Theatrical & Amusements

WHITE SLAVE FILM RUN NEARS END

With tonight's performance "The Inside of the White Slave Traffic" closes a week's successful engagement at the Hawaii theater. It was the desire of the Sociological Research Association to reach parents and families when this startling and educational film was first contemplated. It has been the experience of managers of the numerous theaters throughout the country where this picture has been shown that the desire of the association has been fulfilled, and Honolulu has been no exception.

The lesson taught through the medium of the film has shown the wonderful possibilities in this field of endeavor. Silent yet impressive is the picture and lasting the lesson. For this reason the photo-play has the endorsement of a majority of the welfare workers of the United States, and is in great demand for private exhibitions, which are usually accompanied by a lecture.

PROBLEM PLAY AT EMPIRE THEATER

This afternoon and this evening at the Empire theater, Augustus Phillips and an all-star cast will present for the first time in Honolulu the unique two-part dramatic offering, "The Magistrate of Paradise." It is a problem play that deals with a certain phase of life among the social elite. The characters employed in its presentation are a type not common to modern motion picture drama. It is an adaptation from a novel by Mary Jay Taylor.

The fun is continuous while a galaxy of comedians are before the spotlight in the screaming farce, "Baseball and Trouble." The national game is a theme for a good story.

Featuring G. M. Anderson and a company of favorites, including Margaret Clayton, True Boardman and Mabel Thorne, "Broncho Billy and the Sister" is the latest type of western play. Picturesque settings will be shown.

FRITZ FIELDS AS BEANS SALESMAN

With tonight the last night of "Mr. Henpeck" and the box office of the Bijou theater as busy as it was on the opening day of the Raymond Teal Company here, another record week is to be chalked up for this sterling comedy.

The first two bills broke all records for attendance at the local theater and also broke all records for a high-class production at popular prices. Tomorrow night for the first time in this city the Raymond Teal Company will be seen in "The Girl and the Drummer," another of these funny comedies produced by Fritz Fields.

Fields is seen as a traveling salesman for beans, and he will be given another opportunity to display his rare talents. Every member of the large cast is to take part and some very clever song numbers intersperse the big scenic production. The "Teal Ducklings" will be seen in captivating dances and Raymond Teal will again be seen in his funny blackface character.

Moving pictures will precede the five reels. It demonstrates what might occur if four thieves were turned loose at an unsuspecting prenuptial celebration, with gold and jewels, money and precious paper lying carelessly around.

STATUE DECIDES TO MARRY BANKER

Regulation Liberty houses, which usually means a good sized and good natured crowd, have attended the exhibition of "Niobe," and have joined heartily in the laughs. Hazel Dawn, the captivating young star who makes her local debut in this picture, has been enrolled among that ever increasing gallery of favorites with the Liberty fans. In the title role, the statue that comes to life after a 2000-year sleep in marble, and decides to marry Peter Ames Dunn, a staid businessman of family, this young actress is scoring a nightly success. "Niobe" will be shown for the last time tonight.

"The Exploits of Elaine" instalment deals with the operations of a gang of opium smugglers, and Craig Kennedy and his aides prove eminently successful. Elaine is kidnapped and is only rescued after a thrilling experience.

In the "Pathe Weekly" considerable attention is paid to a naval engagement between the Russian and Turkish fleets. The pictures are clear-cut and thrilling, silent witnesses to the terrors and horrors of warfare on the seas.

TYPICAL COHAN FARCE ON FILM

Carlyle Moore was at his best when he wrote "Stop Thief!" the remarkable Cohan-Harris farce which appeared in photo-play form for the first time at the Popular theater yesterday evening. It is typical of George M. Cohan's methods, full of action and with the zest of life, fun and tense situations.

It holds the spectator's attention without a break or rest through the five reels. It demonstrates what might occur if four thieves were turned loose at an unsuspecting prenuptial celebration, with gold and jewels, money and precious paper lying carelessly around.

This situation is further intensified by the fact that one of the thieves is a kleptomaniac and the other only imagines he is one. The other two, of course, are real pickpockets. In the home where a double wedding is scheduled, with the intention to steal all they can get their hands on.

Jewelry and valuables disappear mysteriously and as mysteriously reappear in the pockets of various members of the assembled and horrified guests and principals. The police are finally called in and the real crooks, the housemaid and her fiance, are caught after an exciting chase.

POVERTY OF TREASURY FORCES JAPAN TO ABANDON BIG SCHEMES

TOKIO.—It is considered probable that a number of enterprises projected by the government calling for the expenditure of \$20,000,000 this year will be postponed, at least in part, on account of the revenue falling short of the expected amounts. The new Minister of Finance, T. Taketomi, is quoted in the newspapers as predicting that the European war will cause a decrease in revenue of about \$5,000,000, as compared with the estimate for the present fiscal year.

In March of 1916 Japan must redeem \$15,000,000 worth of short-term railroad bonds placed in London early this year. As difficulty would be found in issuing a new loan in Europe the government will probably float a domestic loan.

The general financial conditions caused by the war have forced Japanese banks to reduce their yearly interest on fixed deposits to 4 per cent. Before the war the rate was 6 per cent.

The deficit caused by the war is being made good in part by supplying munitions to the allies and by occupying markets hitherto held by Germany. The great need, however, is for ships. Every shipyard in Japan is at work building vessels, but not enough can be turned out. The removal of the Pacific Mail steamers is a great blow to exporters.

The exportation of raw silk to Russia is steadily increasing owing to the decrease in the Russian supply from France, Germany and Italy. Enormous quantities of Japanese tea and camphor are likewise sent to Russia. A heavy consignment of sugar is awaiting shipment to England.

MAKE UKULELES IN BIG FACTORY IN MIDDLE WEST

That "Hawaiian ukuleles" are being largely manufactured in the Middle West is stated by Popular Mechanics, which prints a short article in its issue of this month, relative to the growing popularity of the mainland of this Hawaiian instrument. Says this magazine:

"Few musical instruments have ever come so quickly into popular favor in this country as has the Hawaiian ukulele during the last three or four years. It is estimated that in 1914 alone between 20,000 and 25,000 of these small instruments were purchased, probably 90 per cent of which were sold along the Pacific coast, where they are becoming quite commonly used.

"A very large proportion of the ukuleles sold here are not imported, as is commonly believed, but are manufactured in a mid-western city, where probably as many of them are made as in Hawaii. There are also a few individual makers in California who are engaged in building instruments to supply the local demand.

"In appearance the ukulele is similar to the Spanish guitar, although smaller in size. It has four strings and is intended for the accompaniment of other instruments or the voice. It has a soft, melodious tone that brings out the weird romance of the island songs."

Lieut. Baron von Forstner, who gained notoriety as a result of the Zehner incident, has been killed in action.

Official announcement was made in London that a German spy had been executed by shooting in the Tower of London. His name was not given.

Miss Catherine R. Watkins, superintendent of public kindergartens of Washington, D. C., was elected president of the International Kindergarten Union which is holding its annual convention at San Francisco.

FRANK MOSS HEARD IN CONCERT AT MEAD HOME

Yesterday at the home of Mrs. Royal D. Mead, president of the Morning Music Association, Frank Moss, pianist, gave a concert in which he was assisted by Mrs. David Stone, contralto. His program for the day was complex, including a list of selections from Brahms to Chopin. Moss is a pupil of Harold Bauer and has decided to settle in Honolulu, where he will shortly open a studio. Mrs. Stone sang well her two groups of songs, each group consisting of three short and simple selections.

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

When Cross, Feverish and Sick Give "California Syrup of Figs"

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver, and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour; then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomachache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

ASHES OF WELL KNOWN BUILDER ARRIVE HERE ON STEAMER NIAGARA

Accompanied by Mrs. Fred L. Waldron, a sister of Mrs. Harrison, the ashes of Arthur Harrison arrived in Honolulu this morning, where they will be buried in the family plot in Nuuanu cemetery under the auspices of Hawaiian Lodge 21 of the Masonic order.

Harrison has been well known here as a builder and contractor, and has constructed many of the well known public buildings of the city. He was 56 years of age, having been born at Sacramento, Northern California, in 1859. He came from Honolulu to America when he was a boy, and resuming to Honolulu in 1877, entered the building business.

He is survived by Mrs. Sharp Harrison, San Francisco; Fred Harrison, Sacramento; Arthur Harrison, San Francisco; and three daughters, Edith, Ruby and Ella of San Francisco. The brother, Fred Harrison, is now in Honolulu in the contracting business.
