MAUI DOES FINE RELIEF WORK IN FACE OF FLOODS

Valley Isle Committee Systematizes Campaign to Succor Needy

"The Waialuku district relief committee is doing splendid work," said J. W. Doyle yesterday on returning from Maui. "The committee was organized at a mass meeting on Friday, January 21, and has taken hold of the relief work in systematic shape.

"The committee meets daily at 11 a. m. and has a card index system by which accurate accounts are kept. Every case is thoroughly investigated and there will be neither waste nor lack of relief. Voluntary contributions amount now to about \$500. When the investigation is completed the committee will ask subscriptions on Maui to do all the relief work. It is estimated that this will take between \$3500 and \$4000.

"Maui is certainly handling the difficult problem in masterly style. The committee is composed of L. R. Matthews, president; R. W. Wadsworth, treasurer; Joaquin Garcia, secretary; Clement Crowell, the sheriff; J. H. Kunewa, N. K. Otsuka and Dr. Osmera."

Doyle says that since the storm has subsided the estimate of property loss on the Valley Isle has been cut materially. No change in the count of dead has recently been made, those definitely known to be lost numbering 14. Some are reported still missing.

BEST FOR LIVER, BOWELS, STOMACH HEADACHE, COLDS

They Live the Liver and Bowels and Straighten You Right Up

Don't Be Bilious, Constipated, Sick, With Breath Bad and Stomach Sour

Tonight sure! Take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up with your head clear, stomach sweet, breath right and feeling fine. Get rid of sick headache, biliousness, constipation, furred tongue, sour stomach, bad colds. Clear your skin, brighten your eyes, quicken your step and feel like doing a full day's work. Cascarets are better than salts, pills or calomel because they don't shock the liver or gripe the bowels or cause inconvenience all the next day.

Mothers should give cross, sick, bilious, feverish children a whole Cascaret anytime as they can not injure the thirty feet of tender bowels.—Adv.

MINISTERS MEET IN SPITE OF GALE

(Special Star-Bulletin Correspondence) WAIALUKU, Jan. 27.—In spite of the kona storm that was very severe yesterday it was possible to hold the monthly meeting of the ministers of Central Maui who are connected with the Hawaiian Board of Missions. The session was held at the Waialuku Union church. Rev. A. C. Bowditch delivered the principal address of the day, his subject being "Early Christian church as revealed by a study of the Book of Acts of the Apostles." Several short papers bearing on the topic were read by others present.

The members of the Union church and congregation provided a luncheon for the ministers at the noon hour. The death of Rev. Howard Harris was reported to the members of the class and it was voted to send a letter of condolence to Mrs. Harris.

A representative of the United States bureau of standards has visited leading steel mills and laboratories in Pennsylvania to gather first-hand information as to chemical methods of iron and steel analysis, with special consideration of features of importance in the co-operation analysis of the bureau's standard irons and steel.

'WHITE HAT' M'CARTY SAYS AKOZ QUICKLY RID HIM OF AILMENTS

Owner of Famous Racers Tries New Mineral With Great Success

"WHITE HAT" M'CARTY

"White Hat" McCarty, who claims to have owned more trotters and runners than any other man in the world, is busy telling his friends around the court of the Palace Hotel, San Francisco, where he has been almost a fixture since the early days of the old Palace, is shouting the praises of Akoz, the new medicinal mineral discovered by John D. MacKenzie, because of the prompt relief it gave him in treating rheumatism, neuralgia and stiff neck.

When "White Hat" isn't telling about having owned C. H. Todd, the winner of the American derby in 1887; Sorrento, who finished second in the same classic in 1889, and Dexter Prince, for whom he refused \$80,000, he is talking about the marvelous work done by Akoz.

"Akoz is surely the goods," said he. "It cured me of rheumatism, neuralgia and a stiff neck. If there had been anything else the matter with me I am sure Akoz would have cured that. My neuralgia was so bad that I was nearly wild and could hardly speak. Akoz took all the pain out in a day. Rheumatism in my foot was also knocked out in a hurry. A stiff neck responded overnight to an application of the Akoz compound. I be-

lieve Akoz will cure almost anything." Akoz has given exceptional satisfaction in the treatment of rheumatism, stomach trouble, eczema, catarrh, piles, ulcers and other ailments. Akoz is being introduced in Honolulu by the Hollister Drug Co., Fort Street. By phoning, calling or writing further information may be had regarding this advertisement.

WANTED—TWO HUSKY SCOUTS TO LEARN TO HANDLE PESKY MULES

Two husky Boy Scouts are wanted by Commissioner James A. Wilder to prepare for the exhibition of packing a mule to be given at the Carnival rally. The boys who volunteer will be trained in throwing the diamond hitch and making a pack, and Mr. Wilder says he will try to get the meanest mule in the army so they will have a hard job of it.

Scouts will give their exhibition during the Carnival in the Waikiki-makai sector of the Palace grounds, which will be roped off for them, and will have the Likiekie street entrance for their use.

Next week at Scout headquarters in the old Hawaiian Trust building, over the Maroon office, a map will

be posted showing the time and place of every event on the Scout's Carnival program. All scoutmasters are requested to look at the map as soon as it is posted.

"All scoutmasters who have not been assigned work for the rally," Mr. Wilder said, "have got no work simply because they have not come to headquarters. We wish to give a part of the program to every scoutmaster's troop. I will be in my office every day from 12 to 1 o'clock to see them."

Scout equipment can now be gotten by scoutmasters through the Ideal Clothing Company and it is the commissioner's wish that scoutmasters shall not send orders direct, but will buy everything here, or have it ordered.

JOKED GAILY ON DAY CHOSEN TO TAKE HER LIFE

Although it is thought she had her death all planned early yesterday morning, Mrs. Lucy Christian laughed and joked with her husband at breakfast yesterday and after he left did her housework, put everything in good order, and then went out and bought the ant poison with which she killed herself.

Mrs. Christian was confined in the insane asylum for six months and recently told her husband that before she would go back she would take her own life. The only possible reason for the suicide is that the woman believed she was again becoming insane.

At an inquest at 12:30 today a coroner's jury brought in a verdict of death by suicide.

When John Christian returned yesterday afternoon from his work with the Hawaiian Dredging Company to his home in Kalihi he found the back door locked, and going to the front door opened it and found the body of his wife lying on the floor, with a bottle of ant poison beside it. Seeing that Mrs. Christian was dead he called the police station at once.

Neighbors said they saw Mrs. Christian go out yesterday morning, and it is presumed she bought the ant poison then, as her husband says there was none in the house.

India's wheat area is officially estimated at 27,600,000 acres.

DECISION NOT MEANT AS SLAM, CLEMONS SAYS

That the decision handed down by Federal Judge Charles F. Clemons yesterday, regarding the charging of certain fees in bankruptcy matters and in which the decision says it might be suggestive of "graft" to charge 10 cents for envelope and paper with which to send notices to creditors, must not be taken as a reflection upon the federal court clerk or any of his predecessors, is the statement given the Star-Bulletin by Judge Clemons today.

Judge Clemons calls particular attention to a paragraph in the decision reading as follows:

"These observations are not intended as reflecting in the slightest upon the clerk or any of his predecessors in office or upon the clerks elsewhere. But I feel, still, that the effect of the practice here disapproved is none the less as I have characterized it."

Judge Clemons' decision finds that, in bankruptcy matters, a fee of 10 cents should not be charged for sending each notice sent to creditors. The \$10 filing fee, the judge believes, should cover this expense.

The average annual value to the farm family of food, fuel oil and a roof overhead, as reported for several hundred farms studied for the department, was found to be \$595.08, of which \$421.17 was furnished by the farm.
