SCANDAL SHOCKS

MAUI; 2 MEN LEAVE QUICKLY

[Special Star-Bulletin Correspondence]
WAILUKU, Maui, Feb. 6.—The scandal that has shocked the whole community has creditable foundation. Two young men left Maui last Friday night, fearing that the law would punish them severely, and another man leaves tonight. It is understood. Four involved in the affair were held on Saturday. It is possible that more arrests will follow. That thirty or so men of prominence in the community are implicated in the assault on young girls under fourteen is not true, but that a large number of people of some prominence have visited the house where these young girls live is true. The facts brought to light the last day or two have startled the community of Maui as nothing has in the last few years. There is no doubt at all that the law will take its full course with men who have been found guilty of one of the worst offenses against the law of the land.

Frank Boland, an American aviator, was killed while making a trial flight near the Port of Spain, Trinidad.

MANY SERVICES DURING LENT

This being the season of Lent, a card has been issued to the people of St. Andrew's Cathedral with letters from Bishop Restarick and Canon Ault and with a list of services. One interesting series of addresses will be on Friday evenings during Lent at 7:45 p. m. in the Davies Memorial Hall. These will be delivered by various ministers of the city. The object of these is the strengthening of intelligent faith in the Christian religion. The first will be delivered by the Rev. A. A. Ebersole, and the subject will be "Influence of Jesus in History."

On Sunday evenings at 7:30 the bishop will give a course of addresses. The subject of the first will be, "How we got the Church," and will be delivered on Sunday evening, February 9. Mr. Ebersole's address will be given tomorrow evening, and it is hoped that Christian people of various denominations in the city will take advantage of this Lenten service, and a cordial invitation is extended to all. The Sisters of Hawaii Pono, an organization of Hawaiian women for charitable work among people of their race, has dissolved. A considerable sum of money has been made from time to time by this society, from proceeds of entertainments. In the final disposition of the funds remaining on hand, a division was made among different churches. Yesterday the late society treasurer, Mrs. E. K. Reis handed to Bishop Restarick the sum of \$62.50 which gift marked the final dissolution of this society.

Central Union Services
On the evenings of February 9, February 16 and March 9, Dr. Scudder will deliver a series of addresses in Central Union church upon three of the fundamental themes of Christianity. They will be termed "His Purpose," "His Self Portrait" and "His Method." Interest in the great facts of religion is deepening in Honolulu. During the Lenten season, civilized men the world over are more and more universally every year giving time to the consideration of the greatest of all topics. Central Union church invites everyone in this community to attend these special Lenten addresses. Honolulu is learning to fall in line with the rest of the Christian world during Lent by slowing up on social functions, by setting apart more evenings for quiet home reading upon themes of vital moment, by centering the family thought upon the religious life and by binding the home and the church closer together. The object of these addresses is to help make this trend more powerful in the life of our city. Hence the support of all thoughtful parents and of all other earnest people is solicited to give this movement great effectiveness.

NEED OF HARBORS AMOUNTS TO MILLIONS

Board Tells Governor Honolulu, Hilo and Kahului Require Improvements Costing \$2,500,000 Within Next Two Years

For new and permanent harbor improvements in the territory, exclusive of maintenance and operation expense, the harbor board is asking \$2,500,000 for the next two years. This fact was disclosed to Governor Frear at a conference with the commissioners yesterday afternoon, when the latter submitted their estimates for the ensuing biennial. If the governor approves the suggestion the legislature will be asked to authorize a bond issue covering this sum, which probably will be floated some time in the present year.

The principal expenditures from this fund are to be in the harbors of Honolulu, Hilo and Kahului, where the commission reports shipping facilities are taxed to the utmost now. No permanent construction will be made at other ports until these harbors are equipped, it is stated, though this does not necessarily mean that the others will not receive material improvement.

PERAMBULATING AQUARIUM FEATURE OF BIG PARADE

An aquarium on wheels will be one of the big features of the Floral Parade, and according to the plans of the committee in charge of the bicycle section, every machine in that division of the pageant will be a fish, or at least will be gotten up to represent one. If the present plans of the committee hold good, there are certain to be some unique displays. Chairman A. O. Marcellino, of the bicycle section, said this morning that there would be no limit to the number of entries in this section, and that the committee was going ahead along its own lines as far as prizes are concerned. The section will not lack picturesqueness, he said, and neither will it be small. This particular feature is receiving marked attention from the Japanese of the city and they have entered into the spirit of the celebration with enthusiasm. K. Yoshikawa has been secured by Mr. Marcellino as his assistant, who has been doing some bustling in the way of securing entries. It is thought that many of the odd and interesting displays will be entered by Japanese.

MANY THOUSANDS FROM LAND SALES

In his report to the governor on land sales made by the territory on the Big Island, and the expenditure of moneys received from these sales, Land Commissioner Joshua Tucker recently submitted the following figures:

Proceeds of Which Were Available for Purchase of Property anywhere in the Territory, Under Act 55, Laws of 1909.

CASTORIA

for Infants and Children.

The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotics, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells, which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying powers, are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics. Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher.

The signature of **Chas. H. Fletcher** guarantees genuine Castoria.

Physicians Recommend Castoria.
"Your preparation known as Castoria I have used for years in children's complaints and I have found nothing better." **JOHN J. LEPPA, M. D.,** Cleveland, Ohio.

"For several years I recommended your 'Castoria' and shall always continue to do so, as it has invariably produced beneficial results." **EDWIN F. PARKER, M. D.,** New York City.

"Your Castoria is a meritorious household remedy. It is purely vegetable and acts as a mild cathartic. Above all, it does no harm, which is more than can be said of the great majority of children's remedies." **VICTOR E. COFFMAN, M. D.,** Omaha, Neb.

"I have used your Castoria in my own household with good results, and have advised several patients to use it for its mild, laxative effect and freedom from harm." **EDWARD PARKER, M. D.,** Brooklyn, N. Y.

"Your Castoria holds the esteem of the medical profession in a manner held by no other proprietary preparation. It is a safe and reliable medicine for infants and children. In fact it is the universal household remedy for infantile ailments." **J. A. PARKER, M. D.,** Kansas City, Mo.

Children Cry for Fletcher's Castoria.

The Fallacy of Buying a "Discount" Automobile

"54" HUDSON—a Six
65 miles an hour. To 58 miles an hour in 30 seconds, from standing start.

When You Buy an Automobile at Cut Price You Forfeit More Than You Gain

There are two kinds of "Discount" cars—those that are purposely listed at a high figure so that their price may be cut and those on which the dealer divides his profit. Cars of the first named class have no definite value. The prices at which they are sold are seldom the same to any two buyers. While you might receive a 10% discount, as likely as not some other buyer is given a 20% cut.

Since no two have paid the same price there is no basis of valuation if you ever wish to re-sell the car.

You should avoid the dealer who cuts his prices.

You cannot afford to patronize an automobile dealer or manufacturer who is not prosperous. A car is not of as much value if once having been represented in the community it no longer is sold there.

If dealers split their profits they must sooner or later go out of business. They cannot stand back of the car with the service it should have.

And after all, that is the biggest item to consider. Don't buy any car that does not carry with it a complete service from the dealer.

By securing even a 20% discount you put yourself in a position to pay double that apparent saving in repair and service charges, before the year closes.

The New HUDSONS

are sold at the same price everywhere. No dealer has an advantage over any other dealer. All agree to maintain the price, which accounts for the fact that second-hand HUDSON cars always sell for a higher proportion of their original cost than do other cars.

HUDSON dealers are required to give a service that is much more complete, much more satisfactory, than is usual with other cars. There is an advantage in owning a car that does not carry with it the liability of constant repair costs, that is not laid up because the dealer can't or won't look after your needs.

48 Engineers Designed Them

Remember the importance of that statement. These men were trained in 97 European and American factories; had a hand in building over 200,000 cars. They combined their experience and skill in perfecting the New HUDSONS.

What better assurance could be asked than that these men who possess about all the knowledge that has thus far been gained in automobile building have joined in saying "The New HUDSONS are the best we know."

The HUDSON "37" is their four-cylinder masterpiece. It sells with either Touring body, 5-passenger Torpedo or Roadster, \$1875, completely equipped with electric self-cranking device and electric lights, speedometer, clock, top, windshield and twelve-inch upholstery. There is nothing more to buy.

The "54" HUDSON—a Six, capable of doing 65 miles an hour and which will attain a speed of 58 miles in 30 seconds from a standing start, is offered as a car superior to any automobile on the market. It sells at \$2150, completely finished and equipped as above. Prices are f. o. b. Detroit.
