

"It takes the fatigue out of filing"

That's what one business man, speaking for thousands, said of this—

Art Metal Steel Vertical File

This file opens at the slightest pull. Weather never warps the drawers; the sturdy steel parts never stick or sag.

It protects your papers from fire, water and vermin besides affording such ease of operation.

Why not make your file clerks happy by getting one of these filing units today?

BODGE AT HEAD OF COMMITTEE ON AUTO RACES

Last Day of Carnival May Be Automobile Day, if Parade of Machines is Held Then

Edward E. Bodge, sales manager of the von Hamm-Young Company, will act as chairman of the committee in charge of the automobile races to be held on the last day of the Carnival, and today he drew up a list of his committee. Unless he receives refusals to the invitations sent out, the list will stand as follows:

Chairman, Mr. Bodge; Walter F. Dillingham, representing the Hawaii Polo and Racing Club, lessees of Kaplani track, on which the races are to be held; C. W. H. Norton of the B. F. Dillingham Company; E. S. Waterman of Fresno, Cal., who is promoting the races; L. P. George of the Schuman Carriage Company, in charge of motorcycle entries, and Supervisor Benjamin F. Hollinger.

Saturday, February 26, is the day set for the races, and if the parade of decorated automobiles in charge of S. S. Paxon can be held on the same date, the two events could supplement each other and make the whole an Automobile Day. There is room for the automobile parade, as the program is now outlined, either on Wednesday, February 23, or Saturday, February 26, without conflicting with other events, and Mr. Paxon's committee will arrive at a decision at its next meeting.

PUNUOI OUTLET CAUSES HEATED WORDY WRANGLE

Property Owners Instructed to Prepare Legal Petition With Proper Signatures

Argument which grew almost heated at times on the question of whether or not a road should be built out from Punuoi at the upper end of the district, formed the basis of an interesting meeting held yesterday afternoon in the assembly room of the city hall. Members of the road committee sat in state, Chairman Robert W. Shingle presiding, and listened to the arguments advanced by representatives of Punuoi, who want the road to lead out and connect with Laimi road on Nuuanu, and representatives of the Country Club, who do not want such a highway.

J. G. Stokes led the faction desiring such a road. He stated that he did not consider unreasonable the request which he and his fellow citizens made, that Punuoi residents have waited for 20 years to have an outlet built from the section, and that they have now got busy for themselves.

Mr. Stokes did not feel that such a road as proposed would damage the Country Club to any great extent, merely cutting off one hole on the golf links. He said that there is a vast amount of land on the other side from which the club can replace the loss.

No Promise From Club.

E. W. Sutton denied that the Country Club had even promised a road through the district as Mr. Stokes had hinted. He said if such a road had been mentioned it had been by individuals who had no authority for such statements.

Sutton thought that Punuoi should naturally seek an outlet toward town, that only persons desiring to go up the valley would have use for a road at the upper end of the district. He mentioned as a substitute Hawaii street extension, which he said would be cheaper and shorter, besides forming a more central outlet.

E. I. Spalding, for the Country Club, declared it was a public spirited organization in that it had converted a piece of unforbearing waste land into one of the most beautiful places on the island.

He thought Mr. Stokes had a personal object in pushing the Laimi road extension, and that he desired to improve his own property. Mr. Stokes, he said, lives on the extreme upper edge of the district, and naturally would like a road near to his property.

Difference in Cost \$7000.

Spalding compared the proposed cost of the two projects, Hawaii street at \$17,000 and Circle Drive at \$24,000, and asked the supervisors if it is practicable to expend an additional \$7000 in the latter road.

Stokes then rose again, claiming that his personal integrity had been attacked, but Spalding informed him that "integrity" and not "integrity" had been mentioned.

Other representatives from both sides spoke, and then Supervisor Shingle asked the Punuoi committee to meet with the road committee, declaring the hearing closed.

In the meeting which followed Mr. Shingle explained to the Punuoi committee that he had no personal feeling on either side of the question.

He suggested that the Punuoi people discuss the matter again among themselves, and then present to the board a properly worded and legal petition, bearing the signatures of 55 per cent of the owners and stating their wish in the whole matter. It is expected that such papers will be prepared in about a week.

SENATOR MUENTER SAYS AKOZ QUICKLY CURED BAD STOMACH

Former Collector of Internal Revenue Praises New Mineral Remedy

SEN. A. E. MUENTER

Another case of acute stomach trouble of years' standing that responded to Akoz treatment is that of Hon. A. E. Muentner of 851 California street, San Francisco. Mr. Muentner was formerly State Senator representing San Joaquin County, California, and until recently United States Collector of Internal Revenue. The following letter tells how readily acute indigestion, sour stomach and gas responded to the Akoz treatment:

For several years I had severe stomach trouble. After eating a hearty meal I would suffer with acute indigestion, sour stomach and gas. I tried many remedies but got only temporary relief until I tried Akoz. After drinking the Akoz water made from the mineral powder for two weeks I found that my condition was being bettered. At the end of a month's treatment there was no trace of stomach trouble of any sort left. I can now eat the heartiest meal without any ill after effects.

Thousands of other people have gotten the same good results from this wonderful mineral remedy. It is effective in treating rheumatism, kidney

and bladder trouble, piles, ulcers, eczema, skin diseases and other ailments.

Akoz is now being introduced in Honolulu by the Hollister Drug Co., Ltd. For calling, writing or phoning further information may be had regarding this advertisement.

JAPANESE WILL HAVE CARNIVAL COMMITTEE OF 30

Organization Meeting Will Be Held Monday Afternoon; Consul Takes Hand

Through an executive committee of 30 prominent Japanese businessmen, preparations for Japanese participation in the Carnival on an extensive plan will be carried through. As a preliminary to organizing the executive committee, Acting Consul-general for Japan H. Arita, S. Awoki, local manager of the Yokohama Specie Bank; Dr. I. Mori and M. Negoro have been selected to interview others from their country and find 26 who will join them and take active part in the work of getting ready for the Carnival. The committee will hold a meeting Monday afternoon.

One of the committee will be chosen as chairman and he will practically act as one of the directors of the Carnival.

That there will be a Japanese lantern parade during the Carnival has been decided, and also a number of Japanese will take part in the water carnival.

Most important of the questions which will come before this committee is whether a Japanese night entertainment, much along the same line as that held during the coronation celebration and later produced at the Opera House, shall be given. The feasibility of having such a Japanese celebration must be threshed out by the committee. If it is given there will be dancing by the Geisha girls, wrestling, sword play and other features.

ken, Japan, 32 years, 10 months and 9 days old.

TAKEDA — In this city, Jan. 19, 1916, the infant daughter of Mr. and Mrs. Torataro Takeda of Kewalo street, Kakaako, a native of Honolulu.

REVES — In the Department Hospital, Fort Shafter, this city, Jan. 5, 1916, the infant son of Mr. and Mrs. Paul William Reeves of 611 Magellan avenue, Auwalolimu, a native of Honolulu.

No advices concerning the reported native uprising at Manila were received by the war department.

H. K. HOPE

LONG DISCUSSED SCHOOL BUDGET PASSES AT LAST

By appropriating for the coming six months only one-fourth of the money handed over by the last legislature for the biennial period, the supervisors last night passed the long discussed school budget on third reading and ordered it to print. This means that considerably less building will be done on school houses during the present period than was planned when the budget was first taken up for consideration.

Several other appropriations made to cover shortages caused by former overdrafts were passed on third reading also, and \$500 was appropriated for helping out in the decorations of the coming Carnival. The city did not feel that they should back down on the custom.

Joseph Richard, dairy inspector, appeared before the board and asked that he be allowed \$50 a month for transportation—a sum originally sent to him but now sent to the board of agriculture. Supervisor Logan was commissioned to look into the matter with the board of agriculture.

Building Inspector Henry Freitas was notified to stop the contractor at work on the additions to the electric light station until the said contractor has filed a proper bond.

The next meeting will be on Wednesday evening at 7:30 o'clock.

MARRIED

CHANG-LAI—In this city, January 17, 1916, Chang Patt and Miss Lai Kam (Chee, Rev. Tse Ke'Yuen, pastor of the Fort street Chinese Christian church, officiating. Witnesses, Chang Leong and Lee Tim.

Especially pleasing with fresh or stewed fruit.

CARNIVAL DANCE IS TO BE FREE TO EVERYBODY

Entrance to the dance which will be given Carnival week in the armory will be free to civilians and army and navy men, but unlike last year there will be no prizes for dancers because of some criticism of the awards at that time. Punch will be served to an estimated crowd of 3000, and a provost guard will be on duty to keep order.

These points were settled at a meeting of a committee of 10 non-commissioned officers held yesterday afternoon in the Carnival offices. The committee members have agreed to serve as a floor committee and will wear badges in Carnival colors.

It is thought the Rapid Transit company can be induced to provide the same service that was arranged for the recent army charity ball.

Those present at yesterday's meeting were Sgt. First Class Lewis D. Harp, Department Hospital, Fort Shafter, chairman; Regimental Commissary Sgt. Edward W. Staiker, 1st Field Artillery Battalion, Sgt.-maj. B. K. Shackelford, 1st Infantry; Sgt.-maj. John E. McNellis, Coast Artillery Corps; Color Sgt. Thomas Clarkson, 2nd Infantry; Sgt. Paul Connison, Troop M, 4th Cavalry; Cpl. Frank Williams, Company I, 3rd Battalion of Engineers; Cpl. Fletcher G. Foreney, Signal Corps; Cpl. Allan G. Gordon, Quartermaster Corps; and from the navy, Chief Electrician C. D. Gould, U. S. S. K-3, and Sgt. Robert Jameson, U. S. Marine Corps.

MANY NATIONALITIES LINE UP TO HELP IN BOOSTING CARNIVAL

The different Japanese organizations had a meeting last Monday evening and endorsed the Carnival. They formed a temporary organization called the Japanese Carnival Association and when the various subcommittees have been appointed they will cooperate with the various committees of the Carnival.

Mr. Lee Chu of the Chinese Merchants' Association and United Chinese Societies has already been appointed on the light and decoration committee and is hard at work cooperating with them.

The light and decoration committee consists of the following: Harry Strange, chairman; Emil Berndt, Raymond C. Brown, Charles Frazier, Clarence Waterman and L. de Vis-Norton.

Congratulations cabled by the chief executives of Latin-American republics were read by the delegates to the Pan-American Scientists Congress.

German Field Marshal von Hindenburg will go to Belgrade to confer with Field Marshal von Mackensen.
