Offering splendid opportunities for the men and boys to invest summer vacation time in a profitable and interesting way, the summer term of the Y. M. C. A. night school will open on Monday, April 5. Although this term of school will be a regular study in all of the subjects, there is a chance for a student to enter one of the special classes for new students have already enrolled.

**VACATION DAYS ARE OVER FOR PUNAKOU PUPILS**

Received Star Bulletin Correspondence: PUNAKOU, April 3. Vacation is over at Punakou school as on Monday morning a rain of 12 o'clock was the regular routine. There have been many sunny and pleasant days in which to rest and enjoy the school to their studies and duties with renewed zest and energy.

There have been many parties, social trips and many Punakou pupils have been seen on the beach each day. From all appearances it would seem to have been a jolly week for the boys and girls.

**CONGREGATIONAL LEPER MISSION DOES GOOD WORK**

In a sermon on the question of Christianizing the world, Dr. Alford at the First Congregational church, San Francisco, made the following reference to the Congregational mission at the leper settlement on Moikakai.

"The simple fact is, I come back to you again and again you do not know what is being done and we do not know how to get the knowledge to you. What, for instance, do you know of our work among the lepers? All the world has heard of Father Damien, the Roman Catholic priest who lived and died among the lepers of Moikakai. He had the good fortune to be blessed by a bigot, and the greater good fortune to find a champion in Robert Louis Stevenson. This gave him immortality. Yes, but seven years before Damien began his work our Congregational church was organized among the lepers of Moikakai. This church has been in existence since 1865. The present building, now dilapidated and inadequate to the work, was built in the heart of the leper village 45 years ago. Our minister there is not a leper—he may become one. This Congregational church ministers to the larger portion of that dreadful community.

"This is the modern missionary and these are modern missionary methods. Pioneer or physician, surgeon or statesman, preacher of righteousness or president of a university, superintendent of instruction for a province or a nation, or emergency head of famine relief, or war hospital, his science and his skill consecrated to the service of humanity for the love of the one God and Father of us all, the modern missionary pledges the future to the Christianization of the world."

**SATURDAY, THE DAY OF SILENCE AND SORROW**

The Watch at the Tomb

Now on the morrow, which is the day after the preparation, the chief priests and the Pharisees were gathered together unto Pilate, saying: "Sir, we remember that the deceiver said while he was yet alive, 'After three days I rise again.' Command, therefore, that the sepulchre be made sure until the third day, lest his disciples come and steal him away, and say unto the people, 'He is risen from the dead,' and the last error will be worse than the first."

Pilate said unto them, "Ye have a guard; go, make it as sure as you can."

So they went and made the sepulchre sure, sealing the stone, the guard being with them.

**HOLY WEEK NOONDAY MEETINGS GREAT SUCCESS**

The Holy Week noonday meetings, which have been conducted by the Church Federation, the Y. M. C. A. and the Y. W. C. **loha Guide**

(By F. Schnack)

With information, both general and statistical, assembled in any previous publication. Answer accurately almost any question that can be asked of Honolulu or any island of the group. It is often desirable to those who do not wish to burden themselves with the care of their estates, or who may be traveling abroad, to trust their property, or a portion thereof, during lifetime. Thus they may be assured of an income for life, or the income may be distributed among others, as desired.

**AS GUARDIAN.**  
 When a person has become mentally incapable of managing his affairs, a guardian is appointed by the Equity Court, whose duty it is to conserve the property, collect the income and disburse it under order of court for the proper expenses for the care of himself and the support of those dependent upon him.

**AS REGISTRAR OF CORPORATE STOCK.**  
 By the appointment of a responsible trust company as Registrar, it ascertains that the stock is issued by proper authority, certifies, records and cancels certificates of stock, and thereby affords protection to the corporation, the stockholders and all others.
