Royal Baking Powder Cook Book sent free on request. Address box 509 Honolulu, Hawaii.

### SONS OF MILLIONAIRES WILL STOP GOING HOME

Many millions of American dollars are represented in a party of six young millionaires who are passing through Honolulu on the Siberia today en route to the Orient, pleasure-bound. T. Philip Swift, son of the head of Swift & Company, Chicago and Omaha packers, is leader of the party. They had no plans concerning a visit to Honolulu when interviewed on board the steamer this morning. They said they didn't expect to stop-over in Honolulu on this trip, but expected to "stay awhile" on the return trip. They were shown the sights of the city by F. W. Macfarlane of Libby, McNeill & Libby.

**Olive Oil—Flesh Builder**  
One of the best known and most reliable tissue builders.

**Royal Olive Oil Emulsion**  
Is both a flesh builder and nerve tonic. Pleasant to take. Easy to digest.  
Benson, Smith & Co., Ltd.

W. W. Dimond & Co., Ltd., Now Handle the Celebrated Royal Copenhagen China—A Full Service Will Be Installed in the New Bankers' Club of New York, the Most Exclusive Organization in America.

When the doors of New York's newest and most exclusive luncheon club are thrown open in the near future, the many white-clothed tables will be found set with a dinnerware pattern that has stood the test of time and is today what it was one hundred and thirty-six years ago—a classic dinnerware service.

The membership of the Bankers' Club will, needless to say, embrace the heads of the best families of America, cultured to a degree and, many of them connoisseurs and collectors of ceramics, their aesthetic taste was doubtless taken into consideration in selecting the dishes to be placed before them.

The design is known as the "Mussel" pattern and is the famous blue Hite brought out by the Royal Copenhagen potters in 1778 and successfully manufactured ever since.

Dimond & Co. consider themselves fortunate in securing this ware for Hawaii. Its adoption by the Bankers' Club is the best endorsement of its artistic and wearing qualities.—Adv.

## MAJ. HENRY N. BENSON DIES ON MAINLAND

Founder of Local Drug Company Has Notable Military Record—Son Lives Here

News was received in Honolulu last evening of the death yesterday at Oakland, Cal., of Maj. Henry N. Benson, one of the founders of the Benson, Smith Drug Company, and father of Henry P. Benson, accountant for the Hawaiian Dredging Company.

Maj. Benson was formerly in the United States army. He served through the Civil war and rose to the rank of major of volunteers. At the close of the war he entered the regular army and acquired the rank of captain. While in the service he took an active part in several Indian wars.

He came to Hawaii for the first time in 1881 or 1882. In 1883, in company with G. W. Smith, now president and manager, he founded the firm of Benson, Smith & Company. In 1888 he left the islands with his family and since that time resided in California.

Maj. Benson was a brother-in-law of J. H. Paty, a former partner in the firm of Bishop & Company.

### LOCAL AND GENERAL

A meeting of Polynesian Encampment, I. O. O. F., will be held in the Odd Fellows' hall at 7:30 o'clock this evening.

Charles Albert Lono, a minor, was adopted yesterday by Charles L. Olo and Mrs. Kauli Olo, his wife. The decree of adoption was granted and signed by Circuit Judge Ashford.

Jack London's latest book to come from the press, "The Scarlet Plague," is just out. The noted author received two copies yesterday from his publisher.

Under bond in the sum of \$5000, Mrs. Ellen Cathcart was appointed by Circuit Judge Ashford today as guardian of the person and estates of Edwin, Arthur and Harold Cathcart, minors.

Takao Ozawa, a Japanese in the employ of H. Mackfield & Company, today was appointed by Circuit Judge Ashford as administrator of the estate of Chotaro Miyamoto. The estate is valued at \$4025.

Old trails on Sugar Loaf mountain have been cleared, and new trails in the same region have been opened, according to a report by Forest Nurseryman David Haugha, who has had charge of the work this summer.

Because of complaints which have come in from time to time this summer that grass was being cut without permits on the government forest reserve on Tantalus, Ranger Kapipi has moved to the mountain house to keep guard.

The law firm of Thompson & Milverton has filed in federal court a motion asking that the firm be paid \$58 for costs advanced, and a fee of \$75 for services as attorney in the matter of L. Fook Kau & Company, alleged bankrupts.

Circuit Judge Stuart has granted to Mrs. Ahn See Yee Cha To a divorce from Yee Chan To, the grounds being desertion. The husband has been ordered to pay his wife alimony in the sum of \$15 a month.

The lower slope of Herring valley, Oahu, is being planted with kukui by the commissioner of forestry. Three hundred and fifty kukui trees have been planted during this month. The trees formerly planted are doing very well and a large number of them are now above the grass and guava bushes and are able to take care of themselves.

### DAILY REMINDERS

- Round the island in auto, \$4.00. Lewis Stables. Phone 3161.—Adv.
- Ladies, see the new steamer hats at Milton & Parsons'. They're the latest from the Coast.—Adv.
- The Gondwin, only exclusive corset shop in Honolulu; absolutely new 1915 models; Pantheon bldg.—Adv.
- Reprint editions of the world's best stories—by famous authors you all love—only 50c the copy at Arleigh's, on Hotel street. Hundreds of titles.
- Going to the coast for your vacation? You'll need to arrange with the Bank of Hawaii, then, for a letter of credit—for actual cash is hardly safe to carry when travelling.
- SEND ONE WORD AROUND WORLD FOR ONE DOLLAR
- The cost of sending one word clear around the world, if any one wants to do such a thing, instead of merely crossing the street with his message, will be \$1, according to A. J. Nally, vice-president of the Marconi Wireless Company, who recently returned to the mainland after a visit to Honolulu, which will soon be the greatest wireless center of the globe. The time of transmission is estimated at one hour.
- "The world will be girdled with wireless when our Kahuku plant on Oahu tunes up with Japan," Mr. Nally said.

### THEATRICAL OFFERINGS

The popularity of little Mary Pickford appears to know no limit. In the past she has always commanded large audiences, but her present appearance at the Liberty theater in "Mistress Nell" gives promise of establishing a new record for this charming little artist.

Announcement this week that one of the world's most famous prima donnas, Mme. Nellie Melba, would sing here has caused a furore among music lovers. Mme. Melba is to arrive with her company from Australia on August 20 and to appear in two concerts, on August 21 and 24, both at the Hawaiian Opera House. Others of her party are Robert Parker, baritone, and St. Leger, pianist.

Tonight there will be a big added feature at the Bijou in the form of an amateur performance that is heralded as a winner. "The Thelmars," a musical group, are touted as "future headliners." Professor Marconi, "the Hawaiian cartoonist," is after Bud Fisher's laurels. Mr. Burnstein has some new work as a juggler. K. Puu chooses the billing "the man with a smile." The "Jawbone Quartet" can sing some. "The Duke of Kakaako" is billed as "that funny man."

The organ recital by Harold Gregson, the noted English musician, in St. Andrew's cathedral last night, was one of the most pleasing of its kind that it has been the privilege of Honolulu music lovers to enjoy for a long time. The noted musician held his audience in rapt attention throughout the program, leading them with him through the heavy crash of storms and back again to the airy chirp of birds, and showing with marvelous skill his command over the great instrument.

The Popular theater, which has been closed during this week for renovations and improvements will re-open Saturday afternoon at 2:30 o'clock; picture to be shown is "Napoleon and France," a magnificent six-reel production. It is a beautiful, realistic and thrilling story, particularly appropriate at this time as the French army is taking a very important part in the present European war. It will be shown for a week, including Sunday evening next. Prices are, for evening shows, 15 and 25 cents; afternoon, children, 10 cents, adults, 15 cents; send the children to Saturday matinee. It is a picture well worth seeing and has been passed as suitable for Sunday evening shows.

### CANDY FOR CHILDREN AT KALIHI STATION

The gift of candy sent through the Promotion Committee recently to the lepers on Molokai, by a young New York lady who refused to give her name, has been the cause of a good bit of interest in the matter of charity to the lepers. This morning a visiting dentist gave an order through A. P. Taylor for several dollars' worth of candy and other delicacies to be sent to the children of the local detention station at Kalihi. It is hoped that more orders of this sort may be received at the Promotion Committee rooms.

### NOT JUNK—BUT GOOD MATERIAL

If you are in need of an article that the average Honolulu dealer in certain lines of material does not carry visit the yards of the Honolulu Scrap Iron Co., on Halekuanila street, around the corner from Punchbowl street.

Manager C. H. Brown has gathered together an assortment of metals that will supply the immediate demands of anyone contemplating the construction of works of any character or ships requiring steel or iron fixtures. For instance: There is a telephone outfit for use in deep sea diving; a diving apparatus and electric lamps such as are used in lighthouses ashore or on ships afloat. A steam hammer with an eight-ton drop and an oil filter of the kind used in sugar mills. The collection of articles has been made with due regard to their usefulness in the respective trades and with that object in view there is stored tons of rubber packing, metal fittings, including wheels and shoes, for every manner of machinery. Then there is a steam boiler used in a factory for a month when it was found too small for the purpose. Five hundred kegs of brand new nails and spikes and coils of rope which measures from one to three inches in diameter.

Owing to the rocky condition of the soil around the College of Hawaii a new caterpillar traction had to be discarded and it is now in with the rest of the material in the ward of the Scrap Iron Company. Centrifugal pumps, gasoline engines complete in every detail, an electric light plant and a couple of stereotype casting boxes used in newspaper offices will be found there. But to cap it all, there is an entire sugar mill on the ground ready to be installed.

For vessels that need one, there is the strongest winch in the territory, having been taken from the French bark wrecked on French Frigate Shoals. Also, several anchors, davits, masts of heavy chain and donkey engines. The famous dam at Nuanuu contributed its quota in numerous engines and centrifugals. Steel plates from the vaults formerly used in the Bank of Hawaii have their place and use for those who want them. Acres of new asbestos shingles, an electric elevator and rims for automobile wheels galore.

There may have been a greater collection of such material gathered together in Honolulu, but the fact was never made known; certainly there has not been one of more serviceable articles.—Adv.

## ADMIRAL BOUSH WELCOMES SHIFT TO PEARL HARBOR

New Commandant For Station to Succeed Admiral Moore Arrives Here on Siberia

Rear Admiral Clifford J. Boush, who comes to Hawaii to relieve Rear Admiral C. B. T. Moore as commandant of Pearl Harbor, was greeted off port this morning by Glenn S. Burrell, assistant civil engineer of the U. S. Navy, and by Admiral Moore and other local navy officers at Pier 7 on arrival of the Siberia about 10:30 a. m. today.

"I am very glad to get here," Admiral Boush said to the Star-Bulletin on board the Siberia today, "and I welcome my appointment to this station. I have no plans for the future, but will consult with Admiral Moore and receive suggestions which I feel he can and will offer to me."

Admiral Boush was accompanied by Mrs. Boush and Miss Geraldine Boush, his daughter. The admiral said that he has passed through the islands several times but never had an opportunity to stop-over for any length of time. Mr. Burrell was supplied with cartoonists and these were dropped about Admiral and Mrs. Boush and Miss Boush.

### LIGHT SIDELIGHTS ON POLICE COURT SCENES

Ah Young, a Chinese who was released after having been taken into custody recently as an insane suspect, went on another rampage last night and before Officer Sanders could capture him, Young had terrorized the residents of Miller street, among whom was a Mrs. Look, whom Young attempted to choke. Young will be held for an examination into his sanity.

Captain of Detectives McDuffie "slipped one over" on Attorney George Davis today in the case of Howard K. S. Young, a Chinese young man who was accused by a Chinese woman of having injured her. Davis was defending Young in district court, and McDuffie was standing up in the witness box testifying.

"Sit down, McDuffie," said Davis, "don't you know a witness isn't supposed to stand up while testifying?" "No, I don't," replied McDuffie with deep sarcasm, "I'm a police officer and am not allowed to sit down."

"Oh!" ejaculated Davis, and the attorney lapsed into complete silence. Incidentally, the Howard Young referred to is not Howard C. Young, another Chinese young man, but is Howard K. S. Young.

### PRESSMEN FROM JAPAN ARE INVITED TO COAST

(Special to Hawaii Shipno.)  
SAN FRANCISCO, July 16.—The Pressmen's Association of this city have voted to invite 10 of the leading pressmen of Japan to visit the Panama-Pacific Exposition and to investigate Japanese conditions in California.
