SACCHETTI BACK IN OPERA TONIGHT

Renunciation scene in "La Favorita," which will be produced for the last time tonight at the Bijou theater by the Bevani company. In this picture Sacchetti is seen as Ferdinand, and Mme. Vergeri as Leonora, renouncing the world and their love for each other.

Sr. Umberto Sacchetti, the tenor with the Bevani Grand Opera Company, will return to the cast tonight after four nights' absence, and will sing the fine role of "Ferdinand" in the last production of Donizetti's great work, "La Favorita." The dramatic and musical possibilities for this are unusually fine and with Sacchetti singing Ferdinand and Mme. Vergeri singing Leonora, the audience is assured of a grand opera treat.

Last night the production was "La Traviata," in which the story of Camille is told in a slightly different form and of course with the musical setting which transforms and embellishes it wonderfully.

The performance last night was well done, the artists sharing honors. Sr. Cavadore scored in the tenor role of Alfredo while Mme. Sanborn as Violetta sang and acted well.

Tomorrow afternoon "Il Trovatore" will be the matinee bill and "La Traviata" will be given again tomorrow night.

'THE AMAZONS' BRINGING OUT STRONG TALENT

"The Amazons," to be given in Honolulu next week by the Footlights Honolulu's one dramatic club, is fast pulling around into shape. Although Mrs. Francis R. Day, president of the club and one of the directors, has found it necessary to leave the islands temporarily, Will Lewers has taken in hand the directing of the thespians. Direct, he does, and just as he was directed in his long training in the East and he is getting the proper results.

This is the initial appearance of Mrs. Walter Dillingham, who is playing the lead, as Lady Noeline. Her histrionic ability has never been doubted and those who have kept in touch with the rehearsals predict for her a huge success. Lady Noeline will be portrayed by Miss Margaret Center and her past successes before the footlights speak for themselves. Playing opposite L. Young Corretthers, Miss Center has a very pretty solo, with guitar accompaniment, which should make a big hit. Miss Cunningham, as the third daughter, plays her part very well and altogether it is expected that the performance will go through without a hitch. Tickets on sale at the Territorial Messenger Service are selling rapidly for the first performance, which will take place at the Hawaiian Opera House on Wednesday, April 28.

M'KINLEY HIGH SCHOOL TO PUT ON GOOD COMEDY

Members of the McKinley High School Dramatic Club have been working hard for the last two months on their play, which will be presented in the big school auditorium April 30. The faculty has come to their aid and, judging by the last rehearsal, a treat is in store for the audience. There is a feeling among the students that this is going to be the best thing ever presented on the boards by any high school amateur dramatic club—in Honolulu at least. Everyone is enthusiastic, and the promoters give assurances that "A Dramatic Evening," as the farce comedy is called, will prove interesting, pleasing and amusing.

Glady's Traut is leading lady, and in rehearsals she has shown a great deal of dramatic ability. The cast includes the Misses E. Kahn, Georgia Armstrong and Madeline Smith, and Messrs. Alfred Bush, E. Chillingworth, C. Melm and L. C. Bush.

SPORTS FILMS AT THE EMPIRE

Swimmers from all over the United States and Canada, gathered at Indianapolis, made one of the most successful meetings held in recent years. Many of the principal contestants are featured in a series of pictures to be shown at the Empire theater today. In addition to an attempt made to lower existing mile and shorter distance records, exhibitions of high and fancy diving are shown. A power boat in the act of smashing all former records over a 50-mile course on Lake George, New York, will be seen dashing across the screen at more than 30 miles an hour. When Greece took over the old battleship Mississipp and renamed it before placing it into service, the camera caught the ceremonial of transfer. The program of world's events include the opening of the new shipping canal connecting Cape Cod Narrows and Buzzard by on the Massachusetts coast.

"Romantic Josie," is a new two-reel farce comedy starring Josie Sadler, Billy Quirk and Ellille Jensen, in Kenneth Webb's successful production. A much pre-occupied young lady is seen in all sorts of trouble when she takes over the domestic cares of a large household. A splendid western comedy is called "Snakeville's New Waitress." A story of stage-life is told by the camera in Fred A. Kumbler's comedy, "Barry O'Moore in the Adventures of an Absent-Minded Professor."

'ARISTOCRACY' IS AN INSTANT HIT

"Aristocracy" at Ye Liberty theater brought out Honolulu's best last night. It set a new mark for the big theater. Ye Liberty is always doing things. The great Paramount Famous-Players feature was all that was claimed and the large audience fell for it in warmest approval.

The play deals with the ever-existing snobs of the elite of London and New York. The manner in which Tyrone Power, as Stockton, the railway magnate, brings his wife and daughter into society, despite the fact that he was without ancestral right of entry into the smart set, held the eyes of the audience fixed upon the screen until the final happy ending. Those who were fortunate to see this play

last night will not wonder at the storm of criticism that was accorded this film both in Europe and America. It covers true conditions of present-day life in international society and no better persons than Tyrone Power and Edna Mayo can be found to portray the story by Bronson Howard, the author.

The fourteenth episode of "The Million Dollar Mystery," "Tracked by the Secret Service," is most exciting. As this serial is nearing the close, keen interest grows more intense.

A Pathe Weekly, "Up-to-the-Minute," completes the splendid program which continues tonight and tomorrow night, with a matinee tomorrow afternoon.

Honolulu residents are indiscriminating and too ready to give to funds and subscription lists which have not been investigated, complains Raymond C. Brown, secretary of the Chamber of Commerce. Mr. Brown declares that even chamber members in many cases ignore the fact that that organization has a committee on charities and social welfare which gladly investigates all propositions advanced by canvassers.

'SYRUP OF FIGS' FOR CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste, and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile, and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach ache, diarrhoea, indigestion, colic—remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by the "California Fig Syrup Company."—advertisement.

WARNS GERMANY OF RUSSIA'S STRENGTH

[By Latest Mail]
AMSTERDAM, via London.—Professor Vogt, a well known German authority on Russian affairs, warns Germany in the Vorwaerts that "it will take a long time, great energy and patience and many victories to gain headway against this new Russia."

Answering the frequently heard question concerning how long Russia can fight, Professor Vogt says: "Russia's offensive powers have hardly been touched. Her staying powers are enormous. Her army has done magnificent work, while the Russian financial and economic position has seldom been better."

OSTEOPATHY

From its name, it might be inferred that Osteopathy deals only with the adjustments of the bones. This idea is erroneous. Muscles, ligaments and various organs are dealt with in regard to position, relation and size. Osteopathy is not Massage, but a drugless method of removing the cause of the disease by careful readjustment, thereby establishing structural harmony.
