

WINDOW CONTEST SATURDAY SURE TO BE SUCCESS

Merchants Who Have Entered Competition Keep Nature of Displays Deep Secret

Honolulu's first window display contest with 47 entries is to be held Saturday morning under the auspices of the committee of retail trades of the Chamber of Commerce, and that it will be a big success is the belief of Raymond C. Brown, secretary of the chamber, who has had much to do with the securing of names of contestants.

"I am extremely gratified with the great amount of enthusiasm shown by the merchants of Honolulu in the display contest," said Mr. Brown this morning. "It has been my desire for a long time to bring about a contest of this nature, but there has always been some difficulty in bringing merchants to a point where they would consider such a competition of much importance."

As to the value of such a contest Mr. Brown says that there are many points. It is of considerable advertising value, and it stimulates window dressing after it is over. Chamber of Commerce papers from all over the mainland advocate such contests, he says.

"That the windows will be unique and attractive is sure, from the amount of interest that the contestants are taking in the affair," Mr. Brown says.

"Why, they have had their thinking caps on for weeks," he continues, "and when I say that there will be attractive windows I mean it. Honolulu is going to be treated to an attractive surprise."

Keep Features Secret.

"Of course," says the secretary, "it would not be fair to tell now what the features are to be. That is for the people to wait and see on Saturday morning, and the question now is to get people out to see the displays. I hope all Honolulu will be out, and thus repay the merchants for their efforts."

"Brown doesn't want the crowd to be from the city only, however. He hopes that people will come in from all the island. 'If we can have the business part of Honolulu fairly alive with people who have come to town to see the contest, I shall feel doubly repaid for whatever efforts I have put forth to make the affair a success,'" he says.

Judges for the contest are T. M. Church, chairman; C. G. Bockus and Gerrit P. Wilder. Decisions will be made by the three at 10 o'clock on Saturday morning. A total of 47 merchants, members of the board of retail trades of the Chamber of Commerce, will have window displays.

STAR-BULLETIN ITEM LOCATES MISSING MAN, WHO SENDS IN LETTER

Proof of the wide circulation of the Star-Bulletin, not only on Oahu, but the other islands of the territory, is furnished in the speedy finding of Frederick Naylor, whose nephew, C. J. Wilson, a steward on the Niagara, wanted to determine his uncle's present address, as he had not heard from him since 1892.

Saturday, at the request of Supt. C. F. Mant of the Seaman's Institute, who had been asked by Wilson to make inquiries, the Star-Bulletin published an item asking anyone knowing Mr. Naylor's present whereabouts to communicate with the superintendent, or with Mr. Wilson.

"The next day I received calls from two men who said they knew Mr. Naylor was living in Hilo, and yesterday I had a letter from Mr. Naylor himself," said Supt. Mant today. "He wrote me that he is now living in Hilo, and that he intends to write his nephew at once and tell him he is still alive and well. The Star-Bulletin certainly can find people, if they are alive. Your paper gave us the quickest possible results."

HOW THIN PEOPLE CAN PUT ON FLESH

A New Discovery.

Thin men and women—that big, hearty, filling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food does not work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of this folks the world over. Your nutritive organs, your functions of assimilation, are sadly out of gear and need reconstruction.

Cut out the foolish foods and funny sawdust diets. Omit the flesh cream rub-ons. Cut out everything but the meals you are eating now and eat with every one of those a single Sargol tablet. In two weeks note the difference. Five to eight good solid pounds of healthy "stay" weight should be the net result. Sargol charges your weak, stagnant blood with millions of fresh, new red blood corpuscles—gives the blood the carrying power to deliver every ounce of fat-making material in your food to every part of your body. Sargol, too, mixes with your food and prepares it for the blood in easily assimilated form. Thin people gain all the way from 10 to 25 pounds a month while taking Sargol, and the new flesh stays put. Sargol tablets are a scientific combination of six of the best flesh-producing elements known to chemistry. They come 40 tablets to a package, are pleasant, harmless and inexpensive. For sale by Benson, Smith & Co., Chambers Drug Co., and Hollister Drug Co.—advertisement.

ARMY CAPTAIN TO GIVE DRILL TO BOY SCOUTS

masters and first-class scouts. Capt. Bell has volunteered his services, and the instruction will prove invaluable. The drill will be given with the Boy Scout staffs and no arms will be used.

"Proper drill for the Boy Scouts will be a splendid school of discipline. We have never advocated military drill except as one of the many activities of the Scouts which develop them in all-around fashion. A good soldier possesses certain traits that every man should have. We seek for the Scouts the development of subconscious obedience, the only kind worth anything in moments of danger. We're out to teach it!"

Rate More Than \$250.

Mr. Wilder stated that the Boy Scout movement was one that Honolulu should take an interest in, and suggested that the members of the Ad Club get back to the movement to raise funds for the equipment of the Scouts. He stated that the Boy Scouts need \$1000, and before he had finished his talk more than one-fourth of that amount was donated by members of the Ad Club present.

Mr. Wilder stated that the Boy Scouts of all the islands would hold a grand rally in the near future, and that he wanted to show the citizens of Honolulu that the Boy Scout movement is worth boosting. He stated that at the present time there are more than 300 members of the Scouts on the other islands.

Miss Maude Drake of the Normal school entertained the members present with two selections that were well received. Miss Drake is a well known dramatic reader and her two readings, accompanied by A. A. Larimer at the piano, were especially well rendered.

W. R. Farrington, president of the club, asked for a report on the work for the year, and the referee can question was again brought up. It was decided that the Ad Club cooperate with the board of supervisors in placing a number of the cans on prominent corners of the city, and Supervisor Horner stated that the reason for the delay in the matter is because of opposition from the merchants.

Ad Club guests present at the luncheon today were Mrs. W. R. Farrington, Mrs. A. T. Hemmingsway, Mrs. W. A. Bowen, Mrs. C. B. Gage, Miss Maude Drake, Miss Ruth White and J. B. White.

GENERAL STRONG MAY NOT ARRIVE UNTIL JANUARY

No information has been sent to headquarters, Hawaiian department, indicating the possible date of arrival of Brigadier-General Frederick S. Strong, who has been assigned by the war department to succeed Brigadier-General John B. Wiser in command of the 1st Hawaiian Brigade at Schofield Barracks.

General Strong has been in command of the South Atlantic Coast Artillery District at Charleston, S. C., and as he will have preparations to make for the trip here it is thought possible that he will not arrive before the January transport gets in, although he may come on the December transport. That he will not come on any vessel other than a transport is almost certain. General Wiser is still the commander of the 1st Brigade, as well as commander of the Hawaiian department. On the arrival of General Strong he will make his home in Honolulu and relinquish command at Schofield Barracks.

ON DUTY AT FORT AT TIME HE WAS SAID TO HAVE VIOLATED RULE

Proving that he was on post at Fort Ruger November 15 until 3:20 p. m., Capt. George L. Hicks, Jr., Coast Artillery Corps, exonerated himself in police court today from a charge of breaking the traffic ordinance.

Capt. Hicks was summoned to court on complaint of Traffic Officer Hills, who charged that he violated the ordinance by failing to obey a signal at the corner of Richards and King streets, November 15. Hills could not identify Capt. Hicks, but had the number of the machine. He said that the time of the violation was about 2 o'clock in the afternoon. After Capt. Hicks' statement the traffic officer said that he had probably made a mistake in taking the auto number, and the case was dismissed.

After being closed since November 1913, the Columbus, Ohio plant of the Carnegie Steel Co., will be put in operation within the next two weeks.

Bring your neighbors and friends. The windows are dressed for everybody.—Adv.

GOVERNOR WILL DELAY TRIP TO SEE PRESIDENT

Governor Plakham will not leave for Washington on December 1 as previously planned. Just when he will go, how much later than the first of the month, the governor says he does not know.

"I want to see the president," says the governor, "and with Congress just opening up he'll be mighty busy with a great many questions of all sorts. I do not feel that it will be a proper time just now for me to make the trip."

"I am to go later," continues the governor, "but I do not know just when it will be. It may be soon and it may not be for some time. I cannot say as to that."

Asked if the fact that he has received no communication from Secretary of the Interior Lane has anything to do with his giving up December 1 as a date of leaving, the governor smiled.

"No," he said, "I did get a communication from the secretary."

FORD AND SHEBA WILL BE GUESTS OF JACK LONDON

Alexander Hume Ford and S. Sheba, who left on the Matsonia for coast points, will be the guests of Jack London at his country home in California.

Some time ago London asked the Honolulu men to visit him for a long stay and it is expected that both Mr. Ford and Mr. Sheba will remain for some time with the well-known writer.

Jack London has been one of the leading spirits in the Hands-Around-the-Pacific movement, and the three are expected to talk over the situation in California.

ELKS TO UNVEIL FINE NEW CLOCK

Celebrating the unveiling of their newly purchased \$750 clock, Honolulu Elks will be hosts Wednesday night to their friends at a ball in Odd Fellows hall, during which dancing will be interspersed with vaudeville and a professional exhibition will be given by some of Teal's Ducklings. The big feature of the evening will come at 11 o'clock when the clock will be unveiled with elaborate ceremony.

The timepiece which will decorate the Elks lodge room is a musical marvel as well as a clock. It plays Auld Lang Syne and other favorite tunes on chimes and it always renders the program at the hour of 11.

On the committee in charge of the entertainment are: William N. Hanna, Clifton E. Mayne, Frank J. Dougherty and Fred Buckley, U. S. A.

MRS. WALL TO FIGHT POLICE COURT CASE

Announcement was made in the police court today that Mrs. O. E. Wall intends to fight the case brought against her for violation of the traffic ordinance and will appear in court with her attorneys tomorrow morning ready for trial. Mrs. Wall was summoned several days ago for refusing to obey a traffic policeman at the corner of Hotel and Fort streets.

FIND WOMEN DRINKING WHILE TINY CHILDREN ARE LEFT NEGLECTED

Beginning a campaign to make the "Blood Town" near Wahiawa, orderly, Asst. City Attorney Chillingworth and License Inspector Fennell yesterday afternoon arrested Mrs. M. J. Blair in a shack at the place and took a quantity of liquor as evidence. Mrs. Blair was found with a man, and both were drinking freely.

Mrs. Blair had been previously convicted and was under 13 months' suspended sentence. Her children, one 10 months and the other 3 years old, were found in custody of a soldier with whom the mother had left them while she passed the time drinking.

MILDRED MANNING CALLED TO DENVER; MOTHER VERY ILL

Miss Mildred Manning, the talented classic dancer who has been appearing with the Raymond Teal Company at the Bijou, left on the Matsonia this morning for Denver where she was called to her mother's bedside. Miss Manning received word that her mother was very ill and hastened to her home in Denver on the first steamer.

Miss Manning in her short stay here has made many friends among the theatergoers who appreciated her interpretations of the classic dances and will no doubt be pleased to know that she will return as soon as is possible. The dances have been one of the big features of the bills at the Bijou. Inasmuch as there are few classic dancers of standing on the coast at present it is thought that Mr. Teal will discontinue this feature until Miss Manning returns.

MEN ON GEIER OFFER PRAYERS FOR VICTORY OF GERMANY IN FIGHT

Praying for the success of the German army in the present conflict, the crew and officers of the interned German cruiser Geier this morning held a short devotional service of prayers and hymns, known in German naval regulations as the "Buss und Bettag."

Executive Officer Eismann was in charge of the service, which is held only once a year, as it is a special religious service observed by the German navy annually.

The ship's band played hymns and the crew took part in the reading of the service, which is partly intercessional and in which prayers for the welfare and protection of the German navy are included.

LONDON MAY BE MARKET FOR PINES FROM HAWAII

Hawaiian pine is now being shipped to the coast by the division in large quantities. The division has an order for 2000 bags, and is filling it by periodical shipments. The Matsonia will take 350 bags tomorrow.

Mr. Longley says that there is no great demand for Hawaiian pine on the coast, as the Honduras crop is the largest in 10 years, thus causing a slump in price.

Local growers who have shipped through the division have netted about 40 cents on the small and about 70 cents on the larger bunches. There has been no deterioration in any of the shipments.

WILL ASCERTAIN CAUSE OF LOSS IN PINE SHIPMENTS

Mr. Anderson has informed the division that the first half of the cargo of fresh pines recently shipped to Chicago sold at the rate of \$3.75 a crate, taking into consideration the freight rates and the loss in transit in Denver, fresh Hawaiian pines were sold for \$3.80 a crate, wholesale.

Only about 100 crates of pines will be shipped on the Matsonia tomorrow. This small shipment, however, is largely due to the recent bad weather. The division has decided that all pines shipped in the future shall be given the strictest supervision as to packing and loading.

Banana shipments by the division continue to be steady and profitable, with a good demand on the coast. Sixty-one bunches will be shipped on the Matsonia tomorrow.

PERSONALITIES

W. C. HODGES, who has been on the Star-Bulletin's advertising staff for nearly two years, left today on the Matsonia for California.

POULTRY THIEVES ARE BUSY STEALING BIRDS FOR HOLIDAY MARKET

Just about this time every year when chickens and turkeys are in demand professional chicken thieves begin to gather them in for the holiday market and operations have already begun this season. Chief of Detectives McDuffie is warning all owners of flocks to guard them carefully, and to keep them securely locked if possible.

Five detectives are now on street duty at night in the city, and several are working in the nearby districts, while others remain in the office until early morning on reserve. All of these are kept busy and half of their work is caused by small marauders and chicken thieves.

Light Sidelights on Police Court Scenes

Charged with assault on Maria Garcia, Liloa Kukailani appeared in the police court this morning with a face marked into checks of all kinds and sizes by scratches evidently made by fingernails, while the woman he is alleged to have attacked had no marks to show. Kukailani claims that the woman abused him and he ordered her to stop, and that she then scratched him and he choked her. Previous to the trouble he says, the woman invited him to go out with her in an auto, and he was drinking heavily. The case was continued for further investigation.

SPALDING SUIT MAY GO TO JURY FRIDAY

The plaintiffs in the \$65,000 assumption suit brought by James Stewart & Company against Col. Z. S. Spalding of Kauai rested their case today, and the matter probably will be closed before the end of this week. The defense announced this morning that it has one more witness to take, and his testimony probably will be heard early tomorrow. The greater part of tomorrow may be given over to argument of the court's instructions to the jury. It is probable, now, that the case will go to the jury on Friday morning.
