## BLOODSHED AND LOOTING BREAKS LOOSE IN MEXICO

### American Shot By Snipers and Chinese Murdered; Yaquis on Warpath Again

[Associated Press by Federal Wireles] EL PASO, Tex., Dec. 22.—Anarchy, rioting and murder have broken out in several points in Chihuahua and a number of Americans have been killed, one on the American side of the line, others in Juarez and at San Pedro, where a band of Yaquis attacked the American residents.

The number of the dead, not including the Chinese proprietors of stores, which the Mexican rioters have looted and murdered the owners, is ten. One is an American, C. A. Diepert, brakeman, who was shot by a Mexican sniper. In the fighting the Chinese owners killed seven of the rioters before they themselves were murdered.

American customs officials, guarding the Mexican and Santa Fe international bridge, killed two Mexicans who attempted to force their way on to the American end of the bridge. Villa still at large.

The reports yesterday that Villa had already crossed the line into the United States were yesterday denied and it was stated that he was on his way to Juarez to attack the city. Last night it was stated that Villa is still near Chihuahua City, north of which the Carranzistas have stretched their lines to prevent his escape north towards the American line.

It was stated in Juarez last night that Oregon is on his way to take command of the Carranzistas there. Despatches from Guaymas announce that the Americans at San Pedro have been attacked by a band of Yaquis on Monday and that some of the Americans had been killed. An army of Carranzistas, traveling in 40 boxcars, is on the way to this scene of fighting.

## ALLEGED OPIUM FIENDS CAUGHT ON BIG ISLAND

That opium is being shipped into Hilo in large quantities either from Honolulu or from other ports is the opinion of U. S. Marshal J. J. Smiddy, who returned to Honolulu from the Crescent City yesterday with three Chinese in custody, all of whom are charged with having the "poppy drug" in possession.

The defendants are Pak Kee, Wong Bun and Ah Woo, who were arrested in Hilo, Walpio and Honokaa respectively. The arrests were made by E. C. Crabbe, deputy revenue collector at Hilo. Considerable evidence, collected in the Crescent City by Mr. Crabbe, was brought to Honolulu by Marshal Smiddy.

Ah Foo has been released on bond in the sum of \$500. A commissioner's hearing of the three cases was to be held this afternoon, and it was expected that the other defendants would be released on bail.

## WOODROW WILSON HOME FOR SOLDIERS DEDICATED

[Associated Press by Federal Wireles] BERNE, Switzerland, Dec. 22.—The Woodrow Wilson soldiers' home, one of three given to the government by the Americans in Switzerland, was dedicated yesterday with a large number of representative Swiss and American present. Three homes which the resident Americans have built, are of such a nature that they can be transported to various points on the frontiers. The two nearing completion are to be known as the "George Washington Home" and the "Abraham Lincoln Home."

The controlling dry element in the Virginia legislature was strengthened in the general election by half a dozen new members. The general assembly, both senate and house of delegates, remains overwhelmingly Democratic.

## LONE TOOTH BITES HOLE IN HEEL OF INSPECTOR IN MUDDY TARO PATCH

To be bitten in the heel by a tooth while he was crossing a muddy taro patch barefooted—this was the unique and not entirely pleasant experience of an assistant in the federal office for the investigation of fruit flies, recently.

"As the field was muddy, I took off my shoes and proceeded to wade through it," says the bitten man, "and upon reaching about the center of the patch I suddenly felt a sharp pain as of a nail in my foot. Imagine my surprise when on pulling the foot from the mire I saw a huge tooth clinging to it."

The tooth did not bite deep. It also went in backward, one of the long roots being worn down sharp enough to penetrate the thick hide on the inspector's heel. No follow teeth were found with the one that created the mischief; nor was there any trace of a jaw bone or a skull. The tooth did its gruesome work alone and unaided.

## MINNESOTA'S BOILERS RUINED BY SALT WATER

### Faulty Condensation Cause of Limer's Trouble; New Boilers Must Be Installed

[Associated Press by Federal Wireles] SAN FRANCISCO, Cal., Dec. 22.—Federal Inspector Bulger, after a complete examination of the boilers of the Great Northern liner Minnesota, announced last night that the breakdown of her boilers had been brought about through faulty condensation, allowing salt water to find its way into the boiler tubes.

He recommended that a complete set of new boilers be installed to replace the 16 which had been put out of commission. It is probable that the owners will adopt his suggestion, which will mean a tying up of the liner for some time and an expense of \$200,000.

No blame for the faulty condensation has been placed upon anyone, but 80 members of the crew have been discharged.

## McDUFFIE GETS OUT FOR RIDE IN AN AUTOMOBILE

Arthur McDuffie, chief of detectives, was out riding in an automobile with Mrs. McDuffie yesterday afternoon. McDuffie does not look any the worse for his period in bed after being wounded by Yee Yo Keuk.

Whenever the machine stopped the chief was the subject of congratulations. McDuffie stopped a few moments at police headquarters and then drove back toward home. He told inquirers he was feeling fine.

## RUSSIANS OCCUPY BULGAR BLACK SEA PORT

LONDON, Eng., December 22.—According to special despatches to the Chronicle, a Russian army is now in Bulgaria, having landed yesterday at Varna, the principal Black Sea port of Bulgaria, which the Russians are holding in force with reinforcements pouring in as fast as they can be landed from the transports.

The Bulgarian garrison has been driven back from the city, with the Russians repulsing a number of counter attacks against their advance lines.

## ZEPPELIN REPORTED BOUND FOR BRITAIN

LONDON, Eng., December 22.—Despatches from Holland last night warned the British that a Zeppelin was observed at noon, flying westward and apparently bound for England.

## BRITISH SEAWARD SINKS TEUTON AND TURK SHIPS IN MARMORA

LONDON, Eng., December 22.—The German steamer Lerios was submerged and sunk in the Sea of Marmora yesterday by a British submarine. The underwater fighter is reported to have also destroyed a number of Turkish craft.

## ANOTHER HIGH BRITISH OFFICER TRANSFERRED

LONDON, Eng., December 22.—Another change in a high British command was announced yesterday by Premier Asquith, who stated that Lieut.-gen. William R. Robertson, chief of the general staff, had been recalled from France to become chief of the imperial staff, with headquarters in London.

## TURKISH FOOD SUPPLY PLENTIFUL, SAYS NAZIM BEY

BERLIN, Germany, December 22.—Dr. Nazim Bey, the secretary of the Young Turks committee here, stated to a representative of the Associated Press yesterday that Turkey has an abundance of food and of other materials from which she can supply Germany if the latter desires food stuffs of supplies. If Germany wants the Turkish surplus, all that is necessary is to solve the means of transporting it into Germany.

## GERMANY TO CLOSE DUTCH FRONTIER TO TRAVEL

AMSTERDAM, Netherlands, December 22.—The newspapers here say that the German government has decided to close the Dutch-German frontier to travel, in order to prevent the escape from Germany of prisoners of war.

## JAPANESE ENLIST IN CANADIAN CONTINGENT

VANCOUVER, B. C., December 21.—The Japanese Association of Canada and Japanese Consul Abe of this city are urging the enlistment of their countrymen who are residents of Canada with the Canadian volunteers. Already several have joined and today Nei Yamasaki, the editor and manager of Tai Riku Nippu and president of the Japanese Association enlisted. He was given a great ovation as he is one of the leading Japanese of the Pacific coast.

## GERMAN CASUALTY LISTS SHOW TERRIBLE LOSS

LONDON, Eng., December 22.—More than half a million Germans have died as a result of the fighting, according to a statement made in the house of commons yesterday by Harold John Tennant, under secretary for war, who announced that he had

## French Gunners at Work in Forest

The photograph above, one of a series sent to the French consulate here, shows one of the famous French "long" guns, and its keen-eyed crew. The French gunners have won much fame in this war.

## FROM THE ISLAND EXCHANGES

Manager Perry of Halawa is making a rock road from the mill to the government road, that will give good service. Those awful holes on the way to Halawa might have been filled with the same good material, instead of mud, had Mr. Perry's generous offer been accepted. He has offered the free use of a quarry of first-class rock, if the county will set up the crusher inside, and macadamize Halawa road. It's time for a show of hands, Halawa people think, on the part of the road overseer.—Kohala Midget.

The territory has indicted and is trying 13 reform school boys for "unlawful assembly." It is invoking the same old methods that have been in use for the past thousand years or so. In some places they think they have found a better way of handling bad boys than by treating them as ordinary criminals.—Maui News.

The interest taken in the Kula Sanitarium and the welfare and comfort of its many patients is manifesting itself by the great and generous gifts that are steadily flowing in from many sources to assist in a most worthy and noble cause.

The Maui Agricultural Company through its manager, Colonel H. A. Baldwin, has signified its intention to

build a new ward for men, and Mrs. Baldwin has made the generous offer of erecting and furnishing a women's and children's ward. The men's ward will be large enough to accommodate about 26 patients, its dimensions being about 60 feet square, with an open court in the center.

L. Weinheimer, manager of Pioneer Mill Company, Lahaina, is contributing a welcome gift in the form of a new cottage suitable for a private patient, which building is now being erected.

The noble institution, established in the interest and for the benefit of suffering humanity, is as yet only in its infancy. With better facilities, more houses, better equipment, the institution will be able to take care of many more than the present number of patients, about half a hundred, and become a home and refuge to hundreds of suffering victims of the great white plague.—Maui Times.

When a saloon man defends his business with the frosty, old argument about how much he has invested—which he tells you he ought to be allowed to recover—it is very often effective to ask him how he expects the boozers and their families to get back what they have invested in the liquor traffic.—Hilo Tribune.

## HIGH PRICES IN BURLAP MARKET ARE RECORDED

NEW YORK, N. Y.—Advances have been made in burlaps the past week and a further upward trend is indicated. Buyers have paid as high as 8.70 cents for 10 1/2-ounce cloths and 8.30 cents for 10-ounce Calcutta goods. Sellers now ask 8 1/2 cents for the latter. Lightweight goods also have advanced sharply, with sales of 8-ounce 40s made at 6 cents and 7 1/2-ounce cloths at 5.90 cents. Spot jute, first marks, now is quoted in the London market at £25 a ton. Jute yarns are reported as advancing steadily.

Much excitement is said to prevail in the local burlap market. A large volume of forward business is reported to have been accomplished the past few days. Considerable business is being offered that cannot be filled, according to reports. Forward business is handicapped by reports from Calcutta that no further freight room are accumulating. Goods for shipment of the lack of shipping facilities.

Burlap importers here are feeling keenly the loss of the steamer Langton Hall, with a cargo of 3000 bales. Also they are wondering when they will get the goods due from the Lincolnshire, which was bound from Calcutta via the Suez canal, but is discharging her cargo at Port Said because of a leak. Predictions of a marked shortage and further advances in burlap are heard in all quarters of the market. Advances from Calcutta state that the British government has made new requisitions for burlaps and will take 25 per cent of the total production of the mills there for January-March next year.

The official casualty lists for Prussia, Saxony, Bavaria and Wurtemberg up to November 20.

These official lists show that the total German casualties to November 20 were 2,524,460, of whom 512,002 were dead, the figures not including the naval casualties, which have been heavy. Of the dead, 484,228 died of wounds received in action and 27,674 have died of disease.

## GOOD PROGRAM AT METHODIST SUNDAY SCHOOL

The Christmas program of the Sunday school of the First Methodist church will be held in the church this evening at 7:30 o'clock. The following numbers have been prepared: Quartet, Tableaux—Shepherds on the Plain, Processional—Merry Christmas, School Prayer—Rev. Leon Loofbourov Recitation—We Welcome You, Gerd Hirth Song—Clap, Clap, Christmas is Here, Beginners' Dept. and Primary Dept. Organ solo—Mr. Ingals Recitation—In the Glow of Christmas, Mrs. Ingals Lord Christmas drama—The Three Wise Men, Melchin, Harold Martin, Gasper, Earl McTaggart

Song—The Herald Stars, Second year and fourth year Junior Girls Song—Holy Night, Quartet, Tableau—Shepherds on the Plain, First year Intermediate Reading—The Christmas Story, Luke 2:8-20, School Song—Joy to the World, School Dialogue—First Christmas, Fourth year Intermediate Class Song—Luther's Cradle Hymn, Antoinette Porter Song—Rock the Cradle, Beginners' Department Song—Hark! The Herald's Sing, School Song and Drill—A Starry Wreath, Song and exercise—The Little Stars, Primary Department Song and drill—The Christmas Bells, Junior Girls Song—The World Children for Jesus Exercise—Give Yourself, Junior Boys Reading—Why the Chimes Rang, Mrs. Loofbourov Presentation of gifts by the school. Closing song—All Hail the Power of Jesus' Name, School Distribution of candy.

John Martin, aged 27, a resident of Bridgeport, living on Stratford avenue, and but recently married, was the third victim of explosion in the ultimate primer drying room of the Union Metallic Cartridge Company at Bridgeport.

## FORD MISSION IS SCOUTED BY PEACE PARTY IN NORWAY

[Associated Press by Federal Wireles] LONDON, Eng., Dec. 22.—Henry Ford and his peace mission delegates will receive no cooperation from the Norwegian peace party, the officials of which informed Mr. Ford yesterday that no Norwegian peace delegates could join his party nor work with it, the presence of Madame Schwimmer, a Hungarian, amongst his delegates precluding the possibility of anything being done which would appear neutral.

A despatch to the Times from its Christiania correspondent yesterday states that the Norwegians look upon Ford as a dreamer and an idealist, with no practical suggestions to advance. He is the object of much popular curiosity, however, the people being desirous of seeing the man who has announced his willingness to spend \$20,000,000 of his own money to bring the war to an end.

It is reported that Mr. Ford has advanced a new suggestion to help end hostilities, this being that he give the various armament plants sufficient orders to induce them to cease turning out munitions of war for the belligerents.

## HOPES FOR FAVORABLE REPLY TO PETITION TO BRING PAINTINGS HERE

As soon as letters arrive from the coast answering communications sent by Robbins B. Anderson a decision will be reached as to the possibility of holding an art exhibit here. Mr. Anderson hopes for replies in the next mail, which arrives tomorrow.

Art lovers proposed to secure 200 or more of the best paintings shown at the San Francisco exposition and have them sent here and placed on exhibition so Honoluluans could have a chance to see the paintings of the best masters. Some difficulties have been encountered and it now depends on the decision of people in San Francisco whether the exhibit can be held.

## CHERRY DANCERS HELD IN SAN FRANCISCO FOR LACK OF PROPER BOND

[Special Cable to Nippu Jiji.] SAN FRANCISCO, Cal., Dec. 21.—Nine cherry-blossom dancers have been sent to the immigration detention station at Angel island because Mr. Ushijima, who gave bond for them, declined to comply with the request of the bonding company that he change the bond to cash. Two girls are in San Francisco. All are expected to be passengers in the T. K. K. steamer Persia.

## SARAH BERNHARDT IS REPORTED DYING

LONDON, Eng., Dec. 22.—Sarah Bernhardt, the famous actress, is reported to be dying in Paris, with congestion of the lungs. She was taken seriously ill on the 5th, and has been unable to shake off the disease. It is not expected that she will live many more hours.

Charles Allen, president of the Alen Amusement Company, owner of three moving picture houses in Providence and one in Pawtucket, died at Providence of pneumonia. He was 73 years old.

## WILSON'S ENVOY TO EUROPE ON SECRET MISSION

### Col. House Carries Instructions to U. S. Embassies in Many Capitals

[Associated Press by Federal Wireles] NEW YORK, N. Y., Dec. 22.—Col. Edward M. House, the intimate friend and adviser of the president, announced yesterday that he intended to sail for Europe, probably on the Dutch liner Noordam, sailing today, at the request of the president and on a confidential mission.

Colonel House denies that his trip is in any way a peace mission, declaring that he is going to visit a number of the capitals in order to personally deliver information to certain of the American ambassadors regarding the government's attitude in various international questions pending.

The liner Noordam was to have sailed yesterday, taking Captain von Pape, the recalled military attaché as a passenger. The sailing of the liner has been delayed one day, but whether for Colonel House or not is not stated.

## 10TH BACK AFTER TRIP TO VOLCANO

### Men Had 100 Miles of Marching, Enjoyed Kilauea, and Got Good Experience

After a trip which officers and men agree was thoroughly enjoyable, and which from the military standpoint was a great success, the 10th Company, Coast Artillery Corps, returned yesterday morning at 6:30 o'clock on the Mauna Kea from a two weeks' stay on Hawaii, and are now back in barracks at Fort De Russy. During the stay on Hawaii the company marched 100 miles, had the weather, and, quoting Capt. Norris Stanton, who was in command, "saw everything there was to see."

There was only one thing to mar the trip and that was the suspension under which officers and men labor ed for four days while Cpl. John Schuh was lost on the slopes of Mauna Loa. Schuh was found by a Japanese dairyman, who helped him to make his way to the camp of the company, which had halted to search for him. Schuh has entirely recovered from the experience.

The Tenth landed at Hilo December 8, and left the next day for Mountain View, camping there and reaching the volcano next day. Several days were spent at the volcano and after all the sights had been seen several more days were spent in the search for Cpl. Schuh.

The company started back over the Kalapana trail, marching to Panau December 15. The next day they marched from Panau to Kalapana, and on the 17th they marched from Kalapana to Kapaho, reaching there at 3 p. m. The next day they took train for Hilo, where they arrived Saturday. The last few days of the trip were spent in Hilo.

Capt. Stanton says the men got some excellent experience in marching and camping on the trip, and besides had a fine time.

## THIN PEOPLE CAN INCREASE WEIGHT

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh yourself again. It isn't a question of how you look or feel or what your friends say and think. The scale and tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive.

For sale by Benson, Smith & Co., Chambers Drug Co., and Hollister Drug Co.—advertisement.

Throng of mourners bearing flowers visited cemeteries throughout France and decorated the graves of soldiers in commemoration of All Souls' Day.

Seventeen men were badly injured by a powder explosion at No. 1 plant of the du Pont Powder Company at Carney's Point, N. J. One of the injured men died.

## HOT SPRINGS IS NOW MECCA FOR HONEYMOONERS

### Virginia Resort Crowded With Devotees of Shrine of Hymen

[Associated Press by Federal Wireles] HOT SPRINGS, Va., Dec. 22.—The presence of President Wilson and his bride has made this the center of honeymooning for the country and newly wedded couples are arriving by every train, the hotels being crowded with brides and grooms.

Christmas festivities on a grand scale are being planned and it is expected that the President and Mrs. Wilson will take a leading part in the honeymoon Christmas tree and other features of the celebration.

The president and Mrs. Wilson walked in the neighborhood yesterday morning and spent the greater part of the afternoon motoring. The object of one short trip of the president and his bride was to inspect the hotel register at one of the nearby spas, a page carrying the signature of Thomas Jefferson.

## KLEBAHN THINKS P. M. SHIPS WILL NOT COME HERE

That the goal of December 13, by which the American International Corporation, capitalized at \$50,000,000, and controlled by the Rockefeller interests, secured control of the Pacific Mail's remaining steamers, means the boats will be used in further development of South American trade, rather than transpacific, was the opinion expressed yesterday by F. W. Klebahn, secretary of H. Hackfeld & Company, Pacific Mail and China Mail agents in Honolulu.

Mr. Klebahn added that the reason the China did not stop here on her way to San Francisco is that her owners, the China Mail, want to avoid the time of giving her Chinese crew able women's examinations, to enable them to comply with the Seaman's Act before the China sails January 6 from San Francisco for Honolulu, Nagasaki, Manila and Hongkong.

The China Mail's schedule reached the local agents this morning. It calls for the China to arrive here from San Francisco, January 12, March 17, May 22, July 25, October 2 and December 5. For San Francisco, the China will leave here February 25, April 30, July 7, September 10, November 16 and January 22, 1917.
