Fort De Russy's Second 14-in. Gun Proof-Fired Without Accident Today

With perfect satisfaction to the Coast Artillery officers present, the big 14-inch gun at Fort De Russy was fired four times today, between 11:30 and 12:50 o'clock. Col. William C. Ruffery, commander of the Coast Artillery here, was present, and Capt. Norris Statton was in immediate charge of firing the gun.

SAVES LIFE BY LEAP TO GROUND AS HOUSE BURNS

Frank Calton, tenant of one of two small cottages back of the Abadie French Laundry on King street near Alapai, saved his life last night by jumping from a second story window when the crackling of flames woke him up.

Alarm was sent in by Calton at 2:30 this morning, but before the fire apparatus arrived the two buildings, one belonging to Abadie and the other to John F. Bowler, were beyond saving.

A family of Japanese, living in the cottage owned by Bowler, got out shortly after the fire started and saved most of their household goods.

BROKE INTO GEN. CARTER'S HOUSE; 2 MONTHS FREE; IN JAIL AGAIN; SOON OUT

How Honolulu harbors criminals was shown this morning in police court when John Morrissey, also known as Charles Morrissey, was sentenced to a fine of \$3 and costs for being a drunken vagrant.

On the night of July 16 Morrissey broke into the home of Maj. Gen. William H. Carter on Nuuanu street, and Gen. Carter stopped him at the point of a revolver and held him for more than an hour, at the end of which time police assistance came.

CITY BEAUTIFUL PLANS OF WOMEN TOLD AT LUNCH

Outdoor Circle Members Draw Largest Crowd of Months to Pan-Pacific Club

Outdoor Circle Day brought the largest crowd that has attended the Pan-Pacific luncheon in months. Every seat was taken long before the first speaker of the day told of the work of the Outdoor Circle.

In explaining the purpose of the Outdoor Circle, Mrs. Lowrie stated that there were 325 members in the circle in the city, each one having a chairman, the chairman of each circle being a member of the board of management.

Mrs. Lorrin Thurston explained the work of the Outdoor Circle in reference to the coming Children's Carnival, and laid special emphasis on the work that the children can do in making a beautiful city.

Mrs. W. F. Freer told of the results that come from a better idea of the work in keeping the gardens and the lawns clean. She stated that the effect of the work will act as does the boomerang in Australia.

Mrs. Isaac Cox spoke on the subject of "Better Work for a Better City." She told of the many billboards in the city that are an eyesore to the citizens, and asked those present to work for improvements along the line of eliminating some of the ugly spots in Honolulu.

Mayor Lane in a few words thanked the women for the interest in public affairs, and stated that he had learned much about beautifying a city since the organization of the Outdoor Circle.

Police officers say in commenting on the case that they have no place to keep insane persons or delirium tremens patients and as this class of prisoners are often violent can not prevent them injuring themselves or being injured. Silva, they say, may have broken his hip in his cell, as there is no padded compartment provided.

The hospital will not take care of delirium tremens patients and the police have not even a straight jacket for them.

NEW ORLEANS, Oct. 19.—"It takes a mother twenty years to make a man of her son. It takes another woman twenty minutes to make a fool of him."

Such were the words chalked on the big mirror—which has reflected many wild scenes—in the Green Tree Cafaret when the police broke in there. For years Alexander Richard Holzschetter, cold, silent, cynical, had kept the cafe—the "most notorious saloon and dance hall in the city. Its doors and windows were boarded up this morning.

Facing an entrance, the police found every bottle in the saloon empty and heaped on the floor. On the gleaming surface of the bar was written in chalk:

"This has been called the most respectable place in New Orleans. No longer will I associate with the women and men who have frequented it. I lose all, but I will live among clean people and make my living honestly."

Holzschetter's home was boarded up too and empty. None saw him, his wife and three children go; none knows where they went.

NO SCOUTS WILL BE IN SIGHT AS MATSONIA DOCKS

But When Jas. A. Wilder Walks Down Gangway They Will Swarm From Every Side

As James A. Wilder, the Boy Scout Commissioner of Hawaii, steps down the gangway of the Matsonia at 7:30 o'clock this morning, when the ship docks at Pier 15, he will be extended a hearty welcome in recognition of the deep affection felt for him by all Boy Scout troops in Honolulu and vicinity.

Final plans for the royal greeting to Mr. Wilder were formulated today by Harry Hayward, deputy scout commissioner for this area. Mr. Hayward has framed up a genuine surprise. No Boy Scouts will be in sight when the Matsonia docks, but the minute Mr. Wilder walks down the gangway the air will be stirred by all the scouts in the city, headed by the Royal Hawaiian Band playing Mr. Wilder's own composition, "The Boy Scout March."

From the pier, the procession will form and proceed up to Fort street, escorting Mr. Wilder. The route of the parade is from the dock to Fort, up Fort to Hotel, and from Hotel street to the Y. M. C. A.

On the steps of the Y. M. C. A. will be standing Mayor Lane, who will greet the homecoming Honolulu in behalf of the people of the city, shaking hands with him and speaking a few words of welcome. The reception will be over by 8 o'clock, so that the scouts will have time to disband and reach school on time.

Tomorrow night at 8 o'clock, on the spacious grounds of the John Guild residence at Kaalawai, a campfire and general homecoming rally will be held, with Mr. Wilder as the guest of honor. He will make the boys a talk, "hitting the high spots" of his experience in the states in the last several months.

Mrs. Wilder and her two children will remain in the East until next May, as the boys are attending school in New England. Mrs. Wilder is staying with her daughter in the East.

Silva, they say, may have broken his hip in his cell, as there is no padded compartment provided. The hospital will not take care of delirium tremens patients and the police have not even a straight jacket for them.
