POLITICAL NEWS AND NOTES

The Democratic County committee held its weekly meeting last night in the headquarters in the Waity building. Plans for the opening of the campaign next Wednesday evening were discussed, and the county committee ratified the action of a sub-committee which selected Kahalepuna to make the race for county clerk.

It was reported that the deadlock in the fourteenth and eighth of the had been amicably broken. David Kai will represent the fourteenth and Manuel Baptiste, the eighth in the county committee.

Expressing his willingness to take the oath of office and to support the constitution and by-laws of the Hui Uniona, Hon. J. C. Cohen, aspirant for senator on an independent platform, will on next Tuesday night be presented to the officers and members of the International Longshoremen's Association. Cohen, backed up by President Kane of the "hui", it is said, is willing to do any thing and everything that the "hui uniona" wants him to do.

His object is to get the unanimous support of the unionists, who, according to Kane and Kaneko, number no less than 1400.

The headquarters of the hui uniona on Queen street will be decorated fittingly for the installation of Cohen into the office. His connection with the hui will doubtless be the means of bringing it to a better and stronger standing, financially.

As soon as he has become a full-fledged member of the hui, Cohen, accompanied by Kane and others, will make a political tour of this island. It is the intention of Kane, who is directing Cohen's campaign, to meet with the voters personally on their trip around the island.

Cohen, according to the waterfronters and unionists, is gaining strength, politically every day. Cohen himself says that he is not afraid of his fight, and believes that he will be elected in November, provided, however, he adds, those who are making promises to him now will keep their word.

Under the leadership of the Republican campaign managers, the regular nominees of the Republican party, headed by Col. Sam Parker, candidate for mayor, will take a trip to Hauula tomorrow morning at 9 o'clock. The candidates, according to reports at Republican headquarters this morning, will assemble on Fort street before going to Hauula in automobiles.

Early this morning Colonel Parker visited headquarters and had a consultation with J. H. Wise regarding the trip to be taken tomorrow. Besides the regular nominees, a few political speakers will be on the bandwagon. William Mossman Jr., a Home Ruler, but who is actively working among the Hawaiians on behalf of Captain Parker, will go along with the party.

The politicians will arrive in Hauula at noon tomorrow, and will soon be the guests of honor at a grand and sumptuous luau which is being prepared today by the electorate at Hauula.

On arrival there tomorrow the party will be received by Kuluwaimaka, a well-known politician of Koolau. Early in the morning, and continuing until late at night, there will be a big conference of Mormons, who, it is reported, are already on the ground. It is at their request, said one of the Koolauites this morning, that Kuluwaimaka invited the Republican nominees to come there tomorrow.

Colonel Parker, Captain Parker and George E. Smithies this morning compared notes as to what they intend to say to the electorates at Hauula tomorrow. Smithies jokingly said that he would be ready with his Hawaiian speech by tomorrow morning. He is at the present time under the tutelage of Senator William J. Coelho, who arrived from Maui last Wednesday. Coelho, as is well known, is an authority on the Hawaiian language. Smithies this morning learned a few points which, he thinks, will be most acceptable to the Hawaiian voters.

POLITICAL ANNOUNCEMENTS.

NOTICE.

Having been regularly nominated by the Republican District and County Convention for the office of City and County Auditor, I respectfully solicit the support of the voters in the coming election. JAMES BICKNEILL. 5358-tf

NOTICE.

Having been regularly nominated by the Republican District and County Convention for the office of Supervisor, City and County of Honolulu, I respectfully solicit the support of the voters in the coming election. EDW. H. F. WOLTER. 5358-tf

NOTICE.

Having been regularly nominated by the Republican District and County Convention for the office of Supervisor, City and County of Honolulu, I respectfully solicit the support of the voters in the coming election. ANDREW E. COX. 5350-tf

when he addresses them tomorrow at Hauula. Colonel Sam Parker is not losing time, politically. This afternoon at 3 o'clock he will go down to the other side of the island to renew his acquaintances with the voters there. In the party with him will be Robert W. Shingle, county treasurer, who goes down to pay off the men who are working on the road. And, incidentally, Parker wants to go along with him so that he can talk to the Hawaiians there about his candidacy for mayor.

Besides Colonel Parker, Captain Parker and George E. Smithies will go along. It is their intention, too, to say aloha to the electorate and to ask them all to vote for them in November.

Colonel Parker, according to reports, is gaining strength all along the line. Parker is well known to the Hawaiians as a generous and jolly good fellow. And it is believed they will vote for Parker for mayor of Honolulu in November.

AGED HAWAIIAN BADLY BEATEN

Four young toughs were placed under arrest this afternoon at the instance of Chief of Detectives McDuffie, charged with the beating of an aged Hawaiian, janitor of Puuoa school.

The old man offered a remonstrance in the manner in which one of the young fellows was conducting himself about the school premises.

The assault took place yesterday after the school had been dismissed. The Hawaiian was found last evening lying insensible, with a number of bruises about the head and body. He was taken to the hospital for treatment this morning.

One of the quartette found by the detectives finally broke down and implicated three others in the assault. They are Portuguese youths who are alleged to have created much trouble in the neighborhood.

LINDSAY BELIEVES

(Continued from Page 1) Section 4, of Act 163, of the Session Laws of 1911, gives such control to the harbor commission.

The section to which the Attorney General referred reads in part as follows: "The board may from time to time make, alter, amend and repeal... changes, fees and compensation for the storage of, and the duties and powers of carriers, shippers and consignees in and to, any such freight, goods, wares and merchandise in and upon any landing, dock or public wharf within the Territory."

The question is whether privately-owned docks, because of their general use by the public, can be brought under the class of "public wharves," as set forth in this clause. The Attorney General is inclined to believe that this may be found feasible.

At the same time, he says, it might be possible that the enforcement of such a law would react upon the public. Taking the supposition that a big plantation could build a wharf on a coast where for miles no other landing could be obtained, and the plantation had sufficient business of its own to warrant the expenditure for this pier for its own use solely, the business that would come to it from other people, while tolerated and charged for, might not be enough to be especially desirable. In case, he said, that the owners, for reasons of their own, might stop all public use of the wharf if its charges were to be regulated by the harbor commission.

Whether an instance of this character would be likely to crop up in the Territory is unknown, but it is considered extremely unlikely. The subject was taken up by the Attorney General today for a full and careful consideration, and all phases of the question will be passed upon before a definite opinion will be handed down upon which the harbor commission can be advised for future procedure. To date the law has been taken merely at its face value in this respect, and it has generally been thought that the commission had no such power to regulate rates.

SCHOOL WANTED

(Continued from Page 1) daily sessions in the primary grades are necessary. In order to relieve this congestion, a room in a building adjacent to the Kauluwela school will be opened for use beginning Monday.

This year there are approximately 24,800 pupils enrolled in the public schools, which is an increase of 1084 over the enrollment of last year. There are 674 teachers employed and the monthly payroll of the department is \$49,000.

ART DECORATIONS FOR Y. M. C. A. SELECTED

The special committee which was chosen to select and purchase statuary and pictures for the Young Men's Christian Association has decided what it will order in the way of statues. The present choice will probably fall on the following sculptures: "The Wrestlers," "The Fighting Gladiators," "The Scout" and a bust of Lincoln. Of the first two statues, the former is about three-fourths life size, and the latter is six feet high. These two will be placed in the lobby. Two plaques, one "Washington Crossing the Delaware" and the other "The Spirit of '76" will be placed in the boys' department.

The committee hopes to place the order within a few days. All these statues are handsome classic studies made by Canoni, the most famous maker of plaster casts in America. The original fund given for the purchase was \$250. An additional \$250 has been added to this by a man and his wife who are interested in seeing works of art on the association walls, in harmony with the dignity of the architecture of the building and the purposes to which the building is put.

The next work of the committee will be the choosing of photographs and reproductions of famous paintings and works of architecture for the walls of the association.

The international organ of the Y. M. C. A. is called "Association Men." Honolulu is well represented in this month's issue, as there is a page article by General Secretary Super in which he writes up his conclusions and views of association work on the mainland based on his three months' summer trip. There is an editorial on the article in which the editor calls special attention to it as the story of his impressions as a discriminating student of the movement.

There is also a series of pictures showing the corner view of the association building and the interior of the gymnasium and also a class. Below the pictures is a short writeup on the physical work of the association.

M'CAANDLESS TO TOUR ISLANDS

L. L. McCandless, candidate for Delegate on the Democratic ticket, will take another swing around the islands of Hawaii and Maui before settling down to work of getting Honolulu votes. He will leave in a few days for Hawaii.

ELOPES TO ESCAPE A TRIP TO PHILIPPINES

Daughter of Major Clark Becomes Bride of Lieut. Spencer M. Smith. WAUKEGAN (Ill.), Sept. 16.—Three months ago a tall, handsome young army officer, Lieutenant Spencer M. Smith, came to Fort Sheridan and proceeded at once to fall in love with the belle of the fort, Miss Jeanette Clark, daughter of Major Clark. He made such progress in his suit that he readily outdistanced all other contestants.

Recently Major Clark was ordered to the Philippines. With a toss of her pretty head, Miss Jeanette declared she would not go to the far-away islands with her father. Friends wondered how she intended to solve the problem.

Last Wednesday evening she eloped with Lieutenant Smith and came to Waukegan, where they were secretly married by Rev. George McGinniss at the Baptist parsonage. The next day the story was told and parental blessings received. Immediately Major and Mrs. Clark sent out invitations to a reception for Saturday, which society at the post thought was a farewell gathering before the Major departed for the Orient.

At the head of the receiving line stood Major and Mrs. Clark, who introduced the guests to Lieutenant and Mrs. Smith. Army officers stood for a moment with eyes wide open with astonishment, and then taking the matter as a bit of pleasantry on the part of Major and Mrs. Clark, laughingly shook hands and passed on. But Rev. and Mrs. George McGinniss were there, and declared emphatically to doubting Thomases that it was no joke, but a fact.

NORMAN B. COURTENAY SAILS FOR HOME

Norman B. Courtenay, private secretary to Governor Frear, joined the party of distinguished secretaries which left Honolulu today on the U. S. S. Maryland for the states. Courtenay, who is leaving on a month's vacation will spend a short time at Seattle, going thence to his home at Portland, Ore., where he will spend the greater portion of his time. He expects to return here about November 12.

A thousand tons of Oriental freight were left at Alakea wharf during the brief stay of the Toyo Kisen Kaisha liner Tenyo Maru at the port.

Dr. Trotter ordered the vessel into quarantine for the purpose of fumigation for rats.

IMPROVEMENT CLUB OF PALAMA ELECTS OFFICERS

A meeting of the new Palama Improvement Club was held last night to elect officers for the coming year and to hear the reports of the various committees. The following were appointed to hold office: Harry Auld, president; P. L. Horne, vice president; Spencer Bowen, secretary, and H. Fukumura, treasurer. J. A. Rath was appointed as the delegate to the central committee. An executive committee composed of Messrs. Lane, Aluli and Rath was also appointed.

This improvement club is the result of a long-felt want in the way of someone to get after the betterment of the lighting, sanitation and roads of the Palama district. The scheme has been tried by individuals with little or no effect, and it was seen that the people of the district could accomplish more as a body than they could individually. The roads of the Palama district are in very poor condition and need both repaving and oiling, it is asserted, and the lighting system could be improved upon in many ways. In some parts of the district, it is said, the sanitary conditions are not of the best, a large percentage of the cases of tuberculosis in the city existing within a small radius of King and Liliha streets. All these matters will be taken up by the new club with a view to the general betterment of the whole district.

OAHU AN EXCEPTION TO GENERAL DECLINE

Hawaiian Sugar is the only stock dealt in on the board today, and it registers a decline of half point. Following a sale of 40 shares at 41 reported, a sale of 10 shares on the board at the same price was made. The only considerable deal between sessions was a sale of 500 Paauhau at 22, a decline of half a point. Pioneer fell off a point and a half to 31.50 for 35 shares. Ewa held at yesterday's figure of 27.87 1-2 for 50 shares. Oahu affords the only cheering note with an advance of a quarter point to 25.50 for 10 shares.

LOCAL AND GENERAL

Taking nearly two hundred Asiatic steerage passengers from this port, the Japanese liner Tenyo Maru sailed shortly after 6 o'clock last evening for Japan ports, Manila and Hongkong. A dozen cabin passengers joined the vessel at Honolulu.

The storage ship Falls of Clyde proved a great convenience in supplying the Japanese liner Tenyo Maru with a consignment of fuel oil yesterday. The ship was towed to a berth on the Waikiki side of the liner, from which point the oil was transferred from ship to steamer tanks.

Thomas Onokea was bound over to the U. S. district court by United States Commissioner C. S. Davis this morning on the charge of violating the Edmunds Act, in living with Hattie Meranda while having a wife residing in Honolulu. His bail was fixed at \$500.

John R. Silva, who was arrested April 24 on a charge of assaulting his wife, was acquitted in Judge Whitney's court this morning after a trial by jury. The alleged attack occurred at the wife's mother's home at Moiliili. The wife testified that she is only sixteen years of age, while the accused husband is fifty-three years old.

Fourteen members of the regular jury panel in Federal court were exhausted this morning in an effort to obtain a jury to try Jas. Fisher, the young man accused of smuggling opium into the Territory, in conjunction with Norman Smith last spring. A special venire of thirteen more was summoned for the afternoon session, to begin at 2 o'clock.

NEW LIFE SAVER.

A public test, was recently carried out in the Thames of a new life-saving jacket. During the demonstration this apparatus was used by a woman and three men, says an exchange. The garment consists of a loose sack, about the length of an ordinary lounge jacket, having a ribbing fitted with a substance of greater buoyancy than cork. It is so constructed that the heads of the users are completely out of the water, thus permitting them to take food while in the water.

Bids will soon be invited for the construction of a revenue cutter for the Philippines customs authorities that will have a speed of sixteen knots. It will be equipped with an auxiliary launch and a motor boat, each having a similar if not greater speed. This vessel is necessary in order that the active smuggling in southern waters may be abated. The collector of customs has recommended the purchase of such a vessel in his last three annual reports, but the money necessary to cover the expense was never made available. Act No. 1954 appropriated 60,000 pesos for the purpose, but that amount was far from sufficient to secure a vessel of the size and speed required. The balance of 100,000 pesos, however, has been made available from savings made from the appropriations for the bureau by economical administration.

Marshall Black of Palo Alto, Cal., Progressive state senator, a politician and capitalist of note, has been accused of embezzling \$100,000 from the Palo Alto Mutual Building and Loan Association. The institution has been closed by the state authorities.

A fat Frenchwoman despairingly says: "I am so fat that I pray for a disappointment to make me thin, but no sooner does the disappointment come than the joy at the prospect of getting thin makes me fatter than ever."—Tit-Bits.
