

### PAUL ISENBERG CANDIDATE FOR LEGISLATURE

(Continued from page one)

a candidate for this office at the hands of the Republican party dictated by any belief on my part that the candidate of that party, chosen at the primary, will not be successful at the polls. On the contrary, I believe a Republican nomination is equivalent to an election. It is needless for me to enter into detail on this subject. Suffice it to say that voters of all races, of all walks in life, of all parties, realize that the present financial and industrial blight which has settled on our fair islands can best be eradicated by the reestablishment and enforcement of Republican principles—by placing the administration of our affairs in the hands of the party whose success spells hope, not despair, prosperity, not ruin. I can not believe that the people of our city and our territory will do anything less than almost unanimously place on record their adherence to that party.

My determination not to be a candidate for mayor is based entirely on the condition of my health. My fear is that, should I be elected, I should, by reason of my health, be unable to give to the discharge of the duties of the office the attention that office deserves, but in so far as I am able to do so, I am going to give to the Republican candidate for mayor, whoever he may be, my heartiest support.

However, I willingly have consented to become a candidate for representative from the fourth district, and ask the support of the voters of that district. It is needless to say that, if elected, I will devote my best efforts to the work as I have done in the past, in political offices held by me.

Respectfully,  
PAUL R. ISENBERG.

"Does your mother allow you to have two pieces of pie, Willie?" asked his hostess. "No, ma'am." "Well, do you think she would like you to have two pieces here?" "Oh, she wouldn't care," said Willie confidently. "This isn't her pie."  
"Henpeckle hasn't spoken to his wife in over a year." "Doesn't like to interrupt her, eh?"

### MOANA VALLEY AGAIN ASKING BOARD ACTION

(Continued from page one)

street dance hall, an application for which was disallowed by the board of supervisors a few weeks ago, on the recommendation of the dance hall inspectors.

A communication will be taken up by the board of supervisors late this afternoon, asking that it reconsider its decision and grant the license.

The proposition of improving Putwa, Laina and Parks roads of Nuuanu valley, under the provision of the direct frontage tax statutes, met with difficulties at a noon meeting of the board of supervisors today, and the difficulties were regarded as so fatal to the proposed project, as it stands now, that the board decided to discontinue the meeting, and let the project be started anew.

Judge A. A. Wilder appeared before the supervisors as a property owner on Putwa road, and pointed out a technical error made in creating the improvement district. He stated that in the same district a new and an old road were to be improved, the old one to be widened. As this work was to be done under a direct frontage tax statute, an error had been made in grouping the improvement of Putwa and Park roads together he said, for the Park road work, he contended, must be done under one statute, it being a newly acquired thoroughfare and Putwa under the other.

P. L. Weaver, first deputy city and county attorney, agreed with Judge Wilder on this point, and on his suggestion the hearing was discontinued. It was stated that if the work is to be undertaken again, separate improvement districts will be created.

Best Examiner—Now speak up, boy. Do you now what nasal organ means? Boy—No, sir. Examiner—Correct!—London Opinion.

Willie—Paw, what is an suburban-haired lady? Paw—A read-headed woman who has money, my son.—Cincinnati Enquirer.

### BETAS TO MEET DR. SHEPARDSON OF CHICAGO 'U'

Resident members of Beta Theta Pi college fraternity will entertain tomorrow the general secretary of the fraternity, Dr. Francis Wayland Shepardson of the University of Chicago, who will arrive on the Manchuria. Dr. Shepardson is a distinguished educator, a member of the department of history faculty. He passed through Honolulu on his way to the Orient some months ago. He has been delivering lectures in the Philippines.

The principal feature of tomorrow's entertainment will be an informal dinner given at the Moana hotel at 6 o'clock in the evening. There are about 15 Betas in and near Honolulu. The committee in charge wishes to extend an invitation to any Betas in the city to attend the dinner tomorrow and meet Dr. Shepardson.

### BARGAIN SALE IN BOOKS WILL CLOSE TONIGHT

This is the last day of the price-slashing sale at the Crossroads Bookshop and those who have not availed themselves of some of the wonderful bargains being offered should not overlook the opportunity too long.

For the benefit of the reading public the Crossroads Bookshop will remain open tonight and an effort will be made to close out the entire stock.

A casual glance will reveal the many bargains being offered in latest fiction of the day, also in the classics.

Under the benign democratic rule in the Philippines the interest in baseball is waning and cockfighting has been re-established as the popular pastime of the natives. Another sign, we suppose, that the Filipinos are rapidly making themselves capable of self-government.—Springfield Republican.

### NEW ZEALAND AS MARKET FOR THE ISLAND PRODUCTS

Pineapple, Possibly Coffee, to Be Shipped to Southern Continent

A new market for Hawaiian pineapple and the possibility of a new market for Hawaiian coffee are assured by arrangements made in Honolulu this week between G. L. H. Cunningham, a retired business man of Pledmington, New Zealand, and T. H. Davies & Co., representing local product firms.

Mr. Cunningham arrived on the Makura to spend several months here, having been attracted by the climate and the beauty of Hawaii. Though he has retired from active business, he still has large holdings in several firms and among them the Gregg Company, manufacturers and importers of Dunedin, N. Z.

"I was so struck with the splendid Hawaiian pineapples that I have already made arrangements for Davies & Co. to send some to the Gregg Company in New Zealand," said Cunningham this morning. "We know nothing of the Hawaiian pine down there—what we get is the Singapore fruit, which is stringier and not so sweet as your fruit. The Gregg Company carries absolutely nothing but best-quality goods and I know the Hawaiian pineapple will become popular. A big market can be developed in New Zealand."

"I am having a small sample of Hawaiian coffee sent on and it may also find a good market, in which case we shall call for more."

Cunningham is planning now to return home much earlier than he expected, to campaign on behalf of a friend who is running in his district. A cablegram asking his help in the fight before the general elections is responsible for his decision.

He praises the present government. "Though it is called conservative, it is much more liberal than its predecessor, particularly in the matter of the graduated and income taxes," he says. "The tax is being forced and the wealthy people must pay where formerly they escaped with a slight tax. The government handled the strike with such firmness and good results that when we wanted to float a big loan in the home market shortly after it was five times oversubscribed, showing the confidence of the big investors."

Cunningham, who is a guest at the Pleasanton Hotel, says that he is charmed with Honolulu. "I had a fine ride around the island," he says, "and your climate and everything are wonderful. But I notice that in some parts of the city the mosquitoes are bad. You should fight against these."

He was a fellow-passenger on the Makura with Fred L. Waldron, former chairman of the Promotion Committee, and says he found Mr. Waldron a great booster for Honolulu.

### POLICE STINGS

An inmate of the territorial insane asylum since May 19 of this year, Haeisaku Kubo, a Japanese plantation laborer, aged 26 years, brought to this city from Paaulo, Hawaii, this morning took his life by hanging. Attendants at the institution found the lifeless body of the Japanese suspended from a rafter in a toilet. The demented man had employed the cord that served as a girdle for his kimono in effecting strangulation. Coroner Julius Asch was called and took possession of the body. He empaneled a jury who met this morning and rendered a verdict of death by strangulation.

Special Officer Chilton will swear out a warrant for the arrest of D. P. McGregor, who is alleged by the police to have driven automobile number 1602 in a heedless and reckless manner, causing an accident that sent L. K. Smith to the hospital suffering from a series of bruises and injuries.

Chilton charges that McGregor was under the influence of liquor while in charge of the car that sped down Kalakua avenue at a late hour last night and collided with car 822.

Pending the recovery of Smith, no charge this morning had been filed against McGregor.

Captain Duke Kahanamoku took a quiet stroll in the vicinity of the notorious "O. K." block this morning and before returning to central police station had placed 12 Hawaiians and Japanese under arrest charged with being present at a place where gambling was being conducted. The defendants were lined up before District Magistrate Monsarrat this morning, and, entering a plea of guilty, were called upon to pay a fine of \$5, the magistrate remitting court costs.

Sheriff Charles Ross has been asked to locate Dewitt C. Dixon, who is stated by his mother residing at Piedmont, Calif., to have last written home on May 5. Dixon is said to be an expert automobile repair man. He is wanted at home.

Louis Florloff, charged with burglary in the first degree, appeared before Judge Robinson of the circuit court this morning and entered a plea of guilty to the indictment against him, and received a sentence of not less than six months' imprisonment.

### J. L. COKE NOT CANDIDATE FOR U. S. ATTORNEY

(Continued from page one)

the United States district attorneyship was stamped by Coke this morning as news to him and probably news without foundation.

"I don't know anything about it—I am not a candidate for any office—and furthermore there's no vacancy in the district attorney's office. If I go to Washington, you may be absolutely sure of one thing, and that is that my trip is not for the purpose of promoting my prospects for any office," declared the senator today.

The rumor of yesterday was partly based on the other rumor that District Attorney McCarran would present or had presented his resignation to the department of justice, following his second indictment in connection with the McBride affray. A cablegram published in the second edition of the Star-Bulletin yesterday afternoon carried the news from Washington that McCarran had not signed.

"Certainly if any friends of mine are urging me for the district attorneyship I have not been consulted," said Coke today. "I was in the race and was not appointed. That settles it as far as I am concerned under the present circumstances."

Senator Coke will sail on the Matsonia next Wednesday. He will arrive in San Francisco on the morning of July 7 and will be one of the principal speakers at the Hawaii exposition building exercises. Then he will leave for Denver to attend the Elks' convention as delegate from the Honolulu lodge, No. 616. He will boost Hawaii while at the convention, having secured 350 yellow leis and a quantity of kukui nuts carved by the prisoners at the jail, to be given away as souvenirs. Mrs. Cooke will accompany him to San Francisco and will probably visit on the coast while her husband goes to Denver and possibly to New York.

### BROWN CLAIMS TO HAVE SOLUTION OF BIG DISCREPANCY

[Special Star-Bulletin Correspondence]  
HILO, June 26.—Ben Brown, deputy in the county auditor's office, has nearly achieved what H. Gooding Field and Special Auditor Spencer in the county auditor's office, have so practically proved the verity of R. W. Breckons' assertion of two weeks ago—that the accounts of the county treasurer's and auditor's office could be made to tally. Field's figure of more than \$2500, and which later was boosted to more than \$3000, as the difference between the books in the two offices, has been reduced by Brown to \$17.48.

It will be remembered that Breckons declared the huge discrepancy which H. Gooding Field could not account for, ought to be and could be cleared up. Accordingly on his last visit to Hilo he enlisted the interest of Brown and set him at the job of comparing the records item by item. For more than two weeks Brown has labored indefatigably until he attained this week what practically amounts to success.

He says he also has found, in the course of his work, a number of discrepancies in Field's report. Among these are 103 warrants, listed by Field as redeemed on March 31, 1913, which as a matter of fact were still outstanding on that date. Brown's report to William Williamson, of the investigation commission, is as follows:

"Mr. Breckons left with me a copy of your letter to him, and in reply I am enclosing herewith lists of outstanding warrants which Mr. Gooding Field in his report classed as redeemed warrants.

"These warrants, I have found, were deemed by the treasurer at a later date than March 31, 1913. I do not understand why Mr. Gooding Field called these redeemed warrants.

"Taking it for granted that Mr. Field's figures of May 25, 1914, are correct, I find that he has charged this office with the amount of \$3,163,089.41, adding on the amount of interest which is \$1,577.10 makes the amount disbursed by this office \$3,184,666.51. He has also reported that he has found that the amount of \$18,981.48 is still outstanding, but according to these lists I am sending you, you will find that I have discovered that there are still \$4,332.96 outstanding besides that already listed. Deduct therefrom the amount of \$186.75, same being redeemed warrants but classed outstanding by Mr. Field, making the total outstanding warrants—\$23,127.67.

"You will find by these figures that the discrepancy between the two offices will be only \$17.48. Even with the finding of these figures, I am not yet satisfied with the results and having no further time to spend on this matter at present, I shall have to lay it aside until my office work is done."

### SUGAR

SAN FRANCISCO, June 27.—Beets: 82 analysis, 9s 2/4d. Parity, 3.50 cents. Previous quotation, 0s 2/4d.

Hawaiian Lodge, No. 21, F. & A. M., will hold a special meeting in the Masonic Temple tonight. Work in the third degree.

The man people will look at most, as he goes up the gangplank, will be wearing an ALFRED BENJAMIN SUIT (\$25 to \$30); a BEVATT Hat (\$3.50 and \$5); a GOTHAM Shirt (\$1.50); an ARROW Collar (2 for 25c); a 4-inch hand Tie that cost \$1, and a pair of Phoenix Sox (50c)

All of which he bought at—

### The CLARION

The Satisfied Smile of the Summer Man

"Right in the neck—inside and out. No saw edge, no cracking, no wrinkles. Just a dandy round edge that is perfectly comfortable and a finish that no other laundry has ever equaled. One collar like the other and you couldn't pry me loose from the French Laundry and the service they give me."

How about you?  
We want our wagon to stop at your house, too. Do you? Then phone 1491.
