

CHEAPER WATER FOR SHIPS IS NOW IN SIGHT

Murray's Plan Being Worked Out By Supervisors; Must Build New Pipe Line

The plan of Superintendent Harry Murray of the water and sewer works for the increasing of the waterfront supply of fresh water and the reduction of the price for water to vessels in the local harbor, is rapidly taking form. At a recent meeting of the board of supervisors, in conformance with Murray's scheme, Supervisor Larsen's committee was instructed to inquire into the matter.

At last night's meeting of the board, the committee reported that for an outlay of about \$5000 a pipe line could be installed at the condensers of the Honolulu Rapid Transit & Land Company, and without much cost the water could be piped down to the waterfront and furnished to shipping at a greatly reduced price.

The committee also made overtures towards getting water from the Hawaiian Electric Company. Murray was authorized to ask the latter corporation for a price for water on a year's contract. The report of Chairman Larsen and the committee is as follows:

"The question arises as to whether the department should, without considering the entire water problem, contract for the delivery of water from the Hawaiian Electric Company for a long period. The life of the contract will, of course, make considerable difference in the price of delivery until such time as this department is in a position to know definitely as to securing water from other sources. Your committee would suggest that arrangements be made along these lines: Price for One Year.

"That this department be allowed to address a communication to the Hawaiian Electric Company requesting it to submit a price for the delivery per million gallons, 50-pound pressure to the square inch, for a period of one year. The equipment to be purchased and installed by the company, with the guarantee that, providing the contract is not extended, the county be liable for the cost of the equipment. This agreement will protect the company against any loss and the county also, should any different water scheme develop.

"In the matter of the Rapid Transit Company, all that is required in an agreement, allowing the county to install the necessary pipe and take water from its condensers. This arrangement, your committee believes, will be satisfactory to the company.

"For the further information of the board, your committee begs to state that the cost of the pipe necessary for the delivery of the water from the Rapid Transit plant is estimated at \$5000. The advantage of securing this water will be an increase in pressure along the entire waterfront, making it also possible, your committee believes, for the department to sell water to shipping at a reduced rate, and it will further safeguard the city in case of fire. The purity of the water is shown by a letter from A. W. Hansen, food commissioner for the territorial board of health.

TICKETS FOR MELBA'S TWO CONCERTS GO ON SALE ON SATURDAY

Madame Melba, the celebrated operatic star, will shortly give two concerts in Honolulu. The first is to be Saturday, August 21, the second following on Tuesday, August 24. The tickets for these concerts will go on sale tomorrow morning at the office of the Territorial Messenger Service, on Union street. An advertisement in today's issue gives prices and details.

T. GOTO, editor of the Miyako Shinpu, one of Japan's leading newspapers, is one of the passengers on the Tenyo Maru, homeward bound after seeing the San Francisco exposition and attending the international newspapermen's convention.

GILBERT CHARLES BOWN, former second mate on the schooner S. C. Allen, which was wrecked here not long ago, was an arrival in Honolulu Wednesday on the Niagara with his bride, formerly Miss Lena Olga Ramestead of Kent, Wash. They will make Honolulu their permanent home.

PLAN 'NIGHT IN PINEAPPLE LAND' AT 'FRISCO FAIR

Special Publicity Feature for Hawaii to Be Staged at Exposition on November 10

As another special feature advertising Hawaii at the Panama-Pacific exposition, "A Night in Pineapple Land" on November 10 is now announced by a special sub-committee on Pineapple Day recently appointed by H. P. Wood. The personnel of the committee is announced in a letter from Mr. Wood, received this morning by A. P. Taylor of the Promotion Committee, and is as follows: Lloyd Childs, at present in charge of the pineapple exhibit in the horticultural building at the exposition; A. C. Baumgartner, Willard Fay, P. L. King and S. L. Goldstein.

Mr. Childs, the chairman of the committee, is already well known in Hawaii as the manager of the Hawaiian exhibit at the Seattle exposition. According to a statement from Mr. Wood, he also deserves the credit of suggesting the "Night in Hawaii" staged on Kamehameha Day, June 11. The remaining members of the committee are representatives on the mainland of canning companies which are interested in Hawaiian sales.

Mr. Taylor rejoices at the publicity which Hawaii is getting in these various special feature evenings. "With the dedication of the Hawaii building in March, the 'Night in Hawaii' on Kamehameha Day, the 'Afternoon in Hawaii' promised the delegates to the gas men's convention in October, and the recently announced 'Night in Pineapple Land' for November 10, our advertising is certainly getting a boost," says Mr. Taylor.

YOU'LL COME TO THE SEASIDE DANCE, WON'T YOU?

LOSES FIVE FINGERS ADJUSTING MACHINE AT CANNING PLANT

While working on a crushing machine at the Hawaiian Pineapple Company's plant, S. Aesto, a Japanese workman, yesterday met with a painful accident, losing all five fingers and a portion of his hand.

As the factory whistle blew S. Aesto started the machine and began setting various screws. While setting the roller screw his hand slipped and was dragged between two heavy rollers. A Filipino standing near the dynamo heard the cries and immediately stopped the machine. The machinists were absolutely helpless to assist the man until the machine was broken. He was put in an automobile and rushed to Dr. A. F. Jackson's office. Aesto is deriving the benefit of the Workmen's Compensation Act.

Light Sidelights on Police Court Scenes

Having che-fa tickets in his possession has set Yano, a Japanese, back just \$25. He has been fined that amount.

Holding a private fight has cost Joseph Kikui and Charley Anin five iron men each. They were assessed that amount yesterday for trying to decorate each other's features.

Razor wielding, the favorite indoor sport of Kimura, a Japanese, will probably prove a serious thing for him. The Nipponese has been bound over to circuit court for trial. He is charged with using the razor on another Japanese at Puuloa.

Chung Lung's growing business as a purveyor of opium to his fellow Celestials is now dearer than the proverbial door nail. The Chinese was fined \$25 and costs yesterday in police court, for having opium in his possession. The man was brought here from Wahiawa by Officer Gray, and when arrested was carrying three tins of the drug, valued at \$375. He pleaded guilty to the charge.

"Come seven, come eleven," will no longer resound in the crap game establishment conducted by Mihara, a Japanese gambler, whose flourishing business was suddenly interrupted by the police Wednesday night. As a result of the raid fines totaling \$120 were collected from 13 Japanese prisoners, all of whom pleaded guilty. Mihara conducted the game and took in the percentages. As proprietor, he was assessed a \$25 fine, while the other followers of the Goddess Chance were mulcted \$10 each. Several of them failed to show up, and their \$10 bail money was forfeited.

LOCAL AND GENERAL

The industrial accident board for the city and county of Honolulu is meeting at its rooms in the McCandless building this afternoon.

The Woman's Exchange and the Standard Optical Company, both of Honolulu, were reincorporated in the office of the territorial treasurer yesterday.

Owing to the fact that Commissioner Gignoux has gone to the states on his vacation, no meeting of the Public Utilities Commission will be held for the next six weeks.

Charles G. Rowan, recently of the staff of the Pacific Advertiser, has been appointed as head of the department of journalism and printing at the San Diego high school.

The Knights of Kamehameha, composed entirely of young Hawaiians, will give a musical concert in Cooke Hall, Y. M. C. A. building, at 7:30 o'clock tomorrow evening.

Two American Bankers' Association travelers' checks for \$100 each have been lost by their owner, J. J. Troutman. Mr. Troutman lost the checks between 3:30 and 4 o'clock yesterday.

A bicycle ridden by M. Kawakami and a motorcycle driven by W. F. Thompson were in collision at Queen and River streets yesterday. Kawakami was slightly injured about the arms.

While working on a machine at the Libby, McNeill & Libby cannery at Kahi yesterday, a 16-year-old boy named Carlos had his left leg painfully crushed when his foot slipped into the conveyor. The boy was taken to a hospital.

To discuss the paving of Lusitana street as proposed by Superintendent C. R. Forbes and City Engineer Whitehouse, a public hearing will be held in the office of the superintendent of public works at 11 o'clock next Monday morning.

That Hawaiian Pineapple Day will be changed on the calendar of the Panama-Pacific exposition is the good news received from Theodore Hardee, director of publicity at the exposition, in a recent letter to A. P. Taylor of the Promotion Committee.

A collision between automobile number 63 and truck number 141 yesterday in Kipapa Gulch, resulted in considerable damage to the motor car, and less to the truck. Motorcycle Patrolman William B. Ferry reported the accident. Drivers' names were not obtained.

A concert by the Knights of Kamehameha, an organization of Hawaiian boys under the instruction of J. Brooks Brown at the Y. M. C. A., is scheduled for next Saturday night, August 14. Musical selections, both vocal and instrumental, will be features of the evening. An admission price of 25 cents is announced.

The case of William K. Simerson, charged with having demolished an automobile belonging to T. Honda, was remanded to the district court by Circuit Judge Ashford yesterday. When the case was taken to the district court, it was alleged that the boy was only 14 years of age. Testimony was that when he took out a chauffeur's license he swore that he was 19 years old.

Lighted cigarette thrown away. Falls on awning. Fire. Damage \$50. These are the items of interest in a slight blaze which called out the fire department at 10 o'clock last night to the Alexander Young building, where several strips of awning in front of the Pacific Commercial Cable Company's office and Wall & Dougherty's were on fire. Chemical Engine Number 1 extinguished the blaze.

The local federal judges will not take up with the attorney-general at Washington, D. C., the question of whether John T. Scully was in contempt of court when he made a get-away to Molokai recently, as reported in the Star-Bulletin Wednesday. The case was continued in order that the practise of the attorney-general's department might be ascertained with reference to the law relating to parole of prisoners and the effect of an additional sentence upon Scully's right to parole.

The Waterman is a very dependable fountain pen, as most any business or professional man will tell you. All styles, including the self-filler, are sold at Arleigh's, on Hotel street.

BOARD HEARS OF ACTUAL COST OF CHARITY WORK

Statement Submitted to Supervisors Analyzes Matters of Big Overhead Charges

That the Associated Charities is a "clearing house" for all organizations having charity bureaus and that much good is accomplished by the paid workers without accompanying gifts of money or its equivalent, is asserted in a letter to the board of supervisors read at last night's meeting of the board. The letter is signed by J. R. Galt, W. A. Bowen and W. F. Frear, a special committee of the organization.

"Sirs: At a recent meeting of the 'Associated Charities of Hawaii,' the undersigned were appointed a committee to prepare a report, which is submitted herewith, of the activities of the organization for the first half of the current year for presentation to you.

The accompanying report shows, it is true, for the half year in question there was expended directly in actual cash relief only \$1917.36 while the so-called overhead charges, including both salaries and expenses, amounted to \$3010.62. If the bald statement could be made truthfully that it cost \$3010.62 to dole out \$1917.36, the association would indeed merit the criticism of excessive overhead charges.

"That is far from the fact, however. In the first place, even if material relief alone be considered, it will be found that some \$4000 or so should be added for the relief furnished by 37 other organizations to 742 persons investigated and reported on by this organization. That brings the overhead charges down to 33.77 per cent of the entire expenditures or less than the percentages of similar charges in the large banks, trust companies and sugar agencies in this city; for their percentages run from about 40 to 62 per cent so far as figures have been obtained.

The statistical statement accompanying the letter shows that the receipts of the association for the first six months of the year have been \$10,789.88, of which \$123.28 was balance on hand on December 31. Of this amount the greater part came from subscriptions, amounting to \$7920.15. The city contributed \$400, work carried on realized a gross of \$268.85 and interest on trust funds brought in \$385.

Office expenses required \$3010.62, the item covering salaries, rent, telephone, light, stationery, postage and similar items, while a "special fund" debt to Miss Bergen called for \$573.53. Those for whom the Associated Charities have carried on investigations during the six months are:

Beretania Settlement, Central Union Church, district nurses, St. Peter's Church, Portuguese Charitable Society, business firms, Spanish consul, Y. M. C. A., Immigration station, county dispensary, German Benevolent Society, Methodist Episcopal

AALA PARK WILL HOLD CARNIVAL CITY NEXT YEAR

The Mid-Pacific Carnival was granted exclusive right to fence Aala park and erect a carnival city within the temporary walls during the period from February 21 to 26, next year, at a meeting of the board of supervisors last night. A question was raised as to the legality of the city granting such a franchise for public property to a private corporation, even though that corporation be of a public nature. Finally the permit was passed on unanimous vote, subject to the approval as to its legality by the city attorney.

According to the plan of Director-General Cooper, the park will be enclosed by a fence on all sides except that facing Nuuanu street. Present plans are for the building of bleachers facing the stream for the purpose of giving water pagents there if desired. The stream may be raised to the mean flood level by use of a temporary dam.

Nearly \$6,000,000 in gold is en route to San Francisco today on the Oceanic liner Ventura, sent by bankers in Sydney, Australia, to banks in the Bay City. The money is for the settlement of large debts which have kept piling up in the colonies because of large importations there from the states.

With a crack like a big whip, a stern line on the Tenyo Maru parted this morning as the big T. K. K. liner was being warped alongside Pier 7. The big three-inch rope cable was not big enough to withstand the terrific strain, and broke near the boat. A new line was soon attached, so that the boat was not delayed more than five minutes in docking.
