SLUM-WORKERS IN DARK LONDON

Three hundred and ninety-six missionaries are employed, 1417 converts added to the churches last year, 473 restored to church communion, 1127 drunkards reclaimed, situations obtained for 1675 men, 294 mission-halls open, four medical missions at work amongst over 3000 patients, 128,355 free meals given to children, 65,349 free meals to adults, £15,261 deposited in clubs and banks, 25 persons induced to close their shops on Sunday, 5057 children sent to public schools, says the Sydney Telegraph.

This is part of the year's record of the London City Mission, the secretary of which, Rev. Mr. Anstey, B. D. M. A., is now in Sydney on his way to visit his brother, Mr. John Anstey, M. L. C., of New Zealand. He is accompanied by his wife and daughter. Mr. Anstey had something to say this week concerning the vast and varied work of the mission in a city which, he mentioned, had a population greater than that of the 22 next largest towns of the United Kingdom. In the time of the Georges, London's population was only a million; now it is increasing at the rate of 100,000 a year; so that in the course of six years it absorbs a population equal to that of the whole of Sydney.

"What we are undertaking is something stupendous for the community," said Zeno K. Myers, chairman of the promotion committee, at the joint meeting of the committees of the Mid-Winter Carnival and the promotion committee in the rooms of the merchants' association yesterday afternoon. "If it is a success this year there will be no trouble about making it a bigger success each succeeding year." This statement of Mr. Myers sums up the plans of both bodies which met yesterday, and these plans will mean the growing success of the Mid-Winter Carnival as the years go by. The plans which were presented at the meeting were bigger than have ever been attempted before, and that these plans will be carried out with success this year is shown by the earnestness with which the chairmen of the various committees are entering into the work.

CARNIVAL PLANS ASTONISH ALL WHO HEAR THEM

Following the reading of the minutes of the last meeting the chairmen of various committees, John Hughes, Ralph Lyon, A. K. Ozawa, Julius Unger and Ed. Towse, held a discussion with Director-General Chillingworth concerning already formed plans for the coming festival and also several others which have been lately presented. Secretary Wood, of the promotion committee, brought up the subject of moving pictures and said that while there were already two moving picture companies in the Islands at present, correspondence shows that there are still two or three others who have expressed their intentions of coming to Honolulu in time for the parade and carnival and putting both on films. Mr. Wood also went on to say that he believes the main thing which has attracted these companies is the historical feature at Waikiki which was introduced by Director Chillingworth.

It was suggested by Chairman Ed. Towse that all those who made entries in the parade be issued tickets to the grand stand, and as this idea was approved by those present, it is thought that the suggestion will be carried out. The report which was submitted by A. K. Ozawa, chairman of the Japanese committee on the evening lantern float and parade entries, was received with applause. The Japanese, according to Chairman Ozawa, will enter into the spirit of the celebration this year with more enthusiasm than ever before. The committee on decorations, of which Julius Unger is chairman, announced that they will present their plans at a later date.

"TWELFTH NIGHT" FESTIVAL.
The annual "Twelfth Night" festival of St. Clement's Sunday school will be held in the parish house on the evening of Monday, Jan. 6, at 7 o'clock. There will be a musical singing, and a fine display of presents and prizes.

CASTORIA

for Infants and Children. Physicians Prescribe Castoria.

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: 1st, The indisputable evidence that it is harmless; 2nd, That it not only allays stomach pains and quiets the nerves, but assimilates the food; 3rd, It is an agreeable and perfect substitute for castor oil. It is absolutely safe. It does not contain any opium, morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrup, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a medical journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—Hall's Journal of Health.

The signature of *Chas. H. Fletcher* guarantees genuine Castoria. "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."
WILLIAM BELMONT, M. D., Cleveland, Ohio.
"I have used your Castoria in the case of my own baby and find it pleasant to take, and have obtained excellent results from its use."
S. A. BUCHANAN, M. D., Philadelphia, Pa.
"I take pleasure in recommending your Castoria, having recommended its use in many instances, and consider it the best laxative that could be used, especially for children."
NATHANIEL K. KING, M. D., St. Louis, Mo.
"I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."
H. J. TAPP, M. D., Brooklyn, N. Y.
"I find your Castoria to be a standard family remedy. It is the best thing for infants and children I have ever known and I recommend it."
R. E. SKILLMAN, M. D., Omaha, Neb.
"Having during the past six years prescribed your Castoria for infantile stomach disorders, I most heartily commend its use. The formula contains nothing deleterious to the most delicate children."
J. B. RAYSON, M. D., New York City.

SUNDAY BIBLE CLASS TO BEGIN NEW YEAR

After a brief holiday intermission, the Sunday Morning Bible Class at the Kiloehana Club rooms, conducted by Rev. A. A. Eberole, associate minister of Central Union church, will meet tomorrow morning at 10 o'clock to begin the New Year's work.

The class is for the young men and the young women of the city, and young married people without regard to church affiliation. The same welcome is extended to all. One hundred and ten have already enrolled but the lecture room of the Kiloehana Club will easily accommodate fifty more. All who are not members of some class elsewhere are invited to come and join.

KRYPTOK LENSES

Why Look Older Than You Are?
The gentleman to the right of the reader (sketched from life) is wearing oldstyle or pasted double-vision lenses. The lines of the reading wafers are noticeably prominent and he has difficulty in adjusting his eyes to the lenses. The cement used to join the two lenses has become clouded and has made his glasses misty.
The two figures to the left (sketched from life) are wearing Kryptok double-vision lenses. There are no seams on these glasses, because the reading lenses are fused invisibly within the distance lenses. These latter two persons are at ease, look dignified and comfortable.
