First Infantry Favors Support Of Army Teams

Officers of the 1st Infantry were very much displeased at the report that was going around the city stating that the 1st Infantry was not in favor of free games on the local gridiron. A statement had also gone the rounds that the 2d Infantry supported the football team while the 1st Infantry did not.

When seen last evening Lieut. Oth Sadtler, one of the best known supporters of athletics in the island, said: "Of course we will support our team. The 1st Infantry was the first to ask for free games when the schedule was formed and the team has received all the support possible. As for uniforms and incidentals necessary to playing the game, including medical attendance, that is assured, as there is a fund for that purpose and the idea that we have not supported the team is ridiculous."

Other officers of the 1st Infantry when asked about the matter stated that there was a fund for the support of the football team and stated that the 1st Infantry was one of the first to broach the subject of free games. The baseball games at the post have been free with the exception of 5 cents which was charged for a seat in the grandstand.

The National Guard at present has no fund to support football and there will without doubt be a meeting soon to change the present plan of admission to the games. The suggestion has been made that the enlisted men be given tickets to the games and a nominal admission charge be made to others who wish to witness the contests. The 1st Infantry officers have made the statement that they will join with anyone to promote the interest of football in this vicinity.

SEASON'S PLAY LESSENS WORK FOR QUARTER

About four years ago the suggestion was made by several experts that the days of the football quarterback were past; that modern football would develop formations which would result in four back field men whose duties virtually would be the same and whose relative importance would be equal.

Half a dozen coaches were questioned, and while none derided the idea, Coach Stage of Chicago was the only one who openly declared that such was his belief. That was four years ago. Now there scarcely is a team which uses formations that does not relegate the quarterback's duties to a level with the other three backs.

Quarterbacks Signals.

In only one respect nowadays is the quarterback more of a pivotal position than any of the other three positions behind the line. This is in directing the field attack by calling signals, and even in this it is not unusual for a coach to relieve the man playing the position of this work. Offense develops upon the team captain or upon some back whose experience and generalship are known to be better than those of the quarterback. Several cases of this have occurred recently in the middle west.

The lessening of the quarterback's importance, of course, is the direct result of the rule that permits the first man to receive the ball from the center to advance any place through the line. In the pre-reform days, when the ball had to pass first from the center to the quarterback and then to a runner before an advance could be attempted, to more recent times, when only the quarterback could run with the ball himself and then only cross the line five yards from the spot where the ball was put in play, the duties of the quarterback were obvious and important. He had to be a quick, accurate handler of the oval and, whether he carried in the ball or not, easily shared at least a quarter of the responsibility of each attacking play.

Less Important Today.

Nowadays, however, with the direct pass from center to runner, the quarterback has no responsibility on such plays, as he does not carry the ball save in the ordinary responsibilities of interfering and assistance which are shared in equal measure by all the other members of the team. As often as not a man playing quarterback is even less accurate and speedy in handling the ball than one or more other members of the back field quartet.

Of course, some of the formations used by coaches still require the ball's passing through the quarterback's hands before an advance is attempted, but these are becoming fewer in number with each succeeding year.

At least half the formations now used call for direct pass from center to runner, the growth of such plays, of course, having been the result of the abolition of the push and pull, which sets a premium upon speed of attack rather than the tremendous, delayed concentration of the old attack.

ARMY STAR IN GAME WITH NAVY

Head Coach Daly is out with the statement that Oliphant, the Army's star halfback, is the greatest all around player and kicker of the year. This season his educated toe has been instrumental in winning several games for the West Pointers. Not alone has Oliphant done some splendid work with his toe, but his all around playing has been sensational. In the game with Georgetown recently he was the whole show. In the second period of the recent game the Cadets scored their only touchdown, Oliphant doing most of the work in a pretty advance through tackle and around end which started at midfield and culminated in the score. Oliphant took it over and kicked the goal. In the third period he kicked a placement goal from the thirty-five yard line. Oliphant was a shining light on the Purdue university team two seasons ago.

Griffin States That Johnson Will Rank No. 1

Clarence Griffin, who was a passenger on the Shinyo Maru yesterday, is confident that William Johnston will be ranked one this year when the tennis ranking committee meets. He said: "Johnston has played a great game this year and without doubt is an confident that he will be first this year with Williams second and Maurice Rice McLaughlin third."

"When Johnston met Williams the Californian did not expect a victory but at the end of the third set became filled with confidence and the easterner stated that Johnston's victory over the Harvard man meant No. 1 in the ranking this year."

Griffin stated that the tennis champion wanted to come to Honolulu and prospects were bright for his making the trip. If Johnston is able to get away from his work he and Griffin will make up the double team with Dawson and Wright, the other team.

Miss Bjurstedt a star.

"Miss Molla Bjurstedt is a wonder," said Griffin. "She has the strong drive of May Sutton and the strength to go through many hard sets in one day. Californians have been ready to believe that only the women of that state could play the game, but we surely will doff our hats to the great Norwegian player. It will be interesting to see the result of the match between Miss Bjurstedt and May Sutton when they meet. The Norwegian player already has one victory to her credit over the great Californian player."

Griffin and Dawson were met by Al Castle, chairman of the tennis committee to arrange for play during the Carnival and both players advised Mr. Castle that they would be pleased to play here and were confident that they would have an opportunity of meeting the national champion when they return from Manila where they will play in the Philippine tournament.

BATTLE OF ARMY AND NAVY STARS IN EAST TODAY

Army and Navy game today has caused an unusual amount of discussion around the army and navy centers. The army officers could not see anything but a victory for the West Pointers, while the navy men believed that they would see a victory for the Annapolis eleven today. At the time this is written the Army is a big favorite, and with stars like McEwan, Oliphant and Weyand, the West Point team looks strong. Craig and Blodgett have been the big Navy stars. The probable line-up in today's game is as follows:

Army	Navy
Redfield	L. E. Jackson
Parker	L. T. Clark
O'Hare	L. G. Mills
McEwan	R. G. Jones
Meacham	C. G. Smith
Weyand	R. T. Gilman
Tully	R. E. Martin
Murphy	Q. B. Miles
Oliphant	L. H. Craig
Ford	R. H. Westphal
Coffin	F. B. Blodgett

25TH INFANTRY MAY PLAY ALL-CHINESE AGGREGATION SUNDAY

There will be two games scheduled at Athletic park tomorrow afternoon but as yet the program has not been outlined. According to the schedule for the series the All-Army will meet the Chinese team and the Portuguese will clash with the 25th. The management may decide to make a change and shift the games around so that the fans may have an opportunity of witnessing a game between the All-Chinese and the fast 25th aggregation.

A match between these two teams would go a long way to bring about a good game and the fans would certainly turn out in numbers. It has been some time since the two teams have met on the diamond and the men from Schofield are anxious to revenge their defeat at the hands of the Chinese team. The All-Chinese will be reinforced by Lai Tin and Ayau, two of the fastest players in Honolulu who recently returned from a successful tour of the mainland with the Travelers.

That the 25th will place its strongest team in the field is a certainty and without doubt the game will outdraw any of the previous contests as there are no football games sched-

Foreigner To Be Ranked First In Women's Tennis

Miss Molla Bjurstedt of Norway Has Played Constant Tennis Throughout Year—Norwegian Player Shows Surprising Skill in Matches on Eastern Courts—First Time in History That Foreigner Has Been Given Chance for Prize

For the first time since women were ranked as tennis players a foreigner will be named as the first woman tennis player in the United States. Miss Molla Bjurstedt, the sensational Norwegian, holder of the national indoor and outdoor titles and winner of half a dozen state and sectional championships, will hold first place.

The first record of a woman's American national championship was in 1887, when Miss A. F. Hensell won the title. Four years later Miss Mabel E. Cahill of Ireland carried off the honors, and repeated in 1892.

For 22 years American players were able successfully to oppose the efforts of foreign contestants, and it was not until last February, at the 7th Regiment armory, that the new European star won her first big tournament in this country. Since that time she has had an almost unbroken run of successes.

Bested Only Once.

Except for a brief season preceding the national tournament for women, Miss Bjurstedt played continually from last April up to the early part of last month, and during that time she sustained only one defeat, when she plainly overtaxed her strength.

Miss Marshall McLean, who, as Miss Helen Edmunds, won the national championship in 1904, was the only woman to score a victory over the Norwegian girl, accomplishing the feat in the final round of the Thousand Islands tournament. Upon that occasion the courts were heavy from frequent rains, robbing the foreigner of one of her greatest playing assets—speed.

Before losing to Mrs. McLean, Miss Bjurstedt had vanquished her opponents in three previous tournaments. Mrs. George W. Wightman, the former Miss Hazel Hotchkiss of California, lost on two occasions to Miss Bjurstedt, first in the national championships and then in the final round of the Clay court championship at Pittsburg.

Wins From Many Stars.

Among the other prominent players who fell before Miss Bjurstedt were Mrs. Barger Wallace, national titleholder in 1908; Miss Anne Sheafe of

the Longwood Cricket Club of Boston; Miss Marie Wagner, former national indoor champion; Miss Clara Cassel, Miss Martha Guthrie, and many others.

Mrs. Frederick Schmitz, the English player, scored a victory over the Norwegian in the Morristown (N. J.) tournament early in the season, but that was after Miss Bjurstedt had strained a muscle during the match and was compelled to leave the court.

It is an open question as to the ranking of the second player on the list. Mrs. Wightman and Mrs. McLean appear to be even. The Boston player won from the west side expert in the national championship at Philadelphia in a hard three set match, but was unable to defeat Miss Bjurstedt, a feat Mrs. McLean has to her credit. The latter has an enviable tournament record this year, and has defeated nearly all the best players in the east and middle west. A comparison of the records of the two players would place Mrs. McLean second and Mrs. Wightman third.

Californians Down in List.

It will be a difficult matter to include the Californians in the rankings, while Miss Martha Guthrie of Pittsburg did not play a sufficient number of tournaments to give the members of the ranking committee an opportunity to gauge her playing strength.

Mrs. Thomas C. Bundy, the former May Sutton, who is on the committee with Mrs. Barger Wallace and Mrs. Benjamin F. Briggs, will probably offer some valuable information relative to the western players, and it is probable that two Californians will be included in the first ten. Of these Miss Florence Sutton is a likely selection for the fourth position on the list.

Miss Marie Wagner, New York state champion, will likely get into the coveted ten, although she will have a big drop from last year, when she was placed third. She lost her national indoor title to Miss Bjurstedt and was put out of the Metropolitan title play by Mrs. Wallace, but in the smaller tournament in the Metropolitan district she met with greater success and this will help place her in the ranking list.

TRAVELERS MAKE GOOD RECORD

The Chinese Travelers will play the 25th Infantry team at "chofield Barracks this afternoon. This will be their first game since they returned from their successful trip to the mainland. SWIMMING EVENTS TO BE FEATURED AT "Y"

The swimming meet at the Y. M. C. A. next Saturday night is attracting some of the best swimmers in the city and the four captains will meet at 5:30 this afternoon to settle all details, such as the program and order of events, officials, etc.

Edgar Methven, who captained the Californians, winners of the last meet, is organizing a Healan team which will include Kruger, Cuthbert, Rowat and other stars. A. B. Carter has charge of a Myrtle team and is recruiting the best boat club men he can sign.

The Knights of Kamehameha will have a team in the meet, centering around Clarence Lane. Sam Kahalewai is swimming captain of the club. The H. A. C. another Y. M. C. A. club, will enter a team and a captain will be elected this afternoon.

At the preliminary meeting of representatives of the four clubs, it was decided to give a program of straight and novelty events. The 50, 100 and 200 swims will undoubtedly be on the program. Also a 50 yard back stroke, 50 yard breast stroke, under water swim and plunge for distance. Two relays will prove popular events and diving may have a place on the program.

There are a number of attractive novelties that can be pulled off in the Y. M. C. A. tank and the committee will decide on three or four of these at this afternoon's meeting. Bleachers will be provided for all spectators and ladies will be welcome as well as men. A small admission charge of 25 cents will be made to defray expenses.

What healthy Nerves Mean to You

A strong, vigorous nervous system means health, strength and ability to endure hardship and also to enjoy the full pleasures of life.

The man with healthy nerves accomplishes greater tasks with less fatigue. He has a clear eye, an active brain and a sound body. He is enabled to think better and work faster. He has energy. With healthy nerves he can overcome the hardest competition, be successful and gain wealth.

The woman with healthy nerves is never listless, weak or hopeless; she is not irritable, she never suffers from hysteria, she has a reserved surplus of endurance. Healthy nerves will prevent the sleepless mother, although worn with care and nursing, from a "break down" caused by her double or treble duty.

All men and women who suffer from these forms of nervousness—known as Neurasthenia—who have "gone to pieces," who lack energy, who have insomnia, who have succumbed to nervous prostration or nervous exhaustion, either mental or physical, whose condition is one of irritable weakness, will find ready relief and cure in the peculiar properties of

SENSAPERSA

These wonderful little tablets contain no mercury or other injurious drug. They act like magic. The bright eye, the elastic step, the clear and active brain, the courage and strength and comfort they impart are noted almost from the first day they are taken.

One box of Sensapersa will do a great deal of good, the full course treatment of six boxes is guaranteed to give absolute satisfaction or the money will be refunded.

The proprietors earnestly ask for every sufferer to give Sensapersa a good fair trial at his risk. Don't delay, commence today. Sold by Chambers Drug Co., Hollister Drug Co., Honolulu Drug Co., or sent post-paid for \$1 per box or 6 boxes for \$5.
