NEW COMMUNITY HOUSE OPENED AT MAKAWAO

Paia Union Church Successful After Working On Plans for Last Eighteen Months

[Special Star-Bulletin Correspondence] WAILUKU, Maui, Nov. 12.—The opening of the Makawao community house last Saturday was attended by almost 400 persons. The evening was a glorious one and Maui from all parts of the central portion of the island turned out en masse to celebrate the auspicious beginning of the first community house in connection with any Maui church.

For over a year the committee of the Paia Union church has been working hard and steadily on the plans for the new building and its completion. Clarence G. White of Haiku is the real father of the community house plan. He proposed the idea which immediately "took," and at a subsequent meeting of the church a strong committee was appointed with power to raise the necessary funds to complete the building. That committee consisted of Clarence G. White, Harold W. Rice, D. C. Lindsay, Mrs. H. P. Baldwin and Rev. A. Craig Bowditch, the minister. Many meetings were held, and at the opening Saturday evening all Maui was delighted with the results of the hard, persistent efforts of the committee. One of the best finished frame structures on Maui now stands forth in the Makawao community house.

Built just below the church edifice and a little in the rear of the church, the main building faces the road to Makawao, while the annex joins the rear of the building and runs parallel toward the rear of the church. The main building is 90 by 40, with a large entrance off which is a commodious cloak room. This room will seat comfortably 300 people. Folding chairs, built in pairs, furnish this room. There is a large stage at the rear, which will accommodate 25 or 30 persons at one time. Below the stage is a suite of dressing rooms, the approach to which is from the hallway of the annex.

The second portion of the community house is 28 feet wide and 62 in length. The large dining-room is fitted out with sliding doors that can be easily turned into three good-sized class-rooms for Sunday school work. A kitchen forms a part of the annex, and that, together with the dressing rooms under the stage, is completely fitted with the best plumbing. The building is electric lighted throughout, and a natural light finish makes the lighting a great success. Fine large windows give excellent ventilation. The broad veranda of the smaller part of the building adds greatly to the comfort and convenience of the whole plant.

The cost of the community house was in the neighborhood of \$5000 exclusive of the furnishings. Under the direction of Mrs. Louise Chisholm James a "Gypsy Congregation" was put on for the opening entertainment. The work was cleverly gotten up from start to finish. Miss Mary E. Hoffman was the pianist and Kenney Smith the violinist. Among those who took part in the performance were Mrs. Geo. Steel, Miss Mary Couch, Mrs. W. S. Beaman, Miss Armin von Tempy, Mrs. D. H. Cass, Mrs. J. C. Fitzgerald, Miss Ina Woodhouse, Messrs. Frank Burns, D. C. Lindsay, Harry Washburn Baldwin, David Rattray, F. P. Rosecrans, Mrs. Jones, Miss Wodehouse, Mr. Rattray and Harry Baldwin took prominent parts in the musical program. The staging of the Gypsies was most effective, and all the dancing was artistic and the singing very attractive. The fair and sale were most successful. Ice cream and cake were served in the dining-rooms. Between \$600 and \$700 was cleared for the Ladies' Aid Society of the church.

LONDON, Eng., Nov. 17.—Despatches from Petrograd to the Glomal D'Italia at Rome report that the Russian advance on Cracow was in overwhelming force.

This report says the Russians brushed aside all opposition until they reached Cracow, which was immediately attacked from the northeast.

Petrograd announces officially that the Austrians attempted a sortie from Przemysl, which was defeated, the defenders of the fortress being compelled to retire to the shelter of their guns.

The Petrograd announcement says that fighting in Poland continues along the front, between Plock, Lentschita and Oureioff, and that at Stalluponen, in northern East Prussia, the German offensive failed and the Russians are advancing.

Further south Petrograd reports the invasion of East Prussia progressing, with a battle raging between Soldau and Neidenburg.

INDIANS DEFEAT TURKS AT FAO.

LONDON, Eng., Nov. 17.—The war office announces that since the occupation of Fao by the British Indian forces the Turks have been defeated in two engagements, one on the 11th and one on the 14th.

Hard fighting took place in both these actions, the British losses being slight, while many prisoners and guns were captured. Five officers and four non-commissioned officers have been awarded the Victoria Cross for valor in battle.

C., Nov. 17.—The Portuguese government yesterday notified the state department that it had been decided to discontinue the postal money order service branch of its post-office department, and that hereafter, until further notice, no postal money orders will be received from the United States or sent to this country. The high rate on money now prevailing in Portugal is the reason given for this step.

M'KENNIE DENIES ALIENS ARE HARSHLY TREATED.

LONDON, Eng., Nov. 17.—Secretary McKennie, at the home office, addressing the house of commons yesterday, denied that Great Britain was harshly exercising its right to imprison alien enemies.

ACID STOMACHS ARE DANGEROUS

Nine-tenths of All Stomach Trouble Said to Be Due to Acidity. A Physician's Advice on Cause and Cure.

A famous physician whose successful researches into the cause and cure of stomach and intestinal diseases have earned for him an international reputation, said in the course of a recent lecture that nearly all intestinal troubles, as well as many diseases of the vital organs, were directly traceable to a deranged condition of the stomach which in turn was due nine times out of ten to excessive acidity, commonly termed sour stomach or heartburn, which not only irritated and inflamed the delicate lining of the stomach, but also set up gastritis and stomach ulcers. It is interesting to note that he condemns the use of patent medicines as well as of medical treatment for the stomach, stating that he and his colleagues have secured remarkable results by the use of ordinary bisaturated magnesia, which, by neutralizing the acidity of the food, removes the source of the trouble. He contends that it is as foolish to treat the stomach itself as it would be for a man who stepped on a tack to rub liniment on the foot without first removing the tack. Remove the tack and the foot will heal itself—neutralize the acid and stomach troubles will disappear. Irritating medicines and medical treatments are useless, so long as the contents of the stomach remain acid; remove the acidity, and here will be no need for medicine—the inflamed lining of the stomach will then heal itself. Sufferers from acidity, sour stomach or heartburn should get a small bottle of bisaturated magnesia from their druggist, and take a teaspoonful in a quarter of a glass of hot or cold water after meals, repeating in fifteen minutes, of necessity, this being the dose which the doctor has found most efficacious in all cases.
