

PLAN PROGRAM FOR PUNAHOU'S 75TH BIRTHDAY

Unique Pageant Will Depict 11 Episodes in History of Local School

With Miss Jane Winne in charge of the pageant, which was written by Miss Ethel M. Damon, and with Mrs. Isaac M. Cox general chairman of the entire production, plans are rapidly taking shape for the celebration in observance of the 75th anniversary of the founding of Oahu College.

The celebration, which will be held in connection with the annual commencement exercises, will begin on June 20 and end on June 22. Perhaps the most outstanding feature will be the pageant in 11 episodes, which will depict important events in the history of the school from the date on which it was founded to the present time. Several hundred students, all in appropriate costume, will take part.

Following is the program of the celebration:

Thursday evening, June 20.—Anniversary exercises, which will be a commemorative service conducted by the corporation.

Wednesday, June 21.—Punahou Day. This will be a special day at the school for former students with games, sports, music and a picnic lunch. The evening will be designated "Celebration Night," with a program of films, stunts and frivolity.

Thursday, June 22.—The morning will be set aside as "Parents and Patrons' Day," which will depict the Punahou of the present and of the future. The afternoon will be given over to the pageant, which will tell the story of Ka-Punahou. In the evening there will be a reunion of the alumni.

The celebration is to be extensively advertised on the mainland by the Promotion Committee as a unique and interesting event well worth seeing.

ABOUT 30 DELEGATES EXPECTED TO ATTEND BIG M. E. CONFERENCE

Delegates from Oahu and the other islands to the number of about 30 are expected to attend the annual conference of the Methodist Missions in Hawaii, which will be held in the local Methodist church from February 17 to 26, inclusive.

The conference will be conducted by Bishop Wilson Lewis of Shanghai, China, who will arrive in Honolulu on February 15 on his way to the mainland for a vacation. Reports of the year's work will be presented by those in charge of the various Hawaiian missions. Officers will be elected and several persons are scheduled to be ordained. The making of plans for the work of the coming year will be an important feature of new business.

SAM FERRIERA, SIZEMORE AND AKEO BOOSTED

Promotions Made By Sheriff; Lucky Members of Police Force Get More Pay

Promotions and appointments were made today by Sheriff Charles H. Rose, on authorization of the supervisors to appoint three new motorcycle men and one detective.

Motorcycle officers were selected from the present force, and will get the regular pay of motorcycle officers, \$100 a month. Most of them have been receiving only \$75, the ordinary pay of a patrolman.

Sam Ferriera was transferred from sub-station work to motorcycle. Berry Sizemore, bicycle officer, was made motorcycle officer, and his place was filled by transferring Robert Akeo, patrolman, to bicycle officer. Fred Wright, mounted patrolman, was made motorcycle officer.

With six men on the motorcycle squad, three shifts will work eight hours each, so there will be motorcycle men on the roads at all hours. Special instructions have been issued to watch closely for evidence of drinking by auto drivers. Any driver found by an officer to be partly under the influence of liquor will be required to leave his car by the side of the road and walk home, or accompany the officer to jail. Every effort will be made to apprehend any person driving an automobile who has had enough drink to show it in any way. The officers also will watch for speeders.

Vacancies left in the department after these appointments were: Two sub-station officers for the outlying districts, who work every night in the month, salary \$75 month; one mounted patrolman, salary \$85 month; one patrolman, salary \$75 month; and one stray officer.

Sheriff Rose this afternoon appointed Robert M. Kaneali a mounted patrolman. Kaneali has been acting as a guard at the jail, and was formerly a cowboy.

SNOWFALL KEEPS REPEAT FROM UNLOADING

Snow at Portland has prevented discharging any of the schooner Repeat's lumber cargo, according to radio advices which have been received by Lewers & Cooke, Ltd., the vessel's agents.

"We have been notified that the Repeat's hull is submerged, and that on account of the snow they have been unable to do anything as concerns discharging her 500,000 foot lumber cargo," said F. J. Lowrey, president of Lewers & Cooke, this morning. "Until the weather lets up, we cannot tell what condition the schooner is in."

Mr. Lowrey said a settlement also has to be made with the salvagers of the Repeat, which was towed into Portland after it had been abandoned at sea in a waterlogged condition. If the schooner is too far gone to be repaired, the cargo may be unloaded and transferred to another ship. The lumber, northwest pine, is consigned to Honolulu.

BRADLEY HINTED AT PRESENCE OF "DOPE" RING IN THIS CITY

When C. E. Bradley, owner of a now defunct popcorn stand, was arrested last November for having cocaine in possession, he told Marshal J. J. Smiddy that a "cocaine ring" was in operation which was "far stronger than the law." He added that he would divulge the names of the high-ups had he not been afraid of the consequences.

Such was part of the testimony given by Marshal Smiddy when called as a witness in the trial of the Bradley case in federal court today. The marshal said he had promised to ask the district attorney for leniency for Bradley if the latter would name the high-ups, but that Bradley refused. Several bottles of cocaine and a pair of scales were taken from Bradley's coat and from his room in a local hotel.

After the prosecution had about completed its case today, Bradley withdrew his plea of not guilty and entered one of guilty. He will be sentenced at 10 o'clock next Saturday morning.

DELINQUENTS ON WAR TAX PAY 50 PER CENT EXTRA

Persons who are delinquent in paying their emergency taxes at the internal revenue office must make good for their procrastinating habits by submitting to a penalty of 50 per cent in excess of their regular payments. This penalty applies even though the tax is paid only one day late.

"We know who most of the people are who have not yet paid," said Collector John F. Haley today, "and we expect to get practically all of the payments within a very short time without trouble. In fact, every mail brings some into the office."

In case of wilful evasion of the tax, delinquents who insist on holding off are subject to prosecution. All payments were supposed to be sent in by last Monday.

REELECT DOLE HEAD OF THREE PINE CONCERNS

James D. Dole was reelected president and manager of the Hawaiian Pineapple Company at the annual meeting of the stockholders of that corporation held yesterday afternoon. Other officers reelected were H. M. von Holt, vice-president, and K. B. Barnes, secretary and treasurer.

These officers also will serve as the officers of the Koolau Fruit Company and of the Hawaiian Pineapple Products Company, both of which are controlled by the Hawaiian Pineapple Company. Directors for these two companies were chosen as follows:

L. E. Arnold, J. L. Whitmore, A. L. Castle and W. H. McInerney for the Koolau Fruit Company, and L. E. Arnold and R. H. Leach for the Hawaiian Pineapple Products Company.

The business of the companies for 1915 was outlined in the general report presented by Mr. Dole, in which he pointed out that both are in very good condition and that their prospects for 1916 are very bright.

AYER KEPT BUSY STITCHING MANY TRIFLING CUTS

Seven patients more or less damaged by accidents or fights dropped in on Dr. R. G. Ayer at the Emergency hospital yesterday.

V. Washin, a Russian, came in with a badly marred face and a bad cut on the left elbow, which he said he got in a fight with an unknown Portuguese in Camp 2. His foot was also bruised so that he could hardly walk.

Falling from a height of about 25 feet Benjamin H. Mahi, an electrician with the Hawaiian Electric Company, luckily escaped with only a cut, little more than a deep scratch, from the right side of the abdomen to the left shoulder. The cut was made by one of the steps on the pole from which Mahi fell. He was given treatment and went home. Mahi was slightly bruised.

John Welsh fell and cut a bad gash over the eye, which had to be sewed up. John's trouble resulted from too many gins.

M. Ping, a Chinese, fell from a streetcar on Wilder avenue, between Maiki and Anapuni streets last night at 11 o'clock, and sustained a bad scalp wound. Several stitches were taken by Dr. Ayer.

The other patients had minor wounds of various kinds.

MAKING ADDITIONAL TESTS ON ROADBED OF KALAKAUA AVENUE

Further investigations by borings are being made in the soil of Kalakaua avenue, according to City Engineer George M. Collins, additional borings being put in at the rate of four in every 200 feet in the proposed improvement portion.

"Engineers of the city are practically agreed," says Collins, "that a concrete base road with a two-inch covering of bitulithic is the very best that can be laid on Kalakaua, but this will cost the property owners about \$5 a front foot.

"It is going to be necessary therefore to make a detailed study of the road from the standpoint of economy, to see if we can possibly make the first cost less than this and still have a suitable road."
