CARRANZA WINS PIEDRAS NEGRAS; VILLISTAS FLEE

General Funston Now in Full Control of Border Line on Rio Grande

[Associated Press by Federal Wireles] BROWNSVILLE, Texas, Sept. 8.—Practically all territory on the American side of the border contiguous to the Rio Grande is in the hands of the military as a result of an order given yesterday by Major-General Funston. Piedras Negras has fallen to the Carranza general, Gonzalez Garza, former provisional president, according to despatches from Eagle Pass. The Villistas are reported to have evacuated the town and General Garza is said to have occupied it with 1200 men. The Villistas are reported to have fled to the hills.

WILSON REFUSES ENDORSEMENT FOR ANOTHER TERM

[Associated Press by Federal Wireles] WASHINGTON, D. C., Sept. 8.—President Wilson yesterday refused to agree to the suggestion of the New Jersey Democrats that they endorse him for re-nomination in 1916 for a second term. The president, in refusing his permission for this step, made it plain that he does not want to appear as taking advantage of the present international situation for his own political benefit.

HENRY FORD IS OPPOSED TO WAR

While Henry Ford, the auto manufacturer, has signed up to join the Illinois military training camp, as opponent war, a despatch from Detroit says: "DETROIT, Mich., Aug. 22.—I will do everything in my power to prevent a war, a war which would be a waste of the whole world. I will devote my life to fight this spirit which is now felt in the free and peaceful air of the United States, the spirit of militarism, mother to the cry of 'preparedness'—preparedness, the root of all war." These words, uttered by Henry Ford, builder of automobiles and later of the "wholesome world," I will devote my life to fight this spirit which is now felt in the free and peaceful air of the United States, the spirit of militarism, mother to the cry of 'preparedness'—preparedness, the root of all war." His wealth and endeavors are to be given to aid the world in its efforts for the coming peace, to challenge Americans crying for more armament and to oppose the spirit of militarism in every form. "Children should be taught at their mother's knee," said Mr. Ford, "what a horrible and unavailing thing war is. Schools should teach children the uselessness of war—a thing unnecessary—and that preparedness for war can only end in war."

INVENTS WARSHIP WHICH WILL NOT SINK IN BATTLE

PITTSBURG, Pa.—Of the many inventions that have been the product of the genius in this vicinity, the latest and most marvelous of all is an "unsinkable" battleship, according to the statement made by the inventor's attorney, John C. Thompson. The identity of the man is being kept secret, as is the nature of the material of which the vessel is to be manufactured. According to Mr. Thompson the plans and specification of this unique vessel have been placed in the hands of the secretary of the navy, Mr. Josephus Daniels. Mr. Thompson says his client had received a letter from Secretary Daniels stating that as soon as the new advisory board of inventors and scientists is organized the invention will be placed before it. It is stated that the inventor depends almost exclusively on the interior construction of the ship for his results. Under his plans, all the craft of the United States navy would remain the same to all outward appearances, but all would be unsinkable. They would carry just as many guns as at present, but their armor would not be as heavy as now. According to the inventor, a battleship equipped with his invention would be practically invincible in battle, because no matter how many times the ship would be struck the craft would remain upright and continue to float.

In normal times the spice islands of Zanzibar produce about 90 per cent of the world's supply of cloves, an average crop approximating 16,000,000 pounds.

IN WAR ARENA

ALLIES GET BUSY ON WESTERN FRONT

PARIS, France, September 8.—With heavy artillery, bombs from dirigibles and aeroplanes, and the guns of the British channel monitors the German lines were subjected to a series of vigorous assaults yesterday, while a French air squadron invaded Germany and inflicted heavy damages against the military works at Freiburg, in Baden, Monitors Shell Coast.

In Flanders the French artillery co-operated with the British monitor squadron to bombard the German positions at Westende, while the British naval guns extended their work along the Belgian coast as far north as Ostend, the German coast guns making an ineffective reply. In the Argonne and the Woerthe districts the French are holding the advantages gained by their superiority of artillery and have occupied a large part of the German trenches from which the heavy bombardment of the past few days has driven the defenders.

Zeppelin Batteries Silenced.

In the Lorraine district the German batteries have been practically all silenced, but there has been no infantry advances on the part of the French except in Argonne and Woerthe fronts. Airmen Raid Freiburg.

French dirigibles delivered an attack with bombs against the railroad positions at Peronnas, an important junction point in the German line of communications, while a French air squadron inflicted material damage on the railroad station and the military establishments at Freiburg. All the aviators taking part in this raid returned in safety to their own lines.

ZEPPELIN RAIDS ENGLISH COAST

LONDON, Eng., September 8.—A German Zeppelin raid was carried out last night against the English east coast, the bombs causing a number of fires and casualties. The number killed and wounded has not yet been ascertained.

SLAV DEFENSE STIFFENS; GERMANS REPORTED CHECKED

LONDON, Eng., September 8.—Fierce fighting in two regions of the eastern front in which success is claimed by the Russians is reported in despatches here this morning. Foreigners say officially: "In the Kovol-Barry region our cavalry by desperate fighting has routed the enemy. "On the right bank of the Upper Stry stubborn fighting is going on, but without decision in favor of either side. The enemy has attacked our positions on the Sereb, but without success."

Hand to hand fighting is reported in this region in an official despatch from Vienna. The despatch says: "Podkamen Castle has been captured by our forces after hand to hand fighting. The enemy has been defeated at two points near Podkamen."

Copenhagen is authority for the report that the rivers along the eastern front are at the flood stage. A despatch from there says banks of the streams all along the front are overflowing and that they have already checked the German drive.

MONTENEGRINS REPULSE AUSTRIAN ATTACK

ROME, Italy, September 8.—The war in the southern zone is developing actively. For the first time in months hand fighting is reported on the Austro-Montenegrin line. It is reported that the Austrians have suffered a repulse in an attack on the Montenegrins during a night fog. The battle is said to have been sanguinary, the Austrians suffering heavy losses as a result of the Montenegrins' violent cannonading and rifle fire.

VON TIRPITZ BRINGS TO HEAD RUPTURE WITH CHANCELLOR

LONDON, Eng., September 8.—A Rotterdam despatch states that it is rumored in Berlin that the submarine attack upon the liner Hesperian, without any warning being given to the passengers and crew, which is in direct opposition to the recent German assurances to the United States, was carried out through deliberate design by the German admiralty, under Admiral von Tirpitz's direct orders, in order to bring to a climax the questions at issue between von Tirpitz and the imperial chancellor, von Bethmann-Hollweg.

GERMANY MODIFIES ENLISTMENT LAW

LONDON, Eng., September 8.—A Berlin despatch received here this morning from Amsterdam says: "It is officially announced that the military law has been modified so as to make possible the re-examination of persons previously exempted from service in the army because of their failure to come up to the physical standards."

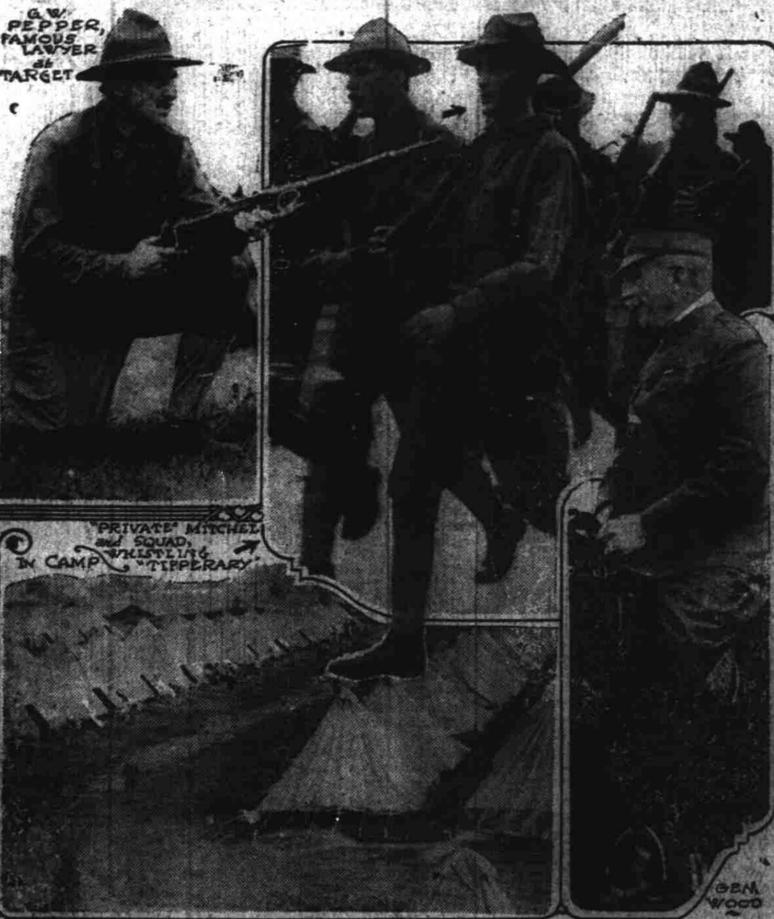

TURK TRANSPORT SUNK BY BRITISH SUBMARINE

LONDON, Eng., September 8.—A Turkish transport carrying cannon to Gallipoli peninsula has been torpedoed and sunk by a British submarine, according to a despatch from Athens.

MANY HOMELESS FROM EFFECT OF CLOUDBURST

[Associated Press by Federal Wireles] IOLA, Kansas, Sept. 7.—Hundreds have been made homeless and a big property damage caused by a cloudburst here.

"WAKE UP, AMERICA" IS THE BIG IDEA BEHIND PLATTSBURG CAMP

By THOMAS R. SHIP.

Three facts about the Military Camp for Business and Professional Men, at Plattsburg, N. Y., hit you right between the eyes. First, it is NOT a war camp. Second, its main purpose is NOT to train men to be officers and, third, its men are NOT exclusively from the East.

The camp has a meaning to the nation, which few people seem to realize. While the idea was conceived only a few weeks ago, it has been in the subconscious minds of thoughtful, conservative men for a long time. It is that America must be awakened not only to its defenseless condition but to its need of "national discipline."

It took the Civil War to make the nation, but a new generation has grown up and there has been a slump in national discipline. We have become snug and self-satisfied. Even now treading on the very verge of a situation that might mean the complete overturning, if not the obliteration of everything that we as a nation and as individuals hold dear, WE ARE ASLEEP.

The big men in camp are anxious over this condition. They say that if the country could be shaken out of its complacency by some great orator like Webster, it would be sufficient. But no such man has arisen. Hence the camp at Plattsburg. These the learning of the drill manual, important in itself, is secondary to the big idea in the minds of the men who made the camp a possibility that America should wake up.

Robert Bacon, once Ambassador to France, and former Secretary of State was a Plattsburg private until the record he made there advanced him to sergeant. He says he is there as a protest against conditions that permit our present unpreparedness. The men in the ranks whose names "mean something" are too many to attempt to record them. Company rosters read like pages of "Who's Who in America." For instance, there is Mayor Mitchell of New York, Dudley Field Malone, collector of the port of New York; Nelson O'Shaughnessy, formerly chief of affairs in Mexico; Raymond P. Tenney of Peoria; George Wharton Pepper, famous Philadelphia lawyer; J. W. Pickering of Massachusetts; Willard Straight of the J. P. Morgan firm; Richard

Harding Davis; the Cabots and Bancrofts of Massachusetts; the Papes of North Carolina; the Poots and Roosevelts and Hamiltons, Fishs, the Morgans, the Pierreponts, the Leathers and the Leims of New York; Houghton and Wheeler, the football stars, and the Poes; there are three nephews of Henry James, who recently renounced his American citizenship and men like G. F. Porter, of Chicago, and Murray Cobb and Earl Miles, of Washington, and R. A. McCharg, of Piedmont, Calif.; G. A. Dreyfus, of New Orleans; J. B. Miller, Jr., of Winnetka, Ill.; E. C. Starrett, of Sheldon, Ia.; H. L. George, of Pittsburg; J. H. Batchelor, of Kansas City, Mo.; Cleveland Mather, of Denver; W. M. Bullitt, of Louisville, Ky.; R. H. (Dick) Little, of Chicago, and others from everywhere.

General Leonard Wood and thirty other officers of the army are at the elbows of these prominent Americans, teaching them intricacies of the school of the soldier. And the men don't shrink. They are up at day break. They drill all day. They are learning by hard work the fallacy of the argument that America could raise an army over night.

HARRISON LAYS NO IMPORTANCE TO TAFT SPEECH

Declares Former President Has Somesaulted From Previous Attitude

[Associated Press by Federal Wireles] MANILA, Sept. 8.—I attach no importance to the speech of Mr. Taft when in the Philippines he advocated independence. In the states he is the leader of the retentionists. This was the comment yesterday of Governor-General Harrison in answer to the attack upon his fitness to rule the islands by William Howard Taft in San Francisco.

HONOLULANS TO HAVE THE BEST AVAILABLE

When the Manoa made port 12 hours ahead of her schedule Monday evening, she carried a large assortment of the famous Orange Blossom candies, destined for the scores of pleased patrons of the Honolulu Drug Store. These sweetmeats have won a merited reputation for superiority wherever they have been sold, and since their introduction in this city have more than lived up to their reputation. The management of the Honolulu Drug Store has special facilities for keeping candy fresh and you'll always know you are getting the best when you purchase Orange Blossom.—adv.

BORN.

NAKAPALAU—In Honolulu, Sept. 6, 1915, to Mr. and Mrs. Frank Nakapalau of School street, near Liliha, a daughter.
OHIO—In Honolulu, Sept. 5, 1915, to Mr. and Mrs. Ching Tung of Parker lane, a daughter.
IAHINI—In Honolulu, Sept. 4, to Mr. and Mrs. John Hahn of Campbell avenue, a son.
AI—In Honolulu, Sept. 4, 1915, to Mr. and Mrs. T. O. M. AI of 5011 School street, a daughter.
FRAS—In Honolulu, Sept. 1, 1915, to Mr. and Mrs. John M. Fris of 532 Magellan street, Punchbowl, a daughter.
WONG—In Honolulu, Sept. 1, 1915, to Mr. and Mrs. Wong Tong How of Kananuwa lane, a daughter.

MARRIED.

COSTELLO-RAYMOND—In Honolulu, Sept. 6, 1915, William Costello and Miss Josephine Raymond, Rev. Father H. Valentin of the Catholic cathedral officiating. Witnesses, Robert C. Martin and Rose Cunningham.
ALDRIDGE-COSTELLO—In Honolulu, Sept. 5, 1915, Russell C. Aldridge and Miss Rose Costello, Rev. M. E. Silva of the Honouma Nanaoa church officiating. Witnesses, Robert B. Meyer and Emma David.
GONSALVES-MARQUES—In Honolulu, Sept. 4, 1915, John Gonsalves and Miss Mary Marques, Rev. M. E. Silva of the Honouma Nanaoa church officiating. Witnesses, Jose Felix Aguilar and Archie Markham.
MELLO-CANDIDO—In Honolulu, Sept. 4, 1915, Antonio C. de Mello and Miss Edith Candido, Rev. Father H. Valentin of the Catholic cathedral officiating. Witnesses, Frank Medeiros and Adelaide Candido.
MURPHY-LINDLEY—In Honolulu, Sept. 4, 1915, Forrest C. Murphy and Miss Thelma M. K. Lindley, Rev. Father H. Valentin of the Catholic church officiating. Witnesses, Otto Holm and Mrs. Evelyn Holm.
KEALOHA-KEAWE—In Honolulu, Sept. 3, 1915, James K. Kealoa and Mrs. Grace K. Keawe, Elder Ernest L. Miner of the Church of Jesus Christ of Latter Day Saints officiating. Witnesses, Solomon Nams kelua and Annie Namakelua.

DIED.

CHAR—In Honolulu, Sept. 7, 1915, Mrs. Char Kim Hee of 1487 Liliha street, widow, a native of China, 89 years old. Funeral to be held next Sunday; interment in the Panoa cemetery.
HO—In Honolulu, Sept. 7, 1915, the infant daughter of Mr. and Mrs. Ho Sang of Parker lane, eight days old.
KAPUAA—In Honolulu, Sept. 5, 1915, the infant son of Mary Kapuua of 1808 Liliha street.
BURA—In Honolulu, Sept. 4, 1915, Antonio, son of Mr. and Mrs. Antonio Cantiller Burae of Queen and Punchbowl streets, one year, three months and 21 days old.
AI—In Honolulu, Sept. 4, 1915, the infant daughter of Mr. and Mrs. T. O. M. AI of 5011 School street.
UNDERWOOD—In Elicott City, Md., Sept. 3, 1915, Mrs. E. R. Underwood, mother of Mr. Lewis Underwood of Honolulu.

Acting Fire Commissioner W. H. Weeks of New York ordered a survey of the sailing ship Jacob Stambler, maintained as a hotel for working girls by the Arbuckle heirs. The ship has been condemned.

WINDY CITY CAN CALL HONOLULU ON AIR CIRCUIT

Tests Made at Illinois Station Demonstrates Intercourse is Feasible

[Associated Press by Federal Wireles] CHICAGO, Ill., Sept. 8.—It is now possible to get in communication with Honolulu by wireless here. Tests made by the government wireless station at Lake Bluff have demonstrated that it is possible to send messages to Hawaii. The government probably will avail itself of this newly discovered facility, but will not accept private messages.

JAPAN'S NAVAL ESTIMATE UNDER PRUNING KNIFE

[Associated Press by Federal Wireles] TOKYO, Sept. 8.—The naval department's estimate of 190,000,000 for replenishment needs of the next five years has been materially reduced by the finance department. The naval department, however, will insist strongly on the appropriation, and will oppose any scaling down of its estimate.

MOUNTAIN KING MAY SOON JOIN RANKS OF PROFIT MAKING MINES

That the Mountain King Mining Company, in which many Honoluluans are interested, is now out of debt, and that the ore removed last July was valued at 75,000, is the ultimatum report brought to this city by H. T. Hooper, treasurer of the corporation and a member of the board of directors. The Mountain King Mining Company is now on its feet financially, according to Mr. Hooper. He says the directors hope that the next assessment against the stock has been made. The last assessment was made several months ago, prior to the beginning of active operations in the mine. At that time there were 600,000 shares outstanding, and only 1998 of these were delinquent. The 15,400 worth of ore taken out in July cost only about \$5000 to remove and treat. "The cost of mining has been reduced to a minimum," says Mr. Hooper. "We have capable, reliable officials in charge of the work and satisfactory results heretofore."

KANSAS RIVER OVERFLOWS; MUCH PROPERTY LOSS

[Associated Press by Federal Wireles] FORT SCOTT, Kansas, Sept. 8.—The Marimaton river has burst its banks and flooded much property near here. The damage is estimated at \$200,000. Warned by horsemen, 1500 residents of the district have taken refuge at the fort, which stands on higher ground across from the flooded area. There have been no casualties. The flood has demoralized train service in this section. Trains are reported to have been engulfed by the flood waters and passengers were forced to swim from the coaches to places of safety.

ALBANY STREET CAR STRIKE KEEPS GROWING

ALBANY, N. Y., Sept. 8.—The street car strike here is growing worse. The force of 800 men who walked out Monday was augmented yesterday by 350 more platform men and 200 track workers. All transformers men have laid down their tools also.

WORLD'S TALLEST SPIRE FOR NEW EDIFICE HERE

NEW YORK, N. Y.—Work will be begun on the foundations of the new Church of St. Vincent Ferrer, at the southeast corner of Lexington avenue and Sixty-sixth street, which will have the tallest spire in the world—higher than the spire of the Amiens Cathedral in France—rising 165 feet in the air. For almost half a century, or since its erection in 1867, the old edifice, which was torn down, has been a conspicuous landmark in the neighborhood, and under the spiritual guidance of the priests of the Roman Catholic Order of St. Dominic the parish has been a great power for good.

IRISH SLOW TO JOIN THE ARMY

One of Mr. Redmond's assistant recruiting sergeants, Lieut. Kettle, flatly contradicts the chief recruiting sergeant in respect to the success of the attempts to induce young Irishmen to accept the King's shilling. Lately the chief recruiting sergeant produced well padded recruiting statistics with the view of showing that the spirit of Irish nationality is so dead in Ireland that great numbers of young Irishmen are joining the British army. Recruiting Sergeant Kettle says that such is not the case. Speaking at a recent recruiting meeting at Enniskillen, he said that the meager results of his own efforts and those of his fellow recruiting sergeants filled him with disgust. He is reported in the Dublin Independent as declaring that he regards "voluntary enlistment as nearly at an end. These recruiting meetings were becoming a degradation to any public spirited man."—Irish World.

EARTHQUAKES SHAKE GUATEMALA; MANY BUILDINGS WRECKED

[Associated Press by Federal Wireles] LA LIBERTAD, Guatemala, Sept. 8.—Guatemala was shaken yesterday by a strong earthquake shock, which extended into Salvador, doing a large amount of damage but inflicting few casualties, so far as the reports have come in. The city of Jutupa, of 13,000 people, is seriously damaged, as is also the city of Sonzonates, Salvador, of 17,000. The cathedral in this latter city is in ruins, as are also the churches in a large number of villages. The famous church of Santa Ana is reported shaken down.

WASHINGTON, D. C., Sept. 8.—No important damage has been done to the Panama canal by the Guatemala earthquake. The recent slides are being cleared and passage probably will be uninterrupted after two days more.

MUNITION WORKS BOOST PAYROLL, REDUCE HOURS

[Associated Press by Federal Wireles] WATERBURY, Conn., Sept. 8.—The American Brass Company, which is reported to be working on war orders for the Allies, yesterday announced a 10 per cent increase in the wages of its employees.

SPRINGFIELD, Mass., Sept. 8.—The Brass Tool Company, which is manufacturing shrapnel for the Allies, yesterday announced that after September 27 it would increase the pay of its employees and reduce their working time to eight hours.

U BOATS FLY FLAGS WHEN ATTACKING ABOVE WATER

BERLIN, Germany.—The Overseas News Agency gave out the following: The assertion printed in foreign newspapers that German submarines carried no flag is officially declared an error.

The underwater craft, it is stated, hoist a battle flag during the commission of every warlike act above water, as while stopping, searching and sinking enemy or neutral ships carrying contraband. For military reasons submarines are not numbered. The charge that this makes it difficult to establish the nationality of the craft is declared senseless because the boats always show their flag.

The government has received regularly full official reports about submarine activity, these to serve as a basis on which to adjudicate damage claims by neutrals.

Mount Sangay, in the eastern chain of the Andes in South America, is the most active volcano in the world. It has been in constant eruption since 1728.
