LAS VEGAS ONE HEALTH RESORT THAT 'PRODUCES'

Las Vegas, New Mexico, on the main line of the Santa Fe R. R. and now the eyecore of many thousands of admiring tourists who are passing through this interesting city, on their way to the Pacific coast, is nothing if not a well known health resort, as the following will attest:

When the United States first occupied the various posts in New Mexico there was a young officer stationed at Fort Union at Las Vegas, who was famous for his fine physical development and general athletic ability. The story goes that an invalid health seeker from the East was much impressed with the health and strength of the robust young officer and inquired of him how he might acquire the same qualities. He was informed that the climate and waters of this section were wonderful in their powers of producing cures for almost any forms of physical ailments. He offered himself as evidence, stating that when he came to this country he was an absolute physical wreck. "Oh," he further said, "this is a most wonderful country. There is a peculiar combination of latitude and altitude here that rarely exists anywhere. It produces an ideal summer climate and in the main, mild winter weather. You see that burro grazing over there on the hillside? Why, when I came here five years ago, that burro was merely a jack-rabbit."

WOMEN OF RUSSIA

PETROGRAD, May 18.—As the war continues the women on the border suffer the horrors of war and the mothers and orphans left at home are the ones who suffer most. In America are many mothers and daughters, who were left penniless by the war of the Rebellion, but their sufferings are as nothing to the women and children left as widows and orphans of the soldiers who have fought and bled for their country in Europe.

Many a mother and daughter have reason to be thankful to Dr. Pierce for relief from suffering and the cure of those weaknesses of their sex, because of his "Favorite Prescription." This tonic, which is strictly a temperance medicine, has cured thousands of those weaknesses, headaches, nervousness, backaches, which are the outward manifestations of disease in women. Dr. Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

It is a wonderful prescription prepared only from nature's roots and herbs with no alcohol to falsely stimulate and no narcotics to wreck the nerves. It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensation, worry and sleeplessness surely and without loss of time.

What Dr. Pierce's Favorite Prescription has done for thousands it will do for you. It's not a secret remedy for its ingredients are printed on wrapper. Get it this very day at any medicine dealers in either liquid or tablet form.

Doctor Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.—Adv.

A CATHOLIC LEAGUE.

In August last a Catholic prohibition league was organized at Niagara Falls, N. Y., and its total enrollment to date is 100,000. The great leaders in this movement are men like Archbishop Ireland, Cardinal Manning and Bishop Spalding. In an eloquent and powerful address recently delivered before the New York branch of this league by the archbishop, these words occur:

"Would God place in my hand a wand with which to dispel the evil of intemperance, I would strike the door of every saloon, of every distillery, of every brewery, until the accursed traffic should be wiped from the face of the earth."

Clarence D. Pringle yesterday filed in the supreme court an application for a writ of mandamus against James Bicknell, auditor of the city and county of Honolulu. The writ was issued and made returnable next Monday morning at 10 o'clock.

One Good Pinch of Tyree's Antiseptic Powder

In a pint of water makes a standard antiseptic solution ready for immediate use. Gives instant relief to catarrhal and inflamed conditions of the mucous membrane. UNEQUALLED AS A DOUCHE.

Tyree's Antiseptic Powder is a powerful germicide and preventive of disease, and does away with the use of dangerous, poisonous, so-called sanitary remedies, such as carbolic acid, sulphate of zinc, bichloride tablets, etc.

A 25c box of Tyree's Antiseptic Powder makes 2 gallons of standard antiseptic solution. For sale by druggists everywhere.

THEATRICAL OFFERINGS

'CABIRIA' PACKS BIJOU THEATER

The drama of life, with its extreme passions of love and hate, with war and bloodshed, with the strong endeavoring to oppress the weak, was lived just about the same—save for a slight difference in the setting—two thousand years ago as it is today. As proof we have "Cabiria," the great Italian masterpiece of photo-play now being shown at the Bijou and Ye Liberty theaters, to houses that are filling them to the doors.

"Cabiria" is without doubt the greatest spectacle in the silent drama ever shown in Honolulu. From the artistic it is a distinct triumph, the coloring being something that it would be well for American producers to study and endeavor to equal. The historical significance and the truthful story that has been told by D'Annunzio in historical-dramatic form is tinged with interest and thrills.

'LOLA' MYSTERY AT YE LIBERTY

There is a destiny that shapes our ends, rough hew them as we may. The truth of this saying is plainly exemplified in the unfolding of the thrilling story of "Lola," the feature offering at Ye Liberty theater for the first half of the current week. The story of "Lola" is one of the most remarkable that has ever been shown on the screen and since its release it has become a subject of widespread discussion and divergence of opinion. The reason is most apparent to all who have seen the picture. Many questions of the deepest interest, some of a scientific nature are suggested. Many of these questions are answered in the unwinding of the film, others are left to the imagination of the audience. It is a picture of deepest interest and grip.

Cara Kimball Young, one of America's foremost actresses in emotional parts, is aptly cast in this visualized production of Owen Davis' masterful play. Miss Young is new to Honolulu, but has proved a strong favorite, though seen but once at Ye Liberty theater. The "Exploits of Elaine," episode two, gives promise of being the most popular serial photo-play ever shown in this city. The scientific study connected with this serial, aside from the interest that is bound to follow the persecution of a young girl, will insure its popularity. Pearl White, an old-time Honolulu favorite, is seen in the title role. This bill will be offered tonight and tomorrow night with a matinee Wednesday.

GERMAN WAR FILM AT THE POPULAR

German preparedness, German efficiency, German thoroughness, German treatment of prisoners, German mobilization, life in the German trenches—in short, the German side of the war, are shown in 5500 feet of moving picture films on view this week at the Popular theater. The pictures are official and indorsed by the Kaiser. In one of them he is plainly to be seen. The New York Staats-Zeitung arranged for their display to American audiences.

There are only two views of actual fighting and those are of nothing more than skirmishes, but on every other phase of modern warfare the pictures are wonderfully instructive and intensely interesting. First are shown the scenes of mobilization at Berlin. The massive machine-like precision of the scores of regiments as they file past is deeply impressive of determination and power.

BORN.
AIONA.—In Honolulu, May 4, 1915, to Mr. and Mrs. George Aiona of King, near Keeaumoku street, a daughter.
