LATEST NEWS ABOUT OIL

SAN FRANCISCO, Cal., Aug. 19.—Warren D. Smith of Manila, chief of the United States Division of Mines and Bureau of Science, is visiting the oil fields of California for the purpose of familiarizing himself with the industry and also of gathering facts to be applied to the Philippines, where oil has been found.

Mr. Smith proposes to recommend to the government that the land be classified and that a board be formed for this purpose. None of the land has been withdrawn from entry. He will sail for Manila from this city on September 5th.

For the eleven months ended May 31, 1912, shipments of petroleum from the ports of San Francisco and Los Angeles to Hawaii were 53,880,260 gallons valued at \$183,572 as against 47,959,470 gallons valued at \$1,424,240 in the same period in 1911.

A meeting of stockholders of the reputedly defunct California Consolidated Oil Company has been called at Los Angeles for August 24th. There are a large number of unpaid obligations, and among the leading creditors is the estate of the late Admiral Robley D. Evans, who advanced the company \$2300.

LOVE BUILDING CHANGES. The Love building is to be altered so as to make a store on the corner of Fort and Pauahi streets and some stores fronting on Pauahi, the latter street not having been extended to Fort street when the building was erected.

HAWAII NIGHT AT HOTEL STEWART

"Hawaiian Night," was celebrated at the Stewart Hotel in San Francisco with great eclat according to articles appearing in the San Francisco papers of which the following from the Call is an instance: "It was a glorious Hawaiian celebration at the Stewart last evening and aloha, leis and poi made up the triple entertainment. Native songsters sang the old songs of Maui to 300 visitors. The women were decorated with garlands and the initiated and outsider treated to a dish of poi. The house was filled to capacity, so even the employees were able to participate in the festivities without being disturbed with new business.

"Every hall in the hotel was needed to accommodate the revelers. They were armed through the lobby made bright with the red and gold of the islands, they danced in the reception halls and feasted in the dining room. Many of the guests donned the white linen and lawn of the islands and singing in chorus was general.

"Lawrence Dee was master of ceremonies. An old resident of the islands, he has, since the opening of the Stewart, been in charge of one of the departments, and his friendship with the travel of the Pacific has made the hotel one of the centers of Hawaiian hospitality. He was assisted by Dr. Joseph L. Howard, the house physician of the hotel, who married the daughter of Alexander Young of Honolulu; Charles McWayne, James Cook, an attorney of the islands; Lemuel Coke and Robert W. Robinson, assistant manager of the hotel.

The evening's fun began with a general assembly in the lobby. The native Hawaiian orchestra played and sang the old songs and the guests, mingling in groups went back to the old days and told of the old ties at home. Many of the younger set broke away from the reception and, joining in the ballroom, danced to the syncopated step the Hawaiian never knew. Supper was served, and many Hawaiian delicacies were noted on the menu. Hawaiian night is now a matter of custom at the Stewart. It was first held as a festival three years ago, and last night's party was the biggest of its history.

AVOID HARSH DRUGS

Many Cathartics Tend to Cause Injury to the Bowels. If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called Rexall Orderlies. These are prompt, soothing, and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless, and colorless. Combined with other well-known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not grip, purge, nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons, and aged people, as well as for the most hearty person.

They come in three size packages. 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Remember you can obtain them only at our store—The Rexall Store.—Benson, Smith & Co., Ltd., Fort and Hotel Sts.

Mothers should inspect the clothing sold by M. McInerney, Ltd., for boys and youths. The quality is above standard and the style the very latest from New York. Asserting that although they were only married last year the husband has failed to provide for her and the five months' old child for the last two months, Mrs. May Schoening yesterday filed in Circuit Court a petition for divorce from C. M. Schoening.

Allan & Robinson, who on August 24, filed a mechanics' lien against a house constructed on the Makiki tract for Mrs. Margaret Lishman, for \$1111.47, alleged to be due them for building materials supplied, yesterday filed a civil suit to recover this sum from A. H. Dondoro, Mrs. Lishman and Stella Peck. Dondoro is the contractor who built the house and Mrs. Peck purchased the house from Mrs. Lishman a few days after it was finished.

To settle the question of ownership of a tract of land at Kamakela, Oahu, by one suit instead of six or more actions in court, the Rt. Rev. Libert Boeynaems, Bishop of Zeugma and Vicar Apostolic of Hawaii, has filed in Circuit Court an action against L. Ah Leong to quiet title. L. Ah Leong some time ago filed suits against the Bishop and a large number of other alleged owners to determine the same question. Now the Bishop asks for a restraining order to check prosecution of the other suits until the new one, brought by him, is settled. The land is estimated to be worth about \$25,000.

DR. LEIDINGHAM ON WAY TO KOREA

Dr. Ray Leidingham, son of the Rev. Mr. Leidingham, formerly president of the North Pacific Theological Seminary, is in Honolulu. Dr. Leidingham, who has made quite a name for himself in the medical profession on the mainland, is on his way to Korea on the Manchuria, to take charge of the new Presbyterian hospital. Dr. Leidingham has decided to devote the rest of his life to missionary work, and will make an intensive study of the language and customs of the Koreans with the end in view of being able to better understand their needs and solve various problems which will be constantly coming up in connection with his work.

He is taking a large sum of money with him, which is to be devoted to his work, and he will remain in Korea for an indefinite period of time. The Presbyterian missionary and physician arrived on the Manchuria this morning and spent the day as the guest of W. A. Bowen. With Mr. Bowen, he made a trip through the city and inspected the various social organizations such as the Kaulani School, Palama Settlement and the Y. M. C. A. He commented very favorably upon the Y. M. C. A. plant and declared that it was one of the finest that he had ever seen.

Dr. Leidingham will leave on the Manchuria this evening.

BROKE WATER COOLER, AND MUST PAY PENALTY

When Private Clarence M. Sadler of the medical corps, a prisoner under guard at Schofield Barracks, threw a hammer at Private William M. Schuker of the same corps, on May 10, Sadler had no intention of maliciously assaulting Schuker, he says. A court martial accepted his plea on this point, but it appears that when he threw the hammer, the missile hit a water cooler belonging to the medical corps, which was valued at \$9.60, and for this he will suffer condign punishment as he was unable to plead other than guilty, when the hammer and broken pieces of water cooler were introduced as evidence.

The penalty for this misdeed of Private Sadler is likely to be severe in view of the fact that he has five previous convictions against his record.

KANSAS CITY, Mo., Aug. 22.—Five million dollars to establish institutions for the benefit of its members, were voted by the Loyal Order of Moose, in session here today. The institutions will include a vocational and trade school for children, a home for aged and infirm members, and a home for orphans or members of the lodge, to be built on a tract of 1000 acres at Anderson, Ind. A general sanatorium will be built in the west and a tuberculosis sanatorium to be erected in some city with suitable climate.

School Clothes For School Days

We call your attention to the newest line of Clothing for Boys attending school. It embraces all sizes and styles suited to the demands of the little fellows as well as the lad who has stepped from the knickerbocker to the long trouser stage of life.

We have confidence in our judgment, and believe an inspection by the mothers of Honolulu boys will confirm it. The prices are reasonable.
