beyond question the most effective and popular remedy ever offered to the sufferers of this terrible disease. The thousands and thousands of cures they have brought about and the enormous increase of their sales fully attest the truth of this statement.

They are, above all, a nature remedy. They possess exactly the same properties that the gastric juices and other digestive fluids of the stomach possess, and they actually do the digestive work of the stomach and enable that organ to rest and recuperate and become sound and well. They act in a mild, natural manner, and cause no disturbance in the digestive organs. They prevent any fermentation of the food which causes sour stomach. In fact, under their influence the subject forgets that he has a stomach and his resulting cheerfulness presents a great contrast to his former dejection.

man is said to be a non-union man. Because of the fact that a contractor insisted on the foreman of a bricklaying gang laying brick, the workmen on the Erdwurm and Hippen buildings went on a strike. The foreman refused to do the work and when the contractor kept insisting the men refused to continue their labor until some adjustment is made.

NEEDS MORE MONEY.

Exhibit Car Proves a Fine Advertisement. Oklahoma City, O. T., Oct. 8.—The Oklahoma exhibit car, which was taken east some weeks ago, is in central Illinois in charge of Horace J. Newberry. The funds for the expenses of the trip are running low and Mr. Newberry is writing for more money. The car is proving to be a splendid advertisement and many hungry people see Oklahoma's products every day. The itinerary for the next few days is as follows: Goodland, Ind., Friday, October 9; Oxford, Ind., Saturday, October 10; Allen, Ind., Sunday and Monday, October 11 and 12; Veedersburg, Ind., Tuesday, October 13; Brazil, Ind., Wednesday and Thursday, October 14 and 15; Ellettsburg, Ill., Friday, October 16; Greenville, Ill., Saturday and Sunday, October 17 and 18; St. Louis, Mo., Monday and Tuesday, October 19 and 20; on evening of 20th, depart for Oklahoma.

DRAWN A PENSION.

This Fact Led to the Arrest of Alleged Horse Thief. Oklahoma City, O. T., Oct. 8.—John Hawkins was taken through here last night on the charge of stealing horses. His arrest is due to the fact that he draws a pension as a veteran of the Spanish-American war and drew a pension for a wound received in Cuba. The next day two horses were stolen and it was noticed that Hawkins was gone. The officers wrote to the pension department for his address, which was furnished. When arrested near Ardmore he confessed.

WON'T CALL ANOTHER.

No Election for Water Works Bond Proprietion. Hubert, O. T., Oct. 8.—The mayor of Hubert has refused to call another election for the purpose of voting water works bonds, stating that it is impossible to fulfill the requirements of the law any more than has been done at former elections. Another reason also given was that Hubert is so far west that bond buyers will not purchase the bonds for fear they will not be taken up. There is considerable feeling shown in the matter, as the citizens are anxious to have the bonds issued.

FOR TWO DEPARTMENTS.

Oklahoma and Indian Territory Are Still Separate. Springfield, Ill., Oct. 8.—The National Order of United Horse Thieves associations closed its annual meeting in this city today. The meeting was an entirely harmonious one, with the exception of a debate which arose as to the territories of Indian Territory and Oklahoma. It was finally decided to give each of the territories an independent department until such time as they were admitted by congress into the Union, and it was then that they were admitted as one state, then the two departments will be merged.

T., Oct. 8.—The Blue Island, Riverside and Hammond Street railway, with offices at Chicago, Ill., and Oklahoma City, Oklahoma, to operate a street railway in the suburbs of Chicago to Joliet, Elmhurst Park and Lansing, Ill., was chartered here today. CLARK ON STATEHOOD.

is a Great Friend of Oklahoma and Will Help. Enid, O. T., Oct. 8.—Champ Clark of Bowling Green, Mo., spoke in Enid this week. He said he was a great friend of Oklahoma and that he was going to do all in his power to assist in the passage of the statehood bill at the extra session of congress. "I have my way," he said, "and I'm not sure but what I will, Oklahoma will be a state by next Christmas, and it would have been a state long ago had we all known which way it was going politically."

A national commission was granted to L. O. Gresson, of Enid.

RANGE BEST FOR YEARS

Cattlemen of Beaver Discuss Outlook.

STOCK IS ROUNDING OUT

Plenty of Forage to Winter the Herds.

Kenton, O. T., Oct. 8.—J. A. Poole, one of the big cattlemen of Beaver county, in commenting on the cattle situation, said: "The range is best for years and cattle are rounding out in fine shape. Forage crops are excellent and plenty of feed is assured for the winter. In fact, we will have more than enough because of the big movement of cattle to market this season. Everybody wants to get out of the cow business and handle steers only and preparations are being made to ship the stock on an extensive scale. Money matters are not too encouraging and this will cause quite a lot of young steers to be marketed. Aged steers are scarce and the big end of the supply of three were bought up by the northwestern buyers. Big ranches and large herds of cattle are going to be a matter of history, as the large number of small stock raisers and farmers are coming in and causing a contraction of the range. And at the same time there are just as many cattle as usual on hand and they are of much better kind, but in smaller herds, so that everything is turning out for the good of the country after all."

WANTS MORE SPACE. Oklahoma Commission Will Ask for Room for Educational Exhibits. Guthrie, O. T., Oct. 8.—The Oklahoma commission to the St. Louis exposition will ask for more space for the territory's educational exhibit. It has been found that the space now allotted will not be sufficient to meet the requirements of the territory.

The preliminary arrangements for the gathering of the educational exhibit were made last night. The exhibit will be divided into three divisions, that of the higher educational schools, the common schools and the city schools. Boyd and Kimbrell will have charge of the higher school exhibit, Baxter and Moss of the rural public schools and Vaughn of the city schools.

The exhibit will consist of some written specimens and collections of the work pertaining to the educational institutions of the state. An effort will be made to secure pictures of all of the schools and school houses. The plans have not been completed by the board but they expect to have most of the exhibit prepared at the time of the meeting of the state teachers' association at Oklahoma City on December 28 and 29.

FILLED WITH ROMANCE.

Story of Capture Reads Like a Tale From a Book. Lawton, O. T., Oct. 8.—After being chased through four states of the union, Walter Haggard has at last been located and arrested at Cheyenne, Wyo. The story of his capture is filled with romance and sounds like some of the tales of books.

Several months ago a man named Ode Smith disposed of mortgaged property in the southern portion of this country. Knowing that he had violated the law and that a warrant for him was in the hands of the sheriff, he left for Tennessee in the vicinity where he stayed. Smith found that he was about to be bagged and escaped into Texas. Several weeks passed and Sheriff Hammonds again succeeded in locating him, but before officers could arrest him he escaped into New Mexico. From there he fled to Wyoming. The sheriff again learned of his whereabouts and sent descriptions of him to various officers of the state. He also learned that he had assumed the name of Walter Haggard.

A close search was made for the refugee and at last he was trapped. A message came Sunday that he was under arrest and Deputy Sheriff LePore immediately departed to bring him back to Lawton.

DIED AT STATION.

He Sought to Rest and Sleep on the Benches. South McAlester, J. T., Oct. 8.—About 3 o'clock this morning M. Rinehart, aged 65 years, a resident of Arkansas, died in the South McAlester union passenger station.

The deceased, accompanied by a relative, Jack Jones, arrived last night on the Checotah. They were going to Checotah to visit relatives. The old man was suffering from a liver complaint and being in desperate circumstances could not afford to rent a room, expecting to leave here for Checotah at 4 a. m. The rough benches which serve as seats in the station, the bed on which he rested his diseased frame; the bed on which he died a few hours later.

The city authorities were asked to give the body burial here, and interment in the city cemetery will occur today. It was late this morning before the dead body was taken from the depot.

CURTIS TO VISIT.

Will Spend Next Week in the Indian Territory. Guthrie, O. T., Oct. 8.—Congressman Charles Curtis will spend next week in the Indian Territory investigating conditions and finding out what legislation the Indians need from the coming session of congress. He will be in South McAlester Monday and Muskogee Tuesday and Wednesday. He will visit other towns in the territory, but cannot say which ones until he gets to Muskogee. He expects to meet the leading men of the territory on the trip and learn from them what is wanted to bring order out of chaos there.

Des Moines Man Wounded.

South McAlester, I. T., Oct. 8.—Officers McCharty and Dowell arrested a fellow who was acting suspiciously in the Kay yards Sunday night. He gave his name as O. J. He had a very hard gunshot wound in his left side and from all indications the officers think they have a bad man.

Reunion is Postponed.

Kingfisher, O. T., Oct. 8.—The Kansas-Oklahoma reunion to have been held here Thursday and Friday, has been postponed by the territorial executive committee. The prevalence of carnivals, fairs and other gatherings and the pre-occupation of speakers is given as the cause. It may be held later.

GRAFTING IN LAND DEALS

Parties Holding Above Their Share Are Criminals.

THEY SHOULD BE INDICTED

One Indian Should Have Only His Share.

Guthrie, O. T., Oct. 8.—A Villa dispatch says: Judge Joseph A. Gill, at the opening of the United States court, devoted the major portion of his instructions to the alleged "grafting" in the land deals in the Cherokee nation. He complained the people of the Cherokee nation upon the fact that crime was on the increase in this district, composed chiefly of the Cherokee nation and the Quawwaw reservations.

Referring to the subject of "grafting," Judge Gill said: "We have a great deal of talk about 'grafting' in this country at this time. There is no such crime as 'grafting'; nothing of the kind so far as the books are concerned and nothing of the kind can be investigated by you. It is only where the officer himself has done something in the administration of his office in violation of the law that the law takes up. The fact that the newspapers throughout the country charge what they term in an indefinite way 'grafting,' is not charging a crime. You can easily cast a slur upon an officer, but the casting of a slur, while it may injure the officer, is not the charging of a crime as the law says. A crime shall be charged, if you will find you are confronted with a difficult question. We have a law in this nation to the effect that no one can hold in excess of their legitimate, equitable portion of the lands of the Cherokee nation. The present treaty provides that each individual Cherokee shall have 100 acres of the average allottable land in the Cherokee nation. As a matter of fact, an average 100 acres may mean 80 acres of land, owing to its valuation, or it may mean as high as from 200 to 600 acres owing to its valuation. But the average is 100 acres, and the court instructs you that that means 100 acres of the average allottable lands at the present valuation and valuation fixed by the Dawes commission, the only body authorized by the law to fix the present valuation, and you must take that as a basis. If you find parties holding land in excess of that the parties should be indicted, and it is your duty to indict them. It is necessary that the Cherokee Indians have a chance to take of the public lands of the Cherokee nation their share, and if men in this community are holding more than their share of the Indian who has it not cannot get it all. If you find men in this community holding more than their average share of the allottable land it is your duty to indict these men and you must do it. The Indians must be provided with these lands and one Indian can not be allowed to hold these lands at the expense of another Indian. He ought to have his share and his share only."

GUTHRIE RACE MEET.

"Cute" Made Exhibition Mile Against the Wind in 2:14. Guthrie, O. T., Oct. 8.—Yesterday, the first day of the Guthrie race meet, saw a good-sized crowd at the Driving park, north of the city, considering the dust storm and altogether disagreeable day. "Cute," the guileless wonder, made an exhibition mile in 2:14 against a heavy wind. The track is in excellent condition. The following is a summary of the races:

Three-year-old trot—Honest Tom, in straight heats; Gloria Quayle, Watson, Valley Boy. Time, 2:31; 2:25; 2:34.

2:15 pace—Lennie Sears in straight heats; Jim Duval, Deck, Amewood, Kitty Keator. Time, 2:17; 2:09, 2:09.

Half mile dash—Oxford first. Flying Fox second, Joe Louis third. Time, 5:13.

The second day of the Guthrie race meet was interesting to a very large crowd. The events were all more than the usual interest, the 2:25 trot being decided only after four closely contested heats.

The following were the results: 2:25 trot—Gloria Quayle, 1, 2, 1; Watson 2, 3, 1; Lola M. 3, 2, 3; Elp 4, 4, 4; time, 2:27; 2:36; 2:25.

2:29 pace—Tomsky in straight heat; Monkey Muck 4, 2; Major K 2, 3, 3; Electric Chimes 3, 4, 5; King W 3, 5; time, 2:24 1/2 in each heat.

Half mile dash—Coxey won; Cherokee Bill second; Tom Reid third, time, 5:13 seconds.

Six Furlongs—Oakland, first; Billy Jordan, second; Joe Louis, third, time, 1:18. Cute made an exhibition mile, pacing in 2:10.

IN SUPREME COURT.

Farmer Appeals From a Judgment Secured Against Him. Guthrie, O. T., Oct. 8.—In the Oklahoma supreme court today was filed an appeal from the probate court of Logan county, entitled Benjamin F. Ryland vs. the Arkansas City Milling company, of Arkansas City. Ryland is a prominent resident, near Crescent City. The company sued him on an alleged promissory note, in the sum of \$200.83, and secured a judgment, from which he appeals.

TAKES UP THE WORK.

Mrs. E. R. Felt Will Edit the Edmond Enterprise. Guthrie, O. T., Oct. 8.—Mrs. E. R. Felt, wife of E. R. Felt, the late editor of the Edmond Enterprise, who died a few days ago of typhoid fever, announces that she will continue to publish the Enterprise. Mrs. Felt, who operates the Chandler Publicist, in commenting on Mrs. Felt's determination to have the paper continued, says as follows: "My husband, before leaving for the territory, had arranged for me to take up the work so heroically begun by her late husband at the point where he laid it down. She announces that the paper will continue to stand for progress and prosperity in business affairs, for good morals and for the highest standards in the normal school; for the purity of public life and the sanctity of the home; that no battle will be too fierce to enter in behalf of the normal, in behalf of Edmond and of the farmers of Oklahoma county. Mrs. Felt will find that she is entering upon a fierce struggle. May her strength prove equal to the task! It is a noble work that she is taking up. Though many will show her kindness and consideration now, they will soon forget that there are wounds which never heal. Often her best directed efforts will be willfully misrepresented. The unprincipled will always be ready to take advantage of her inexperience in business matters. Times will come when she will feel that all her labor is in vain and she will long to lay the weary burden down and be at rest. Again, returning strength will bring revival of courage and the work will be pushed with renewed courage. But without it is a tremendous life for a woman, one that taxes the powers of the most vigorous. But Mrs. Felt is young, and she has a wise and experienced counselor in the father of her late husband, and we sincerely hope that her ambition may be realized. The Enterprise occupies a unique place in Oklahoma newspaperdom. Mr. Felt started in Edmond two and a half years ago with the well defined plan of making his paper thoroughly cover the local field. He has worked persistently toward that ideal and has been wonderfully successful. He leaves his business

in good shape. The paper is on a solid basis. The plan is one of the best in any country office of the territory. If Mrs. Felt has perfect health and can resist the temptation to overwork which tempts every newspaper worker who is in love with the profession, she may reasonably hope for success."

MORRIS SENDS INSTRUCTIONS.

Meat Inspector in Woods County Has Some Trouble. Guthrie, O. T., Oct. 8.—S. T. Green, meat inspector for part of Woods county, has been having some trouble in reference to the inspection of hogs to be slaughtered for selling purposes, some people being under the impression that the law refers only to animals of the bovine species.

The following shows Mr. Green's position in the matter, and as long as he holds the position of inspector he is required to perform his duties, however unpleasant they may be:

Dear Sir:—Reply to your letter of the 15th inst., with reference to the violation of the meat inspection law, will say that it is not sufficient to notify the sheriff or the deputies of these matters, but you are required to file complaint alleging the time, place of violation and have these parties arrested and prosecuted as for any other criminal offense.

It is your duty as inspector of animals for slaughter to file complaints and have parties prosecuted who slaughter animals without inspection. Very truly yours, THOMAS MORRIS, Sec'y Okla. Livestock Sanitary Com.

The following real estate agents are known to be in the pool: The Jennings company, Oklahoma City, handlers of Indian lands; W. E. Dittmar, Asher, an extensive owner of South Pottawatomie county lands; E. T. Upkey, Romulus, fruit grower and agent; H. Josoy, Prague, banker and townsite agent; A. M. ON THE WAR PATH.

Frank McMaster Doesn't Like an Appointment. Oklahoma City, O. T., Oct. 8.—Frank McMaster is particularly bitter over the appointment of Louis and Hierer as attorneys for the city in his case, and he believes that they were unprofessional enough to solicit the job in order to give him further offense. In answer to questions put to him by a Times-Journal man, Mr. McMaster said:

"Messrs. Hierer and Isie, who at one time drew the salaries of judges in this territory by the favoritism of Grover Cleveland, are giving opinions in the McMaster case. These persons, as judges of the supreme court of the territory, gave some very disreputable 'opinions' against various parties in this city in contempt cases and made it a felony for an editor to tell the truth. It is known, truth be told, that the Cleveland parasites have never been guilty of such an offense as being truthful. Death may return them if followed by a burial of sufficient depth. No other human or divine corrective can go so far with a reformation of these specimens."

"One of their opinions in a previous McMaster case was not only reversed by the present supreme court, but was ordered expunged from the records of that court."

"This will ultimately be the fate of all these opinions."

"The case referred to by McMaster was the case growing out of the high-handed manner in which Henry W. Scott handled things in this judicial district while he was on the bench. Scott's actions outraged every sense of honor and decency. No tyrant of old ever was more arbitrary or high-handed than Scott, yet Isie and Hierer as members of the supreme court upheld him in everything. Scott always claimed that he had telegrams from them assuring him of their support in his diabolical practices long before the cases reached them. McMaster was one of Scott's victims. He was at that time attempting to edit a paper. His paper was stopped, and he was expelled from his own manner using his type and press. One day a mild criticism appeared in the Times-Journal signed 'Lawyer.' Scott grew furious and sent the sheriff out to bring in E. E. Brown. Brown was called in the witness stand and interrogated by a couple of obsequious attorneys."

"Do you know who wrote this article?" was asked, the attorney leading the witness a copy of the Times-Journal containing the dozen lines of criticism.

"Yes sir," was the answer.

"Did the court who wrote it?" "I refuse to tell."

"The witness of the death chamber fell over the crowded court room. The lawyers ceased their interrogations. Scott, who was on the bench, began: 'Mr. Hierer'

and I feel that my former good health has been restored by means of this wonderful remedy. I have taken but two bottles and my friends tell me I am myself again. It is a marvellous remedy."
