## GARRISON DECLARES AEROPLANES LITTLE USE IN OFFENSIVE WARFARE

### Forty Million Dollars Is Estimated to Complete Plans for U. S. Defense

[Associated Press by Fed. Wireless.] WASHINGTON, D. C., Feb. 19.—Secretary of War Garrison, who appeared before the house appropriation committee yesterday, in the interest of one of the army appropriation bills, said that the results of the war being fought out in Europe have already demonstrated the fact that the aeroplane as a part of army equipment was of the greatest value for scouting, but as an aid to offensive warfare was of little use.

## KNIGHTS OF COLUMBUS FROM MANY PARTS OF UNITED STATES COMING

Knights of Columbus from all over the United States will come to Hawaii on the special excursion from San Francisco next summer, according to a letter to the Star-Bulletin from Oscar Ems, president of the Ems-Hall Tours company. This company now has full charge of the excursion, which is to be made on the Oceanic liner Sierra. Ems says that Knights are looking from Denver, Chicago, New York and other cities and at the time he wrote the passenger accommodations were nearly all taken.

Eighteen men were bitten by a mad dog in the residential section of Jersey City.

by the Allies against the German positions and German depots and air-sheds. The value of the automobile as a means of transportation for troops, munitions and supplies, and as a means of transporting the wounded from the field to hospitals, had been demonstrated thoroughly, he said, and automobile transportation has been shown as most important.

Referring to the coast defenses of the country, the secretary of war said that the nation "should place guns of sufficient range where they are needed and do it as soon as possible. There is no occasion for scattering big guns over the continent, however," he said. The guns necessary for the present plans of coast defense, he said, are now ninety-one per cent provided, but to complete the fortification plans will call for the expenditure of forty million dollars.

## CARRANZA STILL HOLDS MEXICO CITY IS REPORT

[Associated Press by Fed. Wireless.] WASHINGTON, D. C., Feb. 19.—An official dispatch to the state department from the City of Mexico yesterday, announcing the evacuation of the Mexican capital by the Carranza forces and the entry into the city by General Zapata, at the head of a strong force, was last night contradicted by the Mexican consulate at San Antonio, the incumbent of which is a Carranza representative.

## A CHILD'S LAXATIVE IS "SYRUP OF FIGS"

They love to take it and it doesn't harm the tender little stomach, liver and bowels.

Your little one's stomach is clogged, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally, if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well-playful child again.

Sick children need to be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

## MOTOR-CAR IN PEKING

[Associated Press] PEKING, China.—The motorcar has at last come to Peking, taking the place with Chinese officials of the old Peking cart. Only a few poorer Manchurian families now ride in the cart, but the late regime dared to be. Pictorial sequences has gone, for the modern motorcar does not permit the return of robed outriders and little long-maned Mongol ponies. Only the president's motorcar is now escorted by mounted men, and they wear modern military uniforms. The escorts of other officials ride on the rooftops of the motorcars. On the occasion of the recent visit of a prominent general to Peking these escorts carried revolvers in their hands.

## Fort Shafter Notes

[Special Star-Bulletin Correspondence] FORT SHAFTER, Feb. 19.—The general court martial, of which Maj. Smith is president and Lieut. Wright judge advocate, was in session yesterday engaged in the trial of Pvt. Karl, Company H, 2nd Infantry, charged with absent without leave and with assault with intent to commit bodily harm on Cook Paulsen of the same company. Pvt. McKeever of Company I also appeared before the court charged with the disobedience of the directions of a corporal in his company and with the more serious offense of disobedience of orders of his company commander, Capt. C. B. Parker when directed to change uniform and turn out for drill with his company. McKeever, at the time the offenses were alleged to have occurred, was a prisoner in the post guard house and as such required to attend drills with his organization.

The recruit detachment that arrived by the Thomas is still in a quarantine camp at the eastern edge of the cantonment section of the post. The detachment has been made very comfortable as regards tentage and mess arrangements. The latter has been especially well looked out for since the school for cooks is in charge of the detachment mess and as the head of the cooking school is one of the most accomplished cooks and administrators in the service the new men are especially fortunate in that they do not have to depend upon their own efforts in preparing meals. The detachment will be retained in their present camp until all danger of infecting others of the command with measles shall have passed. In consequence the 2nd Infantry will turn out for the Washington's Birthday parade in the city without the new men and without the noncommissioned officers and officers on duty with the recruits as instructors.

Fort Shafter will send a large delegation to the military and naval ball to be given by the Carnival management on Saturday night for the men and their families and friends. Sales of tickets for the various events of Carnival week through the medium of company commanders have been large and the fact that the directors of the Carnival are making the men in a large measure the honored guests of the town is much appreciated. The post commander will, it is expected, so arrange duties at the post that all of the men will have abundant opportunity to take in the fun and amusements offered during the festive time. The athletic committee has postponed all games of ball in the post league for the coming week as the athletes will be busy with the tournament preliminaries and final day.

The post graduate class will go out tomorrow under the direction of Maj. Williams for a tactical ride. The second of company, under the problem will be the vicinity of Koko Head and Kuapa points. The officers will make the trip in the points named in machines and will later work out the situations on foot.

Wireless.] SEATTLE, Wash., Feb. 19.—Another of the long sought for suspects in the Los Angeles Times dynamiting outrage, in the person of David Caplan, was arrested yesterday at Bainbridge Island, a few miles from here, on the request of the manager of the local branch of the National Detective Bureau. The authorities have been on Caplan's trail since 1914.

## 'HANDS-OFF' IN JAPAN-CHINESE CONTROVERSY WILL BE U. S. POLICY

### Ex-War Secretary Dickerson Asserts No Danger of U. S. Being Involved in Far East

[Associated Press by Fed. Wireless.] WASHINGTON, D. C., Feb. 19.—While the officials of the state department are studying the text of the Japanese demands upon China, as forwarded from Peking by Minister Rehnach, having been handed to him by the Japanese minister to China, E. Holki, the feeling is being expressed that the United States should be slow in taking any part.

Leaders in the house of representatives, representing both parties, yesterday reached an agreement to oppose any interference on the part of

the United States in the Japanese-Chinese controversy. An echo of the situation developing in the Orient and the talk of possible complications there in which America might be involved, came last night in the report of the speech made at Chicago by former Secretary of War Dickerson.

He stated that he did not now and never had believed that war between the United States and Japan was at all likely, and he had never based his arguments for a strengthening of the army and navy upon the belief that the peace of America in the Pacific was threatened.

He believed while secretary of war, and he believes now, however, that the army and navy need strengthening, particularly the army.

## CHINA GRANTS MONEY

[Associated Press] PEKING, China.—The Chinese government has granted the sum of \$50,000 to the heirs of Bert R. Hicks of Oskosh, Wisconsin, and to Albert N. Sheldon and Philip Hoffman. These Americans were teachers in the Chinese College at Chentu in the interior province of Szechwan, and while on a journey down the Yangtze River were attacked by river pirates. Hicks was killed, Sheldon permanently and Hoffman slightly injured. Twenty-five thousand dollars goes to the heirs of Hicks, \$20,000 to Sheldon and \$5,000 to Hoffman, who is now back again teaching in Chentu. The Chinese government has paid this compensation in order to demonstrate its intention to protect foreigners who accept positions under it and come to China.

[Associated Press by Fed. Wireless.] LONDON, Eng., Feb. 19.—Lord Grey, secretary of state for foreign affairs, was asked yesterday in the house of commons to supply the members with the text of the demands made upon the government of China by Tokio. The foreign secretary, in reply, stated that he could not give out for publication the information requested, as it was confidential for the present.
