THE IDEAL Hotel St. Ewa Fort

WITH ITS WONDERFUL DECORATIONS by Albert Herter in the cafe, symbolizing the gifts of the Old World to America; the Lounge, inspired by the Chateau Brissac, in which society assemblies daily for afternoon tea; the stately, spacious Rose Room, where dancing is enjoyed every evening, the Italian Room, walled and ceiled with beautifully carved hazel wood and famed for its portal of gleaming twisted pillars surmounted by a golden image; the Colonial Room, in which the fashionable world produces original plays in a completely equipped theatre—with countless original artistic details (such as Arthur Putnam's puma motive) in its many public rooms—with such unique and exclusive service as the Turkish and Roman baths for ladies (11th floor) and for gentlemen (12th floor), supplied with salt water pumped directly from the ocean; the Electric Grill, where table d'hote meals are served at moderate prices—the Hotel St. Francis is one of the most interesting show places in San Francisco, and a place at which interesting people invariably gather.

THE HOTEL ST. FRANCIS, the largest hotel in Western America (over one thousand rooms), faces an entire side of Union Square, "the center of the city's life and color," where the activity of all famous carnivals like the Portola, Native Sons' fiesta, and New Year celebrations are focused, and where military displays on such occasions as the visits to the St. Francis of President Roosevelt, President Taft, Prince Fushimi of Japan, Prince Tsai Hsun of China, Admiral Evans in command of the battleship fleet, and other dignitaries, have provided historic spectacles.

NOTE—While the Hotel St. Francis will never lower its rates beneath the point at which it is possible to provide a service at least equal to that of the best metropolitan hotels in the world, it respectfully invites comparison between its charges and the tariff established by any other hotel of the first rank.

Aren't You Tired of This Sort of Thing?

Wednesday at the regular weekly luncheon the Ad Club's "Good Roads Campaign" will be formally launched. Plans for obtaining better roads will be discussed, and among the speakers will be R. E. Bristol and C. A. Day, concrete men from Ogden, Utah, who know the secrets of good concrete roads. Other speakers will be arranged for, and it is hoped that Supervisor "Bill" Larsen will be present to give his views.

NEW HUDSON SUPER-SIX TO BE SEEN SHORTLY IN HONOLULU

Honolulu will be given its first opportunity shortly to inspect the new Hudson Super-Six. News of the sensation created at the New York show and at San Francisco when the new Hudson was first presented to view, has caused the local automobile fans to eagerly await the display of the car here. The Schuman Carriage Company, local agents for the Hudson, have received word that several carloads of the Super-Sixes have been shipped and the first carload should arrive next week. The Hudson people claim that the Super-Six begins a revolution, and there seems every reason to anticipate that the belief is well founded. The heart of the new Hudson Super-Six lies in the motor, in which is comprehended a new invention of Hudson engineers. The motor is patented and the name "Super-Six" is registered, so that the full benefit of the discovery belongs solely to the Hudson company and to the owners of the Hudson cars.

WHAT CAUSES COLDS?

This question is asked every day. A cold is really a fever, not always caused by the weather but often due to disordered blood or lack of important food-elements. In changing seasons fat-foods are essential because they distribute heat by enriching the blood and so render the system better able to withstand the varying elements. This is the important reason why Scott's Emulsion should always be taken for colds, and it does more—builds strength to prevent sickness. Scott's Emulsion contains Nature's rare strength-building fats, so skillfully blended that the blood profits from every drop. It is free from harmful drugs or alcohol. Sold at drug stores—always get the genuine.

year's motor, 3 1/2 x 5 inches, but the power has been increased by 80 per cent. The best power heretofore produced by a six-cylinder engine of this capacity is about 45 horsepower. The new Hudson Super-Six effectively uses 76 horsepower, yet the new motor is strictly conventional in every particular. The Super-Six in an official test on the Sheepshead Bay speedway, under the rules and supervision of the American Automobile Association, has broken all stock-car records up to 100 miles. This was a real stock car. It was not only standard in every particular, but it had a full seven-passenger body and equipment. With two passengers in the car and with windshield and top in place, the Super-Six made a record of 100 miles in 80 minutes, 21.4 seconds, or an average speed of 74.67 miles per hour. This story of the achievement of the Super-Six seems almost unbelievable, yet it is certified to by a member of the American Automobile Association. The Hudson Super-Six develops the highest power per cubic inch displacement of any automobile motor ever built, and the fuel consumption at 40 miles is about the same as like-sized motors at 20 miles.

SYRUP OF FIGS FOR CROSS, SICK, FEVERISH CHILD

If Little Stomach is Sour, Liver Torpid or Bowels Clogged

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered. When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can't cause injury. No difference what ails your little one— if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.—Adv.

What is probably the largest leather belt (34 inches wide, double) ever sent to Argentina, according to the Louisiana Planter and Sugar Manufacturer, was sold by a New York firm, which sent a representative to the province of Tucuman and working in conjunction with its local agent, secured some excellent business in that section.
