## KUHIO ASKS \$200,000 FOR EXHIBIT

### U. S. AID FOR HAWAII AT FAIR DELEGATE INTRODUCES MEASURE

Chairman Wood of Exposition Commission Relieved to Hear Bill Is Finally on Its Way in Congress—Says Reason for Action Is That Territorial Appropriation Is Insufficient

WASHINGTON, D. C., Sept. 15.—Delegate Kalanianoʻle today introduced in the house a bill providing for the appropriation of \$200,000, to be used for the Hawaiian exhibit at the Panama-Pacific Exposition at San Francisco in 1915, and in addition to the amount appropriated by the last Hawaiian legislature. The bill provides that the disbursement of the appropriation is to be controlled by the secretary of the interior.

### CHAIRMAN WOOD GLAD TO HEAR CONGRESS IS TAKING UP FAIR BILL

When informed by the Star-Bulletin of the above cablegram from its Washington correspondent this morning, H. P. Wood, chairman of the Hawaiian Fair Commission heaved a sigh of apparent relief, which as much as signified that, in case the delegate's bill is passed, the attempts of the Promotion Committee and the Fair Commission to give the islands an excellent representation in San Francisco in 1915, and to have sufficient funds to do it with, will not be fruitless.

Delegate Kalanianoʻle, who has introduced a bill providing for a \$200,000 appropriation for the Panama-Pacific Exposition.

"During the early part of the session of the last legislature," said Mr. Wood, "it became apparent that the appropriation which it was about to make for Hawaii's exhibit in San Francisco would not be sufficient to carry out the intended plans. Those who were interested in the work became restless and, as chairman of the old fair commission, I wrote to Kuhio and asked him if he would introduce in the house a bill asking for the appropriation of \$200,000 in addition to the appropriation of the local legislature.

"In this letter I also asked that the expenditure of this amount, if it could be obtained, be controlled by the secretary of the interior, which would not only allow me to enlarge the exhibit at the Panama-Pacific exposition, but would leave us a sufficient amount to exhibit at the fair in San Diego. I figured that the amounts to be expended at these places at the discretion of the secretary of the interior after he could get into communication with the present fair commissioners.

"My idea in writing the letter and asking for the introduction of such a bill was on account of the fact that the Philippines, Alaska and Porto Rico had asked for similar appropriations."

With the amount appropriated by the last Hawaiian legislature, the fair commission has already gotten the plans for Hawaii's exhibit under way, although on a much smaller scale

### PINKHAM HASTENS HIS REPLY TO HIS CRITICS

By C. S. ALBERT.  
[Special Star-Bulletin Correspondence]

WASHINGTON, D. C., Sept. 4.—Governor-designate Pinkham lost but little time in answering the various complaints made against him. He considered it preferable to return here, where he could have easy access to the original documents, rather than have copies sent to Worcester, where he was visiting his brother, Charles Pinkham.

Immediately upon his arrival in this city Mr. Pinkham placed himself in communication with Senator Shafroth, chairman of the committee on Pacific Islands and Porto Rico. Every paper, affidavit, document, letter or editorial in the possession of the committee was turned over to Mr. Pinkham. He was informed of President Wilson's desire that he be afforded full opportunity to present his side of the controversy. In addition, he was advised of the president's determination to defer any further action regarding the Hawaiian governorship until any communication Mr. Pinkham might care to make was in his hands.

With all the declarations and assertions of his enemies before him Mr. Pinkham formulated a carefully considered and detailed reply to their charges. He demonstrated his right to citizenship, explaining all the circumstances of temporary residence in the Philippines and elsewhere. He did not deny Republican affiliation but insisted that in no wise was he a rabid partisan and under no conditions would that facts bias or influence his action as governor. The allegation of "temperamental unfitness"

### No Quorum at Meeting Again Delays Action

[Special Star-Bulletin Cable]

WASHINGTON, D. C., Sept. 15.—Again today no quorum of the Pacific Islands and Porto Rico senate committee could be secured to consider the nomination of L. E. Pinkham for governor of Hawaii and the complaints against him and his answers thereto. Though no meeting was held, those members who came in response to the call informally discussed the matter. Considerable opposition to Pinkham's appointment was manifested, but no action could be taken. Consideration of the nomination has now been postponed until enough senators return to Washington to make up a quorum. This will not be until a number of senators now taking a brief vacation come back to the capital and the date of the next committee meeting is indefinite. It will probably be three weeks or a month before the meeting can be held.

C. S. ALBERT.

### EXECUTOR FOR THE 'LUCKY' BALDWIN ESTATE WELL PAID

Henry A. Unruh, the brother of Lucky Baldwin's first wife and executor of the latter's will now visiting in Honolulu is receiving more complete information of the final distribution of the \$36,000,000 estate than given in the first cable message from Los Angeles in which it was said that the court had awarded \$180,000 to Mr. Unruh as his fee as executor, and a sum equal to Bradner W. Lee, the attorney for the estate. These fees are the largest ever paid in Southern California, it is said, in a will case. The two large fees which Mr. Unruh and Mr. Lee received were fixed by them; and the court in making the final order stated that had not the fees been fixed they would have been awarded \$250,000 each. The heirs are Baldwin's two daughters, Mrs. Clara Baldwin Stocker and Mrs. Anita Baldwin McClaughrey. These two share the estate, which has been held nearly intact, despite the onslaughts of numerous litigants and claimants after Baldwin's death.

### HONOLULU WILL ENTERTAIN GOVERNOR-GENERAL HARRISON

Busy Day Mapped Out for Harrison.

- 7 a. m.—Steamer Manchuria arrives off port.
- 8 a. m.—Democratic committee meets with governor-general and escorts him ashore, where he is greeted by Yale committee.
- 8:15 a. m.—Guest of Yale men in auto ride around the city.
- 11:30 a. m.—Reception at capitol, in charge of businessmen's committee; general public invited.
- 12:30 p. m.—Luncheon at University Club.
- 1:45 p. m.—Democratic reception, roof-garden, Young Hotel.
- 2:15 p. m.—Sightseeing tour of Honolulu, suburbs and sugar plantation.

Later features depend upon hour of Manchuria's sailing.

Governor-general Francis Burton Harrison, on the way to his new post in the Philippines, will be the guest of Honolulu tomorrow.

Businessmen and organizations, college associates and college men and fellowmembers of the Democratic party will unite in welcoming and entertaining the New York Democrat who was deftly lifted from a seat in the House by President Wilson and named for the important position in Manila.

Mr. R. Galt, representing Yale men here, is in general charge of arrangements, and special features are being looked after by a Democratic committee, a Yale committee and a businessmen's committee. As soon as the steamer Manchuria, bringing Governor-general and Mrs. Harrison, arrives off port, the Democratic committee will go out, probably on the customs launch, to meet the distinguished party-member. The Democratic committee is composed of C. W. Ashford, chairman; Senator James L. Cooke, Senator C. P. Iaukea, Col. C. J. McCarthy, Judge A. A. Wilder, E. M. Watson, Mayor J. J. Fern, Representative D. M. Kuphea, L. L. McCandless, G. J. Waller and Territorial Chairman M. C. Pacheco. This committee will escort Governor-general Harrison ashore. At the dock the committee of Yale men will meet Mr. Harrison and will entertain him during the early morning.

Immediately after the party lands it is planned to take Governor-General Harrison on an automobile tour of the city. The scene from the Pall will be shown Mr. Harrison, and on the return from that point, he will be taken to the aquarium, and possibly to Fort Ruger. One committee of three, representing the Yale alumni of the University Club, is composed of Judge Charles F. Clemens, Executive George R. Carter, and J. R. Galt.

### KAPAHULU DOES NOT WANT HULA HALL LICENSED

Residents of Section, at Improvement Club Meeting, Take Decided Stand

WILL PROTEST AGAINST ANY WATER RATE RAISE

Reported Plan of Superintendent Caldwell Criticized—Think Charges High Enough Now

Kapahulu Improvement club has taken a determined stand against the Hula dance house, that place having been the specific subject of a discussion at the annual meeting of the club yesterday afternoon, which ended in the unanimous adoption of the following resolution:

"Resolved, that it is the sense of the Kapahulu Improvement Club that the mayor or board of supervisors ought not to grant any license for a dance hall in Kapiolani Park addition tract, or elsewhere in the district of Kapahulu."

R. S. Kelly introduced the subject and moved the resolution, being seconded by John C. Galt, both mover and seconder strongly denouncing the Hula dance house as the scene of a recent murder and the "last way station" in a fatal joyride a year previously. The malign influence of such a resort upon young people of the neighborhood was emphasized by Mr. Galt, who said it should be fought to a finish by every parent in the district.

Another protest voted by the club was against the reported intention of the superintendent of public works to increase the water rates. Mr. Kelly made the motion to that effect, seconded by P. S. Gay, the mover stating that it seemed out of place for the superintendent to raise the water rates when a law had been passed to turn the waterworks over to the county, and just now when a new territorial administration was coming in. Kapahulu people, the speaker said, were paying high rates for water they did not receive.

### Waller Returns Home; Refuses to Make a Guess

Gilbert J. Waller, gubernatorial candidate, who returned from the mainland this morning.

### GUBERNATORIAL CANDIDATE EXPECTS ACTION IN NEAR FUTURE

"The territorial gubernatorial situation was much mixed and undecided at the time I left the coast for the islands," says Gilbert J. Waller, one of several candidates for the office of chief executive, who returned this morning from a visit to the mainland by the Oceanic liner Sierra.

"My mission to the states was primarily on private business," continues Mr. Waller. "I managed to keep in pretty close touch with Washington, and many of the leaders of the Democratic party, however. I could not attempt to venture a prediction as to the outcome. Since I sailed from San Francisco, I learned through wireless messages that President Wilson has refused to withdraw the name of L. E. Pinkham for governor of the territory. I have also been advised that Mr. Pinkham has filed his reply to the affidavits forwarded from the islands, regarding his citizenship and political status.

"My application for the office and claims for recognition have for some time been in the hands of the committee on Pacific Islands and Porto Rico, and I was given to understand that all papers had been turned over to President Wilson before I left Washington for the Pacific coast.

"I am led to believe that action regarding the appointment of a successor to Governor Frear will be taken within a short time," Mr. Waller added.

Mr. Waller, while guarded in his utterances, was inclined to view the report that it had been found impossible to secure a quorum of the committee on Pacific Islands as a rather hopeful sign.

### 8000 PUPILS ENROLLED IN PUBLIC SCHOOLS

With an approximate enrollment of more than 8000 pupils, and with 200 teachers at their desks, the public schools of Honolulu opened at nine o'clock this morning for the fall term of 14 weeks. The number of pupils enrolled was given out by the department of public instruction today as being a slight gain over the number of last year, and until the schools are established on a firm working basis, which will take at least a week, the exact number cannot be ascertained, but it is expected it will greatly exceed the now available figures.

Unlike the condition last year, the schools do not appear to be overcrowded, as ample provisions have been made for this. Every portion of available seating space in the different schools, however, is being made use of. These public schools opening this morning are the McKinley High School, Territorial Normal and Training School, Central Grammar, Girls' Industrial, Kaahumanu, Kaimuki, Kalia, Kalihi, Kalaheo, Kalaheo, Lilliokealani, Maseao, Manoa, Moanalua, Moiliili, Paao, Pohukaina, Royal, Waikiki and Waipae. Mrs. Mary W. Guin was appointed superintendent of the schools.

### KATSURA RECOVERED

[Special Cable to the Nippon Jiji] TOKIO, Japan, Sept. 14.—Former Premier Prince Katsura, who has been suffering with cancer of the stomach, has entirely recovered and has returned to this city to assume the leadership of the Rikken Seikai, the political party of the government.

### REALIZING CRISIS, SENATE AGREES TO APPROPRIATE \$100,000 FOR U. S. CITIZENS

Speedy Relief To Be Extended Americans Now Unable to Get Away from Mexico or Waiting at Seaports—Mexican Official Who Reported 'Ultimatum' Resigns

WASHINGTON, D. C., Sept. 15.—The resolution calling for the appropriation of \$100,000 to succor Americans in distress in Mexico seems certain to pass, as all factions in the senate have unanimously agreed to the measure.

During a debate today, Senator Joseph Bristow of Kansas criticized the Wilson administration sharply, saying that the president's warning to Americans to leave Mexico made their lot harder than ever. He declared that after the message of Wilson was made public, the danger to Americans in Mexico was increased.

MEXICO CITY, Mexico, Sept. 15.—Aureliano Urrutia, who as minister of the interior, was the man who gave out the story that Gen. Huerta had issued an ultimatum to the United States demanding recognition, has resigned his position. In resigning, he has made public a statement in which he says that he lacks experience in politics and that foreign diplomats opposed his administration and made it impossible for him to succeed. Huerta's repudiation of the alleged ultimatum is believed to be responsible for the resignation.

### Star Witness Against Sulzer Disappears; May Upset Trial

NEW YORK, N. Y., Sept. 15.—A sensational discovery that Frederick Colwell, the star witness against Governor William T. Sulzer, has disappeared may result in upsetting the plans for the impeachment trial of the New York executive, which was to have been begun next Thursday. Colwell cannot be located and the Tammany men who are endeavoring to oust Sulzer appear to know nothing of his whereabouts. Colwell was relied upon to prove that Sulzer had taken campaign funds to cover a stock "margin" account with and had never returned the funds.

### Charles de Young is Dying

SAN FRANCISCO, Cal., Sept. 15.—Charles de Young, son of M. H. de Young, noted publisher of the San Francisco Chronicle, and himself its general manager, and one of the best known newspapermen in the west, is dying at his home here. Typhoid pneumonia is the cause.

Charles de Young is about 33 years old. He has been identified with the management of the Chronicle since he graduated from college, and since M. H. de Young some time ago announced that he would retire, his son has been regarded as the successor to the father's duties as publisher.

### Say Schmidt a Pseudo Priest

NEW YORK, N. Y., Sept. 15.—The Catholic church authorities here are endeavoring to prove that the Rev. Father Hans Schmidt, said to be assistant rector of St. Joseph's and now accused of the murder of Anna Asplund, is a pseudo priest and an impostor.

Insanity is the probable line the defense will take. The records show that Schmidt has been constantly in trouble both here and in Germany, from which country he came to the United States. The police express confidence that they can prove him guilty of the murder of Miss Asplund, whose dismembered body was found floating in the Hudson last week.

### Uncle Sam Holds Thaw

COLEBROOK, N. H., Sept. 15.—The federal marshal has taken custody of Harry Thaw, the escaped inmate of Matteawan asylum, New York state, pending the decision of his application for habeas corpus, which comes up for hearing tomorrow.

### Japan Means Business

TOKIO, Sept. 15.—The Japanese government has dispatched two cruisers and several torpedo boats to the coast of China pending the actual enforcement of China's acceptance of Japan's claims for indemnity for the Japanese murdered at Nanking.

### INDICATES SITE OF DRYDOCK MAY BE MOVED IN-SHORE

That the Pearl Harbor drydock will not be built on exactly the same ground as first planned, but that it will be moved quite a distance in-shore, is indicated by Associated Press dispatches in the mainland papers, published when Alfred Noble made his preliminary report, September 8.

Walter Dillingham, representing the contractors, is now on his way to Washington, and it is unlikely that any further action will be taken until Noble's complete report is in, and until both sides of the controversy have been given a hearing.

Following is the Associated Press story from Washington, dated September 8:

The big navy dry dock at Pearl Harbor, Hawaii, which recently collapsed after the Government had spent several million dollars in its construction, can be saved and finished according to the original design, in the opinion of Alfred Noble, an engineering expert, who was sent to inspect it.

Mr. Noble's report will confirm the judgment of the naval board as to the practicability of constructing the dock on its present site. To secure adequate foundations, however, it will be necessary to extend the dock 150 feet inland beyond the present site, moving the entrance also inland to that extent. While the bottom has been found to be exceedingly irregular in the thickness of the coral strata over and above the underlying mud and silt, it is proposed to meet this condition by heavily reinforcing the concrete bottom of the dock.

### TODAY'S MAJOR LEAGUE RESULTS

- AMERICAN LEAGUE. At Washington—Washington 0, Chicago 5. At Boston—St. Louis 3, Boston 5. At New York—New York 5, Detroit 7. At Philadelphia—Philadelphia 5, Cleveland 5.
- NATIONAL LEAGUE. At Chicago—Chicago 5, New York 4 (thirteen innings). At Pittsburgh (doubleheader)—Boston 6, Pittsburgh 5; Boston 1, Pittsburgh 6. At Cincinnati—Cincinnati 2, Philadelphia 2 (ten innings, called on account of darkness).

### PUBLIC INVITED TO ATTEND RECEPTION

All members of the Chamber of Commerce, the Merchants' Association and the Commercial Club, as well as the people generally, are requested to attend the reception to be given in honor of Governor-general Harrison of the Philippines from 11:30 to 12:15 tomorrow in the Capitol building. It is hoped that this opportunity to meet Governor-general Harrison will be very generally accepted.
