SECRET SERVICE MEN FOIL PLANS TO WRECK SHIPS IN N. Y. HARBOR?

Alleged German Naval Officer Arrested With Bombs In Possession

STATE OFFICIALS PROBE TEUTON ACTIVITY

Mystery Surrounds Movements of Yachts Now Lying at Key West

[Associated Press by Federal Wireless]

NEW YORK, N. Y., October 25.—What is believed to be a bigger plot than that which Erich Muentzer, the deranged Harvard professor, who shot J. Pierpont Morgan, claimed to be a party to, was uncovered here yesterday when secret service men arrested Robert Fay, who is said to be a lieutenant in the German navy.

In Fay's possession, according to the government agents, were found five mines, with wire attachments to hold them to the sterns of yachts; charts of New York harbor and several other incriminating documents.

The mines were made of dynamite and marine experts say they were built to be exploded by the starting of the ship, hanging from the sterns, they would be drawn by the suction of the propellers into the screws and set off instantly. Other arrests are expected to follow that of Fay.

Port officials, immediately after the detention of Fay, began a rigid search of all ships in the harbor to see if any had been prepared for destruc-

tion with bombs like that of Fay. The investigation continues but no announcement has been made of the results of the search.

WASHINGTON, D. C., October 24.—Accumulating evidence, coming from many different sources, leads the authorities to suspect strongly that a widespread plot is being worked out by Germans in the United States or German sympathizers for the violation of the American neutrality.

It is believed that plans are afoot either to fit out and despatch commerce destroyers to operate in the Caribbean or to carry out a series of anti-Atlantic coasting expeditions. A series of incidents have been brought to the attention of the officials which all tend to show some widely spread plot. The breaking of their parole by some of the officers of the interned German commerce destroyers at Norfolk is believed now to be a part of the plot. The recent steady sailing of the steamer Zealandia, which slipped out of Pensacola at night, without clearance papers, is another fit in the suspicion of the authorities. The Zealandia took on large quantities of supplies and it is known that in her crew are a large proportion of German sailors.

Two yachts which the authorities have been watching have been lying at Key West for the past two weeks, with their ownership still not definitely determined.

The navy department, the state department and the department of justice are each carrying on an investigation.

RAIDERS FIRE ON U. S. TROOPERS; ONE WOUNDED

Carranzistas Clash With Villa's Men Near Agua Prieta; Result Unknown

[Associated Press by Federal Wireless]

BROWNSVILLE, Tex., Oct. 25.—A band of Mexicans across the Rio Grande fired on a detachment of the Sixth Cavalry, doing patrol duty, yesterday, and one soldier was wounded. The cavalrymen returned the fire and killed the Mexicans. What casualties the Mexicans sustained has not been reported. It is not known either how many were in the attacking party.

DOUGLAS, Arizona, Oct. 25.—A sharp fight between a detachment of Carranzistas and a force of Villistas has occurred near Agua Prieta in Sonora. The Carranza detachment was led by General Calles. No statement is available on the outcome.

Major Anaya, a Carranza officer, with station in Sonora, has been arrested for the murder of Colonel Cardenas, a brother officer.

The men fought a duel in Anavachi Pass. The colonel was killed in the encounter and the major was wounded.

TEXAS RANCHERS WOULD INVADE MEXICO TO RECOVER STOLEN STOCK

WASHINGTON, D. C., Oct. 24.—Reports from Brownsville, Texas, announce that the border ranchers have appealed to the governor for more protection against the Mexican bandits, who are crossing in small bands and running off cattle and horses and looting ranch houses. The ranchers ask that in the event of the government not being able to furnish the necessary protection, they be promised immunity from punishment, receiving which they will cross the border themselves and bring back their own stolen stock. They express a willingness to take the law in their own hands if the federal authorities will agree not to interfere with them.

From Laredo it is reported that the federal authorities have given permission for a force of 7000 Carranzistas to cross into American territory at that point and proceed from there to Douglas, Arizona, whence they will return to Mexico.

Vera Cruz dispatches say that Carranza has decided not to call for an election in Mexico until the fighting in the north has been ended. The pre-constitutional period will last for about a year, according to his expectations, at the end of which time he will have Villa and Zapata completely crushed and peace restored. In the meanwhile he assumes personal responsibility for the safety of the lives and property of foreigners in the republic.

FRANZ JOSEF HONORS FORMER ENVOY DUMBA
BERLIN, Germany, Oct. 25.—Dr. Constantin Theodor Dumba, the Austrian ambassador ousted by the United States, has arrived in Berlin with Madame Dumba. It is reported that the diplomatist has been ennobled by Emperor Franz Josef.

BULGAR PREMIER SAYS ALLIES BEATEN IN SERBIA.
AMSTERDAM, Netherlands, Oct. 25.—The Allies are already beaten in Serbia, according to Premier Radosloff of Bulgaria. The prime minister of Germany's new ally is quoted in despatches from Sofia as saying: "There is no chance for the Allies to send effective assistance to Serbia on account of the severity of the Macedonian winter and because of their lack of troops available for such a climate. The Allies have available for reinforcements only the Australian, Indian and Senegalese and these troops could not stand the rigorous weather."

The Allied expedition in the Balkans will be a repetition of the Dardanelles fiasco. As on Gallipoli their sacrifices will be in vain."

SLAVS SEEK BILLIONS OF CREDIT ABROAD.
PETROGRAD, Russia, Oct. 25.—Russia will establish a huge credit for the purchase of war supplies. An imperial ukase issued yesterday authorized the minister of finance to arrange a credit abroad of \$2,750,000,000. The minister of finance is authorized to issue treasury bonds for the required credit, and to transact all negotiations. The credit will be sought in pounds, francs and dollars.

CROPS GOOD, FOOD PLENTIFUL IN GERMANY NEXT YEAR.
BERLIN, Germany, Oct. 25.—Plenty of food at low prices is the prospect in Germany for the next year. An official statement issued yesterday, which was based on the crops of this year, said there would be ample food for the civilian population as well as the armies in the field.

HINDENBERG'S DRIVE ON RIGA IS HALTED.
LONDON, Eng., Oct. 25.—Gen. von Hindenberg's position on the Dvina in the vicinity of Riga continues perilous.

Reinforcements continue to strengthen the Russian offensive, but the Germans so far have succeeded in frustrating the attempt to hurl the Teutons back or flank them.

TEUTONS CLAIM GAINS IN DVINSK REGION.
BERLIN, Germany, Oct. 25.—Successes in the region of Dvinsk on the

IN WAR ARENA

SERBIA INVADERS CAPTURE THREE TOWNS

LONDON, Eng., Oct. 25.—Apparently determined to push their offensive with all possible haste, whatever the cost, and cut off entirely all possibility of Serbian aid from Saloniki, the Bulgarians by a series of desperate encounters have fought their way into the cities of Uskup, Kumanova and Veles. Uskup is an important town on the Nish-Saloniki railroad and Kumanova, a short distance northeast of Uskup, is an important strategic point.

Teutons Cross Danube.
Successes also are reported for the Austro-Germans in the northwestern zone of the Balkan arena. Large forces of the Teutons have crossed the Danube, near Orsova, and thus have nearly linked the Teutonic and Bulgarian armies. Fulfillment of this plan opens the way to Constantinople. Orsova is at the junction of the boundaries of Austria, Rumania and Serbia.

The day past has not been altogether one of reverses for the Allies, however, for the Serbs and their allies in the district about the Bulgarian town of Strumitza are reported to have had successes.

Allies Landing Near Saloniki.
Meanwhile additional troops have been landed at Saloniki. They are being despatched into Serbia as rapidly as possible.

Bombardment of the Bulgarian ports on the Aegean and Black Seas is being continued by the ships of four nations, Britain, France, Italy and Russia.

BRITISH GETTING READY FOR ANOTHER ATTACK?
LONDON, Eng., Oct. 25.—Renewed activity is expected south of LaBassee. This belief is based on a report of the fighting on the Anglo-German line by Sir John French, the British commander.

Sir John states the British for three days have shelled the enemy's works in this district heavily. This may presage a renewal of the British offensive.

Infantry fighting on the British line. Sir John reports, has been confined to a steady exchange of hand grenades.

An enemy aviator was driven away by four British aeroplanes, the commander adds. The aeroplanes engaged the German, but he turned about and fled.

MANY BULGARS KILLED BY WARSHIPS' SHELLS.
LONDON, Eng., October 25.—One thousand Bulgarian soldiers were killed while eating their dinner in a barracks at Dedegatchal by shells from British, French, Italian and Russian warships, according to a despatch from Athens.

Ten civilians were killed and many were wounded, aside from the soldiers, according to the Athens account at hand.

When Re-arrested They Try to Placate Guards By Praising Beauty of Hilo

(Special Star-Bulletin Correspondence)
HILO, Oct. 22.—Deputy Sheriff Rickard of Honokaa brought in two men who had been sentenced at Honokaa to one year's imprisonment each for larceny, on last Monday. He handed the men, who had appealed from the sentence of the court, to the jail authorities in Hilo. All seemed well as Rickard said farewell to the prisoners, and told them that they would soon hear the result of their appeal to the higher court. The men seemed satisfied and had nothing more to say at that time.

About two hours after the prisoners were placed in the custody of the jailer they decided that they would rather have a look around the city than remain under the roof of the famous domicile. It was a simple matter, from all accounts, as the men just walked out of the jail yard and disappeared.

Rickard, who was down attending to court matters in connection with the grand jury, was astounded when a guard came running in and told him that the two prisoners he had so carefully escorted to jail that morning had fled. Then ensued a busy hour or two while Rickard, the only man who could surely identify the wanted men, hustled around town and to every place where he thought the Filipinos might be headed.

Finally the men were discovered on Reed's island, near the Richardson home. They were looking for Rain-bow falls, they said, and added that they thought Hilo was a bigger and nicer place than Honokaa. Even this flattery did not appease the prison guards and the Filipinos were soon hustled to jail, where, this time, they were placed in a room that is supposed to be strong enough to hold even a Honokaa man—if some one does not forget to lock the door.

east front have resulted in the capture of 18 officers and 294 Russians, according to an official statement issued by the war office last night.

TEUTON CRUISER SUNK IN BALTIC BY SEAWASP.
PETROGRAD, Russia, Oct. 25.—Official announcement was made last night that a British submarine had attacked and sunk a German cruiser of the Frick-Adalbert class, off the Baltic port of Libau.

VON BUELOW SICK.
BERLIN, Germany, Oct. 25.—Former Chancellor von Buelow, as ruler in Baden Baden for waters, has been compelled to stop at Cologne, and now is confined to his room by his illness. The nature of his illness is not known.

LABORATORY FOR NAVY WILL COST BIG SUM YEARLY

Maintenance Will Run to About \$3,000,000; Secrecy to Be Main Rule

[Associated Press by Federal Wireless]

A naval research and experimental laboratory, to cost \$5,000,000. Fortifications and 16-inch guns for San Pedro and Puget Sound forts. Twenty-seven first line battleships and 167 submarines by 1925.

Additional fortifications for San Francisco.

These are a few of the recommendations for adequate national preparedness to be presented to Congress when it meets this winter.

Perhaps the most important development of the week is the recommendation of the new naval consulting board, composed of noted scientists, for a great naval research and experimental laboratory, to cost ultimately, with buildings and equipment, the sum of \$5,000,000.

The maintenance cost of this laboratory is placed at \$2,500,000 to \$3,000,000 annually. It would be located on tide-water and near, but not in, a large city.

Secrecy to Be Factor.
The scientists recommend that secrecy be the governing factor at the proposed laboratory, the area in which it is located being surrounded by a high fence and constantly patrolled by armed guards, with visitors rigidly excluded.

Under the plan recommended, staffs of civilian experimenters, chemists, physicists and other scientists would be constantly engaged. Each sub-head would have his own corps of expert assistants, with shop facilities and a minimum of red tape.

The laboratory plan was devised by a committee consisting of Thomas A. Edison, chairman; Dr. W. R. Whitney, L. H. Baekeland, R. S. Woodward and H. B. Coffin. This committee was appointed by William L. Saunders, second vice chairman of the general board.

PRISONERS WALK OUT OF JAIL AND GO TO SEE FALLS

(Special Star-Bulletin Correspondence)
HILO, Oct. 22.—Deputy Sheriff Rickard of Honokaa brought in two men who had been sentenced at Honokaa to one year's imprisonment each for larceny, on last Monday. He handed the men, who had appealed from the sentence of the court, to the jail authorities in Hilo. All seemed well as Rickard said farewell to the prisoners, and told them that they would soon hear the result of their appeal to the higher court. The men seemed satisfied and had nothing more to say at that time.

About two hours after the prisoners were placed in the custody of the jailer they decided that they would rather have a look around the city than remain under the roof of the famous domicile. It was a simple matter, from all accounts, as the men just walked out of the jail yard and disappeared.

Rickard, who was down attending to court matters in connection with the grand jury, was astounded when a guard came running in and told him that the two prisoners he had so carefully escorted to jail that morning had fled. Then ensued a busy hour or two while Rickard, the only man who could surely identify the wanted men, hustled around town and to every place where he thought the Filipinos might be headed.

Finally the men were discovered on Reed's island, near the Richardson home. They were looking for Rainbow falls, they said, and added that they thought Hilo was a bigger and nicer place than Honokaa. Even this flattery did not appease the prison guards and the Filipinos were soon hustled to jail, where, this time, they were placed in a room that is supposed to be strong enough to hold even a Honokaa man—if some one does not forget to lock the door.

SOUTH CHINA IS SOLIDLY BACK OF DR. SUN YAT SEN

Honolulu Liberty News Says National Party Rebellion Will Defeat Yuan

[Associated Press by Federal Wireless]

"If Yuan Shih-Kai becomes Emperor the people of China will not be able to place any confidence in the administration."

This is the comment made upon the Chinese situation by the Liberty News of Honolulu, which says further:

"The Chinese people fear an absolute monarchy. Yuan Shih-Kai promised to be president to the people, and further agreed to establish educational reforms. Now the time comes when he desires to be emperor. We do not know how soon the time would come when he would want to establish monarchy."

"The people of Southern China have placed their confidence in Dr. Sun Yat Sen. They believe that he is the man who will lead the forces of the National Party to retain the republic. In this section of China the people have become educated. Nearly every Chinese that has traveled extensively and studied good government is from the southern part of China. They have come to know the benefits derived from the establishment of a republic and a proper supervision of affairs."

"Many of the soldiers of the government favored the action of the National Party, and had Dr. Sun Yat Sen been placed in the presidential chair China would have been united."

"The National Party will have sufficient strength to withstand any action taken by Yuan Shih-Kai, and it will not be long until the people of Peking and vicinity come to realize that Yuan has been playing the political game for his own advancement."

WAIAKEA SUGAR TONNAGE BEATS FIRST ESTIMATE

(Special Star-Bulletin Correspondence)
HILO, Oct. 22.—Waiakea Plantation Company mill will finish grinding in a few days and the grand total tonnage of raw sugar manufactured will amount to 17,100 tons—a bumper crop which exceeds the estimate by a couple of thousand tons. The season has been an exceptionally fine one and the heavy rains of last year made the cane grow to a tremendous length and thickness. The juice ran high, too, and the result is the great crop mentioned.

The Waiakea mill will be shut down for about six weeks in order to effect repairs and to be thoroughly overhauled. Engineer Robert Church, who has been relieving Engineer Forbes, will stay on for a while and take a hand in the overhauling of the mill machinery.

Manager D. Forbes of the plantation is pleased with the big crop and he says that everything went along smoothly during the taking off of the cane.

GOES TO MAINLAND FOR FIRST TIME IN FORTY-FIVE YEARS

(Special Star-Bulletin Correspondence)
HILO, Oct. 22.—After a stay of 45 years in the islands, without a visit to any other part of the world, W. H. Shipman, the well known rancher, sailed for the coast and the exposition on Monday last. In company with C. C. Kennedy the rancher took himself away from Hawaii and departed for a brief visit to the mainland.

The two well known Hilo men will visit both the San Francisco and San Diego expositions and they will also travel a good deal in California.

There are still a number of Hilo people on the coast and still others are going to make the trip before the expositions close.

CHU PING'S LANGUAGE MUCH TOO NAUGHTY TO REPEAT BEFORE JURY

Words of an exceedingly naughty nature—to wit, "cuss words"—should not be permitted to grate upon the ears of jurymen in Circuit Judge Ashford's court, is the opinion of City Attorney A. M. Brown.

To make this opinion stick Attorney Brown Saturday moved to hold pro-se the case of one Chu Ping, who had been charged in a lower court with profanity. According to testimony, Chu Ping addressed a friend down the country in decidedly unbecoming terms, and Attorney Brown declared today that he did not think the case was a proper one for a jury. He declared the alleged row might have been nothing more than a "private feud," and asked that it be dismissed. It was.

The Chicago city council passed a resolution directing Mayor Thompson to ask baseball officials to give the Chicago Cubs a chance to play for the world's championship.

RILEY FETED AT BIG BANQUET ON HIS NATAL DAY

"Hoosier Poet" Received Special Message of Good Will From President

[Associated Press by Federal Wireless]

On the evening of October 7, the day when the public school children of Honolulu observed with poem and song the sixty-second birthday anniversary of James Whitcomb Riley, the "Hoosier poet" was seated at a banquet in Indianapolis, Indiana, where he now resides.

With him at the table were seated 410 persons who voiced their felicitations. With tear-brimmed eyes and choking speech, the beloved poet rose to his feet and said:

"Everywhere the faces of friendly-kindly, generous faces, some marked with serious thought and retrospection, some simply glad in the spirit of the moment; but all, all, the faces of friends—friends proudly to be owned because they are old friends; friends newly discovered; Hoosier friends, at home or from abroad; friends with kindly hearts; friends eminent in the nation's love, friends no less dear because their worth is more humbly known; a beautiful throng of friends! To all of you and every one, I thank you, and, in the words of little Tim Cratchit, 'God bless us, every one!'"

Paganini in Afternoon.
Governor Ralston of Indiana had set October 7 aside "under the great seal of the state for paying tribute to the gentle genius of Hoosier birth and world fame." During the afternoon the poet attended a pageant of his songs, set to music and interpreted by dancers.

At the banquet in the evening the following message from President Wilson was read:

"I am sorry to say that it will not be possible for me to be present at the banquet which the citizens of Indianapolis are planning to give in honor of James Whitcomb Riley on his birthday, but I want to ask you if you will not be generous enough to convey to Mr. Riley on that occasion a message of cordial regard and admiration for me. I wish that I might be present to render my tribute of affectionate appreciation to him for the many pleasures he has given me, along with the rest of the great body of readers of English. I think he has every reason to feel on his birthday that he has won the hearts of his countrymen."

A shortage of black walnut used for gun stocks has been caused by the war.

According to the Department of Commerce, the American Merchant Marine is second only to that of England.

PANAMA RATES FORCE STEAMER LINE TO QUIT

Luckenbach Official Alleges Discrimination in Freight Charges is Cause

[Associated Press by Federal Wireless]
SAN FRANCISCO, Cal., October 24.—The Panama Railroad Company are to drive the Luckenbach Steamship Company out of business, according to a statement made yesterday by R. C. Thacker, vice president of the corporation.

This official states that the Panama Railroad is employing a discriminatory schedule of rates, charging from two dollars and a half a ton up to fifteen dollars, which figures make the steamship business between the Pacific terminals of the railroad and coast ports unprofitable, while to pay the Panama rates and then meet the competition of the transcontinental railroads is financially impossible.

The Luckenbach Steamship Company employs eleven steamers, which are to be held up at once or disposed of, according to Mr. Thacker.

SUFFERGETTES PARADE STREETS OF NEW YORK

[Associated Press by Federal Wireless]
NEW YORK, N. Y., Oct. 24.—As a part of the general campaign on the question of woman's suffrage, to be voted on December 3, a great suffrage parade was held here yesterday. There were 40,000 persons in the line of whom about 8000 were men. Included in the parade were 30 bands and many hundreds of banners and mottoes. The suffrage workers hope by the parade to create interest in the question among the rank and file of the voters.

ELECTRICIANS GO BACK TO WORK ON WAGE CONCESSIONS

[Associated Press by Federal Wireless]
SCHENECTADY, N. Y., Oct. 24.—The employees of the General Electric Company, who went out on strike, have voted to return to work, accepting the terms previously offered them before the walk-out by the company. The employees will return to work on Monday. They accept the proposal that they shall receive a nine and a half hour day with a 5 per cent increase of pay at once with a 9-hour day and another 5 per cent increase next October. The strike was for an 8-hour day at once and a 5 per cent raise in pay.

ALLEGED CAROLINA MERCHANTS COMBINE TO RESTRAIN TRADE

WASHINGTON, D. C., Oct. 24.—The federal trade commission has been ordered to investigate charges that the buyers for the business houses of North and South Carolina are in a combination to restrain of trade.

AT ONCE, STOPS STOMACH MISERY AND INDIGESTION

"Pape's Diapepsin" Makes Sick, Sour, Gassy Stomachs Feel Fine

Do some foods you eat fit back—taste good, but work badly; ferment into indigestion and cause a sick, watery stomach? Now, Mr. or Mrs. Diapepsin, let this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, hot not sure. "Pape's Diapepsin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations or indigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent can of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.—Adv.

DIAMOND CAUSE OF CHICAGO BROKER'S DEATH

[Associated Press by Federal Wireless]
CHICAGO, Ill., Oct. 25.—Franklin Vorhees, the broker, was murdered
