

LOCAL AMATEUR WIRELESS FANS ARE UNDER TABU

Instruments Locked Up Under Government Seal and are Slowly Rusting Away

While the amateur wireless operators have been in San Francisco in Honolulu the instruments are all locked up under the seal of the government.

Shortly after the war broke out and when the German cruiser Nürnberg and other ships of war were passing Honolulu, the government, fearing that amateur wireless operators might get in touch with one of the war vessels and fearing that out of this communication international complications might possibly arise, sent orders to all the owners of outfits demanding that they be sealed.

The result is that rust has set to work on many of the best outfits, and may permanently ruin them.

As each of these machines costs about \$150, and as there are more than 30 of them in the city or near by, it means that some \$5000 of perfectly good property is going to waste.

"Some time the government turns over and then reports that it has turned," says Nichols.

DON'T MISS THE GREAT HUB SALE

The Hub inaugurated its great \$10 sale of men's suits because room was needed for new fixtures. That they will have the room before the sale is over is clearly demonstrated by the way the suits are going.

Many evening frocks are of taffeta, with the skirts held out by cordings.

KEEP YOUR CHILDREN STRONG

Some children catch one ailment after another, have colds after colds, while other children are seldom sick. If your children are pale or frail, if they catch colds easily, lack ambition or are backward in school, they need SCOTT'S EMULSION.

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

If Feverish, Bilious, Constipated, Give Fruit Laxative at Once

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again.

Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.—Adv.

Governor Whitman ordered out Company 6 of the National Guard at Watertown, N. Y., to take charge of the strike situation at the St. Regis Paper Mills.

MAKE COMPLAINT ON 'ALTERNATE' BID PROPOSALS

Complaints invalid that portion of the advertisement for bids on the specifications for the new electric power plant equipment which allows that "alternate proposals" may be substituted by a bidder, if in his own mind he considers them as good as the specifications offered by the city, the Hawaiian Electric Company has filed complaint with Mayor Lane.

That the advertisement is in direct opposition to the well settled rule of adopting some sort of standard make, when stating that an alternate proposal may be made, is the contention of the Hawaiian Electric Company. The company also claims that the advertisement as used now by the city tends to prevent competition.

Mayor Lane is considering the complaint, and will depend entirely upon the city's legal department for advice in the matter. "With the decision of the department," he says, "we will go ahead with such plans as our own attorneys suggest."

All bids must be in by noon on Wednesday, October 5, and the regular meeting will be held that evening. Whether the bids will be opened, rejected or postponed, or whether new specifications will be called for at this meeting depends largely upon the city attorney's decision.

GERMANS DEPOSIT THEIR GOLD ABROAD

PARIS, France.—German journals state that there is at least \$200,000,000 in gold still in Germany in private hands. The special correspondent of the Echo de Paris at Geneva, however, says that it is very likely that this gold already has crossed the frontier. For some time German capitalists have very prudently been putting their gold in places of safety abroad.
