PRICE FIVE CENTS

DOUGHERTY MAKES KNOWN HIS TENTATIVE PLANS FOR 1915 MID-PACIFIC CARNIVAL

Director-general Authorized to Import Costumes Valued at \$1500 from Germany

PROGRAM REPLETE WITH ATTRACTIONS FREE TO PUBLIC

Military Ball Not Eliminated—New Features Proposed—Best on Record

James D. Dougherty, director-general for the 1915 Mid-Pacific Carnival, who outlined plans at yesterday's meeting of the board of directors.

Immediately following the presentation of Director-general James D. Dougherty's tentative program for the 1915 Mid-Pacific Carnival at a meeting of the board of directors of the corporation at 2 o'clock yesterday afternoon, an outline of which report was published in the Star-Bulletin, the directors authorized Mr. Dougherty to expend 4000 marks, or about \$1500, for unique costumes which will be ordered from Germany for the several big Carnival features which, according to the present plans, will make next year's celebration an equal to any of its kind ever held on the mainland.

"This is the day we launch our publicity," said the director-general this morning. "In working up the plans, it is the idea of the directors and the director-general to give the people of Honolulu and Hawaii a show free of charge as nearly as possible. There is hardly an attraction in the program which I have outlined that will not be free; none of the attractions will be expensive."

In presenting his report yesterday afternoon, a statement made by Mr. Dougherty was taken to mean that the military ball would be among the features to be eliminated this year and not published. This was an error, however, as explained by Mr. Dougherty this morning. The Carnival will not only be closed with a grand military ball for the officers, to be held in the National Guard Armory, but a dance in the palace grounds for the enlisted men.

Aside from the attractions which Mr. Dougherty already has outlined, one of the new features next year will be a "Village of All Nations." This attraction will be enclosed in a large stadium, where there will be small villages representing every nationality, practically, in the Hawaiian Islands; for instance, Japanese, Chinese, Hawaiian, Filipino, Korean, Russian, Spanish, etc. If the necessary funds can be secured, two days of the week will be given over to an industrial and commercial exhibit in the Armory, which, in itself, will be a feature. "It is the idea of the director-general to sort of give the people a rest during the week," said Mr. Dougherty this morning, "and for this reason there will be nothing lively on the days when the exhibition will be held."

One has but to read Mr. Dougherty's report to gain an insight as to just what the 1915 Carnival is going to be. The tentative program, as presented at the meeting of the board of directors yesterday afternoon, is, in full, as follows:

"In making up the rough synopsis of what the director has in mind for the 1915 Carnival, it is only with the idea of getting on paper a few of the thoughts that pertain to the Carnival as a whole and not with the assurance that each and every feature as I have it here will be carried out, although after much thought and consideration I feel that I am presenting to you a program, taken as a whole, that should be much stronger and better than the last Carnival. No doubt between now and the actual carrying out of our plans, there will have been suggested many changes for it is well to accept suggestions from every source and with that idea in view I am simply going to render here the general outline of the scheme, trying at the same time to give you as clear an insight as is possible of the various features and their productive qualities both from a spectacular as well as a financial standpoint.

"Keeping in mind the criticism of the last Carnival as we heard them

HIS HONOR EXPENSIVE LUXURY WHEN ELECTION DAY IS NEAR

An interesting question has arisen in the city hall, and has spread from there over parts of the town, on how much it will cost the municipality for Mayor Fern's campaign for reelection.

One automobile. One chauffeur. Gasoline. Cigars. Etc.

It makes it much easier to go on house-to-house canvasses in an automobile with a son, as a chauffeur, all at the expense of the taxpayers. Mayor Fern realizing this, is putting in every available hour.

But how much is it costing the taxpayers?

Mayor Fern may know yet he is not telling.

And it probably would not displease him a bit if the people didn't figure it out.

At Lowest Prices. H. E. HENDRICK, LTD. Phone 2948, Merchant and Alakea Sts.

RELIEF WORK OF CHARITIES MAY BE TERMINATED

Association Adopts Resolution Which Calls for Government Action After June 30

MATTER NOW IN THE HANDS OF MAYOR FERN

Present Situation Has Outgrown "Private Philanthropy" Is Asserted

General relief work of the Associated Charities is to be terminated. A resolution passed by the executive committee of the organization, a copy of which was transmitted to Mayor J. F. Fern yesterday afternoon, outlines the new policy to be followed by the association.

"This action has been forced upon the Associated Charities by the exigencies of the present situation which is now no longer a matter for private philanthropy, but for government action," reads the letter received by the mayor with a copy of the resolution. The resolution reads as follows:

"Resolved, That it is the sense of the executive committee that the general work of charitable assistance in which we have been engaged in the past should be gradually terminated, on or before June 30th, and that the work of the Associated Charities should be confined to emergency cases where assistance in the way of food should be limited to a day or two and necessary supplies of clothing; and that the charitable societies of the city should be negotiated with and those found ready, able and willing to assume a reasonable part of such work should be listed and engaged therein, with the definite understanding that this and that society will be able to handle so many poor persons; and that the financial basis of this work should be mainly with the government, both territorial and city and county of Honolulu, as primarily it is their responsibility; and that the Associated Charities should do what ever they might be called upon to do in investigation, report and appointment of such funds; and this committee further recommends that the city and county of Honolulu take entire charge and full responsibility for the present so-called unemployed situation in Honolulu, and it urges that action be taken by the city and county of Honolulu on or before June 30, at which time, as above outlined, the associated charities will discontinue its work."

"Amendment No. 1: Resolved, That a copy of this resolution should be sent to the proper government authorities."

"Amendment No. 2: That after June 30 every application for relief be sent to the mayor's office."

By the second amendment to the resolution, every application for relief must be sent from the mayor's office after June 30.

This plan has not met with His Honor's approval. He muttered something about turning his office into an employment place, and intimated strongly that the association should have consulted him.

A meeting of the supervisors will be held tomorrow when the letter and the resolution will be read.

The "exigencies" spoken of in the letter refer to the unemployed situation which has been the cause of a great deal of expense and extra work to the association.

WOOD WINS OUT IN STAR SESSION OF EDUCATORS

Superintendent Kinney Opposed to Continuance of Principal of the Normal School

After a star chamber session, which lasted for almost three hours, the commissioners of education decided this morning to retain Edgar Wood as principal of the Normal school. A string was tied to this agreement, however, the string being that he may be removed at any time on a month's notice.

It is expected that barbed wire barriers will be constructed on the trail, and a guard maintained. Gates through the barriers will be provided with standard government padlocks for the use of the officials whose duties take them over the trail.

It is hoped that some arrangement can be made by which responsible citizens may obtain passes and conduct tramping parties over the trail as from a scenic viewpoint, this trip is the most delightful on Oahu.

SUGAR

SAN FRANCISCO, May 26.—Sugar: 96 deg. test, 3.29 cents. Previous quotation, 3.33 cents.

A meeting of the members of Damien Council, No. 563, Y. M. E., has been called for 7:30 o'clock this evening in the C. B. U. hall.

FEDERAL COURT WORK HELD UP; CAUSES STATED

McCarrn Ill, Thompson Reticent and Attorney-general McReynolds to Cable

SPECIAL INVESTIGATOR MAY PROVE NECESSARY

Advices from Washington Instruct Delay Until Tangle is Further Investigated

Jeff McCarrn is confined to his home, ill as a result of a change of climate; J. W. Thompson, assistant U. S. district attorney does not feel inclined to take the department matters during the absence of his chief; a cablegram from Attorney-general James C. McReynolds, agent the McCarrn-McBride case, is expected in Honolulu almost hourly; nothing of vital importance calling for immediate investigation by the federal grand jury. These are given as a few of the reasons why just body of inquiry is not holding its regular weekly meetings and also why the federal trial jurors have been excused until further notice.

"The attorney-general is investigating the matter," said Judge Clemons this morning, "and instructions from him are anticipated almost hourly. I had expected a cablegram yesterday and am still anticipating the receipt of one today. When this arrives we will know just what is expected and will be able to proceed in an intelligent manner."

Regarding the report that a special federal investigator would be named from among the ranks of local attorneys, Judge Clemons professed ignorance. "If any such step is contemplated," he said, "I have never been advised of the fact. However, if the matter is to be investigated it will necessitate the appointment of a special prosecutor, as Mr. McCarrn could hardly be expected to investigate himself and I hardly think his deputy would care to do so."

"The attorney-general, I have been advised, was away from Washington over the week end and the presumption is that he will communicate with Honolulu within a very short time."

In the meantime all matters in the federal courts are being postponed and all work calling for a grand jury probe is being held in abeyance pending the recovery of Mr. McCarrn or the receipt of instructions from the head of the legal department of the United States.

VANDALISM MAY LEAD TO CLOSING OF CRATER TRAIL

Hydrographic Survey Instrument Maliciously Injured Is Given as Cause

The closing of the Konahuani-Mt. Olympus-Palolo Crater trail to the public is being seriously considered by the territorial officials, as a result of malicious interference and injuries by irresponsible persons to the rainfall and evaporation measurement stations maintained by the hydrographic survey along this trail.

These instruments have been tampered and interfered with to the extent that the rainfall and evaporation records for 1914 have been spoiled. As these measurement stations and this portion of the trail are all within the forest reserve, the trail may be closed at will by the territorial officials.

It has been a matter of much consideration for over a year by the territorial officials as to whether the invasion of this part of the Koolau range by unlimited and irresponsible parties is not causing a great amount of damage to the forest cover, and the closing of this trail has been seriously considered for this reason alone. The recent depredations to the hydrometric work will probably result in the closing of the trail within a few months.

It is expected that barbed wire barriers will be constructed on the trail, and a guard maintained. Gates through the barriers will be provided with standard government padlocks for the use of the officials whose duties take them over the trail.

It is hoped that some arrangement can be made by which responsible citizens may obtain passes and conduct tramping parties over the trail as from a scenic viewpoint, this trip is the most delightful on Oahu.

BRANCHES OF OUTRIGGER CLUB TALK CONSOLIDATION

The Outrigger Canoe club and the women's auxiliary of that organization will be consolidated, it wishes of the members of the club are carried into effect. At a meeting of the Outrigger club held at Cooke hall in the Y. M. C. A. last night, a resolution was passed almost unanimously, recommending such consolidation.

It was the sense of the meeting that the board of directors be given full power to effect consolidation on the basis of equal representation as quickly as possible. If the women's auxiliary is in accord with this plan, the two organizations will be merged at once.

KEIOS PLAY TODAY.

There will be a baseball game between the Coast Defense team of the Oahu league and the Keio university team of Japan at McMillan field this afternoon at 3:30 o'clock.

Salt water acts as a tonic on the skin. Gently spatted on the face, it will keep the cuticle firm.

OFFICIAL ANNOUNCEMENT IS MADE OF WILLINGNESS OF HUERTA TO LAY DOWN REINS OF MEXICAN GOVERNMENT

Provisional President Victoriano Huerta, whose intention to abdicate is officially announced.

PEARL HARBOR DRYDOCK FUND PASSES SENATE

(Special Star-Bulletin Cable.) WASHINGTON, D. C., May 27.—The senate this afternoon adopted an amendment to the naval appropriation bill increasing the limit of cost for the Pearl Harbor drydock by \$1,500,000.

C. S. ALBERT

By C. S. ALBERT

WASHINGTON, May 27.—Additional funds will be provided by congress to complete the Pearl Harbor drydock on new plans now being worked out by a board of engineers. A lump sum of \$1,500,000 will be carried in the naval appropriation bill for the purpose.

The house took no action in this matter and made no allowance for continuing work on the big drydock. The reason quietly given was that the navy department officials were seeking to place all responsibility for changing plans, or continuing work under the old ones, on congress. The house committee on naval affairs declined to assume this responsibility and omitted the item until such time as the naval officials determined exactly what course they desired taken.

The senate committee on naval affairs did not approve of this scheme. The members believed adequate provision should be made for hastening the drydock to completion. For that reason an amendment was added to the bill as passed by the house, giving a clean million and a half for perfecting the improvement now under way. It was declared a certainty that the senate would accept this conclusion and adopt the amendment.

It was said to be equally assured that the house conferees on the naval bill would agree to the allowance. The total limit of cost on the big drydock, when the senate amendment becomes a law, will aggregate \$4,986,500.

On August 22, 1912, the limit was raised to \$3,486,500.

The original act of March 3, 1909, carried an appropriation of \$2,900,000 as the limit of cost for building the drydock. Of that sum \$200,000 was made immediately available.

The naval law of June 24, 1910, added \$700,000 to this original sum, fixing the limit of cost at \$2,700,000.

After a long discussion that lasted until half-past eight o'clock last night, the jury in the Cassidy-Cassidy case returned to court and announced that they could not possibly agree. The jury was discharged, and those who had waited to hear the result of the famous trial departed for the beach and other places.

Yesterday afternoon at two o'clock the counsel for the prosecution made his address to the jury. Attorney Lymer asked for a conviction and declared that the prosecution did not want to see a heavy penalty inflicted in case of a conviction.

Attorney Breckons, for Cassidy, addressed the jury at length and laid stress upon the good character borne by his client. He also pointed out that eye-witnesses, who were on the pier and who had watched every move of Cassidy, swear that Mrs. Cassidy was not kicked in the face. Attorney Urish, who was associated with Mr. Lymer in the case, made a short address to the jury on the question of reasonable doubt.

It was whispered around this morning that eight of the jurors were for an acquittal, while four stood out for a conviction.

It is possible that the case will go to trial once more in the criminal court, but the opinion of many people is that a civil action will be brought to settle, once and for all, the question as to the rights of Cassidy to control the pier that stretched out from his land.

Provisional President Willing to Quit Provided He is Allowed to Abdicate With Fitting Dignity—Students of Opinion That Report Foreshadows Realization of Impossibility of Weathering Mediations—Former Rumor Met With Denial

(Associated Press service by Federal Wireless.) WASHINGTON, D. C., May 27.—Official dispatches received here today, state that the withdrawal of Provisional President Victoriano Huerta from his position as head of the present Mexican government is a possibility, provided he is permitted to abdicate with fitting dignity.

Sometime ago it was announced that Huerta had instructed his representatives to the mediation conference to state that he would relinquish the reins of government, provided he was allowed to withdraw in dignified fashion, but this report, later, was denied.

The announcement made today is official and is believed, by the students of the situation in this city, to be authentic and to demonstrate the position taken by Huerta. It is generally conceded that he has been advised that there is but slight possibility of his coming through the mediations with any particular standing and, consequently, prefers to go out of office while there is time, without suffering the humiliation and disgrace that may be in store for him.

Americans Reach Finals in French Golf Championship

(Associated Press service by Federal Wireless.) VERSAILLES, France, May 27.—Francis Ouimet, American open golf champion, reached the final round of the French open championship today. He beat Lord Hope 1 up in the third round, and had an easier match in the semi-final, beating Apperley 4 up and 3 to play. Topping another American player, is still in the running, beating Jerome Travers 3 and 2. Travers eliminated his fellow countryman, Fred Harshoff, 5 and 4 in the third round. Topping beat Leblan, 1 up.

Constitutionalists Would Participate in Mediations

(Associated Press service by Federal Wireless.) WASHINGTON, D. C., May 27.—Representatives of the Constitutional forces, today, endeavored to reopen the question of participation in the present mediations by the rebel forces.

John Lind, President Wilson's special envoy to Mexico, who spent nine months investigating conditions, conferred with legal representatives of the Constitutionalists and later reported to Secretary of State Bryan the result of the conference.

Munitions of War Landed at Puerto Mexico; No Action

(Associated Press service by Federal Wireless.) WASHINGTON, D. C., May 27.—William W. Canine, United States consul at Vera Cruz, has informed Secretary of State Bryan that the Yaguanga has landed a cargo of ammunition at Puerto Mexico.

Also, it is officially reported that the Batavia landed munitions of war at the same port a few days ago. Owing to the fact that Puerto Mexico is an open port it is not believed that any action is contemplated.

Duryea's Durbar 11 Captures Derby, Great English Classic

(Associated Press service by Federal Wireless.) EPSOM DOWNS, Eng., May 27.—Herman Duryea's Durbar 11, the only American entry, won the Derby today at odds of 20 to one, from a field of 30.

Durbar 11, finished three lengths in the lead of Lord Chomondelley's Hopsburg, which captured second place and left the balance of the field well in the ruck.

Communications Are Cut and Constitutionalists Blamed

(Associated Press service by Federal Wireless.) MAZATLAN, Mexico, May 27.—The constitutionalist forces are reported to have cut the line of communications between Gaudalajara and Mexico City. It is definitely known that the line has been severed and the blame is attached to the Carranza forces, owing to the fact that they are numerous in the territory affected.

Mediators Are Social Lions

(Associated Press service by Federal Wireless.) NIAGARA FALLS, Canada, May 27.—The mediators took a day off today owing to the fact that the representatives of the various governments were invited to be present at an important social function in Toronto.

JURY IN CASSIDY CASE UNABLE TO REACH AGREEMENT

After a long discussion that lasted until half-past eight o'clock last night, the jury in the Cassidy-Cassidy case returned to court and announced that they could not possibly agree. The jury was discharged, and those who had waited to hear the result of the famous trial departed for the beach and other places.

Yesterday afternoon at two o'clock the counsel for the prosecution made his address to the jury. Attorney Lymer asked for a conviction and declared that the prosecution did not want to see a heavy penalty inflicted in case of a conviction.

Attorney Breckons, for Cassidy, addressed the jury at length and laid stress upon the good character borne by his client. He also pointed out that eye-witnesses, who were on the pier and who had watched every move of Cassidy, swear that Mrs. Cassidy was not kicked in the face. Attorney Urish, who was associated with Mr. Lymer in the case, made a short address to the jury on the question of reasonable doubt.

It was whispered around this morning that eight of the jurors were for an acquittal, while four stood out for a conviction.

It is possible that the case will go to trial once more in the criminal court, but the opinion of many people is that a civil action will be brought to settle, once and for all, the question as to the rights of Cassidy to control the pier that stretched out from his land.

SECRETARY OF ASIA Y. M. C. A. TO VISIT HONOLULU IN JUNE

Sherwood Eddy, general secretary of the Young Men's Christian Association of all Asia, will spend June 12 in Honolulu as the guest of the local Y. M. C. A., en route to the orient after a lengthy vacation spent on the mainland. The religious work committees of the local association, of which W. G. Hall is chairman, is planning a full program for him during his stay in this city.

Mr. Eddy went from Yale university to India a few years ago to become secretary in the Y. M. C. A. in that country. He soon acquired a knowledge of the Tamil language and became one of the most successful public speakers in India. His popularity extended into China and Japan, in which countries he has spoken to some of the largest audiences ever gathered to hear a white man. He is a remarkable man in many ways and stands very near Dr. John B. Moore in the estimation of those who have become world leaders in Christianity.

It is possible that the case will go to trial once more in the criminal court, but the opinion of many people is that a civil action will be brought to settle, once and for all, the question as to the rights of Cassidy to control the pier that stretched out from his land.
