and center fielders, and Green followed with another in almost the same place, scoring Collins, but in his attempt to stretch the hit to three bags was caught in a peach of a relay from De Swan in right field to Touhy at second to Glamath at third. Scott filed to center, Smith walked and Jamison fled to Glamath, ending the inning.

In the eighth Sergt. Mathews took the mound to show that his pitching days are not over. Swinton fled to catcher, Willis singled and took second on Williamson's pretty sacrifice bunt. Hollingsworth brought his swats into play again and doubled to right, scoring Williamson. Collins died, Touhy to Donaldson.

In the ninth Mathews improved and retired the side, one, two, three, Oakes in his seven innings fanned nine, walked two and allowed six hits. Mathews fanned one and allowed two hits in two innings.

When the Twenty-fifth took the field in the first and Willis trotted to the box the Cavalry fans who were used to seeing him officiate on first base were rather disappointed that a "real" pitcher was not going into the game and called for Waterhouse, or "anybody who can pitch." There are no doubts now in this post as to whether or not Willis is a pitcher. This big southpaw has been saved all the year for just such an occasion and because a first bagman had not been developed he has played there. Willis was in fine shape yesterday. Cool, resourceful, up against a team that knew how to work the waiting game and were working it all through the nine innings, twice with two men on through errors not of his making, he worked his way from three balls to a strike-out and retired the side. After he had fanned the first two men who faced him in the opener, Glamath popped a high fly which Williamson muffed. Williamson is a young player and was playing a new territory at shortstop. The muffed was a clear case of nervousness. Glamath immediately stole second, Swinton making a beautiful peg which Collins dropped in his haste to make the play. De Swan singled, scoring Glamath. Willis allowed a hit an inning for the next four innings, but the Cavalrymen were blanked until their half of the ninth. Miller, who batted for Touhy, bunted down the third base line, a double bunt for a southpaw to field. Willis grabbed the ball and threw to first, but the ball went to the outside of the bag instead of the inside and Smith, reaching for the throw, suddenly saw the ball appear over the shoulder of the runner and couldn't hold it, though he knocked it down. The error would seem to be Willis'. Dowd sacrificed. With two out and Miller playing away off second Scott came to a signal, presumably in response to a signal, to catch a peg from Swinton behind the plate. This play was abandoned evidently in favor of the proper effort to get the batter but before Scott could return to his place in center Burkhardt hit a pretty little single to center, which was empty, and Miller scored the second Cavalry run. Willis has ten strikeouts to his credit.

The fielding honors for the Twenty-fifth must go to Collins, who played second. To be sure he made one bad error when Hirsch hit a hot grounder through him in the seventh but the hit netted the cavalry nothing and he had Glamath blocked off second when he slid into the bag and dropped the ball, allowing Glamath to score on the hit that followed, but a record of six assists and four putouts more than offset the errors chalked against him. He also made two beautiful hits and crossed the rubber for a run. Hollingsworth made a double end a single, made one run and drove in three of the five his team made.

Much of Willis' pitching success was due to Swinton's support behind the bat.

The umpiring of O'Connell and Driver, both of the First Infantry, was most satisfactory.

On Saturday the First Infantry will cross bats with the Fourth Cavalry on the infantry diamond and on Sunday the Twenty-fifth and the artillery will meet on the same grounds.

Warrants charging them with the murder of Wilford D. Duquett, a soldier, have been sworn out against Privates Wm. B. Rice, Thomas Curran, Lou Goddard and Homer Bailey, members of Battery B, Sixth Field Artillery, Fort Riley. Duquett also was a private of Battery B. His body was found in the Smoky River near Junction City, nine days after his disappearance from the post.

The Underwood Bill was attacked last night in an effort to take bituminous coal from the free list and make it dutiable at forty cents a ton. Representative Mondell of Wyoming said that free coal would enable Canada to supply the market in Montana and Idaho, which now use Wyoming coal. He insisted that the removal of the duty would not lower the price of coal to the small consumer one cent a ton, while the loss in revenue to the government would be about \$1,000,000 a year.

Influential Californians who are in New York consulting their eastern business representatives, today joined in an urgent appeal which was telegraphed Charles C. Moore, chairman of the Panama Exposition Board, San Francisco, asking that immediate steps be taken to petition for a referendum on the anti-alien land law issue, so that it may be put squarely up to the people of the state.

The ones signing the message to Mr. Moore declared it their belief that the measure adopted by Governor Johnson and being rushed through the legislature will be detrimental to the success of the great world's fair.

It is reported that Ambassador Chinda has received instructions from Tokio to formally present Japan's protest against the California anti-alien land law, about to come into effect. This will bring the matter squarely up to President Wilson and his cabinet and the administration will be forced to declare itself formally on the international issue.

The pope heard mass today in the oratory of the Vatican, the first mass heard by the pontiff outside his bedroom suite since the beginning of his illness. It is expected that he will be strong enough to participate at the sunrise fast next Sunday.

The state department at Washington will be asked to assist in the rescue of Miss Aminta Martin, who is held a prisoner in the harem of Prince Cahib, in a small town near Calcutta, India. The father of the girl, who formerly lived in Jersey City, is now in New Orleans and has laid the case before the Era Club, a local women's organization, which forwarded the papers to Congressman Dupree.

The father lives in New Orleans and has seven other daughters. Aminta was sixteen when she attracted the attention of the prince, who was sightseeing in New York. He told her she would be a princess and would live in a palace. She met him in Jersey City and immediately sailed for India.

OVER-NIGHT FEDERAL WIRELESS To the Advertiser

The intervention in Albania on the part of Austro-Hungary and Italy is expected to begin about Tuesday or Wednesday next.

Two Armies Ready. In military circles, it is understood that North Albania will be occupied by 100,000 Austrian troops, while at the same time 40,000 Italians will occupy South Albania.

Army officers declare the situation has assumed proportions of extreme gravity.

Germany Backing Move. That Germany both welcomes and heartily approves united action by the dual monarchy and Italy is averred in a Berlin dispatch, appearing in the Neue Frei Press, which that newspaper is declared official.

"The situation tonight," says the Berlin correspondent, "has not changed a particle."

Mrs. Wilson, wife of the president, will give the first of the White House garden parties on Friday, and already the women who expect to be invited to one of the series of three have set about getting up stunning costumes for them.

Governor Johnson, discussing the anti-alien land bill today, said: "We have accomplished the big thing. There has not been an inch of recession by the senate or the administration on alien legislation. The three-year leasing clause which has been included was done in the interests of our own people, to give them time to adjust themselves to the new conditions."

"The big thing California set out to do has been done without swerving and I resent imputations that there has been a backing down or a trimming with the situation because of any influence whatsoever."

The assembly passed the Webb senate anti-alien land bill late last night by a vote of 72 to 3. The bill which prohibits ownership of land in California by aliens ineligible to citizenship, was sent to Governor Johnson from the assembly and now awaits only his signature before it shall become a law.

The assembly refused to strike out the clause permitting leases, to which the Democrats objected. Several other amendments likewise were voted down by the heavy administration majority.

Senator Smoot and the Louisiana senators are still putting up a strong fight to have the interests of the sugar growing states and possessions of the United States protected. As part of their plan, a strong effort is being made to win the cooperation of several Democratic senators whose constituents are aroused over the wool and food tariff schedules.

While it is feared that little can be accomplished in the way of concessions, owing to the insistence by President Wilson and Leader Underwood of the house upon broad and sweeping reductions, the fight will be kept up hot and strong until the last vote is taken.

On account of a four-day siege of Durango by the rebels is contained in delayed dispatches to the department of state today from points in Northern Mexico. The rebels, commanded by Pereyre, Contreras and several other revolutionary leaders, attacked the city on all sides during April 23, 24, 25 and 26, but were repulsed with heavy losses each day. The rebel loss is reported more than one hundred, while the Federals lost twenty men.

Thirty thousand women participated this afternoon in the biggest suffrage parade in New York's history. Incidentally they applied the "You Don't Count" treatment to mere man in real frapped form.

Just before the parade started at three o'clock, this order was issued: "Now," the marchers were told, forget for a couple of hours that such a creature as man ever existed. He does not matter today. Keep your eyes to the front and shoulders erect and don't even nod to your mother."

A FLAG of TRUCE

In view of the fact that the majority ownership of the Hawaiian Electric Company is supposed to have recently passed into new and more enlightened hands, I wish to announce that I have decided, for the present at least, to refrain from bringing a suit to COMPEL a lowering of rates for current.

Therefore I request that all holders of serially numbered receipts from No. 1 to and including 681, present same at my office and receive refunds in full.

I wish it thoroughly understood that I am not "quitting" but merely "OBSERVING" and reserve the privilege of again asking for funds in case the new owners fail to show a RADICAL improvement over the intolerable conditions existing under the previous (mis) management, both as to discrimination in rates and in quality of service. I ask that all those who feel aggrieved at rates or treatment received under the NEW owners, write me a short, concise statement of their complaints to be used in future articles which will appear regularly until ALL abuses are removed and rates materially lowered. I do not consider a twelve-cent rate (a reduction of 3 cents) satisfactory, either. I am informed on good authority (a trusted employee) that there is to be a reduction immediately to 12 cents instead of 15 cents, as a result of my fight. I consider that is only a crumb thrown to a hungry and defrauded public and will continue my "literary" campaign until such time as the rates are lowered to EIGHT cents.

However, you can all thank ME for the TWELVE cent rate, which will help some. If you fail to get the 12-cent rate on your next bill make a loud holler.
