CONTRABAND CARRIER HELD BY FUNSTON

German Steamer Is Held By United States Troops at Vera Cruz

VERA CRUZ, Mex., May 28.—(Associated Press by Federal Wireless)—General Funston, in command of the American troops here, yesterday issued orders that the German steamer Bavaria, which reached port recently from Hamburg, by way of Antwerp and Bilbao, be seized and held because found to have carried munitions of war which are not listed on her manifest.

It has been discovered that Captain Grunfels of the Bavaria had landed and delivered to the consignees at Puerto Mexico 1,800,000 rounds of ammunition and had on board his steamer 3000 rolls of barber wire, which he was carrying as unlisted cargo. Word of the contraband reached General Funston yesterday, resulting in quick action on his part in placing a guard aboard the steamer and ordering her held.

REBEL LEADER CONFISCATES MINING PROPERTY

Eagle Pass, Tex., May 28.—(Associated Press by Federal Wireless)

On orders of Provisional President Carranza, the Constitutionalists have made a forcible seizure of five coal mines being operated near Sabinas in the state of Coahuila, driving the owners off. These mines are the properties of French and American companies, and operations have been going on heretofore uninterrupted. Carranza justifies his order of confiscation by stating that the titles to the mines have been granted by usurpers of power in Mexico and are therefore null and void. He states that he will continue to work the mines, but in the interest of the public as state properties.

The companies, although floated with French and American capital, have been operating under Mexican charters. The mines are valued at several millions of dollars.

At the time of the seizure there were 15,000 tons of coal mined and on the dumps, while coke to the amount of 25,000 tons had been turned out of the ovens and was stored, ready for shipment. This is included amongst the property seized and is to be sold, according to the orders issued by the Constitutional chief, to provide funds for the use of the Constitutional army.

PILES CURED IN 6 TO 14 DAYS.

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded.—Made by PARIS MEDICINE CO., Saint Louis, U. S. of A.

GEORGE R. CARTER CHOSEN TO HEAD NEW HONOLULU CHAMBER

Joint Meeting Sees Perfection of Consolidation of Local Commercial Bodies

REPRESENTATION PLAN DISCUSSED AT LENGTH

First Action Is Protest Against Rumored Cut in Salaries of Governor and Secretary

With the adoption, yesterday afternoon, of the report of the special joint committee on by-laws, the Honolulu Chamber of Commerce and the Honolulu Merchants' Association ceased to exist. This action perfected the merger of the two bodies into a greater commercial organization which henceforth will be known as the Chamber of Commerce of Honolulu, the officers, as unanimously elected to serve during the coming year, being George R. Carter, president; Wallace R. Farrington, 1st vice-president; T. M. Church, 2d vice-president, and C. H. Cooke, treasurer.

The call for further nominations, given prior to the election, remained unanswered and the nominations for officers and directors, as set forth on the official ballot prepared by the nominating committee, was declared closed. The officers were chosen unanimously, but there was keen competition among the 26 candidates for directors. The vote was a close one, the 17 directors finally chosen being E. A. Berndt, E. Faxon Bishop, G. Fred Bush, R. B. Booth, A. W. T. Boatman, A. N. Campbell, G. P. Denton, J. F. C. Hagens, J. A. Kennedy, F. W. Macfarlane, L. T. Peck, S. S. Paxson, E. H. Paris, F. M. Swanzy, E. L. Spalding, E. D. Tenney and H. F. Wichman. These, with the officers, will constitute the full board of directors.

The initial meeting of the officers and directors was held called for 3 o'clock this afternoon in the rooms of the old Chamber of Commerce, Sprengel building, at which time a secretary may be selected and the president appoint the chairmen of the various committees.

A meeting of the members of the former Chamber of Commerce was held yesterday afternoon prior to the calling to order of the joint gathering. At this time the chamber adopted the report of the by-laws committee, this action perfecting the amalgamation. F. C. Atherton, temporary chairman, then opened the joint meeting, stating that the first business would be the election of officers and directors. The nominations were declared closed as no other names were presented for addition to the ticket.

While the ballots were being counted, the members of the nominating committee acting as tellers, the report of the committee appointed to amend the charter of the old Honolulu Chamber of Commerce was presented, and, upon a resolution offered by C. C. von Hamm, was unanimously adopted.

A resolution presented by J. Ashman Beaven, favoring firm instead of individual membership on the new chamber, was regarded as being out of order, Chairman F. C. Atherton explaining that in arranging the by-laws the special joint committee had given special attention to this point and had come to the conclusion that

individual membership would be the more valuable of the two.

The broaching of the subject called for considerable informal discussion. S. S. Paxson favored individual membership. "I believe in letting the members of the chamber think and vote as they see best," he said. F. C. Atherton then spoke warmly in favor of the then proposition. "I disagree with you, Mr. Chairman," retorted John Effinger, who then launched an eloquent appeal for firm representation. In reply to Mr. Effinger's statements, Mr. Atherton made a few terse remarks which brought the discussion to a close.

"In arranging the by-laws, it was the idea of the special committee to get the Chamber of Commerce of Honolulu as far away as possible from pure business control," he said. "The idea of the amalgamation is to inspire the members with a sense of civic responsibility; to arise above the selfish interest of business. We want the members of this organization to vote as they feel best for the community and the islands. We want to broaden out so that any man interested in the welfare of the community can join with the business men and get away from ideas purely business."

Wallace R. Farrington, president of the former Merchants' Association, explained to those present the action taken at the last meeting of the merchants in sending messages to Senator Martin, chairman of the appropriations committee at Washington, protesting against the proposed reduction of salaries of the governor of Hawaii and the secretary.

"I hope that we did nothing that the present Chamber of Commerce of Honolulu would not do," said Mr. Farrington. There was no comment, but the applause was voluminous.

"Let's hear from our new president," said S. S. Paxson. Now the ballots had not yet been counted and no official announcement of officers had been made. But, as Mr. Carter was the only candidate for president, and all present knew that the vote would be unanimous as far as officers were concerned, the "new president" made a few remarks. He did not take the chair, however.

A communication was read requesting that Harry Strange, of Ad Club fame, be elected a member of the new chamber—the first new member. The vote was unanimous, and J. C. Cohen also was elected. Alexander Hume Ford, writing from the bluff hotel, Madiavostok, requested Mr. Atherton to present his name as a candidate for membership and "pay his dues." The Hawaiian Trust Company proposed that a special committee of the chamber inspect the new Kaula building with a view to securing new quarters.

One of the last matters of business was the proposal of Wallace R. Farrington that the first action of the new Chamber be to cable to Washington protesting against the proposed cut in the salaries of the governor and the secretary, and suggesting that, if any action be taken, that the present salaries be raised to \$8000 and \$5000 respectively. The meeting came to a close with the announcement of the new officers and the successful candidates for directors.

MAILS

Mails are due from the following points as follows:
San Francisco—Sierra, June 1.
Yokohama—Cheyo Maru, June 9.
Australia—Makura, June 15.
Victoria—Marama, June 17.
Mails will depart for the following points as follows:
San Francisco—Matsonia, June 3.

HEAT WAVE IN EASTERN STATES IS BROKEN

Violent Wind and Electrical Storms Do Big Damage to Life and Property

NEW YORK, May 28.—(Associated Press by Federal Wireless)—The heat wave, which has made this city swelter for the past 48 hours, was broken last night by a violent wind and thunderstorm, which brought death to two persons and injuries and loss to many. The wind reached a maximum of 84 miles an hour and various frail structures were torn to pieces in the blast, the flying timbers resulting in numerous injured persons being taken to the emergency hospitals. The lightning was severe and two persons were killed by the bolts.

Philadelphia Feels the Storm. PHILADELPHIA, May 28.—(Associated Press by Federal Wireless)—Four deaths resulted here yesterday when the heat wave was broken by a violent electrical storm, in which a gale with a 45-mile wind swept the city. A number of buildings were struck by the lightning.

BAY CITY MAY ABSORB UNITED RAILROADS

SAN FRANCISCO, May 28.—(Associated Press by Federal Wireless)

Mayor Rolph has announced a willingness to appoint a special committee to confer with Lullenthal regarding the sale of the United Railroads.

UNIVERSITY PRESIDENT ANSWERS LAST CALL

RENO, Nev., May 28.—(Associated Press by Federal Wireless)—President Stubbs of the University of Nevada died at his home here last night.

Joseph Edwards Stubbs was 64 years old in March, a native of Ohio. He was a leading educationalist and writer, having been president of the University of Nevada since 1894, resigning the presidency of the Baldwin University, Berea, Ohio, to accept the position. He was president of the Ohio College Association for two years and was president of the Association of American Agricultural Colleges and Experiment Stations during 1899-1900.

GOOD TALENT VOLUNTEERS FOR KAAL CONCERT AT OPERA HOUSE

Extra Space Needed to Take Care of Captain Berger's New Stringed Orchestra

With the splendid aggregation of singers who have offered their services for the Kaal concert it is expected that the entertainment at the opera house tonight will be a great success in every respect. The stringed orchestra of the Hawaiian band, led by Captain Berger, is made up of so many members that the management of the opera house has found it necessary to remove the two front rows of the orchestra section. Berger's men were among the first volunteers for the entertainment to be given for the widow of the late Jack Ellis. Kamalanas will remember that Jack Ellis was one of the first members of the Royal Hawaiian band.

Ernest Kaal, who is now considered, the foremost Hawaiian musician, has prepared some special acts himself. His work with the native instrument, the ukelele, is remarkable and he will render a number of solos on that instrument tonight. The Evans brothers, too, have been practicing regularly and their part in the evening's entertainment will be enjoyed by everyone. With the Clark brothers, the Paradise Glee club and Kaal's Royal Hawaiians, it is expected that this will be Kaal's banner entertainment.

HONOLULU FOLKS ASTONISH DRUGGIST

We sell many good medicines but we are told the mixture of buckthorn bark, glycerine, etc., known as Adler-ika, is the best we ever sold. Honolulu folks astonish us daily by telling how QUICKLY Adler-ika relieves sour stomach, gas on the stomach and constipation. Many report that A SINGLE DOSE relieves these troubles almost IMMEDIATELY. We are glad we are Honolulu agents for Adler-ika. The Hollister-Drug-Company—advertisement.

EMINENT SCIENTIST DIES IN ENGLAND

LONDON, May 28.—(Associated Press by Federal Wireless)—Sir Joseph Wilson Swan, one of the leading chemists and electricians of the world, died at his home here yesterday, aged 86 years. Sir Joseph was known to the world chiefly as the inventor of the incandescent electric lamp, but is famous in photographic circles as the discoverer of the means of making rapid dry plates, whereby the whole art of photography was revolutionized. His researches led also to the discovery of various processes whereby the etching of metal plates for reproduction in printing was simplified. He was the recipient of numerous high degrees for his scientific research work, was life governor of the

Ernest Kaal, University College, London; was awarded the Hughes medal of the Royal Society in 1904, and the Albert medal of the Royal Society of Arts in 1905.

SEVERE QUAKE SHAKES UP CANAL ZONE

Engineers Report No Damage Done By Temblor to Big Ditch

COLON, C. Z., May 28.—(Associated Press by Federal Wireless)—A severe earthquake, lasting for more than 30 seconds, shook the Canal Zone last night, commencing at 10:25 o'clock. So severe was the shock that general alarm was felt lest the concrete work along the canal might be damaged and lest the tumbler might further damage the big ditch by starting up again the Cucaracha slides in the cut.

An official examination of the big work was made immediately after the quake, engineers being despatched to all possible points where damage might have resulted. The reports sent in by each engineer were to the effect that no trace of damage could be found.

AVENUE "THE ZONE" REPLACES "EL CAMILO"

SAN FRANCISCO, May 28.—(Associated Press by Federal Wireless)—The world's fair commissioners have decided to name the avenue where the various concessions for the fair are to be located "The Zone," having thought best to drop the name "El Camilo," as agreed upon.
