## NEW BUILDING TO HOUSE ICE CREAM MAKERS

A large increase in the ice cream business and a crowded condition in their present quarters, prompted the directors of the Honolulu Dairymen's Association to vote \$2500 for the erection of a handsome concrete building to house the ice cream department. The building will be an addition to the present plant, and will be two stories high and 30x50 feet. It will include a manufacturing room, a sales room and a laboratory. The manufacturing room will be equipped with improved and large capacity machinery for handling any quantity of orders. The laboratory will be equipped with apparatus for testing the ingredients that go into the ice cream. Work has already commenced on the building, and it will be completed in time for summer business.

## SAN FRANCISCO WOMAN TAKES AKOZ; RELIEVED STOMACH TROUBLE

Mrs. Mary J. Johnson Now Well After Suffering Agony for Six Years

MRS. MARY J. JOHNSON NOW WELL AFTER SUFFERING AGONY FOR SIX YEARS

Mrs. Mary J. Johnson, residing at 249 Peru street, San Francisco, after trying many remedies, found complete relief from six years' suffering from stomach trouble by Akoz, the wonderful medicinal mineral. The following statement was given by Mrs. Johnson's husband, James E. Johnson, of the Old Crow bar, 755 Market street, one of the best known men in his line of business in the city.

"For six years my wife has suffered from stomach trouble. At times her condition became alarming. Gas would form and cause pain in the abdomen that caused her great agony. She got so she could not get a good night's sleep and lost weight. She doctored with everything that was suggested to her, but got no relief. She got some of the Akoz powder for making mineral water and began taking it. In ten days the gas disappeared and the pains that had distressed her had likewise gone. In a couple of weeks her appetite returned. A few days longer she found she was sleeping as she did before she was sick, and after three months of the treatment we are

MRS. MARY J. JOHNSON

satisfied she is well from her stomach trouble and feels better every day. We think there is nothing like Akoz." Akoz, which is a pure, natural mineral and not a patent or manufactured medicine, has corrected thousands of cases of rheumatism, stomach trouble, liver and kidney trouble, eczema, ulcers, catarrh, piles and other ailments. Akoz is now being introduced in Honolulu by the Hollister Drug Co., Fort street. By phoning, calling or writing, further information may be had regarding this advertisement.

## OFFERED TO CURE ALL DISEASES, OUST DEVILS, FOR JUST TWO DOLLARS

For a little round disk of this rubber or of some similar composition that curls and twists and contorts itself in the palm of the hand, Cha Pong Duck asked only the inconsiderable sum of \$2, which, when the virtues of the disk as told by the seller were taken into consideration, was nothing. Devils, Cha Pong Duck told those to whom he sold, lurked in the disk and when it was placed in the hand they at once began to drive all other devils out. The disk cured all diseases, brought good luck and warded off all harm. While before Judge Monsarrat this morning Cha Pong Duck must have

forgotten to hold a disk in his hand, for he was fined \$100 and costs for practicing medicine without a license.

## HIGH WIND AND RAIN AT SCHOFIELD TODAY

Rain was falling, a high wind was sweeping over the post, and another kona storm appeared to be making ready to break over Schofield Barracks this morning. Lieut. William E. Shedd, aide-de-camp to Brig.-gen. Frederick S. Strong, commander of the Hawaiian Brigade, said this morning when they left the post there was every indication of a storm, and it was then windy and rain was falling. Later in the day it was reported the wind had increased and the rain was still coming down.

## WILL TEACH HOW TO SERVE REAL COURSE DINNER

The educational department of the Young Women's Christian Association announces the opening of a new class in domestic science beginning on Saturday morning of this week and continuing for 12 weeks. This is an advanced class intended for those who have had some elementary lessons in cooking or who have had practical experience.

The special subject matter will be the preparation and serving of full course dinners—at least one lesson being devoted to each course. Mrs. Glenn Jackson, the teacher of both the association classes in domestic science, is a graduate of the school of home economics at St. Lawrence University. There are still a very few vacancies in both classes.

The class in millinery, taught by Miss Jeanette Matthews and Miss Grace Dougan of the millinery department at the B. F. Ehlers & Company, continues to grow in popularity. Under the skillful direction of the teachers old shapes and discarded trimmings are being transformed into new and fashionable styles, and the owners of the attractive creations meanwhile are acquiring some of the skill of their teachers.

The Glee Club has doubled its registration since the opening and it is hoped that it will again double in the very near future. Although the class is designed for untrained voices, the technical instruction is serious and absence from any lesson entails loss to the pupil. This class is taught by Miss Edith Gattfield.

## BIG DECREASE IN CHINA'S MARITIME CUSTOMS RECEIPTS

PEKING, China.—China's maritime customs revenue for 1915 amounted to \$4,764,978 (\$22,824,890), a decrease of \$545,000 (\$2,726,030) from 1914. All foreign obligations secured by the customs returns of 1915 have been met.

## CAN PUT STOP TO VICE HERE, ARGUES RATH

Tells Men's League It Will Die Out in Time if Proper Steps Are Taken

"We have been told in the past by legislators and police officials that Iwilei is as well regulated as a Sunday school. This is of course absurd. . . . It is folly to talk about Iwilei and law and order. Such talk is a contradiction in terms, a paradox that lacks the point of truth."

Thus spoke James A. Rath, head worker of the Palama Settlement, at a meeting of the Men's League of Central Union church last night during the presentation of his report as chairman of the social evil committee.

"We have been told," Mr. Rath continued, "that the restricted district in this city is a matter of 'military necessity.' This is the argument that has despoiled Belgium, ravished Poland and laid Serbia waste. I should like to have this league get an army officer to tell us why he thinks a restricted district is a military necessity, for I believe that we should get the military man's point of view. . . . I have been keeping a scrap book, and out of that scrap book I am able to tell you, gentlemen, that the recent rioting of the colored soldiers was but the culmination of many similar individual acts."

**Spread Cocaine Habit.**  
Mr. Rath went on to say that, as regards the prevalence of the cocaine habit in the restricted district, many of the women are using it themselves and passing it along. "I firmly believe," he concluded, "that commercialized vice can be stopped in Hawaii if we go about it in the right manner." A frank discussion of Mr. Rath's report followed its reading. The meeting last night was well attended, and included a reception and a supper served by a committee of the Woman's Society of the church. Walter F. Frear, president of the organization, presided. An interesting report was presented by Wallace R. Farrington, chairman of the law enforcement committee, which put two questions: "What's the matter with the police?" or "What's

## DOCTOR SCUDDER AND MISS BOSHER TO MARRY TONIGHT

Dr. Doremus Scudder, pastor of Central Union church, and Miss Mabel Bosher, former principal of Kawilihae Seminary, will be married at 8 o'clock this evening at Atherton Hall at the seminary, Manoa. Rev. John L. Scudder of Los Angeles, brother of the bridegroom, will perform the ceremony.

No formal invitations for the wedding have been issued. Those present will be the relatives and official families of the bride and bridegroom, which include the trustees and members of the faculties of the Mid-Pacific Institute, which includes Kawilihae Seminary; the officers of Central Union church, and members of the Hawaiian Board of Missions. Invitations for a reception to be held in Atherton Hall at 8:30 o'clock, just following the ceremony, have been issued by the trustees and faculty of the Mid-Pacific Institute.

Between Silva Rise and Liberty theater, gold nugget brooch. Reward. This office. 6379-34
