

NEW MAJOR FOR SHAFER COMES FROM 27TH INF.

Maj. W. R. Dashiell Now On Duty at War College—Arrives in July

[Special Star-Bulletin Correspondence]
 PORT SHAFER, May 4.—Maj. William R. Dashiell is the new field officer of the 2d Infantry, taking the vacancy caused by the promotion of Lieut.-Col. E. Y. Smith. Maj. Dashiell comes to the 2d from the 27th Infantry, but is at present on duty at the war college at Washington. He will not be due to arrive at Fort Shafter until some time in July, as he will not be relieved from his present duty until June 30. Maj. Dashiell is a graduate of the military academy of the class of '88, and served first in the 8th Infantry and later as a second lieutenant in the 17th, transferring to the 8th for a brief tour. He was promoted to first lieutenant in the 24th and also to captain in the same regiment. He attained his majority in 1911 and his rank will make him the second ranking battalion commander in his new regiment.

Late orders from Washington announce that Capt. R. M. Culler, lately at Fort Mackenzie, will be stationed at Fort Robinson, Wyo., instead of at orders in his case. Fort Mackenzie is at present without a garrison other than a caretaking detachment, but it is the home station of the 18th Infantry, now on the border, and it is thought that Capt. Culler's change in orders will mean that he is to join the 18th for field duty.

Upon the recommendation of the commanding officer of Company C, 2d Infantry, Pvt. Bert Foster has been appointed to be corporal vice Fisher, reduced, and Pvt. Sherman Anderson has been appointed corporal vice Glidewell, reduced. In Company L, Cpl. Raymond Sprull has been promoted to be sergeant vice Dare discharged, and Lance Cpl. Joseph Lobkovich has been appointed corporal vice Sprull, promoted.

Capt. J. C. Kay, now at Fort Shafter, but under orders to proceed to the mainland for duty by detail in the quartermaster department, was yesterday in receipt of a cablegram from Maj. Marquart informing him that his new station will be Fort Roccaean, Cal. The post is at San Diego and Capt. and Mrs. Kay are receiving the congratulations of their friends on the choice post that has fallen to their lot.

SURGICAL MAGNETS

PARIS, May 4.—In the hospitals of France magnets have been developed that will draw fragments of shrapnel to the surface from a depth in the flesh of even six inches, and steel-jacketed bullets have been drawn out from a depth of more than two inches. At the Invalids' Hotel in Buffalo, N. Y., are many as wonderful electric machines, high frequency currents, X-ray, violet rays. Then Dr. Pierce has equipped the sanitarium with every known device to aid the sick and in the surgical department every instrument and appliance approved by the modern operator. The permanent cure of rupture is accomplished here without pain with local anesthesia. Stone in the bladder and gravel are removed in many cases without pain and the patient can return home cured in a few days.

Dr. R. V. Pierce, nearly half a century ago, devised and used two prescriptions which were almost infallible. They were made without alcohol or narcotics, extracted from roots and herbs by using pure glycerine and the ingredients are made public.

Dr. Pierce's Golden Medical Discovery is a tonic and blood purifier that cures pimples, blotches, sores, humors, eruptions and diseases of the skin. Nothing stands as high today in the estimation of thousands of women as Dr. Pierce's Favorite Prescription—this is a soothing nerve which cures the functional derangements and painful disorders of women. For girls about to enter womanhood, women about to become mothers and for the changing days of middle age Dr. Pierce's Favorite Prescription should always be on hand. In liquid or tablet form. Write Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for free 136-page book on woman's diseases. Every woman should have one.

Dr. Pierce's Medical Adviser, cloth-bound, sent free to you on receipt of 3 dimes (or stamps) to pay expense of mailing only.—Adv.

JAPANESE PRESS LAUGHS AT STORY FROM TURTLE BAY

"Japanophobia" was given considerable stimulus in America over the reported establishing of a naval base in Turtle Bay, Lower California, by the Japanese cruiser salvaging the wrecked cruiser Asama recently.

The Japanese press ridicules the idea of a Japanese ambition in either America or Mexico and declares the problem of Japan lies in China where she will not tolerate interference. The following article from the Tokio Sekai, is one of many on the same subject written since the Turtle Bay incident:

"The Americans have recently become over-sensitive beyond our understanding. The attitude of the Americans toward Japan is that of a man who imagines things and feel uneasy. We admire the great enterprising spirit of the American people. But they lack the presence of mind when they come across with any event in the world. Now the American newspapers appear to be too sensitive about the Turtle Bay affair. As the result of the newspaper comments on that affair, the officials of America have been instructed to investigate the matter. Oh how difficult it is to be American officials! Do the Americans think that we have any ambition in Mexico? We frankly say here that if America should lose her power and the Pan-Americanism could not be maintained, and she could not control the situation in Central America even when anarchy reigns there, then Japan for the peace of the world might step to the American continents and render services in putting down rebellions. But we trust that America being a great power will be able to manage affairs in American continents. What use is there of Japan entertaining an ambition in Mexico?"

"Japan's task is in China, in other words Japan is to undertake to solve the Asiatic problem. Japan would object to any other Power than China exercising sovereignty in that country. We fought against Russia for that reason, because the China issue is a life and death issue for Japan. We fought against Germany over the Tsingtau affair, because if a Power should establish a fortified commercial power across the sea, the responsibility for a war with us must be borne by the other party. Nay, if any Power should attempt to occupy Chusan Islands, for instance, that Power would by that very act challenge Japan for war, be that Power America or England. That is based on the same principle on which America refuses to allow any other Power to exercise sovereignty in America. If America recognizes Japan's special privileges in China, the relations between Japan and America will remain friendly as ever. Japan would not then encroach upon the privileges of America in that continent. The Americans are to laugh when they think that Japan has an ambition to take naval action in Mexico. You stick to your own business, and we will stick to ours, mind you."

NO MORE DIVING FOR F-4 UNTIL LINES ARE FAST

Smooth water greatly assisted in the continuance of salvage work on the sunken submarine this morning. With the boat relocated by dragging yesterday, and plainly marked by light wire lines carried to the dredge Gaylord, it is believed that there will be no great difficulty in getting the heavy wire and chain lifting cables secured underneath the hull. Dragging operations are being conducted this morning by the tug, and every one connected with the job hopes for the early completion of this phase. There is no fear expressed that the present lines will fall to hold, for with 50 feet of chain in the center of each sling, there is no chance of the lines parting through chafing on the rough hull of the sunken boat, as was the case with the all-wire lines put on at first.

There will be no diving operations until the new lines are all fast. Divers will then be sent down to make an examination, and probably an attempt will be made to fasten a hose to the salvage valve, in an attempt to give the F-4 a little buoyancy before lifting her.

Police & Hospital Reports

With wounds on the back of the head, said to have been made by an iron pipe, Lum Sing, a Chinese hacker, was treated at the Queen's hospital last night. He says he was unable to identify his assailant who attempted to enter the back on Hotel street. The police are looking for a Chinaman who is believed to know something about the assault.

Wong Kai, Chinese vegetable vendor, has reported to the police injury to a horse and damage done to a wagon in a collision with an electric car near the corner of King and River streets yesterday afternoon. The Chinese said he was attempting to cross the street when the car ran into the wagon, causing bruises to the front legs of the horse. The rear of the wagon was demolished.

WOOD DECLARES BOOKINGS HURT BY UNCERTAINTY

Says Tourist Traffic Cut Down Because Travellers Can't Be Given Assurance

Travel to Hawaii, which will reach the maximum within the next three months, is 50 per cent less than it would be if tourists were able to get positive return bookings, writes H. P. Wood, secretary of the Hawaii Promotion Committee, to Acting Secretary Taylor from San Francisco.

"The threatened tie-up of the Pacific Mail boats makes the matter worse," continues the secretary. "We lose one out of every two persons wanting to take the Hawaiian trip. Partly after party come into the Hawaiian building and tell of the uncertainty of steamer travel from Hawaii to the mainland and consequently take the Panama trip."

Mr. Wood declares Hawaii will not notice the real benefit from the building for three years as only a comparative few can extend their exposition trip to include Hawaii. The state commissioners in other buildings have made standing arrangements for the Hawaiian musicians to play at their state functions.

PUNAHOU NOTES

[Special Star-Bulletin Correspondence]
 In the opening game of the Inter-scholastic Baseball series, played yesterday at Athletic Park, the St. Louis team defeated Punahou by a score of 4 to 3. In the first inning, Baptiste of St. Louis walked Napthaa and Gay. Kong Tai Pong, the next batter, surprised himself by lifting the ball over the left field fence and bringing in three runs. These were the only tallies made by the Punahou, Baptiste holding them down to only one more hit. In the second inning, Miller of St. Louis crossed the pan, and before the game was over, three more runs were gained by this school. The score by innings is as follows:

St. Louis, Runs	0 1 2 0 0 0 0 1 0
Hits	1 2 4 0 0 0 0 0 0
Punahou, Runs	3 0 0 0 0 0 0 0 0
Hits	1 0 0 0 0 0 0 0 1

The line-up for Punahou was: Gay, pitcher; Wadsworth, catcher; Hong, Kim Wai, Scoville, basemen; Kong Tai, shortstop; Napthaa, Peterson, Austin, left fielders.

For St. Louis: Baptiste, pitcher; Spencer, catcher; Fernandez, Ting Poy, Kurisak, basemen; Haneberg, shortstop; Miller, Nye, M. Hernandez, left fielders.

Yesterday afternoon at 1:45 an en-

CITY CHARTER CONVENTION TO BE HELD SEPT. 7

Preparations For Special Election of Delegates Now Being Made

Preparations for the special city and county election for delegates to the Honolulu charter convention are in full swing in the offices of City Clerk Kalauckalani. The election will be held July 6 and candidates must file their nomination petitions not later than June 16. The convention will open Tuesday, September 7, and will end 60 days later. The delegates will serve without compensation.

The purpose of the congress is to draft a new charter for the city and county of Honolulu, one more suited for the growing needs of this city than the present charter, which was enacted many years ago. The recommendations of the convention will be brought before the legislature in 1917, and probably will be adopted. The number of delegates from the various precincts are as follows:

From the fourth district, precincts 1, 2, 3, 4, 5, 6, 8 and 12, three each; precinct 9, four delegates; precinct 7, two delegates, and precincts 10 and 11, one each.

From the fifth district, precincts 1, 2, 3, 4, 6, 7, 12, 16 and 17, one delegate each; precincts 5, 8, 10 and 15, two delegates each; precincts 9, 11 and 14, four delegates each, and precinct 13, three delegates.

"SUFFRAGETTE" RESUMES.

[Associated Press]
 LONDON, Eng.—The Suffragette, the weekly organ of the Women's Social and Political Union, which was suspended on the outbreak of the war, is making its reappearance.

Dr. Lewis Waldstein, well known pathologist, physician and author, died in London.

Joyable program was given by the Dramatic Club in Bingham Hall. Several selections were given and there were many people in attendance. The program was as follows:

- Shakespeare's Merchant of Venice.
- Florence White, Helen Church
- Henry Y.
- Mauda Ballentyne, Gladys Halstead
- The King's Tragedy.
- Rosette Rhoda Ballentyne.
- The Wreck.
- Dickens
- Margaret Flncke.
- The Church of St. John, Matthew Arnold
- Grace Bredhoff.
- Scene from Barris's Little Minister.
- Inez Gibson, Margaret Smith.

ICE CREAM

When we installed an ice cream plant we had in mind to put at your service, what most modern cities have, an ice cream plant which represents the last word in the preparation of this line of dairy products. The industry has developed probably far beyond your knowledge of it. We are satisfied with the splendid patronage that has been shown for the new features introduced, but the unlimited variety which such a modern plant affords has hardly been touched. Besides having an up-to-date factory, we shall from time to time add such new equipment as the development of the industry affords.

For those of our customers who do not already know it, we wish to state that we are making anything that could be desired in the line of BRICKS; all flavors of our ice creams, puddings, mousse, and sherbets can be put in brick form.

A Letter—and a service

A. E. Nettleton Co.
 Gentlemen's Shoes
 Successors, N.Y.

Mr. Everyman,
 Honolulu, Hawaii.

April 15, 1915.

Dear Sir:—After a careful study of the Honolulu retail shoe field we have made the Regal Shoe Store our exclusive Nettleton Special Agency in this region.

The addition of Nettleton Shoes for men is in line with the progressive (yet careful) policy of the Regal Shoe Store.

No doubt you know of Nettleton Shoes. They are one of the finer men's make and to a remarkable extent command continued respect and perpetual patronage from their wearers.

From thread to sole leather, nothing cheap enters into the construction of Nettleton Shoes. They are custom-built by an organization skilled by thirty-eight years of experience; they possess that comfort and "hold-their-shape" elegance not equalled except in the best made-to-measure custom work.

Ask the man who has ever worn Nettleton Shoes if they do not yield the greatest shoe-satisfaction he has ever known.

We trust that you will look into this matter of what Real Value is in a Man's Shoe.

Yours very truly,

A. E. Nettleton Co.

P. S.—Should you be in need of Shoes of special construction, we shall be glad to co-operate with you through the Regal Shoe Store, and shall endeavor to earn your unqualified approval.

NORFOLK

In black and tan calfskin—made by the world's best expert shoemaker

A man is often judged by the shoes he wears. The shoe that "lifts you up" a notch in your own estimation and the esteem of others, is of double value to you.

NORFOLK

Made by NETTLETON, is a shoe of this character.

When you are nearby, drop in—and it will be our pleasure to show you the Norfolk and our other Spring styles.
