LINER IN MID-ATLANTIC MENACED BY DYNAMITE OF CRAZED CRANK SAXONIA OR PHILADELPHIA BELIEVED CARRYING FRANK HOLT'S BOMBS

DETERMINED THAT DEMOCRATS SHALL RULE LOCAL BENCH

That is Department of Justice's Attitude, as Viewed by D. L. Withington After His Recent Visit to National Capital

ATTORNEY-GENERAL IS ON THE HUNT NOW FOR "DESERVING" BOURBONS

But Feeling is Rather Bitter Over Outcome of McCarr and Stuart Appointments—Assistant Graham Confers With Honolulu Lawyers

The department of justice is determined to "put none but Democrats on guard" in Hawaii judgeships and is making its determination plain, in the frank opinion of Attorney D. L. Withington, who returned from the mainland yesterday.

Attorney Withington and Attorney Robbins B. Anderson, when recently in Washington, visited the department of justice on a special mission of discussing the judiciary situation in Hawaii. The story of the visit and their talk with Assistant Attorney-General Samuel J. Graham has not before been made public. Mr. Withington told of it very frankly today.

Assistant Attorney-General Graham is in charge of appointment and patronage matters in the department of justice, that is, he considers them before they are referred to Attorney-General Gregory. His comments and questions during the hour's visit of the two Honolulu attorneys made it obvious, said Withington today, that there is little or no chance of the reappointment of Republican judges if Democrats can be found to take their places.

It appears that the department of justice very keenly desires to supplant Chief Justice Robertson of the territorial bench with a Democrat. Mr. Graham questioned the Honolulu visitors closely with regard to the record and other qualifications of the two Democratic associate justices, E. M. Watson and R. P. Quarles. It was evident that the attorney-general's office wishes such endorsements of one or both of the associates that it may have reason to recommend to the president the elevation of one of them to the chief justiceship.

"Both of the local papers have about stated the case in saying that the judiciary situation is being allowed to drift in Washington while the department is looking around for available Democrats for judges," says Mr. Withington.

Department Feels Bitter.
"It is evident that the attorney-general's office feels rather bitter over the Hawaiian situation. The criticisms of McCarr and Judge Stuart and the information on these appointments which is reaching Washington, have made the department touchy on the subject."

"It is also apparent that there is particular bitterness over the bill introduced in the last legislature providing for the election of district magistrates—I refer to the bill introduced at the suggestion of Mr. Brockton. We explained that it was the intention of the bill to remove the appointing power and thus the patronage feature from the chief justiceship."

Referring to the statements regarding Democratic appointees, Mr. Withington said that during the visit of himself and Attorney Anderson "the dissatisfaction of the Hawaiian bar and the people with the district attorney and the third judge of the first circuit court was stated."

He is strongly inclined to the opinion that unless the Republican judges now in office force the department's hand, as Judge Whitney did, the department will keep on hunting for available and deserving Democrats.

JUSTICE TEMPERED WITH MERCY FOR AGED CULPRIT

Aged and infirm, refused admission to Lunaliilo Home because the institution is already overcrowded, John Ko Pulani, a Hawaiian with snow-white hair and beard, was arraigned at police court today charged with selling intoxicating liquor without a license. He was arrested by Special License Officer Fennell at the O. K. block. He pleaded guilty. The man is said to be destitute. An effort is being made to provide a home for him.

HONOLULU SUBMARINE BASE FOR SOME TIME YET; ORDERS YESTERDAY

Honolulu, not Pearl Harbor, will be the submarine base of Hawaii for some time to come. Word to this effect was received by cable from the Navy Department yesterday, by Admiral Moore. No estimate is given as to the probable time of the eventual transfer of the undersea craft to the new naval base. The lack of proper berthing and docking facilities for the submarines at Pearl Harbor at the present time is the reason for the retention of Honolulu as a base. About a year ago it was announced that as soon as possible the submarines would be sent to the new naval station, but evidently the Navy Department has decided to postpone this step indefinitely.

CEREMONIES OF NAVAL COMMAND CHANGE JULY 17

Date Tentatively Set When Admiral Moore's Flag Will Come Down and Admiral Boush's Go Up in Hawaii

The ceremony of the transfer of naval command in Hawaii will take place July 17 at Pearl Harbor, according to present plans. On that date the flag of Rear-Admiral C. B. T. Moore will come down, and that of Rear-Admiral C. J. Boush will be raised, each flag receiving the prescribed salute.

Admiral Moore, who retires from active service July 29, yesterday received word from Admiral Boush, his relief, that the latter would reach Honolulu in the Siberia, July 16. The transfer of command is scheduled for the following day.

Admiral Boush will retire August 13, 1916, so his tour of duty here will be only 12 months at most. This is at variance with the announced intention of Secretary Daniels to pick out a commandant for Pearl Harbor who could remain on duty here until the station and drydock were completed.

The retirement of Admiral Moore will promote Captain Albert Gleaves, now commanding the battleship Utah, to flag rank. It is a coincidence that the Utah figures twice in Admiral Moore's retirement, that vessel having been the flagship of Admiral Boush up to the time he received his orders for shore duty at Pearl Harbor.

Admiral Moore and Admiral Boush are lifelong friends, the beginning of their intimacy dating from the time the latter entered the naval academy, one year after Admiral Moore. According to present plans Admiral Boush will go directly to Pearl Harbor as the guest of Admiral Moore, and will remain there until the latter leaves for the Coast in the Manoa, July 20.

LOSS MAY FORCE DEMOCRATS TO RESTORE DUTY

Everything seems to conspire to force the Democrats to a repeal of that clause of the tariff bill which provides for free sugar after May 1, 1916.

The decision of the U. S. court of customs appeals, which calls for a refund of 5 per cent of the duty on Cubans, as well as other sugars from treaty countries, shipped in American bottoms since October 4, 1913, if upheld by the U. S. supreme court, is of vast importance to the sugar industry of Hawaii, say local sugar men.

Although there would be no refund to Hawaii planters in case the decision is confirmed, because of the fact that Hawaii sugar goes in duty free, the refund to other growers will be so huge that it will materially increase the already large treasury deficit and be an additional argument in favor of an abrogation of the free sugar clause.

TRAINING-SCHOOL FOR MARINERS IS HERE FOR VISIT

New York State's Vessel, Newport, Comes on Longest Voyage in School's History

COMMITTEE WELCOMES OFFICERS AND STUDENTS

Business First For Those on Board, Then Will Be Ready for Local Entertainment

At daybreak this morning the Newport, nautical training ship of New York state, here in eight of Diamond Head from Hilo and at 8 o'clock dropped anchor in the harbor. She was met by Boarding Officer L. B. Reeves of the custom house, who is a graduate of the school, and who has a prominent part in the arrangements for the entertainment of the maritime visitors.

At 9 o'clock a committee of representatives from the city boarded the Newport at her anchorage in the harbor opposite the foot of Fort street, and were given a hearty welcome by Capt. J. S. McMurray and the other officers.

The committee from the city was composed of Mayor Lane, R. C. Brown of the chamber of commerce, Harry L. Strange of the Ad Club, A. P. Taylor, assistant secretary of the Promotion Committee and Harbormaster Foster.

One hundred and fifty leis were taken out by Mr. Taylor and presented to the young sailors by Mayor Lane as they lined up at attention on the spar deck. In his presentation speech Mayor Lane said:

"In the name of the city of Honolulu I have come, accompanied by a committee from the chamber of commerce, to bid you 'aloha,' and present you with these leis, the Hawaiian symbols of hospitality and love. These you may take back to your sweethearts in far off New York and tell them of your visit to Hawaii. Again I repeat, 'aloha to you.'"

After a little reception in the captain's cabin, where plans were discussed.

NATIONAL GUARD VERY FAVORABLY REPORTED UPON

Report of Annual Inspection Made Last March for War Dept. Shows Progress

That the National Guard of Hawaii is well up to the required standard of the War Department, and that its personnel and equipment is satisfactory is shown by the report of the annual inspection made last March by Maj. Michael J. Lenihan, 2d infantry, which has been sent to Col. J. W. Jones, The Adjutant General, by the Division of Militia Affairs.

"This inspection was made strictly on a regular army basis," said Col. Jones. "The National Guard of Hawaii was marked just as any organization in the regular service would have been marked, that being the only fair way to get definite data."

In the light of the above statements, the comments of the Division of Militia Affairs are very gratifying to local guardsmen in several instances.

Under the head of 1st Infantry, N. G. H., the communication from the division reads:

"The enlisted personnel is efficient and satisfactory in every respect."

The matter of armories, physical examination of men, and records of attendance are satisfactory, but instruction in the use of the rifle is rated as poor. This last may be accounted for in part by inadequate range facilities, both for the Honolulu companies and for the two companies on Maui. Plans are now on foot to provide a suitable range for the guard, where instruction may be more thorough and systematic.

Armories of I and L companies at Waialuku and Lahaina respectively are given as inadequate and unsatisfactory.

It is stated in the report that the 1st Infantry, N. G. H., conforms in every way to the organization prescribed for the regular army. The system of property accountability for the entire guard is rated as satisfactory.

Of special interest to national guard officers is the information that under

JAPAN IN FAVOR OF NEW TREATY WITH PETROGRAD

Further Alliance With Russia Said to Be Now in Early Prospect

TOKIO LEADERS IN CONFERENCE TODAY

Nippon Sources Say Plan is to Assure Permanent Peace of Orient

(Special to the Hawaii Shipper.) TOKIO, Japan, July 7.—With a view to establishing permanent peace in the Orient, it is reported, an entirely new treaty between Japan and Russia may be perfected within a few weeks.

It is generally known that for a long time certain high Japanese officials have been of the opinion that further Japanese-Russian alliances are necessary, and that the Japanese government has asked the Russian government for an informal opinion of the matter.

Several days ago the Russian government replied that it would favor a further alliance with Japan.

The Japanese cabinet ministers and Genro, or elder statesmen, are in conference today regarding a new treaty. The details of the conference probably will not be made public.

ROBBERS HOLD ENTIRE VILLAGE IN WILD TERROR

Arkansas Citizens Herded Into Hotel By Bandits Who Then Try to Crack Bank Safe

(Associated Press by Federal Wireless) LITTLE ROCK, Ark., July 7.—Seven bold robbers today terrorized the nearby village of England for an hour, engaged in a pistol battle with 100 citizens, drove their attackers into a hotel and held them there and then tried to dynamite the safe of a bank.

They marched down the main street, seriously wounding the marshal, who attempted to stop them, and escaped in an automobile. Their plunder will amount only to about \$200.

EVELYN THAW MUST TAKE STAND IN COURT

(Associated Press by Federal Wireless) NEW YORK, N. Y., July 7.—Evelyn Thaw, declining to appear in court to testify concerning Harry Kendall Thaw's sanity, a body attachment was issued for her today and she will be forced to take the stand.

RESERVE SQUADRON TO VISIT AT EXPOSITION

(Associated Press by Federal Wireless) SAN FRANCISCO, Cal., July 7.—The Pacific reserve fleet, commanded by Rear-admiral Charles F. Pond, will remain here until August 5 before returning to Bremerton navy yard, Washington, its home station.

Harry Davis Lewis Cooperstein, said to be an agent of the opium trust in London, was sentenced to one year in the Atlanta penitentiary and fined \$50.

A new ruling of the War Department certain articles of field equipment for officers may be purchased by the territory under Section 1661, and issued to officers. These articles include field glasses, pistol, compass, horse equipment, etc., which heretofore have come out of the personal expense of officers. As officers of the National Guard of Hawaii receive no uniform allowance, as is the custom in many of the states, their expenses in complying with the constantly increasing demands of the militia division mount up fast.

Russians Say Turk Move Blocked

(Associated Press Service by Federal Wireless) LONDON, England, July 7.—The Russians announce that they have checked the new Turkish offensive in the Caucasus region, which was in progress west of Ahlavat.

French destroyers have been seen sinking Turk vessels and doing other damage along the coast of Asia Minor.

BRITISH GENERAL NOW UNDER SHARP ATTACK

Gen. Sir Ian Hamilton, commanding land forces at the Dardanelles. The Northcliffe papers are rapping him for the loss of British lives and the failure to make more progress on Gallipoli peninsula.

(Associated Press by Federal Wireless) LONDON, Eng., July 7.—Lord Northcliffe's papers, whose criticisms preceded the formation of the coalition cabinet and which have severely commented upon the failure to furnish sufficient heavy explosives to British troops in the field, have begun a new attack.

The Times today calls the naval dash upon the Dardanelles "another Balaklava" and characterizes the whole of the operations to reduce the Dardanelles forts as "unforgivable blundering."

The Northcliffe papers are severely criticizing the tactics of Gen. Sir Ian Hamilton in the landing of forces at the Dardanelles.

'WAR CONDITION PERIOD' FOR THE SEACOAST FORTS

Coast Defenses of Oahu in Midst of Strenuous Season of Activity

Officers and men of the coast defenses have been on duty 24 hours out of the 24 for the last few days, and at that their work has just begun. This is the busy month for the seacoast gunners, and from now until July 29, when target practice comes to an end, there will be something doing all the while.

At present the coast defenses of Oahu are in the midst of what is known as the war condition period. For 10 days the batteries are supposed to be ready for action at a moment's notice. The men go under canvas right at the guns, or sleep in the batteries when accommodations are provided. At some of the Oahu posts, where the barracks are within a few rods of the batteries, these regulations are modified and the men remain in their regular quarters, although subject to call at any and all times.

At night the searchlights play incessantly over the zone from which a sea attack may be expected, ready to pick up the vessel which is used as a target. This work has been going on since July 2, and will continue until the 12th, when the period will end. The following ten days will be given over to preparations for night and day service practice, and from the 23rd to 29th inclusive all the forts will engage in the annual target tests.

The coast defenses of Oahu have made splendid records in target practice for the last few years, and it is confidently expected that the high standard will be maintained.

Probation Officer John C. Anderson visited a dairy in Sheridan street at midnight Saturday and took from one of the delivery wagons a Porto Rican boy, who had escaped from the reform school. The boy had been absent from the school for three days.

The board of retail trades will meet tomorrow afternoon in the rooms of the Chamber of Commerce.

BEFORE SUICIDE, DEMENTED MAN WROTE LETTER TO WIFE TELLING HER OF HIS PLAN

INSANE IDEA OF ENDING WAR BY INDIVIDUAL VIOLENCE AROUSES MANY RUMORS—SAXONIA CAN'T BE REACHED BY WIRELESS—VIENNA AND PETROGRAD CONTRADICT AS TO FIGHTING IN EAST ARENA—NORTHCLIFFE PAPERS MAKE SENSATIONAL ATTACK ON ALLIES' NAVAL OPERATIONS AT DARDANELLES—ENGLAND TO PREVENT EXPORTATION OF METALS USED IN MAKING MUNITIONS

(Associated Press Service by Federal Wireless) NEW YORK, N. Y., July 7.—One of two big liners now in mid-Atlantic is believed to be menaced by the act of the war-crazed Cornell instructor, Frank Holt, whose sensational attack on J. P. Morgan and dynamiting of the Capital were soon followed by suicide after one unsuccessful attempt.

Holt, who succeeded in killing himself late yesterday by leaping from an upper corridor window of the Long Island jail, had sent a letter to his wife, it was learned today, in which he told of his plan to blow up an ocean liner.

Either the American liner Philadelphia, 10,786 tons, or the Cunard liner Saxonia, both far at sea, may be menaced by the supposed presence of dynamite secreted on board by Holt before the vessel sailed and provided with a clock attachment timed to explode the dynamite today.

Holt's letter to his wife stated that he could not remember in which vessel he had put the dynamite. He advised her to watch today's papers to learn what he had done and cautioned her to observe silence.

The vessels sailed on July 3 for Europe. Some of the fear for the safety of the Philadelphia was relieved today when the captain wirelessed that everything aboard the steamer had been identified and no dynamite was found.

The Saxonia has not been reached but this may possibly be accounted for on the ground that she cannot be heard on account of a weak wireless.

All but 30 pounds of the 100 pounds of dynamite that Holt is known to have had in his possession has been accounted for. It is feared that this 30 pounds is aboard the liner.

HOLT IDENTIFIED AS ERICH MUENTER
NEW YORK, N. Y., July 7.—State's Detective Smith of Massachusetts, Theodore Hiller, an automobile dealer of Cambridge, and A. T. Brown, a Boston reporter, have positively identified Holt as Prof. Erich Muentzer, a Harvard instructor several years ago.

Prof. Chester Gould of the University of Chicago, who has taken research work at Cornell, admitted today that last November he recognized Muentzer, then teaching at Cornell, but was silent because "he seemed to be getting along so nicely."

UNEXPLODED BOMBS FOUND IN RECENT CARGOES
NEW YORK, N. Y., July 7.—It is known that the British steamers Bankdale, Lord Erne and one other arriving at Havre with a cargo of war supplies recently were found to have unexploded bombs hidden on the vessels.

Conflicting Reports From East; Petrograd Says Teutons Checked

(Associated Press Service by Federal Wireless) LONDON, England, July 7.—Reports as to war situation in the east aren't—Galicia and Poland—are very conflicting today.

The despatches from Petrograd contradict those from Vienna. Petrograd claims that the Teutonic Allies have been distinctly checked in the Krasnik region, where the Austrians assert the Russians were crushed and in full retreat.

Otherwise the war arenas are quieter today than for several days past.

Italians Batter Way Along Isonzo

(Associated Press Service by Federal Wireless) LONDON, England, July 7.—The Italian forces are battering their way along the Isonzo front, according to today's advices.

Rome and Vienna official announcements disagree as to whose advantage has resulted from the fighting of the last few days.

England to Keep War Metals at Home

(Associated Press Service by Federal Wireless) LONDON, England, July 7.—David Lloyd-George, the new minister of munitions, announced today that England is preparing to prevent the exportation hereafter of any metals used in the manufacture of munitions. All such metals are to be kept strictly for use here.
