

# SEVEN MILLION MORE MEN FOR FRENCH LINES

### England Will Have 4,000,000 By Spring and is Living Arsenal, Says J. B. Clarkson

England is a living arsenal. France will have a new army of 4,000,000 Frenchmen, and another of 3,000,000 Algerians in the field this spring and Canadians are turning out efficient soldiers by the thousands in their Ottawa training camps.

This is the news brought direct from the Continent and Canada today by J. B. Clarkson, managing director of J. B. Clarkson & Company, Ltd., of Wellington and Christchurch, New Zealand, who is a through passenger on the Niagara, returning after several months passed in visiting France and England and seeing war preparations and conditions in both nations.

"France is calmly confident of eventual victory, and England is determined to push the war through," he said. "So far as Great Britain is concerned there is absolutely no talk of peace."

The New Zealand businessman stated that he motored 2500 miles in England, and saw with his own eyes what is being done. "In Birmingham one English firm has spent a million and a quarter pounds erecting a factory which is now turning out 100 machine guns a week," he said.

"North of Carlisle, a munition plant covering 200 acres has been built, and is now in active operation."

Owing to the strict military censorship, Mr. Clarkson said, it is not possible now to get any closer to the Western war front than Paris. He stated that England will have a new army of 4,000,000 men to put into the field by spring, and is also furnishing equipment and munitions for an army of 6,000,000 Russians.

# TO SEEK PRISON LABOR FOR ROAD OVER TO KAILUA

Governor Pinkham is to be asked to come to the relief of the people of Kailua, on the windward side of the island, and to furnish territorial prisoners if possible, to build some sort of a road whereby they may get to and from their homes.

At the end of a discussion on the Kailua question last night at the meeting of the board of supervisors, in which Kailua residents had told of the terrible condition of their roads, Supervisor Shingle moved that the mayor be considered a committee of one to wait on the governor and see if help is forthcoming from the territory.

"Come over and help us," cried the Kailua people, like unto the ancient Macedonians. Judge Frank Andrade, Arthur Rice and W. C. Achi acted as spokesmen.

## MORNING ON 'CHANGE'

Trading in local stocks has taken an abrupt slump, and sales listed on the 'change sheet, which have been running well above the 5000-share mark daily for some time, today total only 1583, of which 718 shares changed hands at this morning's call, and 839 between boards. Oia is strong and sold today at a new high figure, 11 1/2, with closing offerings at that level. Oia 6 per cent bonds sold to the tune of \$12,000 worth at \$100.25, previous high record having been 100 even. Pioneer has eased down one quarter. Tatjoug Olok is firm at 100, and Onomea is still traded in at 147.35. McBryde has been in demand at 82.50, but closed with untaken offerings at that figure today. Other-wise the list is quiet.

# MRS. J. P. COOKE GIVES \$1300 TO BOOST Y. W. FUND

### Campaign Workers Have Already Secured More Than Third of Needed Total

At 3 o'clock this afternoon the total amount secured by the campaign was \$5897.75. It is believed the \$6000 mark will be reached by 6 o'clock this evening.

With \$4,919.75 secured down to 1:30 o'clock this afternoon, Y. W. C. A. campaign workers have secured more than a third of the \$14,240 they are campaigning to raise.

Today's leading team is Miss Alice Hopper's. Miss Hopper and her team members reported with \$1626, of which \$1300 is the subscription of Mrs. J. P. Cooke, the largest made in the campaign to date.

Following is the team standing reported at 1:30 this afternoon:

Mrs. E. A. Hernd's team, \$351; Mrs. R. C. Brown's, \$197; Mrs. W. J. Forbes, \$167.50; Miss Alice Hopper's, \$1626; Miss Alice Knapp's (business girls), \$36; Mrs. Jonathan Shaw's, \$242.50; Mrs. I. J. Shepherd's, \$847; Mrs. Ismay Stubbs, \$5.50; Mrs. R. G. Moore's, \$308; Mrs. R. D. Williams, \$74.50.

Total results of yesterday's efforts were \$2,144.75 secured down to the close of work at 6 o'clock last evening. At that time Mrs. Moore's team was leading, with \$242 reported. Mrs. L. C. Howland, chairman of the finance committee, experienced a busy morning today, and indications are that by tonight the total obtained will be close to \$6000, as at 1:30 only \$81.25 was needed to bring it to the \$5000 mark.

Mrs. Oliver Walker is to be hostess at 4 o'clock tea this afternoon. Mrs. J. W. Wadman was hostess at yesterday's tea.

# ROTARY MEMBERS FAVOR COMFORT STATION AT PARK

With the indorsement of the Rotary Club a well considered recommendation for the establishment of a comfort station at Aala park will be made to the Board of Supervisors, the club having adopted the report of its sub-committee on the subject at the luncheon meeting today.

The recommendation will be accompanied by a considerable amount of data obtained from mainland cities, which have established such stations, together with a blue print plan for a structure at the park designed by H. L. Kerr, the architect, who is chairman of the committee, his associates being R. B. Booth, Joseph E. Sheedy, Dr. C. B. Cooper and A. P. Taylor.

The station to be recommended will cost, it is estimated, about \$6000. As the station is proposed to be erected on city property, there will be no ground cost.

The committee also recommended that stations be established in the proposed city hall, and also one in the proposed Union street park which may become a fact, should Bishop street be extended mauka of Hotel street into Union street. The committee made an exhaustive study of the entire situation and one of the reasons advanced was that of public health and public morality, a conclusion reached by other cities when they decided to establish such stations.

The movement that Kansas has been carrying on for cleanliness in foods has been extended to the swine, and Kansas proposes to give the hog a bath every morning and a pen as clean as a kitchen.

# MAINLAND SECURITIES BOUGHT IN 1915 BY BIG LOCAL BANK

(Continued from page one)

Cooke's annual report to the stockholders of the bank show in detail the flourishing condition of the institution:

"To the Stockholders of The Bank of Hawaii, Ltd.

"Gentlemen:

"The year just closed marks the 18th in the history of your institution, and your president begs to present herewith the annual statement for the year ending December 31, 1915, and submits the same under the usual schedules.

**Largest Recorded Growth.**

"It is a pleasure to report a satisfactory growth in the various departments of the bank, and you will note

	1915	1914	Increase
Loans	3,166,000	2,304,000	2,198,000
Bonds	722,000	1,322,000	800,000
Cash and due from banks	1,390,000	2,185,000	795,000
Total assets	5,604,000	9,338,000	3,734,000
Capital, surplus and profits	1,150,000	1,355,000	205,000
Deposits	4,152,000	7,772,000	3,620,000

**Immediately Available.**

"The rapid growth in deposits as shown above has not been offset by a similar demand for local loans. As a result your officers have been compelled to seek investments on the mainland of the United States. Commercial paper, municipal, railroad and industrial obligations have been purchased in the Eastern, Middle West and Pacific Coast financial centers in amounts and at various maturities to be immediately available in case of local need.

Before the close of the year it was found necessary, on account of the growth of business and the withdrawal of many steamers between Honolulu and the mainland, and the consequent congestion of mail to add to

from the statements presented that deposits during the past year have increased from \$5,739,983.33 to \$7,772,164.54, the largest recorded in the history of your institution.

"The gross profits for the year were \$144,243.98, from which expenses, losses and depreciation were charged off amounting to \$126,261.25, leaving a net profit for the year of \$117,982.71, out of which sum dividends totaling 9 per cent for the year were paid amounting to \$54,906, and \$63,882.71 was carried to undivided profits account as against \$29,459.45 for the preceding year.

"A few figures of comparison will show better than words the growth and increase in the business of your institution during the past five years.

	1915	1914	Increase
Loans	3,166,000	2,304,000	2,198,000
Bonds	722,000	1,322,000	800,000
Cash and due from banks	1,390,000	2,185,000	795,000
Total assets	5,604,000	9,338,000	3,734,000
Capital, surplus and profits	1,150,000	1,355,000	205,000
Deposits	4,152,000	7,772,000	3,620,000

the number of officers of the bank. At a stockholders' meeting held December 23, 1915, the by-laws were amended to permit an increase in the number of assistant cashiers, and E. B. Clark, P. G. H. Deverill and A. B. Clark were promoted to fill these positions.

In closing this report your president wishes to express his appreciation of the loyal support the directors, officers and employees have given the institution, and great credit is due to them for the condition of the bank and the record that has been made during the past year.

Honolulu, T. H., January 27, 1916.

Respectfully submitted,

C. H. COOKE,  
President.

# TEAL COMPANY WILL SURPRISE IN 'MME. SHERRY'

Returning from Wailuku on Saturday, the Raymond Teal company will open on Saturday afternoon at the Bijou theater in "Mme. Sherry," as a surprise for Honolulu. It has not been generally known, but the Teal company has been working on this show—its biggest offering—for two months. It has been tried out at Hilo and Wailuku and went splendidly, according to Manager Walter Doyle, who returned today.

"Mme. Sherry" will be played from the Saturday matinee to the Wednesday night performance following, inclusive. After this the company will repeat some of its previous successes. The Teals will sail for the Orient on March 24. A second big season is predicted here for them.

## BAROMETER CLIMBING STEADILY UP SCALE WITH WIND IN WEST

With the barometer rising steadily, being at noon today at 29.54 inches, which is almost back to normal, conditions seem to promise a break in the rainy weather of the past two or three days.

Since 8 o'clock this morning the wind has held quite steadily to the west, swinging down now and then to southwest, but not reaching direct south at any time. Since morning a steady breeze has been blowing at about eight miles an hour.

## NATIONAL GUARD NOTES

Appointments and promotions in the National Guard of Hawaii were announced today as follows:

First Lieut. Alan J. Lowrey, 1st Infantry, to captain; 2d Lieut. Robert J. Lowrie, 1st Infantry, to 1st lieutenant; Pvt. Willard Wayne, Company D, 1st Infantry, to 2d lieutenant; Pvt. Lawrence M. Judd, Company B, 1st Infantry, to 2d lieutenant.

At his own request Capt. George B. Schrader, 1st Infantry, is transferred to the retired list.

Norman K. Lyman is appointed a 1st lieutenant of infantry and assigned to the 2d Infantry.

Brig.-gen. Samuel I. Johnson and Col. Charles S. Lincoln, National Guard of Hawaii, will leave Friday night for Maui, where federal inspection of the six companies of National Guard on Maui will be held.

1st Lieut. Charles H. Bonesteel, who has been assigned to the National

# LOSS OF REPEAT MEANS MUCH TO LEWERS & COOKE

That the loss to Lewers & Cooke, Ltd., owners of the American schooner Repeat, which became waterlogged and has been abandoned 50 miles south of the Columbia river bar, is approximately \$17,500 for the vessel and her cargo, was stated today by Frederick J. Lowrey, president of the company.

"We received this message from Capt. R. Mackenzie, master of the vessel, this morning," said Mr. Lowrey. "Repeat waterlogged; taken in tow by steamer Avalon. Abandoned last night; crew safe." The message was sent from South Bend, Wash.

This afternoon a later radio to the Merchants' Exchange said the Repeat has been found and is being towed to Astoria, from the point where the Avalon abandoned her 50 miles south of Astoria.

Mr. Lowrey said the Repeat has more than 500,000 feet of pipe on board, with which she sailed from Port Ludlow January 17. The schooner sailed from this port November 30 for Port Townsend, Wash.

Abandonment of a vessel practically invalidates the interest of the owners in it. The Repeat has been owned by Lewers & Cooke for seven years, and has been engaged in carrying lumber between Northwest ports and Honolulu.

Guard of Hawaii as inspector-instructor, reported today to Gen. Samuel I. Johnson. He will leave within a few days for Hilo to serve with the 2d Infantry.
