BISHOP QUILTS TO BUILD BIG TUNNEL

HE'S LURED TO PRIVATE LIFE

The Superintendent of Public Works Resigns from Territorial Office

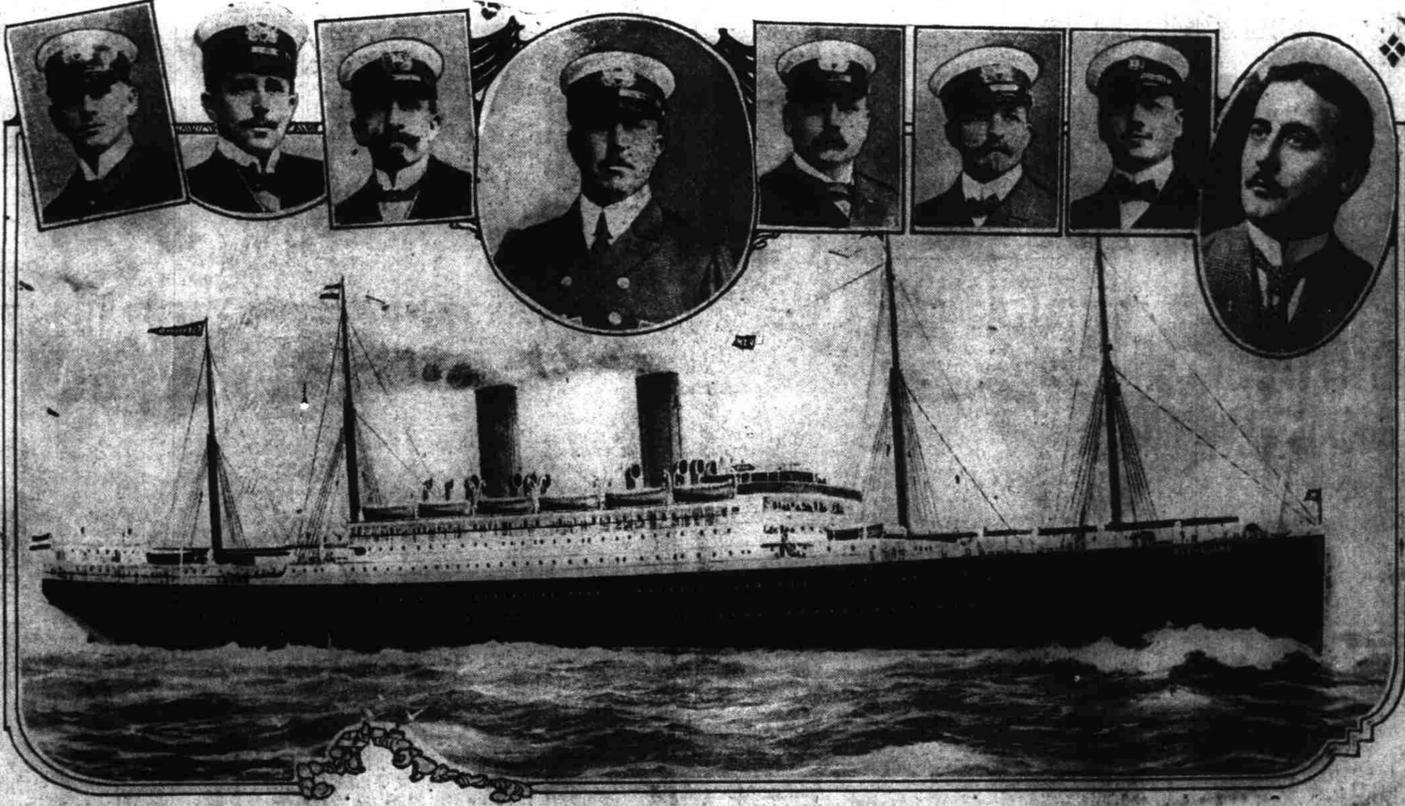

WAIHOLE WATER CO. HOLDS OUT FAT SALARY

Great Scheme for Irrigating Oahu Plantation Takes Official Early

Hubert K. Bishop, the territory's new superintendent of public works, who was appointed to that position by the governor November 1, 1912, has served notice that he will resign the office February 15. He has accepted the offer of the recently-formed Waihole Water Company to take charge of that firm's stupendous task of boring the three-mile tunnel through the Koolau range, and will assume his new duties immediately after his resignation.

This announcement was made at noon today following a conference at the governor's office between the chief executive, Superintendent Bishop and a representative of the company. Though it comes as a great

CLEVELAND, DELAYED, WILL REACH PORT AFTER DARK TONIGHT

Officers of the Cleveland, reading from left to right—M. Matlick, 2nd officer; E. Scherlitz, 2nd officer; Fr. Kruse, 1st officer; Capt. Th. Kler, commanding; Ch. Stehr, chief engineer; C. H. Dill, 2nd officer; D. Felner, purser; C. Vogelsang, manager cruise.

Cleveland Officers And Passengers Extend Greetings To Honolulu Through The Star-Bulletin

Greetings to and from the passengers, officers and crew aboard the big liner Cleveland were extended and received last night by the Star-Bulletin. Early in the evening this paper sent a wireless message to C. Vogelsang, manager of the Hamburg-American's world-cruises, and Capt. Kler, commanding, conveying the good-wishes of the people of Honolulu and the hope that the vessel would arrive early today and get a daylight welcome to the city. In response to this message, Mr. Vogelsang wireless back the following: On Board S. S. Cleveland, Jan. 22, 7:40 p. m.

To the Honolulu Star-Bulletin:
We thank you for your kind greetings and hereby send our appreciation. The trip across the Pacific from Yokohama has been very enjoyable despite the very high winds and rough seas, which have unfortunately delayed our arrival in your city. The passengers have been in excellent spirits and good health and have taken enthusiastic part in the various daily entertainments. Last Monday was "Antipodes Day," when the Cleveland crossed the 180th meridian, and was celebrated by elaborate deck games. Deep-sea gymnastics events were indulged in and the half-dressing contest, in which a number of men took part, with ladies to furnish the necessary elements for the competition, was exciting. The prizes and results were announced in a sporting extra of the paper published on board and immediately afterwards sold by ambitious newsboys.
Major Jones, who has taken a prominent part as chairman of various committees, arranged and pulled off this celebration in fine style.
That same evening a big masked ball was held in the main saloon and on deck, with a cabaret show as a feature attraction. The costumes were very attractive and unique. A card tournament was also held.
As this was the last night out before touching American soil again after the cruise around the world, it was the signal for a number of "farewell" dinner parties. Concerts were held in the outdoor grill-room and a costume tea, and an art exhibition by Artie Drake have added to the enjoyment of the passengers.
Under the influence of smooth seas, the balmy winds of the sub-tropics, an enchanting full moon and the near approach to the day of parting, various engagements are thriving now aboard the Cleveland. Cupid is busier than ever as the ship nears Hawaii and the big liner in spots resembles lover's lane.
The passengers number 386, of whom 100 are Europeans, mostly Germans.
Nine have made up their minds to stay in Honolulu for awhile.
On the last night out, before the vessel reaches San Francisco, there will be a grand celebration at the expense of the Bachelors' tug-of-war team, which lost the big special match pull tonight against the Benedicts.
Again the officers and passengers on the Cleveland extend our greetings to the Star-Bulletin and Honolulu.

C. VOGELANG.

NAB JAPANESE AS "WHITE SLAVERS"

Number Arrested on Warrants from Washington—Must Face Trial Here

On information believed to have been unearthed by the last federal grand jury, about six weeks ago, several Japanese men were arrested by the federal immigration inspectors in Honolulu this morning on charges of engaging in the white slave traffic. They will be tried here and if found guilty will be deported as undesirable citizens.
The men arrested are: Iida, Ogata, Tagawa, Yoneshige, Aoki, Hokamura and Kuramoto.
This, it is understood, is the outcome of the federal grand jury's investigation of Iwilei. It will be remembered that the jury's report to the court, made public at the time, made no reference to that portion of the investigation, and that apparently the subject had been dropped by the inquirers, though it evidently had delved deep into conditions in the vice district, as shown by the array of witnesses from Iwilei who were summoned before the jury from time to time.
As the Star-Bulletin indicated some weeks ago, another report was made to the immigration inspectors, who in turn submitted the evidence to the department of commerce and labor at the national capital. The issuance of the warrants of arrest by that department and the apprehensions this morning were the direct result.
Under the amended immigration act of 1900, all men accused of dealing in vice in the United States may be dealt with severely. Their length of residence in this country no longer has any bearing on the case, though formerly the law contained a provision which prevented deportation of aliens who had lived here for a period of three years.
If the names of the steamship companies on whose vessels these men came to Hawaii can be ascertained, they will be compelled to carry the undesirable citizens back free of charge, it is stated. The accused foreigners may be given trial at any time, at the discretion of the immigration official in charge, who in this case is Richard L. Halsey. If the case is not disposed of immediately the prisoners may be released under a bond of not less than \$500, giving security approved by the secretary of commerce and labor, pending the final hearing.
Another rigorous provision is that the defendants may have legal counsel at some time during their hearing, but not until the inspector in charge gives his permission. Even then legal counsel may have only such evidence as is given after he has taken hold of the case.
Furs of all kinds are combined this season and the effect is surprisingly good.

DANCE AT THE WAIKIKI INN

The popular Waikiki Inn will give a dance this evening in honor of passengers on the Cleveland, tourists and townfolk generally. Kaaf's Quintet club will furnish music for this occasion. The public is invited to attend this beautiful moonlight dance. — advertisement.

CLEVELAND IS NOW EXPECTED TO ARRIVE AFTER DARK TONIGHT

The Hamburg-American liner Cleveland, finishing her third round-the-world cruise from New York to San Francisco, will arrive in this port some time this afternoon, probably between five and six o'clock, according to latest advices.
Wireless messages sent last night from the vessel to the agents of the Hamburg-American line here, Hackfeld & Co., are to the effect that the vessel will be off port between five and six o'clock. It is possible she will make up an hour or two and reach here before darkness falls, but hardly likely.
The agents now expect that the vessel will be berthed at Alakea wharf some time around 6:30 o'clock.
No further important change in local arrangements for the entertainment of passengers has been made since yesterday. The Clevelanders will have one full day in this port and the big vessel will sail at daylight Saturday morning, bound for San Francisco.
For list of passengers on Cleveland see Page 13 this issue.

RESIGNATION OF KENNEDY ASKED

Report That Captains Will Insist Upon His Dismissal and That of Sheedy—Inter-Island Officials Silent

The resignation of President and General Manager James A. Kennedy of the Inter-Island Steam Navigation Company, was authoritatively reported this morning to be asked by Honolulu members of Honolulu Harbor No. 54, American Association of Masters and Pilots.
This is the latest development in the Inter-Island situation, precipitated by the report late yesterday afternoon that the Inter-Island Company is bringing down a number of steamboat men from the mainland, all with mate's certificates. That report, declared entirely confirmed by the arrival of several steamboat men on the

Wilhelmina last Tuesday, has stirred the local masters, mates and pilots up in no uncertain fashion.
The situation today is a result of the strike of several months ago, when the masters and mates won. Now the Inter-Island Company is declared to be bringing men here under contract to break a possible future strike.
Kennedy Declines to Talk.
J. M. Kennedy, general manager of the Inter-Island Company, did not give the impression of a man walking on the edge of an industrial volcano, when seen at his office by a Star-Bulletin representative this afternoon. The general manager's smile was expensive, and he was most courteously uncommunicative.
"I have nothing whatever to say for publication at this time," said Mr. Kennedy.

HITCHCOCK UNEARTH'S FRAUD

(Associated Press Cable)
WASHINGTON, Jan. 22.—Postmaster General Hitchcock today announced the discovery of a gigantic fraud on the postoffice, by means of which Uncle Sam has been robbed of more than two million dollars' worth of stamps.

The postal inspectors and the secret service men of the government have been at work on the case for months but the evidence has but just come to hand.

According to the statement just issued by the postmaster the indications are that New York and Chicago dealers are implicated. Other dealers, it is said are involved as well, but the bulk of the work, it is alleged, has been done by the big men in New York and Chicago.

AUSTRIA AND THE CZAR REACH TERMS

(Associated Press)
BUDAPEST, Jan. 23.—It has been learned from unofficial sources that Russia and Austria have at last reached an agreement regarding the boundary of Albania and that all danger of friction between the two countries has passed.

In confirmation of this it was announced today from Vienna that the demobilization of the army ships held pending developments would begin immediately. Similar news comes from St. Petersburg and Moscow.

MARINE OCTOPUS REVEALED ON STAND

NEW YORK, Jan. 23.—That the international Mercantile Marine conference in London sets the rates of freight for all European and American traffic was admitted on the stand today by Vice-President Franklin of the corporation. He said practically that the "trust" controls absolutely, and can do pretty much as it pleases when making rates.

MERCHANTS NOT BOOMING EXTRA SLATES

Although nobody among the membership of the Merchants' Association was found this morning who would admit that there were any slates being boomed for the election of directors, there was not a little comparing of notes discoverable which might be suspected of having a tincture of association politics.

No reference is made to the separate tickets put up respectively by the nominating committee and members outside of it, which were printed in the Star-Bulletin on Saturday, in the foregoing statement. It was conceded little or no straight ticket voting on these lines of demarcation, but what is now generally denied is that any composite slate is being pushed on the quiet. Both of these tickets will be submitted in one ballot form, with all the names in alphabetical order and no mark designating to which ticket any candidate belongs. Following is the list of candidates, with nominees of

MEN AND RELIGION CAMPAIGNERS HERE FOR WORK

Honolulu Picked for Greatest Success of Tremendous Movement
"From all indications the campaign in Honolulu is going to be the most successful of its kind ever held under the auspices of the Men and Religion Forward Movement," said Fred B. Smith, National leader of the Men and Religion Forward Movement who arrived in Honolulu on the China at half-past one o'clock this afternoon in company with Raymond Robins and the members of the International Association Quartet for the purpose of the week's campaign which is to be held in this city beginning tomorrow.
From the reports which I have received the set-up of the Honolulu campaign is perfect, and its success in this city is assured.
The visitors, who are on their way around the world to conduct campaigns in the leading cities included F. C. Atherton, executive chairman of the local campaign, and Paul Super, executive secretary, who went out to the boat on the launch this morning. A short conference was held on board the vessel before it docked and the program for the week was explained to the two leaders. As soon as the vessel reached the wharf, the visitors were taken to the University Club where they were the guests of the members of the executive committee of the local campaign at luncheon. Here a conference is now in order and
