STAR-BULLETIN GIVES YOU TODAY'S NEWS TODAY

'BILL' LARSEN BUSTED TRAFFIC LAW, SAYS COP

But Supervisor Declares He's a Darned Careful Driver

Supervisor Bill Larsen says he's been "pinched."

"He," he shouted after a representative of the Star-Bulletin yesterday afternoon, "what d'you know 'bout this, I've been 'pinched' for violating the traffic ordinance that I helped draft myself."

"Yep, it's a fact," he assured, "you know this big, tall, lanky cop that stands on the corner of King and Fort street? Well, I was coming down the street the other day and a Fort and Punahoa car was standing by the corner there. Nobody was getting off on the car and I couldn't see the cop, so I drove past kind of careful like in a minute I heard that cop shout after me and he bawled me out right in front of everybody. He said he didn't care if I was a supervisor, he'd 'get' me anyhow."

"Well," says Supervisor Bill after a momentary rest, "I was naturally 'sore' about it so I says to Charlie Rose, 'Charlie,' says I, 'I won't stand for that cop hawling me out on the street that way. I'm not trying to impose just because I'm a supervisor but I won't stand for that business. Well, I don't know what Charlie said to the cop, I don't think Rose ever says anything to anybody, but a few days afterward I stopped over on Hotel street, where the street is wide and when I got into my machine again without thinking, I turned around in the middle of the block."

"There weren't any street cars or nothing like that about, but pretty soon I sees that tall, lanky cop shout ing at me. I didn't pay any more attention until today when, by golly, I got a bench warrant served on me. By golly, I won't pay the fine if I'm found guilty, I'll go to jail or let 'em keep my fine, that's what I'll do, because I'm a darned careful driver; yes, sir, I'm a darned careful driver!"

Bring a friend or two and come out for the evening. Splendid music. Fine floor. Cool breezes.—Adv.

CORN-MAD? USE "GETS-IT," IT'S SURE

Makes Corns Vanish Like Magic!

A hard cap of skin makes up every corn. When you put 2 drops of "GETS-IT" on it, it shrivels up and comes right off—and there's your corn—gone, by thunder! Simple as taking off your hat! That's why corn mil-

Don't Waste Time "Hollering." "GETS-IT," World's Simplest Corn-Cure, Never Fails.

lions have gone wild over "GETS-IT"—nothing like it ever known. Some folks, to this day, putter around with bandages, sticky tape, thick plasters, corn "pulling" knives, gouge corns out with knives, snip them with scissors, make them bleed and then howl because they can't get rid of sore corns. Use "GETS-IT." There's nothing to do but apply 2 drops. The work is done, "GETS-IT" does the rest. No pain, no fussing, no changing shoes, no limping. It never fails. Try it tonight for any corn, callus, wart or bunion. Be sure that you get "GETS-IT" and nothing else.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago. Sold in Honolulu and recommended as the world's best corn cure by Benson, Smith & Co., cor. Fort and Hotel Sts., and Hollister Drug Co.—Advertisement.

CURRY, NOT M'CARN, FIXED PERRY BOND IN FEDERAL COURT

It was Commissioner George S. Curry and not District Attorney Jeff McCarne, as reported this morning, who fixed the amount of the bond under which Marion Perry, charged with a statutory offense on the high seas, was released from federal custody yesterday.

Commissioner Curry fixed Perry's bond at \$1000 and the bond was sent to Marshal J. J. Smiddy with the release. Smiddy refused to release Perry until Mr. McCarne had approved the bond. The district attorney sent back the bond unapproved, and later, in court, entered protest that the bond was too small, naming \$2500 as his idea of an amount. The \$1000 bond was allowed to stand, however, as it had already been made out by the commissioner.

SECRETARY GARRISON BUSY WITH PLANS FOR BETTER U. S. DEFENSES

Head of War Department Will Present Full Data to Next Congress

BY C. S. ALBERT.

[Special Star-Bulletin Correspondence] WASHINGTON, D. C., May 1.—The work of preparing to better the national defense has been taken up with energy by Secretary Garrison. He is losing no time in arranging to secure all data, advice and plans essential for presenting the subject to congress when it assembles next December. It is his earnest desire that no stone remain unturned in an effort to ascertain whatever defects exist in the military organization and the best method of remedying them.

A board was detailed by Secretary Garrison to review the entire situation of national defense as it relates to the army and work out the best possible plan of strengthening the service by appropriate legislation. Officers of experience and ability were detailed on duty of research and recommendation.

In order to impress all concerned with the necessity for co-operation and thoroughness Secretary Garrison has sent this letter to the president of the Army War College:

"There is, in my opinion, no one subject of so great importance before this country at this time as the proper military policy to be adopted by it and pursued as occasion permits. This policy should not only be clear, comprehensive and scientific from a military standpoint, but it should be presented in such a way as to secure approval on behalf of the citizens of the country."

"The subject matter is so important, covers so much ground, has to be handled with so much intelligence, that the time at our disposal is all too

short to do it effectively and adequately. I intend to devote every particle of time that I can usefully give to this subject, and to have all those about me who can render aid do likewise. I feel sure that every one of us appreciates the opportunity to have a hand in this great work. It will in any event be something of vast and continued value to the country; and if adopted and made the basis for future military considerations, will be epochal in its nature.

"This country has never had a well thought-out, wrought-out, and agreed-upon military policy. This is the first opportunity within the life time of those now active to have this done. We have the privilege of being called upon to do it. We should give to it every ounce of whatever is worth while in us. We should work as if assured that we were to succeed. Even if the details are not all accepted and made effective, the general plan, if well prepared, will remain for years afterwards as a monument to those whose labor produced it.

"Under these circumstances, I wish to arrange for a proper constant exchange of thought and views between those working upon this subject matter at the War College and those here in the department. I am arranging to have my immediate advisers here in constant conference with me for the purpose of making suggestions, receiving suggestions, and transmitting our views to the staff and receiving the results of their consideration thereon.

"I feel absolutely convinced that you and all who are working with you will appreciate the real, vital importance of this great work; and that by co-operation we may each contribute to a final product which will constitute something of substantial and permanent value to our country."

HAWAII.

There's a path of gold on the ocean's breast
When the lamp of the day swings low,
And it leads the way to a land of rest
Where the palm and olive grow.
No strife is there, nor want, nor care,
Nor taint of a human ill;
And it basks always in a blue-girt day,
With a night that is deep and still.

There's a velvet str in the darkening gloam,
And a heave of the drowsy sea,
And a white-lipped wave from her coral home
With a whisper of mystery,
And the realm of the deep is hushed in sleep,
Save a dreaming sea-bird's cry,
While overhead, with a silent tread,
The sentry worlds move by.

—W. P. Burns in Leslie's.

BIG BAIL ASKED OF MEN ACCUSED IN RAIDED GAME

A record bail, amounting to \$1000 in two instances, was asked and given before Chee Hong and Ah Tum, Chinese, charged with acting as bankers in a che-fa gambling game, were liberated from custody of Sheriff Rose today.

A raid on a thriving che-fa game by Captain of Detectives McDuffie and officers brought four men to head quarters. Two Hawaiians, alleged to be agents for the bankers, will be called to face a similar charge.

The cases were heard at district court this morning. The defendants asked for more time. The matter was continued to Monday morning.

The Chinese apparently had little difficulty in securing the large bail, it being forthcoming shortly after their arrest. The sum in gold coin and securities was deposited at police station.

CONGRESS PARTY TO ATTEND GLEE CLUB'S CONCERT

The congressional party has accepted the generous invitation of the Kamehameha Glee Club and will attend the concert tomorrow evening. Since their arrival they have had repeated opportunities to enjoy characteristic Hawaiian entertainment. Now they will have a chance to hear Hawaiian male voices render some of the best American music. Their presence in the audience is sure to inspire the boys to outdo themselves.

The club made a big hit at the Ad Club dinner on Wednesday in spite of the presence of grand opera singers on the same program. In doing this they did not duplicate any of their concert numbers, but simply chose a couple of lesser gems from their extended repertoire. Even these were clamorously received and drew from Messrs. Gage and Sharp two snappy speeches of appreciation.

MAY PUT SUNDAY MOVIES UP FOR ELECTION ISSUE

Supervisors Discuss Plan to Get Sentiment of the Electorate

An ordinance granting motion picture theaters the right to exhibit films of an "educational or Biblical" character after 6:30 p. m. on Sundays was read by title for the first reading at last night's meeting of the board of supervisors.

Following its reading, Supervisor Logan informed the board that he opposes opening of theaters on Sunday and would vote against the measure. He asked the supervisors to put the question before the people at the special charter election to be held July 6.

Mayor Lane is said to have voiced his disapproval of Sunday opening of theaters and he might veto the ordinance in the event of it passing the board.

A warm argument took place when the board deadlocked over the proposed purchase of a truck for the garbage department.

Superintendent Aylett of the garbage department had asked for a three ton truck for huling refuse and Supervisors Larsen, Horner and Arnold opposed, with Logan, Ahia and Hollinger in favor.

"It's a waste of money to buy a three-ton truck," declared Larsen, "why, you couldn't get a body big enough for a truck that would hold three tons of that lightweight stuff they haul. You supervisors want a three-ton truck simply because this man Aylett thinks that is what he needs."

The proposal finally went back to the sanitation committee.

All indications point to an all-star production at the opera house. Every boy is brimming with life and enthusiasm. This will find complete and adequate expression in the masterful "Kinder Symphonie."

Miss Gattfield has prepared the brilliant "Liszt Polonaise" especially for this occasion. It is an exceedingly technical composition and one that should appeal to all lovers of the classical music.

The sale of tickets thus far has been more than gratifying and begins to point to a still hunt for the "S. R. O." signs. The time and price are mentioned in the advertisement.

The tax office is not required to ratify you of the amount of your taxes. You have your bill; take it to the tax office today and pay in U. S. gold coin or certified check.—Adv.

Circuit Judge Stuart today granted to the defendant in the case of M. A. Martin vs. A. A. Wilson, an action for damages originating on Maui, further time until May 20, 1915, in which to present and file a bill of exceptions.

WHAT CAUSES COLDS?

This question and "How to Prevent Colds" is asked a thousand times every day. A cold is really a fever, not always caused by the weather but due to a disordered condition of the blood or lack of important food-elements. In changing seasons fat-foods are essential because they distribute heat by enriching the blood and so render the body better able to withstand the varying elements.

This is the underlying reason why the medicinal fats in Scott's Emulsion quickly overcome colds and build strength to prevent more serious sickness. It contains nature's medicinal fats, so skillfully prepared that the blood profits from every drop, and it is free from harmful drugs or alcohol.
