WILLETT & GRAY'S JOURNAL
GIVES LATEST SUGAR NEWS

Willett & Gray's Sugar Journal for February 26 says:
STATISTICS BY SPECIAL CABLES
—Cuba: The six principal ports: Receipts, 71,000 tons; exports, 21,000; stock, 276,000 tons, against 189,000 tons last year.
Centrals grinding, 173, against 170 last week, 169 last year and 172 in 1912.
Entire island receipts for week, 109,000 tons, against 106,000 tons last week, 31,000 tons last year and 74,000 tons in 1912.
Stocks in the United States and Cuba together of 547,284 tons, against 463,977 tons last week and 367,982 tons last year, an increase of 179,302 tons from last year.
Europe: Stock in Europe, 3,755,000 tons, against 3,743,000 tons last year.
VISIBLE SUPPLY.—Total stock of Europe and America, 4,302,284 tons against 4,110,982 tons last year at the same uneven dates. The increase of stock is 191,302 tons against an increase of 180,620 tons last week. Total stocks and afloats together show a visible supply of 4,429,284 tons against 4,221,982 tons last year, or an increase of 207,302 tons.
RAWS.—The week under review included two holidays for the observance of Washington's birthday.
The Cuba weather was reported fine for work and receipts further increased to 109,000 tons, against 106,000 tons for previous week, with 173 Centrals working. The week's exports included 3000 tons to Europe and 3000 tons to Japan.
The first shipment of Cuba centrifugals from the present crop arrived in London previous to the 13th. Cane sugar seems to have been wanted at the time in the United Kingdom and further Cuban shipments were due to arrive, with last sales reported in Cuba for the United Kingdom at 1.92c per lb. f. o. b. Cuba.
No new sales to Japan have been reported.
F. O. Licht has sent some new items of interest relating to the European beet crop, which appear herewith, and further reports that the beet sowings in Germany will be about the same as last year's.
The European market does not improve, neither does it decline very much, as it is running along quietly at or near the best of production, the closing quotations being 9s 3d for February and March and 9s 4 1/2d for May futures, with cane, 96 degrees, at 9s 7 1/2d.
Our local market has been quiet, with an easier tone, throughout the week, and marking the second week of a downward reaction in values.
After the large sales reported last week at 2 1/2c c. & f., the Cuban holders continued to offer freely at the same basis, but buyers could not absorb any more so quickly again.
On the re-opening of the market on Tuesday the sellers, finding no disposition on the part of buyers to go on at former basis, made concession to 2 1/2c c. & f. (3.39c and 3.04c), at which, during Tuesday, Wednesday and today some 300,000 bags were taken, several refiners participating, including the American, Arbutick, Howell and Warner.
We have entered upon the last week of the old-duty sugar basis, and all interests will be glad that the long period from the passage of the bill in October, 1913, to March 1, 1914, has been passed. This period has been an unsettled one in all sugar branches, in some of which actual losses have been sustained in the effort to curtail purchases to meet only hand-to-
