## NEW BUILDING TO HOUSE ICE CREAM MAKERS

A large increase in the ice cream business and a crowded condition in their present quarters, prompted the directors of the Honolulu Dairywomen's Association to vote \$2500 for the erection of a handsome concrete building to house the ice cream department. The building will be an addition to the present plant, and will be two stories high and 30x50 feet. It will include a manufacturing room, a sales room and a laboratory. The manufacturing room will be equipped with improved and large capacity machinery for handling any quantity of orders. The laboratory will be equipped with apparatus for testing the ingredients that go into the ice cream. Work has already commenced on the building, and it will be completed in time for summer business.

## SAN FRANCISCO WOMAN TAKES AKOZ; RELIEVED STOMACH TROUBLE

Mrs. Mary J. Johnson Now Well After Suffering Agony for Six Years  
MRS. MARY J. JOHNSON NOW WELL AFTER SUFFERING AGONY FOR SIX YEARS

Mrs. Mary J. Johnson, residing at 249 Peru street, San Francisco, after trying many remedies, found complete relief from six years' suffering from stomach trouble by Akoz, the wonderful medicinal mineral. The following statement was given by Mrs. Johnson's husband, James E. Johnson, of the Old Crow bar, 755 Market street, one of the best known men in his line of business in the city.

"For six years my wife has suffered from stomach trouble. At times her condition became alarming. Gas would form and cause pain in the abdomen that caused her great agony. She got so she could not get a good night's sleep and lost weight. She doctored with everything that was suggested to her, but got no relief. She got some of the Akoz powder for making mineral water and began taking it. In ten days the gas disappeared and the pains that had distressed her had likewise gone. In a couple of weeks her appetite returned. A few days longer she found she was sleeping as she did before she was sick, and after three months of the treatment we are

satisfied she is well from her stomach trouble and feels better every way. We think there is nothing like Akoz. Akoz, which is a pure, natural mineral and not a patented or manufactured medicine, has corrected thousands of cases of rheumatism, stomach trouble, liver and kidney trouble, eczema, ulcers, catarrh, piles and other ailments. Akoz is now being introduced in Honolulu by the Hollick & Drug Co. For further information may be had regarding this advertisement.

## OFFERED TO CURE ALL DISEASES, QUOT DOLLARS, FOR JUST TWO DOLLARS

For a little round disk of iron, copper or of some similar composition that curls and twists and contorts itself in the palm of the hand, Cha Pong Duck asked only the inconspicuous sum of \$2, which, when the virtues of the disk as told by the seller were taken into consideration, was nothing.

"Devils, Cha Pong Duck told those to whom he sold, lurked in the disk and when it was placed in the hand they at once began to drive all other devils out. The disk cured all diseases, brought good luck and ward off all harm.

While before Judge Wauchope this morning, Cha Pong Duck told those

## HIGH WIND AND RAIN AT SCHOFIELD TODAY

Rain was falling in high wind was sweeping over the city, and another storm appeared to be making ready to break over Schofield Barracks this morning.

Lieut. William E. Smith, who is camped at the barracks, said that the storm was very violent, and that it was very windy and rain was falling.

Lieut. Smith said that the storm was very violent, and that it was very windy and rain was falling.

## WILL TEACH HOW TO SERVE REAL COURSE DINNER

The educational department of the Young Women's Christian Association announces the opening of a new class in domestic science beginning on Saturday morning of this week and continuing for 12 weeks. This is an advanced class intended for those who have had some elementary lessons in cooking or who have had practical experience.

The special subject matter will be the preparation and serving of full course dinners, at least one lesson being devoted to each course. Mrs. Glenn Jackson, the teacher of both the association classes in domestic science, is a graduate of the school of home economics at St. Lawrence University. There are still a very few vacancies in both classes.

The class in military, taught by Miss Jeanette Matthews and Miss Grace Dougan of the military department at the B. F. Elbert & Company continues to grow in popularity. Under the skilful direction of the teachers, old shapes and discarded uniforms are being transformed into new and fashionable styles, and the owner of the attire, the credit is inevitably acquiring some of the skill of the teachers.

The Glee Club has notified its organization, and it is hoped that it will again double in the very near future. Although the class is designed for untrained voices, the absence from any lesson details has to the pupil. This class is taught by Miss Edith Gifford.

## BIG DECREASE IN CHINA'S MARITIME CUSTOMS RECEIPTS

HONGKONG, Jan. 24.—China's maritime customs receipts for 1915 amounted to \$2,700,000, a decrease of \$2,000,000 from 1914. All foreign cargoes landed in the Chinese ports in 1915 have been taxed.

## CAN PUT STOP TO VICE HERE, ARGUES RATH

Tells Men's League It Will Die Out in Time if Proper Steps Are Taken

"We have been told in the past by legislators and police officials that vice is as well regulated as a Sunday school. This is of course absurd. It is folly to talk about vice and law and order. Such talk is a contradiction in terms, a paradox that lacks the point of truth."

This spoke James A. Rath, head worker of the Palama Settlement, at a meeting of the Men's League of Central Union church last night during the presentation of his report as chairman of the social evil committee.

"We have been told," Mr. Rath continued, "that the restricted district in this city is a matter of military necessity. This is the argument that has deceived Belgium, ravished Poland and laid Serbia waste. I should like to have this league get an army officer to tell us why he thinks a restricted district is a military necessity, for I believe that we should set the military man's point of view. I have been keeping a scrap book, and out of that scrap book I am able to tell you, gentlemen, that the recent rioting of the colored soldiers was but the culmination of many similar individual acts."

Spread Cocaine Habit.

Mr. Rath went on to say that as regards the prevalence of the cocaine habit in the restricted district, many of the women are using it themselves and passing it along.

"I truly believe," he concluded, "that commercialized vice can be stopped in Hawaii if we go about it in the right manner." A brief discussion of Mr. Rath's report followed its reading.

The meeting last night was well attended, and included a reception and a supper served by a committee of the Women's Society of the church, Walter W. Stear, president of the organization, presided.

An interesting report was presented by Wallace R. Farrington, chairman of the law enforcement committee, which at two questions: "What is the cause of the vice?" and "What

the matter with the people?" The report suggested that if Honolulu would secure efficiency in local government a short way to accomplish this and would be through a carefully shaped campaign of organized publicity.

"In my opinion," said Chairman Farrington, "we will have shifty and shady and petty penit politics until this is done."

Urges Cooperation.

In closing, the chairman asked for the cooperation of all the members of the league in bringing to light facts and incidents of official delinquencies. "Give us the benefit of what you know," he concluded. "Don't be satisfied to sit back and let George do the work" while you criticize.

An interesting feature of the meeting was a sermon delivered by Rev. John L. Scudder, brother of Dr. Doremus Scudder, whose topic was "It Beats the Devil." It was acclaimed one of the best sermons which has been delivered in Honolulu in recent years, and the speaker held his hearers from start to finish, making them shout with laughter or border on tears at his will. His thesis was based on the idea that amusement is normal, healthy and even religious. It was the first address to be delivered before the Men's League in 1916.

## DOCTOR SCUDDER AND MISS BOSHER TO MARRY TONIGHT

Dr. Doremus Scudder, pastor of Central Union church, and Miss Mabel Bosher, former principal of Kawahao Seminary, will be married at 8 o'clock this evening at Atherton Hall, at the seminary, Manoa. Rev. John L. Scudder of Los Angeles, brother of the bridegroom, will perform the ceremony.

No formal invitations for the wedding have been issued. Those present will be the relatives and official families of the bride and bridegroom, which include the trustees and members of the faculties of the Mid-Pacific Institute, which includes Kawahao Seminary; the officers of Central Union church, and members of the Hawaiian Board of Missions. Invitations for a reception to be held in Atherton Hall at 8:30 o'clock, just following the ceremony, have been issued by the trustees and faculty of the Mid-Pacific Institute.

Between Silva Rise and Liberty theater, gold nugget brooch. Reward. 6879-01
