### SAYS SOLDIER TORE SHIRT IN ATTEMPT TO GRAB HIS CASH

D. Bonfiglio, Company D, Engineer Corps, was arrested last week on a charge made by Kao Gara that Bonfiglio tried to hold him up on King street near Dowsett lane. Gara says the soldier grabbed his arm, tore his shirt and was about to take his money when Officer M. Espinda appeared. Bonfiglio will be dealt with by the military authorities.

### NINE EXPLOSIONS WRECK BANK SAFE BUT TOWN SLEEPS

ATCHISON, Kan.—Four men blew open the safe and vault of the State Bank of Everest, Kan., and escaped with \$1500. Everest is 18 miles northwest of Atchison. The robbers worked 45 minutes and caused nine explosions.

Peru is the size of Spain, France, Germany and Italy put together.

### Personal Power

The capacity to plan and put into action ideas for success—requires "a sound mind and a sound body."

The famous wheat and barley food—

### Grape-Nuts

is scientifically prepared for body and mind building—

"There's a Reason"

Sold by Grocers and Stores.

### POLICE HUNTING MAN WHO KNIFED MAYOR'S NEPHEW

Detectives this afternoon were still endeavoring to get four of the five soldiers or ex-soldiers implicated in a fight which took place in front of the Majestic Hotel early Sunday morning, during which Henry Carter, a nephew of Mayor John C. Lane, was slashed in the abdomen by a knife used by one of the soldiers. Before night they expect to have the men in custody, and later to find which of the men wielded the knife.

Oscar Nelson, a soldier from Fort Shafter, is in jail and today admitted that the knife with which Carter was cut belonged to him, but denied that he did the cutting. Nelson claims that during the brawl the knife was snatched from his hand by one of his companions who used it on Carter. Carter has a gash on one side of his body to the other on the abdomen, and today was in a serious condition but with prospects of recovery. The knife was sharp and cut within an eighth of an inch of the vital organs. Had it gone a fraction deeper his death would have been instantaneous.

The fight, as well as can be gathered from conflicting accounts, occurred at about midnight, when Carter and J. Kinemon met five men in front of the Majestic Hotel and an argument started. Carter wanted to stop and fight, and Kinemon wanted to go. They say their progress was blocked by the men, who wore civilian clothing but are all, or nearly all, thought to be soldiers from Fort Shafter. In a fight that followed Carter was slashed and the men got away. Carter was placed in an automobile and taken to Queen's Hospital.

Mounted Patrolman Kramer appeared in time to arrest W. McClure and E. L. Richards, who were thought to be implicated in the fight, and also to take Kinemon to the police station. All of the men are being held, but it is not thought now that Richards or McClure know much about the affray. Nelson was arrested later when found hiding under some straw in a vacant lot near the Majestic hotel. Most of the men in the fight are thought to have been implicated in another fight which occurred Saturday night, during which Policeman Kramer hit a soldier with a riding whip.

### DEDICATION OF NEW 'Y. W.' HOME SET FOR SUNDAY

Building at Hotel and Alakea Streets Now Ready for Association

Announcement was made today that the new home of the Y. W. C. A. building on Hotel and Alakea streets, opposite the Y. M. C. A. building, will be formally dedicated next Sunday afternoon, the exercises beginning at 3:30 o'clock. Mrs. Walter F. Frear, president of the association, will preside.

The following schedule of anticipated events for the spring and early summer is announced:  
 January 2—Dedicatory service.  
 January 3—Opening reception.  
 January 4—Club night.  
 January 5—Reception to ladies living on other parts of the island than Honolulu.  
 January 6—Trustees' dinner.  
 January 7—Reception to school girls.  
 January 8—"Feather in Your Cap" party.  
 January 10—Organization of business girls' club.  
 January 14—Annual meeting.  
 January 26, 27, 28—Finance campaign.

February 14—Valentine party.  
 March 3—Jubilee celebration.  
 March 17—Tipperary party.  
 April 28—Class day.  
 May 13—Chinese festival.  
 June 9—Chinese party.  
 The opening of the new home is expected to launch the association on wider usefulness than ever before. The former Y. M. C. A. building—later owned by the Elks—has been remodeled and renovated inside, offices and other arrangements completed, and now is ready for the coming of the association women.

Not to be outdone by the new coins of the United States, the Bulgarian government has commissioned an Austrian factory to coin a variety of pieces, 20, 10 and five stotinki. One hundred stotinki equal 193 cents. One variety of Chinese sugar cane is raised for chewing in its natural state, and is kept in good condition for months by being buried in the ground.

### CITY ENGINEER TO LOSE CONTROL OF HIGHWAY WORK

Following considerable discussion pro and con in a caucus held yesterday morning by the city supervisors, it was decided to separate the engineering and the road department. The separation will probably take place near the beginning of the new year.

Mayor Lane attended the meeting yesterday morning and went over the budget question with the supervisors. Supervisor Hollinger, chairman of the park committee, asked for an additional appropriation of \$8000 for the first six months of the new year, but the others did not agree that this sum should be thus expended. Further discussion will be held tonight on the question.

The separation of the engineer's and the road department can take place a resolution will have to be passed at regular business meetings of the board. Considerable technical work will come under the new engineering department, as will also the supervision of the several improvement projects now started.

### HILO REPORTS

success of painless methods of dentistry as instituted and practised in the Hilo office of Dr. Clemmens, which is in charge of Dr. A. D. Perkins, who writes that Hiloites are crowding him with work, mostly of the crown and bridge variety—in fact, so much work has been given him that part of it has been sent to the Honolulu office where it will be given attention in the finest dental laboratory in Hawaii by the expert attendant in charge. Dr. Clemmens admitted when interviewed at his room in the Young hotel that both his offices are big successes. Blais dell block, Fort street.—Adv.

The average price of petroleum in the United States was \$0.806 per barrel in 1914, or \$0.148 less than in 1913. The decline has continued, the average price being probably 10 to 12 per cent lower than last year. Exports, however, are becoming more normal.

### WORK OF CHARITY ORGANIZATION TO INCREASE IN 1916

Estimating that their needs for the coming year will amount to \$10,246.99, the Associated Charities is sending out letters to the good folk of Oahu asking for subscriptions to its cause.

This budget has been approved by the Chamber of Commerce and, it is believed, will be sufficient for the outlined work of 1916, which is to be larger than that of the year just closing.

During 1915 the Associated Charities has been put on a sound basis, so that much greater work can be accomplished with practically the same amount of money in the year ahead. Officers of the society state that the business has been well handled, and that all pressing needs have been met with a credit balance still remaining in the emergency reserve account.

### DIABETES

We announce this new FACT IN PHYSICS—influence the renal tract with an agent that opposes Renal and Hepatic degeneration and urinalysis will, in many cases, within twenty days begin to show diminishing sugar in Diabetes in people of 50 and over.

There having been no agent on prescription counters to reduce sugar in Diabetes (except opium which is not a specific—see Van Noorden on Diabetes) the importance of an antidiabetic is immediately manifest. That sugar can be reduced and that many of those succumbing to Diabetes can have lives prolonged to other terminations has been established by urinalyses and confirmed by disappearing symptoms in many cases.

The presence of sugar being a PHYSICAL FACT, and its disappearance a FACT IN PHYSICS there is no uncertainty as to the results that have been obtained.

The agent to reduce sugar (Fulton's Diabetic Compound) can be had at Honolulu Drug Co. Ask for pamphlet. Current bulletin of recoveries and rationales mailed on application. John J. Fulton Co., San Francisco, Cal.—adv.

### COLORADO BREWERS TO AID FIGHT TO ENFORCE NEW LAW

DENVER, Colo.—The brewery interests of Denver are to unite with the authorities in a strict enforcement of the prohibition law. They will accept the decision of the supreme court without contest, according to present plans, and will in no manner attempt to evade the law, according to statements made by them today.

A meeting of the various brewery heads will be held this week to discuss the best plans for aiding in enforcement of the law. It is probable that a fund will be created for the employment of secret agents to assist the city, county and state officials in getting evidence against bootleggers and other violators of the prohibition enactment.

Meanwhile, three of the five Denver plants have begun the manufacture of near-beer, that looks like real beer, tastes like real beer and is bottled like real beer, the only difference between it and the original product being that the near-beer has no "kick," being non-alcoholic.

The United States used one-fifth of the 40,000,000,000 pounds of sugar produced in the world last year.

### MRS. MOORE HAS BEEN IN STUPOR FOR WHOLE WEEK

Mrs. W. H. Moore today was said to be in almost the same condition that she has been since last Monday when she was struck by an automobile driven by Miss Dorothy Spring. Mrs. Moore is still unconscious and partly paralyzed, but according to Dr. H. V. Murray, who is attending her, has an excellent chance for recovery. The injuries are of such a nature, Dr. Murray said today, that only time and attention will produce a change. He does not expect a rapid rally, but believes slow improvement is going on. Miss Spring and Dr. John C. Peeden, who was with her when the accident occurred, have been indicted by the grand jury, but no further action will be taken until the outcome of Mrs. Moore's injuries is certain.

The death of Mrs. Ellen Tuck Graziadei in parliament.
