**INTERNATIONAL SERVICES HELD IN C. U. CHURCH**

Officers and Men of Japanese Cruisers Respond Heartily to Unique Welcome

Officers, cadets and men of the Japanese cruisers Asama and Adzuma, to the number of more than 800, gathered in Central Union church at 4:30 o'clock yesterday afternoon to attend special services which took the form of an official welcome of the training squadron to these islands. It was a truly international affair, and one which gave marked expression of the friendly relations now existing between Japan and the United States and Hawaii. In the form of the church were the Japanese navy men in trim uniform, while on the platform, numbered among the speakers, were men of several other nationalities.

The church was prettily decorated for the occasion. Besides many cut flowers, palms and other plants, a large Japanese and an American flag were unfurled side by side over the choir loft. The platform, decorated with the flags of both nations, was occupied by Rear-admiral Teijiro Kuroi, commander of the training squadron; Rear-admiral C. B. T. Moore, commander of the naval station at Pearl Harbor; Governor L. E. Pinkham, Dr. J. Mori, Rev. O. H. Gulick, W. R. Castle, Dr. Doremus Scudder, Acting Japanese Consul Hachiro Arita, Rev. F. S. Scudder, Reverend Nakamura, Rev. T. Okamura, Rev. A. J. Ebersole, Rev. P. T. Fukao, Rev. T. Hori, Rev. G. Motokawa, Dr. J. W. Wadman, S. Aoki and Lloyd R. Kilham, secretary of the religious work department of the I. M. C. A.

The services were opened with an organ prelude by A. B. Ingalls, followed by a solo by Mrs. Charles L. Hall. Admiral Kuroi then was introduced by Rev. F. S. Scudder. The commander, during his brief address, laid special stress on the relations of Japan and America, and of the thoughtfulness, prompted by friendship, which had resulted in the arrangement of the special services. He made mention of the Japanese and American flags entwined over the choir loft, and thanked most heartily those who had arranged the services. Following the commander's address, Rev. T. Okamura read in Japanese the Hundredth Psalm, while Rev. A. J. Ebersole read it in English. Other numbers on the program included a violin solo by W. A. Love, an anthem by the choir led by Rev. Akaiko Akana, prayer by Dr. J. W. Wadman and Rev. G. Motokawa, a hymn by Mr. Akana's choir, and benediction by Rev. O. H. Gulick.

The address of the occasion was delivered by Dr. Doremus Scudder, pastor of Central Union church, who spoke in Japanese and then translated his remarks into English. He spoke, in part, as follows:

"There are certain great ideals," said Dr. Scudder, "which we as a nation cherish and for which we as a people stand, which we in Hawaii can exemplify perhaps better than any other community in the United States. First, we are as a nation dedicated to peace, our very government is based upon the principles of peace. We have no laws of proscription compelling men to serve in the army, but our army is made up of those who voluntarily enlist. "Although three times in the past century America has been at war with other nations and to that extent has failed to live up to its ideal, nevertheless fundamentally we are a peaceful people. "And these islands particularly can boast of standing for peace, for never has the sand of these islands been stained with blood shed in war with a foreign power. Therefore, we feel

**There Are Reasons**

Why so many people have ready-at-hand a packet of

**Post Toasties**

The distinctive flavour delights the palate.

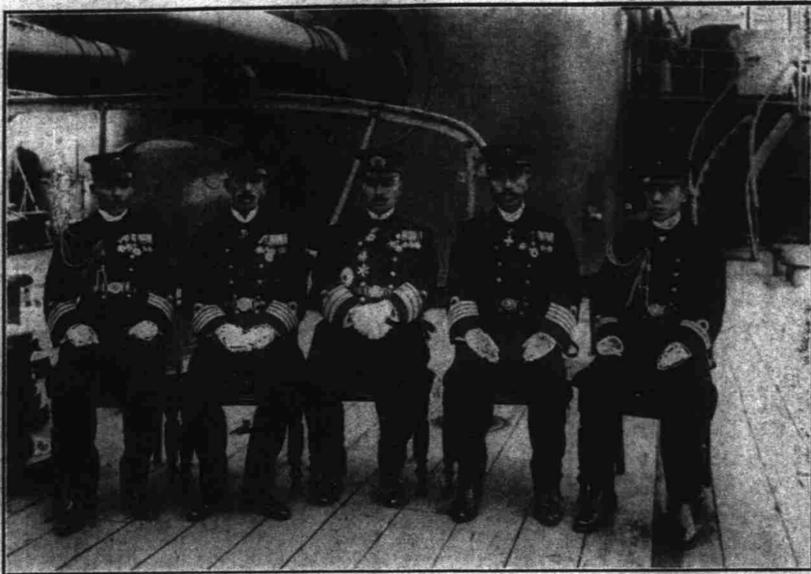

The quick, easy-serving, direct from the packet—requiring only the addition of cream or good milk, is an important consideration when breakfast must be ready "on time."

The economical feature appeals to everyone—particularly those who wish to keep living expenses within a limit.

Post Toasties are especially pleasing served with fruit.

Sold by Grocers and Stores.

**JAPANESE VESSELS ATTRACT MANY**

Above are the officers of the Imperial Japanese training squadron, consisting of the first-class cruisers Asama and Adzuma, now visiting at this port. Reading from left to right—Commander J. Komaki, chief of staff; T. Higara, captain of the Asama; Rear-admiral T. Kuroi, commander of the squadron; K. Sato, captain of the Adzuma, and K. Arima, staff officer.

**LARGE CROWDS DAILY ARE PAYING VISITS TO JAPANESE SHIPS**

The first-class cruiser Asama, one of the two vessels composing the Imperial Japanese naval training squadron now visiting at this port, is open today for inspection by the public. This morning a large crowd, composed principally of Japanese and a noticeable scattering of tourists, came and went. The officers and men of the cruiser were courteous in their reception of the visitors, and squads of the sailors were detailed to conduct parties about the vessel. The cruiser Asama will be thrown open for inspection tomorrow.

A crowd even larger than the one which visited the Asama this morning was in evidence at the naval wharf yesterday, at which time both ships were open for inspection by the public. Hundreds of local Japanese school children, members of the Japanese Red Cross and other persons took advantage of the opportunity to inspect the cruisers. From now until the cruisers leave for Hilo, they will be open to the public. Considerable shore leave has been granted the men, and they are making the most of their brief stay in Honolulu.

that we are in a position to give you a welcome in which peace permeates our words and our spirit complete.

"Second, our country stands for human brotherhood, and yet no one who knows our country but knows how far short our people in the homeland have fallen from living up to this ideal.

"In the south unfortunately there always has been and is still bitter race prejudice, while on the western coast, especially in California, a spirit of unbrotherliness has been manifested which has grieved America's best citizens and her highest minded men.

"But here in Hawaii we have been peculiarly happy in that all the races have always and do now live together in a brotherly, friendly spirit.

"And so in extending to you this welcome we can assure you that we do it in a spirit of genuine and sincere brotherhood.

"Third, again we as a nation hold to the ideal of life which is embodied in the life and teachings of Jesus Christ.

"And the basic doctrine of our religion is that all men are the children of one common Father.

"In inviting you to a service in this church on the day which in our land is set apart for the worship of our God, we are showing to you in the most emphatic way possible that our welcome is sincere, for we extend it to you in the name of our God and of our Savior Jesus Christ.

"And so as you go on and touch other parts in America, if you should perchance see a different spirit manifested toward you than that which I have tried to define to you in this, our welcome, will you not remember our welcome and know anything different from this is not the true American spirit, but is due to prejudice and misunderstanding. Much of it is due, moreover to the fact that we are in America made up of so many nationalities which do not always easily blend into one body.

"We must be patient with the people who do not see things as we do. Japan must be patient and I am sure the time will soon come when all cause for misunderstanding and friction shall be removed and we as a nation shall be able to give a more complete expression of that peace and good will which Jesus our Christ taught us to show to all men.

No plant not in full bloom will be allowed to remain upon the grounds of the Panama-Pacific International Exposition at any time throughout the exposition year, but according to plans by Director of Landscaping McLaren, will be removed in the decline of its blossoming to make way for another in full bloom. The temperate climate of San Francisco will make possible this continuous procession of blooming flowers throughout the grounds for the entire ten months of the exposition.

**'MOTHER'S DAY' WELL OBSERVED BY HONOLULANS**

The members of the special "Mother's Day" committee of the King's Daughters will meet at the home of Miss F. R. Yarrow at 4 o'clock this afternoon to open the contribution envelopes and mits boxes distributed throughout the city last week, with a view to ascertaining to what extent the organization's home fund will be swelled as a result of the canvas yesterday. A member of the organization stated this morning that she does not believe the amount will be a large one, from the fact that the city was not covered as well as last year. "Mother's Day" was well observed throughout Honolulu yesterday. Services were held in various churches in observance of the day, and white carnations, the emblem of the occasion, were greatly in evidence.

With a white carnation, the symbol of the occasion, worn by both teachers and pupils, the students of the Central Union Bible school yesterday observed Mother's Day in an appropriate manner. An interesting and highly instructive address was delivered by Mrs. Walter F. Frear.

Mother's Day also was observed at the morning service at Central Union. The opening anthem, "These Are They That Came Out of Great Tribulation," was rendered by a quartet composed of Mrs. Charles L. Hall, Mrs. Walter M. Kendall, T. L. Bolton and Dr. S. D. Barnes. This was followed by another anthem, "God of Mercy, Hear Our Prayer," in response to the pastoral prayer. Mr. Bolton then sang "The Song of Praise." Dr. Scudder's sermon was entitled "Forward," he having taken as his text "And Jehovah said unto Moses, speak unto the children of Israel that they go forward."—Exodus 14:15.

Near the close of his sermon, Dr. Scudder spoke of the new policy which the church has adopted with regard to membership, and then pointed out the following ways in which the church may have forward.

First—In a union of prayer for others, that they may yield their hearts to Christ.

Second—in a campaign of personal invitation to others to confess Christ and unite with his church.

Third—in a deep concern on the part of parents for their children, that they may early in life have a deep and vital experience in God; and

Fourth—in an all-consuming zeal for and loyalty to the cause of Christ, that will make every one earnest and constant in his service.

The members of the Sunday school

of the Methodist church celebrated Mother's Day yesterday with an interesting program. Mrs. Josephine Chapin, the oldest living member of the church, offered prayer. Dr. Edwin Cooper sang "Tell Mother I'll Be There," and the audience joined in the sweet chorus. Three readings were given: One by Richard Shelton, entitled "Mother's Gift;" another by Edith Stodart, entitled "Meet Mother," and a third by Lily Shelton, entitled "Mother's Voice." The offering taken is to be given to the King's Daughters' Home. At the evening service the pastor's subject was "A Wonderful Family."

**REALITY OF RESULTS BRIGHTS DISEASE**

Patient, Draper S. Greene, 33 W. Rittenhouse Ave., Battle Creek, Mich. Case, diagnosed by two physicians as Bright's disease and incurable.

Patient could not lie down for nine weeks. Legs were so bloated with dropsy they had to be banded. One of the physicians said he could probably live a month or so; the other did not think he would last a week.

Fulton's Renal Compound was then administered with gradual recovery. The permanence of the results are shown by a letter from this patient dated Feb. 16, 1914, written five years later, giving the names of two Battle Creek lawyers, N. A. Briggs and H. A. Jacobs, as witnesses of his recovery.

He closes with the statement that "another bad case was given up, changed to Renal Compound and is on the streets again."

The ability of Fulton's Renal Compound to reduce albumen in many cases of Bright's disease is not a matter of opinion but a FACT IN PHYSICS. We will mail formula for albumen test that will show the percentage from week to week. As the albumen declines improvement commonly follows, recoveries having been reported in thousands of cases. Formula and literature sent on request. John J. Fulton Co., San Francisco. Ask for pamphlet.—advertisement.

Paul Manship, the talented American sculptor who recently won the Helen Foster Barnett prize at the winter exhibit of the national academy of design, will be represented at the Panama-Pacific International exposition by four vertical groups: "Eternity and Change," "Order and Chaos," "Music" and "The Joy of Living." These four groups will stand upon the upper ramps of the sunken garden in the court of the universe.
