**COL. BEACH PRESENTS VETERANS NATIONAL COLORS WITH SET OF SILK**

[Special Star-Bulletin Correspondence]  
SCHOFIELD BARRACKS, April 22.—At the annual muster day meeting last night of the United Spanish War Veterans belonging to the Colonel W. D. Beach (Camp No. 4) beautiful silk National colors and camp colors were presented by Colonel Beach of the 4th cavalry. During the presentation and their reception the colors were held unfurled by Color Sergeants James Alexander and George M. German. In addressing the camp Colonel Beach remarked, "The occasion seems peculiarly fitting in which to present the colors to an organization of veterans. News has come to this post within the last three hours of another war in which we are apparently about to enter." In closing his speech he reminded the camp, "Remember, it is a point of honor that the color sergeants and those who follow them never to let the colors fall to the ground."

Colonel W. D. Beach, 4th Cavalry, who presented beautiful silk national colors to Spanish War Veterans.

The camp colors are similar in design to the regimental colors of an infantry regiment. The gold fringed blue field bears on one side the emblem of the United Spanish War veterans and on the other a coat of arms designed and painted for this camp by Colonel Beach himself, in which he was assisted by Squadron Sgt. Major Correll.

The annual muster day is usually April 19, the anniversary of the declaration of war with Spain, but as this fell on Sunday this year the meeting was postponed to the 21st. The Spanish War veterans are the logical successors of the now almost extinct Grand Army of the Republic.

The meeting was attended by nearly all of the 114 members of the camp, most of whom are from the 4th cavalry and by a large number of invited guests. The following is the program:

Selection by 4th Cavalry band.  
Opening of Camp by the Commander, Regimental Sergeant Major Geo. W. Moffet, 4th Cavalry.  
Prayer, Chaplain S. M. Lutz.  
Presentation of Colors and their reception by the camp, Colonel Beach.  
"Star Spangled Banner," band.  
Muster of Camp, annual ceremony.  
Selection, band.  
Illustrated talk on the Battle of Santiago, Colonel Beach.  
Selection, band.  
Benediction, chaplain.  
Closing of Camp, the commander, Music, band.

A most entertaining feature of the evening was Colonel Beach's illustrated talk on the Santiago campaign. Starting at the peaceful post of Fort Leavenworth, Kans., he followed the tide of war to the big concentration camps at Chicamauga Park and Tampa, then on the over-crowded transports to the south coast of Cuba, and finally up the lead swept slopes of San Juan Hill. The pictures were particularly good. Many of them were taken by Colonel Beach himself, and others he collected while in charge of the military information division of the general staff at Washington.

**How She Was Helped During Change of Life by Lydia E. Pinkham's Vegetable Compound.**

Philadelphia, Pa.—"I am just 52 years of age and during Change of Life I suffered for six years terribly. I tried several doctors but none seemed to give me any relief. Every month the pains were intense in both sides, and made me so weak that I had to go to bed. At last a friend recommended Lydia E. Pinkham's Vegetable Compound to me and I tried it at once and found much relief. After that I had no pains at all and could do my housework and shopping the same as always. For years I have praised Lydia E. Pinkham's Vegetable Compound for what it has done for me, and shall always recommend it as a woman's friend. You are at liberty to use my letter in any way."—Mrs. THOMSON, 649 W. Russell St., Philadelphia, Pa.

Change of Life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

**FINE POINT ON SURETY LAW IS PASSED UPON BY JUDGE WHITNEY**

Judge Whitney passed on a nice point in surety law in a decision handed down yesterday in the action of W. J. Robinson against Jessie K. Qaac, executrix of the will of Margaret Carter, and her two bondsmen, John F. Colburn and A. A. Long.

The action was brought for the recovery of \$730.28, a sum which the court had ordered the administratrix to pay over to the estate some time ago. The money not being paid, this action was instituted against the woman and her bondsmen. The latter claimed a right to open up and subject to attack the previous orders made by the court in the estate proceedings.

The bondsmen raised several points, one being that they were not estopped from questioning the validity of such orders at this time, notwithstanding that they did not make objections at the time the order or orders were made.

Judge Whitney in his decision rules against this argument, holding they waived whatever rights held by them as bondsmen to make objects by being silent at the time the orders were made.

The easiest way not to settle an argument is to get two women interested in it.

**MAUI NEWS**

[Special Star-Bulletin Correspondence]  
WAILUKU, Maui, April 22.—On Wednesday evening last week a very pleasant informal reception was tendered Rev. and Mrs. Howard Harris at Kahului church. About one hundred people from all parts of Central Maui paid their respects to the new minister and his wife. The auditorium was neatly decorated for the occasion.

Mr. James A. Rath, superintendent of the Palama Settlement has been spending a month as the guest of Rev. and Mrs. A. Craig Bowdish of Pala. Yesterday morning he spoke

at Pala church in the morning upon the relation of the church to "The Modern Social Movement."

The address was an able one and listened to eagerly by a good-sized congregation. At Wailuku in the evening he spoke at Union church.

Rev. and Mrs. Frank S. Scudder have been guests on Maui the past week at the Alexander House in Wailuku and in the home of Rev. and Mrs. Harris in Kahului.

**Plants as Emigrants**

It is often hard to account for the way in which plants spread from one country to another, and yet no such emigration has taken place but the

botanists have been able to advance some theory to account for it. In the early seventies of the last century the scientists of France were puzzled by finding that many new plants hitherto unknown in that country had mysteriously sprung up. In the summer of 1872 noted botanists went carefully to work to find the cause of this strange emigration, and they succeeded admirably. They found no fewer than 200 plants natural to Germany and the countries south of her. These plants were mostly of the grass, pea and bean families and were found only in the territory occupied by the Germans in the siege of Paris. This is a good example of the strange way in which plants travel from place to place.—Farm and Fireside.
