R. A. MACMILLAN IS DIRECTOR TO J. D. DOUGHERTY

R. A. MacMillan this morning accepted the position of secretary to James D. Dougherty, director-general of the 1915 Mid-Pacific Carnival. There were four candidates in the field for the position of secretary and after several weeks of deliberation Mr. Dougherty offered the position to Mr. MacMillan yesterday afternoon following a meeting of the carnival directors.

The carnival directors now are awaiting a budget from the director-general before taking any action in matters regarding finances. Mr. Dougherty now is at work on this budget, and expects to have it completed for the next meeting. Treasurer R. A. Cooke stated this morning that indications were that the directors will not have to call an assessment on outstanding stock this year. There is now about \$1800 in the treasury and the custom adopted last year of paying all bills upon the close of the celebration has been included among the items in the policy for 1915.

Mr. Dougherty's budget will show the appropriations necessary for the various features of the celebration as well as an estimated income from each. From this the directors will get a fair insight as to just how finances will stand at the close of the carnival, and just how much money they can safely expend on the various features and on advertising and other matters.

The books of the company now are being audited by the Audit Company of Hawaii, and when this work is completed the stock certificates will be ready for delivery. Regarding bills, the directors intend carrying out the same policy as adopted last year. All bills must be accompanied by proper requisitions which probably will have to be signed by the president, the treasurer and the director-general before they become valid. The system of requisitions which was arranged by L. Tenney Peck during the visit of the Atlantic fleet probably will be adopted by the directors of the carnival.

ORDERS OF THE HAWAIIAN DEPT.

Special orders No. 114:

2. Sergeant William M. Hutton, Quartermaster Corps, appointed Sergeant, Electrician, Quartermaster Corps, to date June 3, 1914, now at Schofield Barracks, T. H., reporting on arrival to the commanding officer, for duty.

The Quartermaster Corps will furnish the necessary transportation. The journey is necessary for the public service. (D. Q. M. 5336.)

3. Private First Class Edward Kendrick and Private Ed. G. Rickman, Hospital Corps, Schofield Barracks, T. H., will proceed to this city, reporting on arrival to the Department Adjutant, for duty at the Prophylaxis Dispensary, relieving Privates Charles T. Robbins and Lester Harris, Hospital Corps, who, on being thus relieved, will proceed to Schofield Barracks, T. H., reporting on arrival to the commanding officer, for duty.

It being impracticable to assign these men to any organization for rations, the Quartermaster Corps will commute their rations at the rate of \$1.00 per day while on duty.

The Quartermaster Corps will furnish the necessary transportation. The journeys are necessary for the public service.

NEW PROMOTION BODY WILL MEET THIS P. M.

The new Promotion Committee, of which Emil A. Berndt is chairman, will meet at 3:30 o'clock this afternoon in the rooms of the old chamber of commerce, Stangenwald building, for its second session. It is expected that at this time a definite policy will be outlined for the work which the committee intends to do during the coming year, which will include matters pertaining to finances. A report from Secretary H. P. Wood, outlining publicity work which is necessary during the next 12 months, may be presented.

With a view to keeping the traveling public constantly informed regarding Hawaii as a summer and winter resort, the Promotion committee now is sending out the following letter to mainland and foreign steamship companies:

"We want your active co-operation in making Hawaii better known to the traveling public and would be pleased to receive from you any suggestions that may occur to you as to how we can improve our work.

"Would you suggest our getting out any additional folders? If so on what particular lines? Are your steamers supplied with enough folders? We need your help to perfect our plans and to enable us to serve our passengers satisfactorily. We are enclosing herewith copies of folders that ought always to be found on your steamer."

DAILY REMINDERS

One never sees hats at Miss Power's, in the Boston block, like the hats one sees in other stores or at other milliners'. Miss Power's de luxe confections in millinery have no duplicates, but are made to suit the individual coloring, height, etc., of the purchaser.

Love is blind, so what's the use of wasting gas on it?

ELABORATE CEREMONIES ARE PLANNED

(Continued from page one)

the persons to whom the contract is awarded will be ready to begin work. It is expected that a large number of people will be in attendance, as such events always have been accompanied by considerable enthusiasm on the part of San Francisco people and visitors to the exposition grounds. Hawaiian quintets will be secured to furnish the necessary music, and all Honolulu residents visiting in San Francisco, as well as all friends of the islands, will be invited to be in attendance. The occasion will be marked with the singing of "Aloha Oe" and the Hawaiian anthem, "Hawaii Ponoi," and thousands of leis will be distributed among those present. Aside from Messrs. Hughes, Effinger and Taylor and Miss Effinger, Honoluluans in San Francisco will be asked to take prominent parts.

John A. Hughes, superintendent of Hawaii's building at the 1915 exposition.

At a meeting yesterday afternoon of the members of the Hawaii fair commission, plans were completed for the visit of Mr. Hughes and Mr. Effinger to the coast city, they having announced their proposed departure at that time. Both commissioners intend to do considerable boosting for Hawaii while away.

Immediately upon the arrival of Mr. Hughes in San Francisco, he will confer with Architect C. W. Dickey regarding the awarding of the contract

for the construction of the building in order that work may be started as soon after the first of next month as possible.

As a general rule," said Mr. Hughes this morning, "these bids rarely conform to the appropriations made or to the architect's calculations, and it is from this fact that it is necessary that somebody be on the grounds in order that the necessary parts can be eliminated so that the building may be within the amount of the appropriation.

"I feel that the \$30,000 appropriation for Hawaii's building cannot under any circumstances be increased. The time is well advanced now and there will have to be rapid progress made in order to have the building completed in time for the exposition. I expect to be in San Francisco two weeks. Business in Honolulu will not warrant my staying longer. I am planning to have a man there to represent the commission and who will keep the commission constantly posted on all matters pertaining to the erection of the building. I intend to take this matter up with the commission at its next meeting."

John Effinger, who leaves for the coast to conduct the groundbreaking ceremonies on Hawaii's building site.

In my own house we have made not only rugs such as the above but most attractive small rugs for the bathroom, using burlap instead of the monk's cloth and ornamenting them with a simple cross-stitch design worked in heavy yarn. The old carpet under them gives durability and keeps them from curling up. When the burlap wears out or becomes much soiled, it is a simple matter to take it off and put a new piece over the old foundation. These rugs cost very little, yet they are really a most attractive and practical invention.

Nearly 3 million young trees are being set out this spring on the national forests of northern Idaho and Montana. On the St. Joe national forest in Idaho three thousand acres will be planted.

M'BRIDE WILL APPEAR BEFORE JURY TOMORROW

"Service subpoena hereby accepted Will leave for Honolulu tomorrow. "M'BRIDE."

Claudius McBride, the Hilo attorney who, with Jeff McCarn, United States district attorney, recently was involved in an affair in the corridor of the federal building, which affair has called for investigations by the territory and the government, will arrive in Honolulu tomorrow morning to give his testimony before the federal grand jury which now is probing the matter. The foregoing wireless message was received from Mr. McBride by acting Marshal Harry Holt this morning, stating that the former will come to Honolulu on his own initiative.

Upon instructions from Special Assistant Alexander Lindsay, Jr., who is conducting the investigation of the McCarn-McBride affair before the grand jury, Acting Marshal Holt yesterday afternoon sent the following message to the Hilo attorney:

"Have subpoena your appearance federal grand jury 20th. Wire whether or not you accept service."

It was stated in the federal building this morning that the session of the grand jury tomorrow morning probably will be given over to hearing McBride's version of the affair.

Following the opening of the session this morning, Judge C. F. Clemens, in reply to a request from the jury, delivered a special charge to that body. Those witnesses called to testify this morning were Mrs. E. A. Cooper, Mrs. J. W. Thompson, wife of the assistant district attorney, Mrs. Lizzie Soares and Acting Marshal Holt. The jury adjourned at noon until 10 o'clock tomorrow morning.

ARMY TO LOOK INTO CASE OF FAKE ARREST

Army officials are interested in finding out why a man who impersonates an officer, and without authority arrests a soldier, is allowed to escape penalty for his actions by having his case not pressed. That is what happened when Joseph Guerrero, charged with carrying concealed weapons, appeared yesterday before Judge Monarrat, and a quiet investigation into the circumstances is being made from army headquarters.

Guerrero showed a "poney" star, pulled a gun, and arrested a man of the coast artillery in the neighborhood of the public baths. When the pair arrived at the police station positions were reversed, Guerrero being locked up, and the soldier released.

While there is no disposition on the part of army authorities to meddle with the civil courts, it is believed that soldiers should be properly protected, and Major-General W. H. Carter this morning instructed Captain E. K. Masse, department judge advocate, to make an investigation of the case.

RUGS MADE FROM A WORN CARPET

Take, let us say, two yards of dark green monk's cloth, 53 inches wide, and lay it smoothly down over a worn piece of carpet, sewing the selvage of the cloth to the selvage of the carpet—or, if the carpet has to be cut so that a selvage is impossible, whip the raw edge carefully before fastening the monk's cloth to it.

At the ends allow two inches of the cloth to extend beyond the edges of the carpet, which must be first whipped before they are fastened down. Then unravel the ends of the cloth—a particularly easy thing to do with monk's cloth—and in this way make a finishing fringe. If further ornamentation is desired a stenciled border may be painted on either end. Or a band of a lighter or darker shade than the color of the monk's cloth may be stitched on perfectly plain or applied in a conventional design.

Cook in a cool Kitchen

A good oil stove will do away with the swelter and discomfort of a blazing hot range. Get an oil stove this summer and do your kitchen work in comfort. The

New Perfection OIL COOK STOVE

does all that any wood or coal stove will do. It bakes, broils, roasts and toasts perfectly. The long chimneys concentrate the heat just under the utensils. It is not wasted or thrown out into the room. The New Perfection doesn't smoke or smell; doesn't taint the food. It burns kerosene, the clean, cheap fuel. Think of the comfort—no coal or wood to lug; no ashes to dirty the kitchen. Ask your dealer for the New Perfection.
