SUPERVISORS ADVISED NOT TO BUILD STREETS WITHOUT ENOUGH MONEY ON HAND FOR MAINTENANCE

Pending for a permanent policy to be adopted by the board of supervisors for road improving and building, and strongly advising that no new secondary streets be opened until enough revenue is in sight for their maintenance, former Governor George R. Carter showed his interest in the work being done by the city fathers by appearing last night at their meeting and addressing them on the subject of highways. Harry M. von Holt also spoke at the meeting and particularly urged that a permanent pavement be laid on Kalakaua avenue.

It was a protracted meeting. Sunday and long letters, received by the board, were read, complaining of dust, dance halls, broken private agreements, applications for licenses, and many other subjects. Before all the missives were disposed of the time for adjournment was near at hand. One of the supervisors expressed his hope that some day such letters will be disposed of with some dispatch, such as by referring them to their proper committee at once upon the clerk giving a synopsis of their contents, in that way sparing the entire board from listening to long ruminations, and giving them more time to attend to their own business.

Supervisor Petrie introduced an ordinance which passed first reading. It will compel all property owners on King street, between Kapalama stream bridge and the military reservations of Kahauiki to put down sidewalks in front of their property.

Definite Policy Needed.
"A definite policy is needed, one to be maintained not only by this board but by its successors, for road building," said Mr. Carter in his address. "A road should not be built until enough revenue is in sight to guarantee its proper maintenance. If new roads are built without money to keep them up, it is only a matter of a few years before they must be rebuilt. A continuous policy such as has been adopted on Kaula, is a good one to pattern after."

"It is the first duty to keep up the roads already built, before opening new secondary ones."
"I think the road committee should be congratulated on the good work it has done and is doing, and I believe with the adoption of a definite policy along the lines I have suggested it will be able to do a vast amount of additional good for the city and county in giving us desirable roads."

Mr. von Holt, who spoke following Mr. Carter's address, urged that the board abandon its intention to macadamize Kalakaua avenue. He suggested that a pavement, such as that on Fort street, be laid. The board, before his suggestion was made, had agreed to reject all bids for the paving of the avenue and have the work done under the direction of the city and county engineer. They said that they believed they would be able to save several thousand dollars in this way. The Warrenite process may be used unless it is impossible because of the patent.

The following is the summary of the meeting:
From ways and means committee recommending transfer of Kawaihapai school to Mokuia. Adopted.

From roads committee asking for another automobile for roads department. Adopted.

From roads committee recommending that all bids for paving Kalakaua avenue be rejected. Adopted.

From roads committee recommending that county engineer be instructed to survey a 14 foot roadway for a lane leading off Auld lane. Adopted.

From roads committee reporting that dust nuisance at Kaihi will be abated soon. Adopted.

From roads committee recommending that W. D. Ellsworth be given contract for Liliuokalani school grading at \$1,834. Adopted.

From police committee on complaints of can throwing at Waikiki reporting cooperation of sheriff to stop nuisance. Adopted.

From W. P. Jarrett submitting police report of criminal arrests for July—511 arrests, 118 discharges, 440 convictions, 121 held to answer, \$3817.10 fines and forfeitures.

From city and county treasurer reporting for July: Receipts with balance in hand—\$165,088.06, disbursements \$7103.28.

From county engineer reporting that survey for pipe line at Waipahu has been made, and estimating cost of pipe line at \$800—referred roads committee.

From Kaihi Improvement Club asking information regarding opening of School street—also giving notice of meeting on the subject for Sept. 3, and inviting supervisors. Filed.

From Kaihi Improvement Club complaining of dust. "Every single resident here is subjected to the inhalation of vast clouds and quantities of dust every time he ventures out of doors," said the communication. Referred roads committee.

From roads committee recommending that superintendent of Kapiolani Park be put in charge of public baths, and concession now held by John Ef finger cancelled; authorizing the superintendent to employ attendant for bath house; recommending that men's bathing quarters be removed and new structure erected on higher level; and that \$1500 be appropriated for improvements of place. Adopted.

From S. Akaka asking public bath concession. Filed.

From Carl H. Nieper calling attention to grant of property between Kapalama bridge and Military reservation of Kahauiki for widening road and that nothing has been done in matter. Roads committee.

From John Paalua and P. I. Aguirre complaining of Kahiliulani dance hall and alleging that they have been defrauded of their interests in it. Filed.

From ways and means committee recommending insurance of new Chalmers auto with Home Insurance Co. Adopted.

Resolution from Lester Petrie for construction of sidewalk on King street between Kapalama bridge and military reservation of Kahauiki, at expense of owners.

From A. St. C. Pihanala, opposing the opening of Makalapa Dancing Club at Kamolihili, one of the grounds being that they are "generally crowded with people whose desires are vicious, and, therefore, a menace to the community," and that "it has caused trouble amongst some of the families here." To dance-hall inspector.

Bids at following figures from following bidders for construction of 14-foot asphalt macadam pavement, 9000 feet long, on Waiialua hill, Waiialua:
Lord-Young Engineering Co., \$19,000; H. H. Foster and Edward Ross, \$21,200. Both bidders put in a second bid on section 2 or station 10 of the Oahu Loan Fund Commission's second belt road contract, a distance of 7956 feet.

Lord-Young Engineering Co., \$16,500; H. H. Foster and Edward Ross, \$18,400.

All referred to roads committee.

Former Governor Carter spoke on behalf of the board adopting a definite street improvement policy; Harry von Holt spoke on the same subject. He particularly asked that a permanent pavement be laid on Kalakaua avenue.

B. W. Bull, sanitary inspector, asked that sewers be built for Waipahu schools. Under the present insanitary conditions, he said, the health of 600 or 700 pupils was endangered. He urged that this work be done at once. Referred to roads committee.

Adjournment to Aug. 28, 7:30 p. m.

Fort Shafter Notes

[Special Star-Bulletin Correspondence] FORT SHAFTER, Aug. 19.—Upon the recommendation of a board of medical officers, the following named enlisted men, patients, now in the department hospital have been ordered to proceed, by the U. S. A. T. Thomas, due here Wednesday or Thursday, to San Francisco, reporting upon arrival to the commanding officer, Letterman General Hospital, President of San Francisco, for further observation and treatment to determine whether they are to be retained in the service or discharged for permanent disability: Sergeant Albert Gilbert, Co. H, 25th Infantry; Privates James R. Garrett, Hospital Corps, Frank Griffith, Troop C, 4th Cavalry, James A. Kennedy, Troop F, 4th Cavalry, Roy G. Fisher, Troop B, 4th Cavalry, Florian W. Marston, Troop E, 4th Cavalry, Wiley Roper, Battery D, 1st F. A., Eugene Torbit, Co. I, 1st Infantry, Kit Smith, Co. I, 1st Infantry, Ivan F. Reading, Co. C, 1st Infantry, Clarence W. Kelley, Co. Upon the recommendation of their commanding officer, the following appointments have been made in the band, 2nd Infantry: Pvt. Nelson W.

School-time Will soon Be here

---Time to Outfit the Boys Now

In equipping the boy for the school season there are two main things to consider; DURABILITY--for boys' clothing is subjected to much rough wear; and a certain amount of STYLE--for no boy likes to think he is worse dressed than his schoolmates.

This advertisement, then, is an appeal to Mothers--and Fathers too, if they have the time to spare--to bring the boys into our store and look over the immense stock of Clothing for Boys. In this way the Parent has a chance to notice the fine materials used in making up the suits, and the Boy has his opportunity to see the different styles--styles and designs that are just in line with the boy's ideals, and with the Parents' tastes.

There is also Washable Clothing for the Younger Boys; clothing made up in materials that will stand the strain of play and work, yet launder splendidly.

Bennett, to be corporal; Pvt. Rhinehart Jantz, to be corporal.

The infant child of Pvt. Bert Dunlap, Company I, 2nd Infantry, died after a very short illness Sunday morning at 2 o'clock.

"AND THE CAT CAME BACK"—180 MILES

[By Latest Mail]
WINSTED, Conn.—When Dr. H. L. Ross, a dentist of Canaan, left there in his automobile for the Chatiemac Club, of which he is a member, at Lake Chatiemac, in the Adirondacks, early in the month, he took along a maitresse cat which R. T. Farnum, a druggist in Canaan, had given him.

Just twelve days later, when Farnum was locking up his store at night, the same cat, thin and starved almost to death, appeared at the door. It had hiked 180 miles.

Mrs. Ross wrote to her husband, telling him of the cat's return and asking him if he succeeded in getting it to the mountain resort or whether it escaped on the way.

Yesterday she received a letter in which Dr. Ross said he had the cat when he reached Chatiemac Club, but that on the second day it was missing and no trace of it had been found. It was feared at the club that the animal had been caught by a wild cat or a young bear, which abound in the mountains, or fallen prey to some other wild beast.

ROUTS WILDCAT WITH FUSILLADE OF PICKLES

[By Latest Mail]
LOS ANGELES.—A wildcat from passing in the mountain cabin of Miss Bessie Fulgham of Altadena was out to rout by a fusillade of dill pickles when Miss Fulgham went to the aid of her own pet cat early today.

The intruder was making a vicious assault on the domestic cat when Miss Fulgham awakened. On a stand by her bed was a jar of dill pickles. Miss Fulgham threw them all, and her aim was so true that the bobcat retreated through a window.
