

# WINDOW CONTEST SATURDAY SURE TO BE SUCCESS

### Merchants Who Have Entered Competition Keep Nature of Displays Deep Secret

Honolulu's first window display contest with 47 entries is to be held Saturday morning under the auspices of the committee of retail trades of the Chamber of Commerce, and that it will be a big success is the belief of Raymond C. Brown, secretary of the chamber, who has had much to do with the securing of names of contestants.

"I am extremely gratified with the great amount of enthusiasm shown by the merchants of Honolulu in the display contest," said Mr. Brown this morning. "It has been my desire for a long time to bring about a contest of this nature, but there has always been some difficulty in bringing merchants to a point where they would consider such a competition of much importance."

As to the value of such a contest Mr. Brown says that there are many points. It is of considerable advertising value, and it stimulates window dressing after it is over. Chamber of Commerce papers from all over the mainland advocate such contests, he says.

"That the windows will be unique and attractive is sure, from the amount of interest that the contestants are taking in the affair, Mr. Brown says.

"Why, they have had their thinking caps on for weeks," he continues, "and when I say that there will be attractive windows I mean it. Honolulu is going to be treated to an attractive surprise."

### Keep Features Secret.

"Of course," says the secretary, "it would not be fair to tell now what the features are to be. That is for the people to wait and see on Saturday morning, and the question now is to get people out to see the displays. I hope all Honolulu will be out, and thus repay the merchants for their efforts."

Brown doesn't want the crowd to be from the city only, however. He hopes that people will come in from all the island. "If we can have the business part of Honolulu fairly alive with people who have come to town to see the contest, I shall feel doubly repaid for whatever efforts I have put forth to make the affair a success," he says.

Judges for the contest are T. M. Church, chairman; C. G. Bockus and Gerrit P. Wilder. Decisions will be made by the three at 10 o'clock on Saturday morning. A total of 47 merchants, members of the board of retail trades of the Chamber of Commerce, will have window displays.

# CLAIMS MAN TRIED TO THROW HER OVER RAIL OF PORCH TO GROUND

Arrested on complaint of Napana Miao, a Hawaiian woman, that he threatened to throw her over the veranda and kill her, Antonio Rodriguez, a Portuguese, revealed a complicated condition of affairs regarding himself, the woman and an adopted child that caused postponement of the case until further investigation can be made.

Although not married, Rodriguez and the Miao woman had their home together far out Waikiki until they separated two years ago. Before the separation they adopted a daughter who is now 18 years old and who legally is the adopted child of the father, himself under 30 years of age. The woman has kept the girl with her and claims her, although in making out adoption papers her name was in some way entirely omitted. Rodriguez has been trying to get the daughter away from the woman and this led to the trouble between them.

# PERSONALITIES

W. C. HODGES, who has been on the Star-Bulletin's advertising staff for nearly two years, left today on the Matsushima for California.

# POULTRY THIEVES ARE BUSY STEALING BIRDS FOR HOLIDAY MARKET

Just about this time every year when chickens and turkeys are in demand professional chicken thieves begin to gather them in for the holiday market and operations have already begun this season. Chief of Detectives Mc Duffie is warning all owners of flocks to guard them carefully, and to keep them securely locked if possible. Five detectives are now on street duty at night in the city, and several are working in the nearby districts, while others remain in the office until early morning on reserve. All of these are kept busy and half of their work is caused by small marauders and chicken thieves.

# STAR-BULLETIN ITEM LOCATES MISSING MAN WHO SENDS IN LETTER

Proof of the wide circulation of the Star-Bulletin, not only on Oahu, but the other islands of the territory, is furnished in the speedy finding of Frederick Naylor, whose nephew, C. J. Wilson, steward on the Niagara, wanted to determine his uncle's present address, as he had not heard from him since 1902.

Saturday, at the request of Supt. C. F. Mant of the Seamen's Institute, who had been asked by Wilson to make inquiries, the Star-Bulletin published an item asking anyone knowing Mr. Naylor's present whereabouts to communicate with the superintendent, or with Mr. Wilson.

"The next day I received calls from two men who said they knew Mr. Naylor was living in Hilo, and yesterday I had a letter from Mr. Naylor himself," said Supt. Mant today. "He wrote me that he is now living in Hilo, and that he intends to write his nephew at once and tell him he is still alive and well. The Star-Bulletin certainly can find people, if they are alive. Your paper gave us the quickest possible results."

# HOW THIN PEOPLE CAN PUT ON FLESH

## A New Discovery.

Thin men and women—that big, hearty, filling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food does not work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of this folks the world over. Your nutritive organs, your functions of assimilation, are sady out of gear and need reconstruction.

Cut out the foolish foods and funny sawdust diets. Omit the flesh cream rub-ons. Cut out everything but the meals you are eating now and eat with every one of those single Sargol tablets. In two weeks note the difference. Five to eight good solid pounds of healthy "fat" there! That should be the net result. Sargol changes your weak, stagnant blood with millions of fresh, new red blood corpuscles—gives the blood the carrying power to deliver every ounce of fat-making material in your food to every part of your body. Sargol, too, mixes with your food and prepares it for the blood in easily assimilated form. This people gain all the way from 10 to 25 pounds a month while taking Sargol, and the new flesh stays put. Sargol tablets are a scientific combination of six of the best flesh-producing elements known to chemistry. They come 40 tablets to a package, are pleasant, harmless and inexpensive. For sale by Benson, Smith & Co., Chambers Drug Co., and Hollister Drug Co.,—Advertisement.

# GENERAL STRONG MAY NOT ARRIVE UNTIL JANUARY

No information has been sent to Headquarters, Hawaiian department, indicating the possible date of arrival of Brigadier-General Frederick S. Strong, who has been assigned by the war department to succeed Brigadier-General John P. Wilson in command of the 1st Hawaiian Brigade at Schofield Barracks.

General Strong has been in command of the South Atlantic Coast Artillery District at Charleston, S. C., and as he will have preparations to make for the trip here it is thought possible that he will not arrive before the January transport gets in, although he may come on the December transport. That he will not come on any vessel other than a transport is almost certain. General Wilson is still the commander of the 1st Brigade, as well as commander of the Hawaiian department. On the arrival of General Strong he will make his home in Honolulu and relinquish command at Schofield Barracks.

# LOCAL AND GENERAL

Henry Hook, charged with assault and battery with a dangerous weapon, will plead in Circuit Judge Ashford's court at 9 o'clock Saturday morning.

On the ground of non-support, Rebecca Dole has filed in circuit court a suit for divorce against Benjamin Dole. The couple were in Honolulu on May 22, 1914. There are no children.

Summons has been returned to circuit court in the divorce case of Louis H. Rogers against Amos Rogers. Rogers, in his complaint, alleges that his wife committed a statutory offense with one Frank C. Cleghorn.

Proving that he was on post at Fort Ruger November 15 until 3:20 p. m., Capt. George L. Hicks, Jr., Coast Artillery Corps, exonerated himself in police court today from a charge of breaking the traffic ordinance.

# GOVERNOR WILL DELAY TRIP TO SEE PRESIDENT

Governor Pinkham will not leave for Washington on December 1 as previously planned. Just when he will go, how much later than the first of the month, the governor says "he does not know."

"I want to see the president," says the governor, "and with Congress just opening up he'll be mighty busy with a great many questions of all sorts. I do not feel that it will be a proper time just now for me to make the trip."

"I aim to go later," continues the governor, "but I do not know just when it will be. It may be soon and it may not be for some time; I cannot say as to that."

Asked if the fact that he has received no communication from Secretary of the Interior Lane has anything to do with his giving up December as date of leaving, the governor smiled.

"No," he said, "I did get a communication from the secretary."

# ARMY CAPTAIN TO GIVE DRILL TO BOY SCOUTS

(Continued from Page 1)

masters and first-class scouts. Capt. Bell has volunteered his services, and the instruction will prove invaluable. The drill will be given with the Boy Scout staffs and no arms will be used.

"Proper drill for the Boy Scouts will be a splendid school of discipline. We have never advocated military drill except as one of the many activities of the Scouts which develop them in all-around fashion. A good soldier possesses certain traits that every man should have. We seek for the Scouts the development of subconscious obedience, the only kind worth anything in moments of danger. We're out to teach it!" Reissue More Than \$250.

Mr. Wilder stated that the Boy Scout movement was one that Honolulu should take an interest in, and suggested that the members of the Ad Club get back of the movement to raise funds for the equipment of the Scouts. He stated that the Boy Scouts need \$1000, and before he had finished his talk more than one-fourth of that amount was donated by members of the Ad Club present.

Mr. Wilder stated that the Boy Scouts of all the islands would hold a grand rally in the near future, and that he wanted to show the citizens of Honolulu that the Boy Scout movement is worth boosting. He stated that at the present time there are more than 300 members of the Scouts on the other islands.

Miss Maude Drake of the Normal school entertained the members present with two selections that were well received. Miss Drake is a well known dramatic reader and her two readings, accompanied by A. A. Larimer at the piano, were especially well rendered.

W. R. Farrington, president of the club, asked for a report on the work for the year, and the referee can question was again brought up. It was decided that the Ad Club cooperate with the board of supervisors in placing a number of the cans on prominent corners of the city, and Supervisor Homer stated that the reason for the delay in the matter is because of opposition from the merchants.

Ad Club guests present at the luncheon today were Mrs. W. R. Farrington, Mrs. A. T. Hemmingsway, Mrs. W. A. Bowen, Mrs. C. E. Gage, Miss Maude Drake, Miss Ruth White and J. B. White.

# MILDRED MANNING CALLED TO DENVER; MOTHER VERY ILL

Miss Mildred Manning, the talented classic dancer, who has been appearing with the Raymond Teal Company at the Bijou, left on the Matsushima this morning for Denver where she was called to her mother's bedside. Miss Manning received cable word that her mother was very low and hastened to her home in Denver on the first steamer.

Miss Manning in her short stay here has made many friends among the amateurs who appreciated her interpretations of the classic dances and will no doubt be pleased to know that she will return as soon as is possible. The dances have been one of the big features of the bills at the Bijou. Inasmuch as there are few classic dancers of standing on the coast at present it is thought that Mr. Teal will discontinue this feature until Miss Manning returns.

# FOSTER L. DAVIS NAMED CLERK OF FEDERAL COURT

Appointed Today to Succeed A. E. Murphy, Who Died Several Weeks Ago

Foster Leslie Davis was appointed by Judge Sanford B. Dole and Charles F. Clemens today as clerk of the local U. S. district court, to succeed A. E. Murphy, who died a few weeks ago following an illness of nearly a year.

Mr. Davis was sworn in by Judge Dole in the presence of Judge Clemens, several court officers and the members of the trial jury. There was applause as the title of the matter before the court was read. A bond of \$10,000, furnished by the new clerk with the National Surety Company as surety, was approved by the judges.

Following his graduation from McKinley high school in 1905, Mr. Davis held several responsible positions in Honolulu and, in 1909, was appointed stenographer in the office of the federal court clerk. On December 9, 1909, he was appointed second deputy clerk, and, on March 19, 1911, first deputy clerk. He is one of the best known and best liked court officials in the territory, is a skilled office man and is well qualified for the duties into which he is entered today. Mr. Davis was the federal judges' choice from among a list of at least 12 applicants for the position.

Although Clerk Davis has not yet appointed his two deputies, it was stated upon good authority today that William Ladd Rosa, who has been second deputy clerk since 1912, will be appointed first deputy. Mr. Rosa also is a graduate of McKinley high school.

# ARRESTED MAN TELLS POLICE OF HOP JOINT

Arrested at Aiea last night by detectives from headquarters here, Kim Yuen Chan, a Korean, confessed to the theft of \$500 worth of jewelry and clothes from the home at Aiea of A. L. C. Atkinson of Honolulu, and produced most of the loot.

Among the things recovered are a number of pins, a Masonic watch chain and a suitcase full of clothes, all of which were taken when the Atkinson home was entered by Chan through a side door nearly a month ago. During his visit to the Atkinson home Chan stopped long enough to have a light lunch, demonstrating the delicacy of his taste by eating only caviar and pol.

Information that the man was working in a camp at Aiea came by Detective McDuffie yesterday, and with three officers he went at once to the camp, where Kim Yuen Chan was found. Chan admitted the theft and said that he robbed the house because he had no money and was hungry.

Chan in turn gave the officers information which led to the raiding of a supposed opium den on Aiea street, back of the Chinese theater, and the arrest of Ah Chong.

Kim told the detectives that he sold two of Atkinson's pins to Ah Chong, who, he said, sold cocaine to soldiers and also sometimes sold opium. Detectives Wo, Kelleff and Apans went to Chong's place, and, being familiar with his habit of vanishing through a back window, endeavored to surround the shack, but before they could all get located a stream of colored soldiers of the 24th Infantry began to flow through a rear window, alight nimbly on the ground and vanish swiftly in the dark.

When the detectives broke into the room they found Ah Chong, who stoutly denied that he had any drugs. One of the officers saw Chong throw something in a pot of water and fished out a small can containing a powder resembling cocaine which will be analyzed in order to ascertain what it is. After a casual examination Dr. R. G. Ayer said that he did not think it was cocaine or morphine.

One pipe with some yen shen in it was found in Chong's place. If he is not tried for selling drugs a charge of receiving stolen goods may be placed against him.

# CAVALRYMEN TO COMPETE IN RACE MEET ON MAUI

Eben Low, the veteran horseman and booster of amateur sport, who is taking a keen interest in the big race meet to be held at Spreckels Park, Kahului, Maui, on January 1, announced today that he has secured two crack riders from the 4th Cavalry, Schofield, to take part.

The program is now out, and it shows the meet will be one of the most attractive ever given in the ter-

# WILL ASCERTAIN CAUSE OF LOSS IN PINE SHIPMENTS

(Continued from Page 1)

come, like inadequate transportation facilities, for instance." Mr. Anderson has informed the division that the first half of the carload of fresh pines recently shipped to Chicago sold at the rate of \$3.75 a crate, taking into consideration the freight rates and the loss in transit. In Denver, fresh Hawaiian pines were sold for \$3.80 a crate, wholesale.

Only about 100 crates of pines will be shipped on the Matsushima tomorrow. This small shipment, however, is largely due to the recent bad weather. The division has decided that all pines shipped in the future shall be given the strictest supervision as to packing and loading.

Banana shipments by the division continue to be steady and profitable, with a good demand on the coast. Sixty-one bunches will be shipped on the Matsushima tomorrow.

Local growers who have shipped through the division have netted about 40 cents on the small and about 70 cents on the larger bunches. There has been on deterioration in any of the shipments.

Hawaiian rice now is being shipped to the coast by the division in large quantities. The division has an order for 2000 bags, and is filling it by periodical shipments. The Matsushima will take 350 bags tomorrow.

Mr. Longley says that there is no great demand for Hawaiian rice on the coast, as the Honduras crop is the largest in 10 years, thus causing a slump in price.

# LONDON MAY BE MARKET FOR PINES FROM HAWAII

J. W. Forgie writes from London to the Promotion Committee asking why the Hawaiian pineapples has not been boosted there. He states that millions of fresh pines come to London every year, and he believes that a representative in that city could establish a big business in the pineapple industry. In the same mail came a letter from London asking about the honey industry in Hawaii.

# ELKS TO UNVEIL FINE NEW CLOCK

Celebrating the unveiling of their newly purchased \$750 clock, Honolulu Elks will be hosts Wednesday night to their friends at a ball in Odd Fellows hall, during which dancing will be interspersed with vaudeville and a professional exhibition will be given by some of Teal's Ducklings. The big feature of the evening will come at 11 o'clock when the clock will be unveiled with elaborate ceremony.

The timepiece which will decorate the Elks' lodge room is a musical marvel as well as a clock. It plays Aud Lang Syne and other favorite tunes on chimes and it always renders the program at the hour of 11.

On the committee in charge of the entertainment are: William N. Hanna, Clifton E. Mayne, Frank J. Dougherty and Fred Buckley, U. S. A.

# PHOTO OF HAWAIIAN GIRL IS WANTED FOR SATURDAY POST COVER

That the Hawaiian girl will soon become famous as a cover subject on many of the large magazines of the country is certain. The Saturday Evening Post, which has one of the largest circulations in America, and a magazine that has always made a feature of artistic covers, has written to the Promotion Committee asking for photographs of Hawaiian types, stating that they are contemplating using the Hawaii girl on a cover.

# STORAGE

WE STORE EVERYTHING. CITY TRANSFER COMPANY. PHONE 1281.

MEN ON GEIER OFFER PRAYERS FOR VICTORY OF GERMANY IN FIGHT Praying for the success of the German arms in the present conflict, the crew and officers of the interned German cruiser Geier this morning held a short devotional service of prayers and hymns, known in German naval regulations as the "Buss und Bettag." Executive Officer Elsmann was in charge of the service, which is held only once a year, as it is a special religious service observed by the German navy annually. The ship's band played hymns and the crew took part in the reading of the service, which is partly intercessional, and in which prayers for the welfare and protection of the German navy are included.

# Love's Bakery

Announcement was made in the police court today that Mrs. O. E. Wall intends to fight the case brought against her for violation of the traffic ordinance and will appear in court with her attorneys tomorrow morning ready for trial. Mrs. Wall was summoned several days ago for refusing to obey a traffic policeman at the corner of Hotel and Fort streets.

They came past the store yesterday

and this is what she said: "Oh, look at this Serge Suit for only \$15. The next suit you get I want you to buy one of these suits." And so this morning he came in and we sold him one, and a raincoat besides, and his credit is good and he will wear one of our True Blue Serge Suits and pay as he wears it.

Open a charge account, and establish a credit with us. You are welcome if worthy and today is a good day to date the first payment.
