SOUTH CAROLINA PAPER UPHOLDS M'CARN'S WORK

The Columbia, South Carolina, Herald believes Jeff McCarn's troubles in Hawaii were due to his efforts to enforce the law. The Herald, answering the Pulaski Record's comments about McCarn's rows, says:
 "The esteemed Pulaski Record makes all manner of fun of Jeff McCarn's statement that he could not do his duty and be happy in Hawaii. That paper then proceeds to arraign him for his efforts to stop prize fighting, his alleged interference with the habits and customs of the people of the islands." Now, it was against the law to permit prize fights in Hawaii. McCarn is one of those old-fashioned gentlemen who believe that when one takes an oath to perform a certain duty he should exhaust all of the resources and power at his command to do that thing. In other words, Mr. McCarn belongs to the class of officials who have regard for the sanctity of an oath. Hence, he did his best to enforce the law.
 "Down in Memphis it is one of the customs of the people to sell liquor, to run gambling dens, and partnership between the politicians and the low dives has existed so long that it has come to be a custom. But the Record will hardly ridicule Governor Rye because he is trying his best to break up and end these 'customs.' He is doing it, too, for the same reason that actuated Mr. McCarn, because he believes in the sanctity of his oath of office."

"WHY SWEAR, DEAR? USE 'GETS-IT' FOR CORNS!"

It's the New Plan. Simple. Sure as Fate. Applied in a Few Seconds.

"Why, John, I never knew you to use such language! I've told you several times it's no use to try those bandages, salves, tapes, plasters and

contraptions for corns. Here's some 'Gets-It.' It's just wonderful how easy, 'clear and clean' it makes any corn come right off. Takes but a few seconds to apply. It dries at once. Put your sock on right over it—there's nothing to stick or roll up, form a bundle of your toe, or press on the corn. It's painless, simple as rolling off a log. Now put away those knives, razors and scissors, use 'Gets-It' and you'll have a sweeter disposition and no more corns and calluses."
 "Gets-It" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill. Sold in Honolulu and recommended as the world's best corn remedy by Benson, Smith & Co., Fort and Hotel Streets, and Hollister Drug Company.—Adv.

Carnival Events For Saturday Advanced

Boy Scout Rally will begin at 9:30

Saturday Morning Instead of 10 o'clock as previously announced

Automobile Races will begin at 1:00

Saturday Afternoon Instead of two o'clock as was previously announced

Prompt Seating Assured

Automobile drivers are requested to cooperate with the police in giving right of way to trucks carrying bleachers from the races to the Waterfront for the Water Pageant.

Tickets for both events on sale at Rooms of the Promotion Committee in Alexander Young Building.

LEAHI HOME HAS KEPT NO ONE ON WAITING LISTS

As the result of co-operation between the home authorities and government officials, backed by a willingness to disregard financial limits in times of emergency, the Leahi Home has run for a period of eight months without a patient waiting for admission, according to a report which has been made by the anti-tuberculosis bureau of the board of health.

There is now a total of 90 patients at the home, of whom 79 are suffering from tuberculosis. Of this number, 63 are being supported, four partially, by charity funds. The hospital, however, is somewhat crowded, the furniture for the Alexander Young memorial having not yet arrived. Any financial pressure probably will be relieved by the benefit baseball game Saturday between the Olympics and the 25th Infantry.

HANA SHIPS OUT TWO BIG SCHOONER LOADS OF NEW CROP SUGAR

[Special Star-Bulletin Correspondence]
 HANA, Feb. 23.—Sugar, sugar everywhere, and still more sugar. More than 1000 tons of sugar in one week from Hana and the Kaeleku Sugar Company is no mean record. The two schooners, the Makeewa and the Alice Johnson, look over 20,000 bags of sugar out of the Hana harbor last week. Eleven thousand bags were loaded in less than 20 hours of working time in getting the sugar into the Alice Johnson. The Leese brothers had the contract for getting the sugar out to the schooner, and they have set a pace that it will be hard to beat. They are Filipinos who are up to the standard on every score. They know the size of a bag of sugar and the time it takes to make it fit into its place. With a run of good luck that it would be hard to beat, the Kaeleku Sugar Company is turning every golden moment into golden nuggets that will count when the final reckoning is made at the end of the year.

Other plantations may have more natural advantages, but they will have to look to their laurels. Things are in prime condition, and the best is yet to come. Hana is getting on to the sugar map with a vengeance.

DIX'S OFFICERS SAY ARMY FORCE MAPPING OUT NORTHERN LUZON

A complete military survey of Northern Luzon, an island of the Philippines, is being made by a large party of officers and men of the engineer corps, according to officers of the United States army transport Dix, which arrived from Manila yesterday. The party, consisting of 250 enlisted men and 17 officers, was carried from Manila to Aparri, a port in Northern Luzon, from which the expedition made its start. There are two complete pack trains of 67 each and several four-horse teams and wagons. Eight or nine months will be required to survey the section thoroughly, the Dix's officers said. When the survey is completed valuable data for military use will be obtainable regarding the northern part of the island. Last July the Dix took two 14-inch rifles to the Philippines for emplacement at Corregidor to protect Manila.

The British steamship Muncaster Castle, which left New York for Penang, Malay Peninsula, returned to port with her machinery disabled. A bill imposing a tax on all shipping is being formed by the Norwegian government.
