VILLA IS RAPIDLY GAINING SHELTER IN BANDIT HAUNTS

Accompanied By Small Body of Men, Reported Fleeing Into Mountains, Where the Peons Regard Him as Hero

U. S. PUTTING EMBARGO ON MUNITIONS TO MEXICO

San Francisco Gets Orders Not to Allow Shipments; Carranza Likely to Get Accession to Demands

Associated Press by Federal Wireless
COLUMBUS, New Mexico, Mar. 13.—While the United States is making ready the "punitive expedition" against Gen. Francisco Villa, the wily Mexican bandit chieftain is fleeing farther and farther from the scene of his latest outrage. He has now withdrawn so far into the interior that the expedition may be a long time reaching him.

Reports which have reached Columbus in the last few hours say that Villa, accompanied by a small body of picked men, is flying deeper into the wild country south of New Mexico. He is said to be making for the mountains which run parallel to the borders of the states of Chihuahua and Sonora toward Guerrero. Much of this country is the scene of his old bandit days when he was fighting first Huerta and then Carranza.

If he succeeds in entering these fastnesses, it is believed the pursuit will be a matter of months. In this country the peons regard Villa as a hero and may be relied upon to give him all the haven and support possible, as well as to throw the pursuing Americans off the trail if possible.

EMBARGO IS DECLARED

SAN FRANCISCO, Cal., March 13.—Upon word from Washington an embargo of the shipment of war munitions from this port to Mexican points has been declared.

TO ANSWER CARRANZA

WASHINGTON, D. C., March 13.—Answer will formally be made by the United States government today to the Carranza request that if the United States troops are allowed to cross into Mexican territory, the Mexican troops shall at Carranza's discretion be allowed to come upon American soil.

The indications are that Carranza's request will meet compliance by the state department.

ARMY BUILDING BURNS

MONTEREY, Cal., March 13.—The military headquarters building here was destroyed by fire early today, after it had been vacated by troops bound for the border. Firemen who hurried to the scene discovered that the water supply had been turned off at its source. The origin of the fire has not been determined. Maps, records and papers were destroyed.

The Presidio of Monterey, Cal., is the headquarters of six troops and a machine gun troop of the 1st Cavalry.

SUGAR LEGISLATION MAY BE DISCUSSED IN CONGRESS TODAY

Private advices by cablegram from Washington, D. C., received in Honolulu on Saturday, are to the effect that the sugar legislation might be taken up for consideration in Congress sometime this afternoon. The cable states, however, that whether the matter will come up today is somewhat indefinite.

The British steamship Strathclyde, Philadelphia for Manchester, was towed into Queenstown. No one was allowed to board the vessel.

FARRINGTON IS POSSIBILITY AS NEW SUPERVISOR

"I Am Waiting to Hear From Him," Says Mayor in Response to Question

A report today among close friends of Mayor Lane that the mayor had offered the position of supervisor to fill the prospective Slingby vacancy, to Wallace R. Farrington was confirmed by the mayor early this afternoon.

Asked as to the basis of the report, which came from several outside sources, the mayor said: "I am now waiting to hear from Mr. Farrington. He is a good man—the kind of a man we would like to have on the board. It's up to Mr. Farrington and I am waiting his pleasure."

Mr. Farrington would not comment on the report other than to refer the matter to the mayor.

In city hall circles today it was taken for granted that there is no possibility that Walter F. Dillingham will be found on the board when Supervisor Shingle leaves. Whether or not the offer was made to Mr. Dillingham is something about which neither the mayor nor Mr. Dillingham has a definite statement to make, but it is believed that Mr. Dillingham's pressing business interests preclude the possibility of his being a prospective recipient of the honor.

Among the other supervisors there is keen curiosity to hear who is likely to be their new colleague. So far as can be learned the mayor has not confided his intentions to any member of the board.

TEDDY SLINGSBY LEGAL FIGHT IS TO BE APPEALED

Associated Press by Federal Wireless
LONDON, Eng., March 13.—The court of appeals today handed down a decision allowing appeal in the Slingby legitimacy suit.

This is one of the most noted cases in legal annals and has been fought out in American courts for the past several years. The case arose over charges that another baby was substituted for Little "Teddy" Slingby, son of Lieut. and Mrs. C. R. Slingby and heir to \$500,000 property of the Slingby family in Yorkshire, England. The substitution was alleged to have been made in San Francisco. The claim was made that the real Slingby baby, which was born in San Francisco on September 1, 1910, died and that the mother substituted another infant.

After the case had been thrashed out in San Francisco, the evidence was submitted to the probate court in London, which on February 3, 1915, decided that the present Slingby baby is legitimate and that no substitution was made. It is from this decision that an appeal has now been allowed. Sir Edward Carson, Unionist leader and until recently a member of the British coalition cabinet, has been leading counsel for the contestant of the child's right to the estate.

SURPRISE SPRUNG IN JUDGES' NAMES

Special Star-Bulletin Cable
WASHINGTON, D. C., March 13.—The following nominations were sent to the senate by the president this afternoon:
For United States District Attorney for Hawaii—S. C. Huber of Tama.
For judge of third circuit court (Hawaii)—James Wesley Thompson.
For judge of the fourth circuit court (Hawaii)—Clement K. Quinn.
For United States district judge—Horace W. Vaughan.
For chief justice of the territorial supreme court—Alexander G. M. Robertson, reappointment.
For second judge of the first circuit court—William L. Whitney.
All of these nominations except that of Huber are credited to Honolulu.

J. Wesley Thompson, former assistant U. S. Attorney, succeeds Judge J. A. Matthewman of the Hawaii island, third circuit, and Clem Quinn succeeds C. F. Parsons of the same island, fourth circuit court.
District Attorney Vaughan, who has been acting under temporary assignment following the removal of Jeff McCann, is to become United States judge to succeed to the vacancy made by the expiration of Judge Doe's term.
Chief Justice Robertson and Second Circuit Judge Whitney received recess appointments, their names now formally going to the senate.
The Star-Bulletin's publication some weeks ago of the exclusive news that S. C. Huber, of Tama, Iowa, was the likely choice for the district attorneyship, proves correct.

Remember "Baby Week"

By Ermine Cross, Director of the Castle Kindergarten.
The last decade has ushered in a new basis of life, the beginning of a more perfect social order.
Welfare workers from time immemorial have had as their aim the building up of character. The aim remains the same, but with the awakening of our social vision we have come to see that the best means to this end lies in better conditions of industry, fewer burdens, happier homes, larger lives.
The children are the great gainers of the new order. Their lives will always bear the stamp and mark the degree of our "loving vision for humanity."
Baby Week in Honolulu should touch the warm spot in every heart, and the following prayer for babies written by Rauschenbusch may awaken many of us to a deeper sense of our responsibility to the "utter helplessness" of babyhood.
"God, since Thou hast laid the little children into our arms in utter helplessness, with no protection save our love, we pray that the sweet appeal of their baby hands may not be in vain. Let no innocent life in our city be quenched again in useless pain through our ignorance and sin. If there are any who were kissed by love in their own infancy, but who have no child to whom they may give as they received, grant them such largeness of sympathy that they may rejoice to pay their debt in full to all children who have need of them. Amen."

HILL LINE WILL BOOST ISLANDS THROUGH MOVIES

Films of Hawaii Nei Will Be Seen By 3,000,000 People This Summer in East

Convincing proof that the Great Northern Pacific Steamship Company is planning to put the Great Northern on the Honolulu run again next winter is furnished in the arrival here this morning on the liner of Joseph DeFrees, motion picture photographer, and many reels of negative film.

DeFrees is here to take pictures of everything worth taking motion pictures of in the islands. He clicked off many feet of film on the way over, showing life on board the steamer, and at Hilo yesterday he recorded the splendors of Kilauea volcano, Hilo, and other picturesque spots on the Big Island.

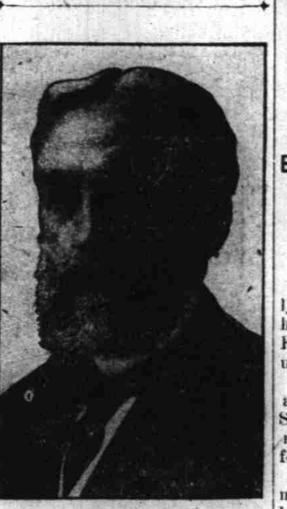

According to Purser John S. Ford of the Great Northern, DeFrees' films, which are being paid for by the Hill lines, will be shown this coming summer to 3,000,000 people in every important city in the United States, or wherever the Hill lines have offices. The advertising Hawaii will obtain from the films is something which can hardly be estimated in cold figures.

CHINESE PAPER TAKES UP BABY WEEK CAMPAIGN

"Chinese people throughout the city have ever been interested in the welfare of the baby, and I find that they are always foremost in working for any cause that leads to the improvement of the citizen, said Col-gen. D. J. Wadon today. The Liberty News has taken up the work of urging a Baby Week campaign in Honolulu."
Each issue of the Liberty News this week will include an article on the proper methods of looking after the young children, and the comparison of the different methods in use among the various nationalities. In the first article the writer will urge the Chinese mothers and fathers to cooperate in working for the best interests of our future citizens.

W. E. Cochran, postoffice inspector in charge of New York, has asked the Chicago police to look out for John Grant Lyman, for fraud.
Sweden has arranged with England for the importation of more coal, in return for which Sweden will export certain articles to Great Britain.

NOTED PUBLISHER IS HERE FOR BRIEF VISIT

Cyrus H. K. Curtis, One of Greatest American Publishers.

SLIM CHANCE OF WILSON'S BEING ELECTED AGAIN

Cyrus H. K. Curtis, Publisher of Saturday Evening Post, Says Policies are Unpopular

That Woodrow Wilson has very little chance for re-election to the office of president of the United States in the coming fall campaign, because of the simple reason that the majority of people are opposed to him is the belief of Cyrus H. K. Curtis, publisher of The Ladies Home Journal and The Saturday Evening Post, who, with Mrs. Curtis, arrived this morning of the Great Northern.
"I don't believe," said Mr. Curtis to the Star-Bulletin this morning, "that President Wilson has any chance of sitting in the White House chair for a second administration."
"Of course those things are run by politics, and things political are hard to judge. Something may happen at the last moment to elect him again, but looking at it from the present viewpoint, I should say this is unlikely."
"I consider Supreme Justice Charles E. Hughes as the most popular man in the United States for vote getting," he continues. "Senator Elihu Root is also looked upon with favor by many persons."
Mr. Curtis says his individual choice for the position of president is Senator John W. Weeks of Massachusetts, but the publisher does not believe that Weeks has much chance of election. "He's not from the right state, and so he has no chance," Mr. Curtis says, "but still you can never tell what may happen. As long as it's politics, most anything may occur."

Speaking of what the war has done in booming business, Mr. Curtis says that the publishing business has been inflated along with other lines of activity to a great degree.
He says that the Mexican situation was comparatively quiet at the time he left, and he does not know what the present feeling is there in regard to recent developments.
"Nobody attempts to predict what the outcome of the European war will be," he says, "or when the war will come to an end."

REBELS DEFEAT YUAN'S TROOPS WITH BIG LOSS

(Special Cable to the Liberty News.)
SHANGHAI, March 13.—More than 1000 of Yuan Shih-Kai's troops were killed and wounded in a bloody battle yesterday near Luchau. Three weeks ago the monarchists had taken this city, which is one of the important positions in Sze Chuen, and the revolutionary troops waited for reinforcements, and when joined by one division yesterday, made an attack on the city, and after several hours of fighting occupied the strong position.
Republican troops forced the fighting around the wharves of the city, and finally in a body made a concentrated attack on the monarchists and took their position in the garrison. This victory gives the republican troops a strong center in southwest China.

The 2nd division of the republican army under the command of Lee Let Quan marched on Nanling, the capital of Kwangsi this morning, and after a desultory skirmish by the monarchists, occupied the city. The strong force of republican troops has captured a number of large cities in this province, and is now making a move to advance on Canton.
Three cities in the southern part of Shantung province have been taken

DOUBLE BATTLE IS DECLARED MOST FATAL OF WAR; BRITISH HARD BESET IN MESOPOTAMIA

BERLIN DECLARES TURKS KILLED 5000 IN RECENT FIGHT—SWITZERLAND USING ELECTRIC-CHARGED WIRES TO ENFORCE NEUTRALITY—RUMOR TURKEY URGED TO MAKE SEPARATE PEACE

Associated Press Service by Federal Wireless.
PARIS, France, March 13.—In the two great engagements, hardly separated, which constitute the battle of Verdun the German loss has been terrific, culminating, observers declare, in a slaughter last Friday and Saturday which surpasses all records of the entire war up to the present time.

It is declared that in the furious melees, the artillery exchanges and infantry fighting around the fortress of Vaux last Friday and Saturday the German loss set a new record. The lowest estimate made is that the Germans lost two-thirds of their effective forces at Verdun in this titanic struggle.

Today there is no infantry fighting but the artillery bombardment is kept up continuously by the Germans and answered spiritedly by the French.

German Wounded Stream in Long Trains Back From Verdun Front

LONDON, England, March 13.—Owing to the heavy offensive on the Verdun front and the unusual movement of troops, the Dutch-Belgian frontier has been closed for several weeks at several points. South of Maasricht the frontier was opened today. This is believed to indicate that the Germans consider the offensive near an end.
Reports reach here that an additional 81 trains filled with wounded men have passed through Luxemburg from Verdun on their way to the big hospitals.

British Lose 5000 of Small Force Engaged in Mesopotamia

BERLIN, Germany, March 13.—That the British have been hard beset in their Mesopotamian campaign is shown by their recent disastrous battle at Felahie. Their losses in this engagement are estimated at 5000, a large percentage of the troops engaged.

Turkey Turning Toward Peace?

LONDON, England, March 13.—A despatch to Reuter's from Athens says that various cities of Asia Minor have addressed a memorial to Prince Vahid Eddin, heir apparent to the Turkish throne, begging him to urge upon the sultan the necessity of a change in the present government, so that a way may be prepared for Turkey to conclude a separate peace with the Allies.

Teuton Aviators Fight Victors

BERLIN, Germany, March 13.—German aviators today attacked the railway stations and military depots of the Clermont-Verdun line with much success.
Three more enemy aeroplanes have been destroyed in the Champagne district and one in the Meuse region.

Swiss Try to Block Contraband

PARIS, France, March 13.—Reports which reach here say that to preserve neutrality and prevent the passage of contraband the Swiss government is erecting around Lake Constance wires charged with electricity.

Many Prisoners Taken, Germans Say

GERMAN HEADQUARTERS, March 13.—Saxon regiments today stormed with very small losses the strongly fortified French positions in the woods southwest and south of Ville au Bois, 23 kilometers northwest of Rheims, on a front 1400 meters wide and 1000 meters deep. The Germans captured unaccounted 12 officers and 725 men, taking one revolver and five machine guns and 13 mine throwers. On the west bank of the Meuse the last French holds in Bois Corbeaux and Cumieres were occupied by the Germans. Strong French counter attacks against the south edge of the forest and German lines broke down under German fire. On the east bank there was lively artillery fire, especially in the sector northeast of Bras, westward of the village of Vaux and about the fortress of Vaux and at several points on the Woerps plain. No decisive infantry combats took place. During the night a French surprise attack against the village of Blanzac was repulsed with bloody losses. German defensive artillery hit a French aeroplane, which fell down in flames between the German and French lines southwest of Chateau Salins. The operators were killed. The bodies and the wrecked aeroplane were taken by the Germans.

SAVE YOUR RAGS AND OLD PAPERS; SEE REDFIELD!

Associated Press by Federal Wireless
WASHINGTON, D. C., March 13.—The department of commerce today notified to people and organizations all over the country a million circulars urging that the people of the United States save their old papers and rags on account of the serious shortage in paper stock in the United States. The department asks that the papers and rags be not destroyed but saved for sale to dealers.
Egypt has 26 schools of higher education, technical and agricultural, and 4000 students are enrolled.
