One of the most extraordinary cases of gangrene on the scaffold occurred some time ago when Macdonald who murdered a Miss Holt, paid the penalty of his crime in England. The hangman had forgotten the white cap to place over the prisoner's eyes and Macdonald, noticing what had happened, remarked to his executioner: "Put your hand in my breast pocket and you'll find a silk handkerchief. That will do to bind my eyes, won't it?"

## KAUAI WATER PROJECT COSTS ABOUT \$150,000

[By Latest Mail]  
**LIHUE**—An enormous project for some time under contemplation, which has as its object the carrying of Lihue plantation's surplus water from the vicinity of the Waiahe's source to Koloa; then to be utilized by Koloa plantation for irrigation purposes, has now come to a head.  
The facilities afforded by this additional and almost, one might say, unlimited source of water, will be of tremendous value to Koloa plantation, which crop was considerably set back this year by lack of water.  
The undertaking which is of no small dimensions has been planned by engineer Jorgensen, and is estimated to cost in the vicinity of \$150,000.  
Many miles of tunneling will be necessary to conduct this stream to Koloa, some of the tunnels having to be of considerable length.  
It is understood that the Lihue Plantation Company is putting up the capital for this undertaking the same to be gradually paid off with interest and rental.  
Mr. Weber is now in town completing arrangements, and procuring the necessary equipment to immediately launch the enterprise.—Garden Island.
